MISSOURI PUBLIC SERVICE COM.

REC'D JUN 28 2001

ST. LOUIS COUNTY WATER COMPANY
FOR

Service Commission

ST. LOUIS COUNTY, MISSOURI AND JEFFERSON COUNTY, MISSOURI

Line Certificate to Provide Wholesale Water Service
As Granted in Case No. WA-2001-473

Phase I - Beginning at a point in the centerline of the Meramec River, said line being the boundary of St. Louis County and Jefferson County, approximately 440 ft. west of the traveled centerline of Missouri Interstate 55 (I-55), thence heading in a southwesterly direction across Lonedell Rd approximately 420 ft. west of the centerline of the I-55 right-of-way, thence heading easterly approximately 140 ft to a point of intersection with the western right-of-way of I-55, thence heading southwestwardly and westwardly along the western right-of-way line of the West Outer Road of I-55 to a point of crossing of Missouri State Route 141, approximately 450 ft. east of the centerline of Church Ave, thence heading southwesterly along the north right-of-way line of Big Bill Blvd. (formerly Old 141) and along the southern subdivision line of Gebhardt's Subdivision, Velda Terrace, Maxville Heights Subdivision, Grimm Acres, and Walnut Hill to the western subdivision line of Twin Fawn Meadows Subdivision, thence following said western line until intersecting the northern right-of-way line of Old Lemay Ferry Rd, thence heading in a southwesterly direction along the northern right-of-way line of Old Lemay Ferry Rd. to a point of ending approximately 500 ft. west of the centerline of Miller County Rd.

Phase II - Beginning at a point on the northern right-of-way line of Old Lemay Ferry Rd. and the intersection of the western right-of-way line of Richardson Rd, thence southeastwardly along said western right-of-way line of Richardson Rd. to a point of intersection of the northern right-of-way line of Vogel Rd, thence heading westwardly along the northern right-of-way line of Vogel Rd. to a point of intersection of the western right-of-way line of the West Outer Rd. of I-55, thence heading southwardly along the western right-of-way line of the West Outer Rd. of I-55 until the end of West Outer Rd. approximately 700 ft. south of the centerline of Morgan Dr, thence heading westwardly and southwardly to the east property line of Huntleigh Woods Subdivision, thence heading southwardly to a point of intersection with the northwest right-of-way line of I-55 (at Huntleigh Woods), thence extending in a general southwardly direction along the western right-of-way line of I-55 to the intersection of the southern right-of-way line of Haven Hill Rd., thence westwardly and northwardly along the southern/western right-of-way line of Haven Hill Rd. to the intersection of Union Rd., thence westwardly along the southern right-of-way line of Union Rd. to the intersection of the eastern right-of-way line of Dry Creek Rd., thence southwardly along the eastern right-of-way line of Dry Creek Rd. to a point of ending at the intersection of the northern right-of-way line of Old Highway M.

Both phases' route descriptions are approximate and final design will more thoroughly define the location of the Phase I and II routes. It is estimated that the description of these routes may change to within 1000 ft. of either side of the lines as described.

ST. LOUIS COUNTY WATER COMPANY
Name of Issuing Corporation

For ST. LOUIS COUNTY, MISSOURI
Community, Town or City

DEFINITIONS

COMPANY

St. Louis County Water Company, acting through its officers, managers, or other duly authorized employees or agents.

COMPANY'S WATER MAIN

A water pipe line which is owned and maintained by the Company, located on private easements or on public property, and is used to distribute water to one or more premises.

CONTROL VALVE

That portion of a tap which is the water shutoff device.

CUSTOMER

Any person, group of persons, firm, business, municipality, or other entity who has complied with all of the following:

- a) Has applied for water service, and
- b) Has assumed the obligation for payment of water service covered under one or more of the applicable Rate Schedules of the Company, and
- c) Entity is not known, at time of application for service, to be in violation of or have facilities which are in violation of any of the applicable Rules and Regulations of the Company, and
- d) If required, Company has set a meter at the premises to be served, and
- e) 1. Water has been turned on by the Company for a metered Water Service Line, or
2. When tap is made for a Private Fire Protection Service.

DEFINITIONS (CONTINUED)

DETECTOR CHECK VALVE *

A device, owned by party(s) other than Company, which is installed in a Private Fire Protection Service Line to allow water to flow only in one direction, from the Company's distribution system into a parcel of property. Such device provides for the installation of Company owned bypass piping, including a Detector Meter to monitor and measure any unauthorized usage of water through the Private Fire Protection Service Line.

DETECTOR METER *

A device owned by the Company, which is installed in the bypass piping around a detector check valve to serve as a water flow detection device by measuring any amount of unauthorized usage of water which passes through a Private Fire Protection Service.

ST. LOUIS COUNTY WATER COMPANY
Name of Issuing Corporation

For ST. LOUIS COUNTY, MISSOURI
Community, Town or City

DEFINITIONS (CONTINUED)

PRIVATE FIRE PROTECTION SERVICE LINE

A Private Fire Protection Service Line, supplying water only for the extinguishment of fires, shall include the following minimum components: tap, water pipe, stop cock (or valve) other than the control valve, stop box, and if the pipe extends inside a premises, a shutoff valve just inside the wall of the premises, all owned and maintained by party(s) other than Company. When required by the Company, a vault (with internal piping and appurtenances) shall also be installed to house a detector check valve with a bypass line containing space for a detector meter and check valve.

Also, a Private Fire Protection Service Line is that water piping, generally 3" or greater, extending from and including the tap at the Company's main or where allowed by the Company, at a "Dual Water Service Line," to the water shutoff valve just inside the premises being served, or to a private fire hydrant.

ST. LOUIS COUNTY WATER COMPANY
Name of Issuing Corporation

For ST. LOUIS COUNTY, MISSOURI
Community, Town or City

DEFINITIONS (CONTINUED)

SPLIT WATER SERVICE LINE *

A "Split Water Service Line," supplying water for both domestic uses and for the extinguishment of fires, shall include the following minimum components for that portion of the common portion of the service line: tap at Company's main, water pipe, stop cock (or valve), stop box and meter box (with internal piping and appurtenances) all (excluding meter) owned and maintained by party(s) other than Company.

