ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: July 15, 2015

Effective Date: July 15, 2015

On June 30, 2015, the Commission issued an order setting a July 28, 2015 deadline for applications to intervene in this matter. On the same day as the Commission's order, Missouri Industrial Energy Consumers ("MIEC") filed an application to intervene in this matter. Commission Rule 4 CSR 240-2.080(13) grants parties ten days from the date of a filing to respond to any pleading unless otherwise ordered by the Commission. No objections to MIEC's application were received.

Commission Rule 4 CSR 240-2.075(3) authorizes the Commission to grant an application to intervene if the party has an interest different from that of the general public which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. MIEC represents large industrial customers of Union Electric Company d/b/a Ameren Missouri. MIEC has an interest in Ameren Missouri's request for authority to construct, install, own, operate, maintain, control and manage solar generation facilities which is different than that of the general public. MIEC's interests may be adversely impacted by a final order in this matter.

Upon review of the unopposed application, the Commission finds MIEC meets the standards set in Commission Rule 4 CSR 240-2.075(3). Therefore, the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Missouri Industrial Energy Consumers' application to intervene is granted.
2. This order shall be effective when issued.