Also, a Split Water Service Line is that water piping, that first extends as a single line from and including the tap at the Company's main into a parcel of property and then splits into separate lines for supply of domestic water and for supply of water for the extinguishment of fires. After the piping splits on private property inside the property line, the minimum components for each service line must be as required by Company. All components are owned and maintained by party(s) other than Company.

STOP AND WASTE VALVE (Ref. Appendix Sheet AP 1.0, Item (K)) *

A water shutoff valve installed as part of a Water Service Line, just inside the wall of a premises where the service line enters the premises. The design of the valve is such that when the valve is closed, water in the piping after the valve can be drained.

STOP BOX (Ref. Appendix Sheet AP 1.0, Item (D)) *

A hollow, cylindrical-type enclosure of a design acceptable to the Company, installed over, but not connected to, the "stop cock," from ground level down to the "stop cock," complete with proper removable lid, to provide access to the "stop cock" from ground level.

DEFINITIONS (CONTINUED)

STOP COCK (Ref. Appendix Sheet AP1.0, Item (C)) *

A water shut-off device, installed as part of the Water Service Line to a premises, normally a brass valve which operates from open-to-close through one-quarter (90°) of a turn (although rotates through 360°); or a grey or ductile cast iron "gate" type valve which operates from open-to-close through several turns.

Location of the "stop cock" is as follows:

- a) For a Water Service Line tapped directly to a Company main, the "stop cock" is located on the property line or in public right-of-way (subject to plumbing code requirements) within three feet of the property line nearest the premises served, or in easement (where Company's main is in easement).
- b) For a Water Service Line tapped to a "Master Water Service" the "stop cock" shall be on private property, the location of which shall be approved by the Company to be out of traffic flow and accessible for efficient operation by the Company.

TAP (Ref. Appendix Sheet AP 1.0, Item (A)) *

The customer's Water Service Line connection to either the Company's main or a privately owned "Master Water Service," consisting of one of the following three (3) arrangements:

- a) brass "corporation cock(s)" with integral control valve and brass "tail piece(s)," or
- b) "tapping saddle" with "tapping control valve" (entire assembly referred to as a "patent tap assembly"), or
- c) "tee" with "control valve."

DEFINITIONS (CONTINUED)

TEMPORARY WATER SERVICE

Any water service for a duration period of less than 90 days.

VAULT

An underground enclosure, of a design acceptable to the Company, with a removable lid or entrance opening from ground level which houses or encloses Water Service Line components, which, when such components are installed, require accessibility for operation and/or inspection.

WATER SERVICE LINE (Ref. Appendix Sheet AP 1.0, Item (B))

The Company Rules and Regulations refer to Water Service Lines as any of the following:

- a) Domestic Water Service Line
- b) Master Water Service Line
- c) Private Fire Protection Service Line
- d) Dual Water Service Line
- e) Split Water Service Line

A Water Service Line is owned and maintained by party(s) other than Company.

For

St Louis County & Jefferson County Areas
 Community, Town or City

RATE A
METER RATE - RESIDENTIAL AND COMMERCIAL

AVAILABILITY – This rate is available to all residential (“domestic”), commercial and all other metered customers not eligible for Rate B, Rate D, Rate J, and Rate K tariff customers.

A "residential" ("domestic") customer, under this residential rate classification, is a customer who purchases water for "Domestic use", under this residential rate classification, includes that portion of water which is ultimately delivered to a single or multiple family dwelling, and shall apply to all such purchases regardless of whether the customer is the ultimate consumer.

This tariff is intended to satisfy the provisions of section 144.030 (23), RS Mo, by establishing and maintaining a system and rate classification of "residential" to cause the residential sales and purchases of water under this tariff to be considered as sales made for domestic use and thus exempt from sales tax.

(1) **CONTRACT TERM AND BILLING** - Standard contracts are on a yearly basis, with monthly or quarterly billing for service, except as provided by Rule 4.0.

RATE COMPONENTS:

MINIMUM CUSTOMER CHARGE (2) - The minimum charge for water service available through the facilities of the Company for the billing period and for the meter size furnished the customer is:

Meter Size	(AM) Monthly Billing	(AQ) Quarterly Billing	Prorated Service Charge (3)	
5/8"	\$9.65 (1)	\$14.14 (1)	\$10.77	+
3/4"	\$10.77 (1)	\$17.51 (1)	\$12.46	+
1"	\$13.05 (1)	\$24.29 (1)	\$15.82	+
1-1/2"	\$18.66	\$41.16	\$24.28	+
2"	\$25.40	\$61.40	\$34.39	+
3"	\$43.42	\$115.46	\$61.44	+
4"	\$63.67	\$176.25	\$91.82	+
6"	\$119.97	\$345.11	\$176.23	+
8"	\$187.51	\$547.74	\$277.55	+
10"	\$277.57	\$817.90	\$412.64	+
12"	\$367.63	\$1,088.08	\$547.72	+

COMMODITY CHARGE (2) - In addition to the Minimum Customer Charge, for all water used as registered by the meter the Commodity Charge is \$2.3925 per 100 cubic feet or \$3.1901 per 1,000 gallons. +

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill.

ST. LOUIS COUNTY WATER COMPANY
FOR

Missouri Public

ST. LOUIS COUNTY, MISSOURI AND JEFFERSON COUNTY, MISSOURI

REC'D MAY 11 2001

RATE A
METER RATE - RESIDENTIAL AND COMMERCIAL

Service Commission

AVAILABILITY - This rate is available to all residential ("domestic") and commercial customers in cities, towns, and unincorporated territory served by the Company. This rate is required where premises have water closets, hose connections, or sewer connections.

A "residential" ("domestic") customer, under this residential rate classification, is a customer who purchases water for "Domestic use", under this residential rate classification, includes that portion of water which is ultimately delivered to a single or multiple family dwelling, and shall apply to all such purchases regardless of whether the customer is the ultimate consumer.

This tariff is intended to satisfy the provisions of section 144.030 (23), RSMo, by establishing and maintaining a system and rate classification of "residential" to cause the residential sales and purchases of water under this tariff to be considered as sales made for domestic use and thus exempt from sales tax.

CONTRACT TERM AND BILLING - Standard contracts are on a yearly basis, with monthly or quarterly billing for service, except as provided by Rule 4.0.

RATE COMPONENTS:

MINIMUM CUSTOMER CHARGE (2) - The minimum charge for water service available through the facilities of the Company for the billing period and for the meter size furnished the customer is:

Meter Size	(AM) Monthly Billing	(AQ) Quarterly Billing	Prorated Service Charge (3)
5/8"	\$6.15 (1)	\$9.01 (1)	\$6.87
3/4"	\$6.87 (1)	\$11.17 (1)	\$7.94
1"	\$8.31 (1)	\$15.48 (1)	\$10.09
1-1/2"	\$11.90	\$26.24	\$15.48
2"	\$16.20	\$39.15	\$21.93
3"	\$27.68	\$73.61	\$39.17
4"	\$40.59	\$112.36	\$58.54
6"	\$76.48	\$220.01	\$112.36
8"	\$119.54	\$349.19	\$176.95
10"	\$176.96	\$521.42	\$263.07
12"	\$234.36	\$693.66	\$349.19

COMMODITY CHARGE (2) - In addition to the Minimum Customer Charge, for all water used as registered by the meter the Commodity Charge is \$1.5253 per 100 cubic feet or \$2.0337 per 1,000 gallons.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill.

ST. LOUIS COUNTY WATER COMPANY For Service Area of Former St. Louis

County Public Water Supply District #1

Customer Fair Share Charge ("CFSC")
Surcharge for Certain Affected Customers Within
"District's Water System" of St. Louis County, Missouri

SEP 4 1990

MISSOURI
Public Service Commission

AVAILABILITY - This rate is a mandatory surcharge, in addition to charges for water service, to be charged monthly, and to be paid as a condition of continued service. The CFSC Charge shall be charged to "District's Customers" and New Customers."

"District's Customers" are all those customer premises connected to and receiving water through District's Water System on November 8, 1989.

"New Customers" include all those customers connecting to District's Water System with service lines after November 8, 1989.

"District's Water System" is defined as all water mains transferred by St. Louis County Public Water Supply District # 1 to the Company on August 31, 1990, plus all mains thereafter installed by Company which permit the Company to abandon or otherwise take another main within the District's Water System out of service.

Customers connecting to main extensions which are attached to District's Water System after application to the Company and in compliance with Company's specifications as to materials utilized, nature of facilities, location of connection, and all other Company requirements, shall not be considered New Customers for purposes of this Tariff.

Customers required to be charged this CFSC rate shall hereinafter be referred to as "CFSC Customers."

DURATION - The CFSC Charge shall continue in effect for the earlier of 60 monthly billing periods or until the next billing cycle after Company reduces its purchase price investment to \$116,250 (\$150 X the 775 customers in the District at closing). Following the expiration of this time period, this tariff shall expire and cease to have any effect.

Customer Fair Share Charge ("CFSC")
Surcharge for Certain Affected Customers Within
"District's Water System" of St. Louis County, Missouri

SEP 4 1990

Public Service Commission

TEMPORARY MONTHLY BILLING AUTHORIZATION - In accordance with the Contract, CFSC Customers shall also be billed monthly as follows:

A. The Company's "Rate A" for residential or commercial uses plus all taxes or license fees as the same are presently defined in the Company's rate RT 11.0, or another rate or rates as from time-to-time approved by the Commission. An attempt will be made to read meters quarterly, and usage will be estimated for the other two months within each quarter. Quarterly readings may be estimated from time-to-time when meter readings are unobtainable as provided in Company's rules and regulations generally applicable to quarterly billed customers. This variance from the meter reading requirements of 4 CSR 240-13 shall be in effect for only the affected 60 month billing period.

B. The appropriate fire protection charge (pro-rated for monthly billing during the affected 60 month period), the calculation of which shall be in accordance with procedures approved by the Commission.

C. Any other charge from time-to-time authorized or required by the Commission, or voluntarily requested by the customer (e.g. remote meter reading charge).

RATE - The CFSC shall be \$6.66 per month per customer

This Tariff shall create no rights or privileges not otherwise contained in a Contract for the sale of assets from Public Water Supply District #1 of St. Louis County to St. Louis County Water Company dated November 8, 1989 and filed with and approved by the Commission in Case # WM-90-124.

RATE B-8
RATE FOR CITY OF KIRKWOOD

MISSOURI
Public Service Commission

AVAILABILITY - This rate is available to the City of Kirkwood only for supply of water for resale.

RATE- For all water used as registered by meter: (1)

\$ 0.5036 per 100 cubic feet

MINIMUM CHARGE - The maximum daily rate of usage in the months of June, July, August and September shall not exceed twice the average daily rate for the month, and the maximum hourly rate of usage during the hours of 4 p.m. to 10 p.m. shall not exceed the average hourly rate during the monthly billing period, provided, however, if these ratios are exceeded, the minimum charge during these months shall be based on the greater amount computed by applying the rate shown above to either:

- a - 15 times the maximum daily usage, expressed in cubic feet, occurring in the monthly billing period, or
- b - 30 times the maximum hourly rate, expressed in cubic feet per day, occurring between the hours of 4 p.m. and 10 p.m. during the monthly billing period.

The minimum charge in any month shall be based on 60% of the maximum usage during any of the months of June, July, August or September in the twelve (12) month period preceding the month for which the bill is to be rendered, but not less than \$424.63 for each separate metering point.

Upon the furnishing of satisfactory proof by the City of Kirkwood, water used for fighting fires, or because of broken water mains, may be excluded in establishing minimum bills under a or b above.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill.

RULES AND REGULATIONS - The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. No. 11.0 Original Sheet No. RT-11.0

RECEIVED
PUBLIC SERVICE COMMISSION

RATE - For all water used as registered by meter: (1)

\$.4812 per 100 cubic feet

MINIMUM CHARGE - The maximum daily rate of usage in the months of June, July, August and September shall not exceed twice the average daily rate for the month, and the maximum hourly rate of usage during the hours of 4 p.m. to 10 p.m. shall not exceed the average hourly rate during the monthly billing period, provided, however, if these ratios are exceeded, the minimum charge during these months shall be based on the greater amount computed by applying the rate shown above to either:

- a - 15 times the maximum daily usage, expressed in cubic feet, occurring in the monthly billing period, or
- b - 30 times the maximum hourly rate, expressed in cubic feet per day, occurring between the hours of 4 p.m. and 10 p.m. during the monthly billing period.

The minimum charge in any month shall be based on 60% of the maximum usage during any of the months of June, July, August or September in the twelve (12) month period preceding the month for which the bill is to be rendered, but not less than \$ 405.74 for each separate metering point.

Upon the furnishing of satisfactory proof by the City of Kirkwood, water used for fighting fires, or because of broken water mains, may be excluded in establishing minimum bills under a or b above.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill.

RULES AND REGULATIONS - The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. Mo. No. 16, Original Sheet No. RT11.0.

Missouri-American Water Company
 Name of Issuing Corporation

For

St Louis County & Jefferson County Areas
 Community, Town or City

RATE D
RATE FOR RESALE OF WATER BY CUSTOMERS - MEETING CERTAIN LOAD CRITERIA

AVAILABILITY: This rate is available only to a wholesale purchaser of water having another approved source of potable water for resale to its customers and the rates herein are predicated upon responsible use of this other supply of water, plus storage, to control peak day and hour demands on Company's system. Company will determine maximum withdrawal rate from each metering point using best available data.

RATE COMPONENTS:

METER CHARGE (A) - The charge for each month shall be based on the meter size or multiple meter sizes if more than one meter is installed as follows:

<u>Meter Size</u>	<u>Monthly Charge</u>	+
5/8"	\$9.03	+
3/4"	\$10.08	+
1"	\$12.18	+
1-1/2"	\$17.46	+
2"	\$23.77	+
3"	\$40.63	+
4"	\$59.57	+
6"	\$112.24	+
8"	\$175.44	+
10"	\$259.71	+
12"	\$343.96	+

COMMODITY RATE (A) - In addition to the Meter Charge, for all water used as registered by the meter the Commodity Charge is:

REGULAR RATE:	\$ 1.1056 per hundred cubic feet or \$1.4742 per thousand gallons	+
1st ALTERNATE RATE:	\$ 1.1864 per hundred cubic feet or \$1.5818 per thousand gallons	+
2nd ALTERNATE RATE	\$ 1.2710 per hundred cubic feet or \$1.6946 per thousand gallons	+

USAGE RATE LIMITATIONS:

1) Customers "base load" shall be calculated as the daily average of water purchased from St. Louis County Water Company during the previous 12 monthly billing periods. Each metering point will be calculated separately.

RATE D

RATE FOR RESALE OF WATER BY CUSTOMERS - MEETING CERTAIN LOAD CRITERIA

AVAILABILITY: This rate is available only to a wholesale purchaser of water having another approved source of potable water for resale to its customers and the rates herein are predicated upon responsible use of this other supply of water, plus storage, to control peak day and hour demands on Company's system. Company will determine maximum withdrawal rate from each metering point using best available data.

RATE COMPONENTS:

METER CHARGE (A) - The charge for each month shall be based on the meter size or multiple meter sizes if more than one meter is installed as follows:

<u>Meter Size</u>	<u>Monthly Charge</u>	
5/8"	\$5.50	*
3/4"	\$6.14	*
1"	\$7.44	*
1-1/2"	\$10.67	*
2"	\$14.55	*
3"	\$24.89	*
4"	\$36.52	*
6"	\$68.83	*
8"	\$107.61	*
10"	\$159.31	*
12"	\$211.01	*

COMMODITY RATE (A) - In addition to the Meter Charge, for all water used as registered by the meter the Commodity Charge is:

REGULAR RATE:	\$.7060 hundred cubic feet	*
1st ALTERNATE RATE:	\$.7543 hundred cubic feet	*
2nd ALTERNATE RATE	\$.8055 hundred cubic feet	*

USAGE RATE LIMITATIONS:

1) Customers "base load" shall be calculated as the daily average of water purchased from St. Louis County Water Company during the previous 12 monthly billing periods. Each metering point will be calculated separately.

4) Customer must not exceed the "base load" usage during any 24 hour period during months other than June, July, August, September and October, unless permission has been requested in writing from company at least 14 days in advance to use no more than three (3) times the "base load." If granted, customer must pay for water used during such periods, up to 1.75 times the "base load" at the appropriate commodity rate, and in excess of 1.75 times the "base load" at the 1st alternate commodity rate. If permission is not requested and obtained from Company or if usage exceeds three times the "base load," customer must pay for all water used during that month at 10% over the appropriate commodity rate. In any month (other than June, July, August, September or October) that customer exceeds the "base load" (with or without permission from Company), the minimum for that month shall be equal to 1.75 times the current applicable minimum.

SHEET No. JUN 03 1987

ST. LOUIS COUNTY WATER COMPANY For ST. LOUIS COUNTY, MISSOURI and JEFFERSON COUNTY, MISSOURI

RATE D
RATE FOR RESALE OF WATER BY CUSTOMERS - MEETING CERTAIN LOAD CRITERIA

RATE D (CONTINUED)

4) Customer must not exceed the "base load" usage during any 24 hour period during months other than June, July, August, September and October, unless permission has been requested in writing from company at least 14 days in advance to use no more than three (3) times the "base load". If granted, customer must pay for water used during such periods, up to 1.75 times the "base load" at the appropriate commodity rate, and in excess of 1.75 times the "base load" at the 1st alternate commodity rate. If permission is not requested and obtained from company or if usage exceeds three times the "base load", customer must pay for all water used during that month at 10% over the appropriate commodity rate. In any month (other than June, July, August, September or October) that customer exceeds the "base load" (with or without permission from Company), the minimum for that month shall be equal to 1.75 times the current applicable minimum.

5) Upon the furnishing of proof satisfactory to the Company by the City, water used in a declared emergency resulting from a major fire or broken transmission main (12 inches in diameter or & larger) will be excluded in establishing alternate rates and minimum bills. City's request for this variance must be made immediately by an officer of the Company with a written confirmation of the incident, the request and the approval delivered to the Company within 48 hours of the occurrence of the emergency. Other short term incidents other than major fires or broken transmission mains may qualify as "declared emergencies" as determined in the Company's sole discretion on a case-by-case basis without precedent or any other standard for qualification.

NOTES:

- (A) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. Mo. No. Original Sheet No. RT 11.0
- (B) If the Company deems it hydraulically feasible, Company may combine usages from two or more metering points in calculating the hour period restrictions.
- (C) If customer uses no water from Company during the 'peak hour' periods during the months of June, July, August, September, and October, in the 12-month period preceding the month for which the bill is to be rendered (except under declared emergency conditions), and maximum 24-hour usage does not exceed one (1) Million Gallons for any of the same months, the 4,000,000 cubic feet minimum shall be reduced to 2,000,000 cubic feet.

Community, Town or City

RATE E-1
PUBLIC FIRE HYDRANT SERVICE - CITIES, TOWNS, VILLAGES

APPLICABILITY - This Public Fire Protection Service Charge shall apply to all active Rate A and J water customers located in incorporated cities, towns and villages.

MONTHLY CHARGE - A monthly public fire hydrant service charge shall be determined for each incorporated city, town or village and shall be computed in accordance with the following formula:

$$\text{Monthly Charge (1)} = \frac{(N \times R) + U}{A \times 12}$$

Where within city, town or village:

N = Number of Public Fire Hydrants at date of determination.

R = Annual Service Charge of \$278.26 per fire hydrant.

U = Unamortized investment in fire hydrants ordered removed, relocated, or discontinued plus cost of removal less salvage in the most recent 12 - month period ending December 31.

A = Number of Active Rate A and J customers at date of determination.

BILLING - Billing will be rendered either quarterly or monthly in advance, consistent with the billing period for regular water service. Billing for this service shall be in addition to charges for regular water service. For each new active customer billing shall start with the first billing period. Customers terminating service within a billing period shall not be entitled to a refund of any part of a previously paid fire hydrant charge.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill. In all cases of nonpayment of the public fire hydrant service charge, water service may be discontinued in accordance with the provisions of Rule 2.3.

ADJUSTMENT of fire hydrant service charge. The monthly fire hydrant service charge shall be adjusted annually on March 1 of each year, based on December 31 data of the previous year or, at its option, the Company may recompute the monthly service charge at any time to reflect changes in number of customers or fire hydrants in the incorporated city, town, or village that results in a variation of \$0.01 or more in the monthly charge.

Public Service Comm.

APPLICABILITY - This Public Fire Protection Service Charge shall apply to all active Rate A and J water customers located in incorporated cities, towns and villages.

MONTHLY CHARGE - A monthly public fire hydrant service charge shall be determined for each incorporated city, town or village and shall be computed in accordance with the following formula:

CANCELLED

$$\text{Monthly Charge (1)} = \frac{(N \times R) + U}{A \times 12}$$

Where within city, town or village:

N = Number of Public Fire Hydrants at date of determination
R = Annual Service Charge of \$135.60 per fire hydrant.

U = Unamortized investment in fire hydrants ordered removed, relocated, or discontinued plus cost of removal less salvage in the most recent 12-month period ending December 31.

A = Number of Active Rate A and J customers at date of determination.

SEP 1 1993
BY 7th R.S. #RTS.c
Public Service Commission
MISSOURI

BILLING - Billing will be rendered either quarterly or monthly in advance, consistent with the billing period for regular water service. Billing for this service shall be in addition to charges for regular water service. For each new active customer billing shall start with the first billing period. Customers terminating service within a billing period shall not be entitled to a refund of any part of a previously paid fire hydrant charge.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill. In all cases of nonpayment of the public fire hydrant service charge, water service may be discontinued in accordance with the provisions of Rule 2.3.

ADJUSTMENT of fire hydrant service charge. The monthly fire hydrant service charge shall be adjusted annually on March 1 of each year, based on December 31 data of the previous year or, at its option, the Company may recompute the monthly service charge at any time to reflect changes in number of customers or fire hydrants in the incorporated city, town, or village that results in a variation of \$0.01 or more in the monthly charge.

RULES AND REGULATIONS

1. An incorporated city, town or village by ordinance may order a new fire hydrant installed or an existing public fire hydrant relocated or removed within the boundaries of the city, town or village. Field location of such fire hydrants shall be specified by the Fire Chief of the city, town or village or other designated official empowered to act on behalf of the city, town or village.

2. The Company may refuse to accept orders for new hydrant installations, and relocation or removal of existing public fire hydrants which do not conform in general to the recommendations of the Insurance Services Office of Missouri which are appropriate for that insurance rating for which the city, town or village is at that time eligible, based upon all factors other than fire hydrants within said city, town or village.

3. The Company may refuse to accept orders for installation of new fire hydrants or the relocation of existing fire hydrants at locations where there is not an existing water main, 6" or larger in diameter.

4. The Company will not accept orders for new hydrant installations or relocation of existing fire hydrants on private property.

5. The Company shall not be required to install new fire hydrants or relocate existing fire hydrants on roads or streets where the political entity having jurisdiction refuses or fails to issue a permit to the Company for such installation.

6. New fire hydrants installed under this Tariff shall conform to the latest revision of AWWA standard C502 (unless specially designed high pressure hydrants are needed, as determined by Company) with one steamer outlet, two hose outlets, 4-1/2" valve opening, and be of the anti-freeze, self-draining type.

7. The General Rules and Regulations set forth in this Tariff and elsewhere shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. MO No. 6 Original Sheet No. RT 11.0

ST. LOUIS COUNTY WATER COMPANY
FOR

Missouri Public
REC'D MAY 11 2001

ST. LOUIS COUNTY, MISSOURI AND JEFFERSON COUNTY, MISSOURI

RATE E-2

PUBLIC FIRE HYDRANT SERVICE CHARGE - UNINCORPORATED AREAS IN
FIRE DISTRICTS

Service Commission

APPLICABILITY - This Public Fire Protection Service Charge shall apply to all active Rate A and J water customers located in unincorporated sections of fire districts.

MONTHLY CHARGE - A monthly public fire hydrant service charge shall be determined for unincorporated sections of each fire district and shall be computed in accordance with the following formula:

$$\text{Monthly Charge (1)} = \frac{(N \times R) + U}{A \times 12}$$

Where within unincorporated sections of each fire district:

N = Number of Public Fire Hydrants at date of determination.

R = Annual Service Charge of \$196.92 per fire hydrant. *

U = Unamortized investment in fire hydrants ordered removed, relocated, or discontinued plus cost of removal less salvage in the most recent 12 - month period ending December 31.

A = Number of Active Rate A and J customers at date of determination.

BILLING - Billing will be rendered either quarterly or monthly in advance, consistent with the billing period for regular water service. Billing for this service shall be in addition to charges for regular water service. For each new active customer billing shall start with the first billing period. Customers terminating service within a billing period shall not be entitled to a refund of any part of a previously paid fire hydrant charge.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill. In all cases of nonpayment of the public fire hydrant service charge, water service may be discontinued in accordance with the provisions of Rule 2.3.

ADJUSTMENT of fire hydrant service charge. The monthly fire hydrant service charge shall be adjusted annually on March 1 of each year, based on December 31 data of the previous year or, at its option, the Company may recompute the monthly service charge at any time to reflect changes in number of customers or fire hydrants in the unincorporated sections of each Fire District that results in a variation of \$0.01 or more in the monthly charge.

SHEET No. _____

ST. LOUIS COUNTY WATER COMPANY
Name of Issuing Corporation

For ST. LOUIS COUNTY, MISSOURI and
Community, Town or City

JEFFERSON COUNTY, MISSOURI

RATE E-2

PUBLIC FIRE HYDRANT SERVICE CHARGE - UNINCORPORATED AREAS IN FIRE DISTRICTS

APPLICABILITY - This Public Fire Protection Service Charge shall apply to all active Rate A and J water customers located in unincorporated sections of fire districts.

MONTHLY CHARGE - A monthly public fire hydrant service charge shall be determined for unincorporated sections of each fire district and shall be computed in accordance with the following formula:

$$\text{Monthly Charge}^{(1)} = \frac{(N \times R) + U}{A \times 12}$$

Where within unincorporated sections of each fire district:

- N = Number of Public Fire Hydrants at date of determination.
- R = Annual Rental Charge of \$108.36 per fire hydrant.
- U = Unamortized investment in fire hydrants ordered removed, relocated, or discontinued plus cost of removal less salvage in the most recent 12-month period ending December 31.
- A = Number of active Rate A and J customers at date of determination.

BILLING - Billing will be rendered either quarterly or monthly in advance, consistent with the billing period for regular water service. Billing for this service shall be in addition to charges for regular water service. For each new active customer billing shall start with the first billing period. Customers terminating service within a billing period shall not be entitled to a refund of any part of a previously paid fire hydrant charge.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10) days after date of bill. In all cases of nonpayment of the public fire hydrant service charge, water service may be discontinued in accordance with the provisions of Rule 2.3.

ADJUSTMENT of fire hydrant service charge. The monthly fire hydrant service charge shall be adjusted annually on March 1 of each year, based on December 31 data of the previous year or, at its option, the Company may recompute the monthly service charge at any time to reflect changes in number of customers or fire hydrants in the unincorporated section of each Fire District that results in a variation of 1% or more in the monthly charge.

Public Service Commission

RULES AND REGULATIONS

1. A Fire District by Resolution of its Board of Directors may order a new fire hydrant installed or an existing public fire hydrant relocated or removed within the boundaries of the Fire District. Field location of such fire hydrants shall be specified by the Fire Chief of the Fire District or other designated official empowered to act on behalf of the Fire District.

2. The Company may refuse to accept orders for new hydrant installations, and relocations or removal of existing public fire hydrants which do not conform in general to the recommendations of the Insurance Services of Missouri which are appropriate for that insurance rating for which the Fire District is at that time eligible, based upon all factors other than fire hydrants within said Fire District.

3. The Company may refuse to accept orders for installation of new fire hydrants or the relocation of existing fire hydrants at locations where there is not an existing water main, 6" or larger in diameter.

4. The Company will not accept orders for new hydrant installations or relocation of existing fire hydrants on private property.

5. The Company shall not be required to install new fire hydrants or relocate existing fire hydrants on roads or streets where the political entity having jurisdiction refuses or fails to issue a permit to the Company for such installation.

6. New fire hydrants installed under this Tariff shall conform to the latest revision of AWWA standard C502 (unless specially designed high pressure hydrants are needed, as determined by Company) with one steamer outlet, two hose outlets, 4-1/2" valve opening, and be of the anti-freeze, self-draining type. +

7. The General Rules and Regulations set forth in this Tariff and elsewhere shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. MO No. 6 Original Sheet No. RT 11.0

ST. LOUIS COUNTY WATER COMPANY For ST. LOUIS COUNTY, MISSOURI and JEFFERSON COUNTY, MISSOURI

RECEIVED
MAR 2 1987
MISSOURI
Public Service Commission

RATE E-3
FIRE PROTECTION RATES - OTHER

AVAILABILITY - This rate is available for fire hydrants on public highways in unincorporated areas not within the boundaries of Fire Districts where there are water mains six inches or more in diameter.

CONSTRUCTION PROVISION - Expense of installation of hydrants will be borne by Water Company, if interested parties who own and occupy their homes in such areas will contract with the Water Company for fire hydrant service, either as individuals or through the proper officers of an Association, and pay hydrant service charge in advance for the balance of the current calendar year.

RATE - (1)

For each fire hydrant, per year \$109.68.

BILLING -

Billing will be rendered quarterly in advance.

PAYMENT TERMS -

Bills are net, and due payable within ten (10) days after date of bill.

RULES AND REGULATIONS - The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. Mo. No. 6 Original Sheet No. RT 11.0.

RATE J
RATE FOR MANUFACTURERS AND LARGE QUANTITY USERS OF WATER

AVAILABILITY - This rate is available to Manufacturers and Large Quantity Users of Water whose usage throughout the year is not less than 60,000 cubic feet or 450,000 gallons per month.

This rate is not available to users of water for domestic purposes as defined under Tariff Rate A, or for irrigation, construction, or resale purposes.

RATE COMPONENTS:

METER CHARGE (1) - The charge for each month shall be based on the meter size or multiple meter sizes if more than one meter is installed as follows:

<u>Meter Size</u>	<u>Monthly Charge</u>
5/8"	\$8.79
3/4"	\$9.83
1"	\$11.87
1 1/2"	\$17.01
2"	\$23.16
3"	\$39.56
4"	\$58.02
6"	\$109.30
8"	\$170.84
10"	\$252.89
12"	\$334.93

COMMODITY RATE (1) - In addition to the Meter Charge, for all water used as registered by the meter the Commodity Charge is \$1.0767 per 100 cubic feet or \$1.4356 per 1,000 gallons.

MINIMUM USAGE CHARGE (1) - in addition to the Meter Charge, a monthly usage charge for any month shall be equal to the commodity rate, times the greater of 1) 60% of the maximum usage during any of the months of June, July, August, or September in the twelve (12) month period preceding the month for which the bill is to be rendered or 2) 60,000 cubic feet or 450,000 gallons or 3) actual usage as registered by the meter.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P. S. C. MO No. 6 Original Sheet No. RT 11.0.

Over 60,000 cubic feet per month - \$ 0.3846 per hundred cubic feet.

MINIMUM CHARGE - The minimum charge in any month shall be based on 60% of the maximum usage during any of the months of June, July, August, or September in the twelve (12) month period preceding the month for which the bill is to be rendered, but not less than \$230.76.

PRO-RATA ADJUSTMENT OF MONTHLY MINIMUM CHARGE - If the customer is forced to close operations of its works for a period of 10 days or more on account of accidents, fires, damage to works, strikes of its own employees, act of God, Governmental regulations or other physical cause not reasonably within its control, and customer gives Water Company written notice not later than forty days after such occurrence, the customer will be entitled to a pro rata reduction in the monthly minimum charge which is based on 60% of the maximum usage during the previous months of June, July, August or September for the period during which the customer is unable to use full water service for such cause.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. Mo. No. 6 Original Sheet No. RT 11.0.

RATE FOR MANUFACTURERS AND LARGE QUANTITY USERS OF WATER (Continued)

PRO-RATA ADJUSTMENT OF MONTHLY MINIMUM CHARGE - If the customer is forced to close +
operations of its works for a period of 10 days or more on account of accidents, +
fires, damage to works, strikes of its own employees, act of God, Governmental +
regulations or other physical cause not reasonably within its control, and customer +
gives Water Company written notice not later than forty days after such occurrence +
the customer will be entitled to pro rata reduction in the monthly minimum charge +
which is based on 60% of the maximum usage during the previous months of June, +
July, August, or September for the period during which the customer is unable to use +
full water service for such cause. +

DURATION OF CLASSIFICATION - Customers electing Tariff Rate J are required to
remain in this classification for a period of at least twelve (12) months.

A Rate J customer whose usage is less than 60,000 cubic feet per month more than
two times during a twelve (12) month period will no longer meet the eligibility
requirements of this classification.

Customers who no longer meet the eligibility requirements of this classification,
or elect to leave this classification, will be reclassified to Tariff Rate A, and
must remain in the Rate A classification for a minimum of twelve (12) months and
meet the monthly minimum usage requirements again before being classified under
the Tariff Rate J.

PAYMENT TERMS - Bills are net, and are due and payable within ten (10)
days after date of bill.

RULES AND REGULATIONS - The General Rules and Regulations set forth in
this tariff shall govern the supply of service under this rate.

REMOTE METER READING SERVICE

MAR 2 1987

AVAILABILITY - Remote meter reading service is available to customers being serviced through 5/8", 3/4" or 1" meters which are installed indoors and do not require an electric cable longer than 40 feet to reach an out-of-doors reading receptacle.

MISSOURI
Public Service Commission

CONTRACT TERM AND BILLING - Remote meter reading accessories shall be permanently attached to the meter and remote meter reading service will thereafter be provided to the premises. Remote meter reading accessories are permanent, and will not be moved at the request of the customer to another location, nor will they be removed at the request of any succeeding owner or occupant of the premises.

A customer terminating water service at a premises where remote meter reading service has been provided will be billed for any unpaid portion of the remote meter reading installation charge as a single payment on the final bill unless said account is under a formerly available 10-year payoff agreement in which case the next party requesting service at this account must assume the unpaid portion of the service agreement. Billing for remote meter reading service or installation will be on the regular water bill at the same billing time interval as water service.

RATE TABLE - The charge for installation including applicable federal and state income taxes of remote meter reading service, at the option of the customer, shall be either: (1)

- a) \$40.00 upon installation, no portion of which is refundable at any time; or *
- b) \$10.00 per quarter or \$3.34 per month, depending upon the billing time interval for water service, for one year. *

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. Mo. No. 6 Original Sheet No. RT 11.0.

Billing for remote meter reading service or installation will be on the regular water bill at the same billing time interval as water service.

RATE TABLE - The charge for installation of remote meter reading service, at the option of the customer, shall be either:#

- a) \$25.00 upon installation, no portion of which is refundable at any time; or
- b) \$6.25 per quarter or \$2.10 per month, depending upon the billing time interval for water service, for one year.

#Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. No. 6 Original Sheet No. RT 11.0.

MISSOURI-AMERICAN WATER COMPANY
NAME OF ISSUING CORPORATION

FOR ST. LOUIS COUNTY, MO
COMMUNITY, TOWN, OR CITY

Bill Consolidation Tariff		*
<u>DESCRIPTION AND TERMS:</u>		*
To provide for the consolidation of water usage for billing purposes for customers in the St. Louis District owning and occupying contiguous properties served by multiple meters. Qualifying customers and facilities are those locations where a customer's property or contiguous properties are served by a single distribution main or distribution facility, although service is provided through more than one meter.		* * * * *
<u>APPLICABILITY:</u>		*
This consolidation will be provided to existing customers who apply and whose eligibility under the terms above is confirmed by the Company. Initiation of the bill consolidation for an existing customer will commence at the conclusion of the Company's next general rate case, except for The Boeing Company and DaimlerChrysler, for whom the experiment will start as soon as possible after the effective date of this tariff sheet. New customers may apply for such consolidation at the time service is requested. Bill consolidation will be applied for new customers to the first bill issued to the customer following application and the Company's confirmation of eligibility.		* * * * * * *
<u>RATE CALCULATION:</u>		*
Customers qualifying for bill consolidation will be charged for each meter associated with each of the subject property or contiguous properties. Consumption rates under Rate J will be applied to the total aggregated usage of all meters at the property or contiguous properties to arrive at the total bill for service. For Rate J, the 60% maximum usage criteria for any of the months of June, July, August, or September will be based on the consolidated consumption volume. Thus, the customer's bill calculation will be governed by the rules for the Rate J tariff until such time the customer is no longer eligible under the Experimental Bill Consolidation Tariff.		* * * * * * *

SHEET No. _____

ST. LOUIS COUNTY WATER COMPANY

For ST. LOUIS COUNTY, MISSOURI and

Name of Issuing Corporation

Community, Town or City

JEFFERSON COUNTY, MISSOURI

BILLING OF EVERY LICENSE, OCCUPATION, GROSS RECEIPTS, OR OTHER
SIMILAR TAX, CHARGE, FEE, EXACTION OR PAYMENT

APPLICABILITY - This schedule is applicable to all water and service sold by the Company under every rate filed with the Public Service Commission of the State of Missouri.

There shall be added to each customer's bill, whether a retail or a whole-sale customer, as a separate item, an amount equal to every tax, charge, fee, exaction, or payment, now or hereafter imposed upon the Company by any political subdivision of the State of Missouri, whether by ordinance, franchise, or otherwise, for the license, privilege or right to do business in such political subdivision (hereinafter called "license tax"), applicable to water and service sold by the Company to such customer.

In the event that such license tax is imposed as a percentage of receipts or revenues received by the Company in a political subdivision, the rate imposed by such political subdivision shall be applied against the receipts or revenues, including license tax, received from each customer located within such political subdivision in determining the amount of license tax to be added to each customer's bill.

In the event that a political subdivision imposes a license tax in the form of a flat sum rather than as a percentage of Company's receipts or revenues within such political subdivision, the Company's receipts or revenues in such political subdivision for the year preceding the year of payment of such flat sum shall be used for the purpose of computing the percentage of which the aggregate amount of all such license taxes paid to such political subdivision is of the receipts or revenues obtained by the Company within such political subdivision. The percentage so obtained shall be applied against the receipts or revenues, including license tax, received from each customer located within such political subdivision in determining the amount of license tax to be added to each customer's bill.

Where more than one such license tax is imposed by a political subdivision, the total of such license taxes applicable to a customer shall be billed the customer as a single amount.

ISSUED BY R. T. [Signature] V. P., 535 North New Ballas Rd., St. Louis, MO 63141

PASS THROUGH OF ST. LOUIS COUNTY SERVICE LINE CHARGE

The Company shall charge each residential customer in St. Louis County having four or fewer dwelling units, the fee authorized by Section 66.405, RSMo 2000 and established by Section 502.195, St. Louis County Revised Ordinances 1974 as amended, as provided in an amended contract between the Company and St. Louis County, Missouri, as hereinafter further defined: +

The fee shall be One dollar (\$1.00) per month or three dollars (\$3.00) per quarter (and not pro rata for periods of time less than one month or one quarter whichever is applicable) during which service is provided, to be billed and collected monthly, quarterly or otherwise in the due course of approved billing practices applicable to the customer, provided however that when multiple water service customers do not have individual service lines and are instead served by only a single, shared service line, each such customer will be billed only a pro rata share of the fee. If and when this fee may be reduced as provided in the authorizing legislation, a revised tariff will be filed accordingly.(1) *

The Company's costs of administration for this fee shall be paid by St. Louis County pursuant to the amended contract with St. Louis County, as authorized by Section 66.405.5 RSMO 2000, and shall not be included in the Company's administrative overheads otherwise chargeable to its ratepayers. *

Bills are due and payable in the manner and at times applicable to bills for water service as provided in the Company's approved Rules and Regulations and 4 CSR 240-13, and discontinuance for nonpayment shall be enforced to the extent and in the manner provided by such Rules.

(1) Exclusive of every tax or payment imposed upon the Company by political subdivisions of the State of Missouri, for the right to do business in such political subdivisions. See tariff sheet No. RT 11.0.

Rate I – Infrastructure System Replacement Surcharge (ISRS)

DESCRIPTION: Rate I is designed to recover the costs associated with the Company's eligible main, valve, and hydrant replacements, main relocations, and main cleaning and relining projects. This ISRS rate is calculated and implemented in accordance with the provisions of sections 393.1000 to 393.1006 RSMO. Any future changes to this rate will also be made in accordance with those provisions.

APPLICABILITY: This rate is applicable to any customer class who benefits from the subject utility plant projects eligible for ISRS recovery. The surcharge is calculated consistent with the customer class cost-of-service study recognized by the Missouri Commission in a Company's recent applicable general rate proceeding.

RATE COMPONENTS: In addition to the other charges provided for in the Company's tariffs, a separate charge for the ISRS will apply for service rendered on and after the effective date.

Surcharge Rate (1)

	<u>Rate per CCF</u>	<u>Rate per 1,000 Gallons</u>	
Rate A Customers	\$.1120	\$.1491	+
Rate B Customers	\$.0075	\$.0099	+
Rate J Customers	\$.0038	\$.0050	+
Rate K Customers	\$.1120	\$.1491	+

RULES AND REGULATIONS: The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

(1) Exclusive of every tax or payment imposed upon the Company by any political subdivision of the State of Missouri, for the right to do business in such political subdivision. See P.S.C. MO No. 6 Original Sheet No. RT 11.0.
