Schedule of Sewer Rates – Stone County

A.+ Application – The following monthly sewer service charges will be in effect for Customers of Foxfire Utility Company, located within the Company’s Stone County, Missouri Public Service Commission approved, service area (Lantern Bay Condominium Development area).

Monthly Minimum Sewer Service Charge + - The following minimum monthly service charge based on meter size must be paid regardless of the quantity of metered water usage.

Meter Size:		Monthly Charge:+
5/8"	Includes 2,000 gallons	\$ 40.22
3/4"	Includes 2,000 gallons	\$ 57.12
1"	Includes 2,000 gallons	\$ 90.91
1-1/2"	Includes 2,000 gallons	\$175.39

Sewer Service Commodity Charge:+

This rate shall be billed for all metered water usage over the amount included in the minimum charge.

\$3.21 per 1,000 gallons over metered water usage of 2,000 gallons per month.

Rule 10 Surcharge: A surcharge in accordance with Rule 10 of this tariff, for excess strength waste discharge shall be applied when applicable.

Taxes: +

Any applicable Federal, State or local taxes computed on a billing basis shall be added as separate items in rendering each bill.

Late Payment Charge: +

Billings will be made and distributed at monthly intervals. Bills will be rendered net, bearing the last date on which payment will then be considered delinquent. The period after which the payment is considered delinquent is 21 days after rendition of the bill. A charge of \$3.00 or three percent (3%) per month times the unpaid balance, whichever is more, will be added to delinquent amounts.

Foxfire Utility Company For: **Certificated Sewer Service Areas in Stone County**
Name of Issuing Company Community, Town or City

Schedule of Sewer Rates – Stone County (continued)

Bad Check Charge: *

A bad check charge of \$20 per check will be paid on all checks returned from the bank for insufficient funds. Where a bad check is applicable from a customer for both water and sewer service, only one bad check charge shall be billed the customer for both his water and sewer service for each instance of a returned check.

Door Collection Charge:*

A door collection charge of \$15.00 will be applicable when a customer pays the serviceman at the time of scheduled disconnection (turn-off) of service to prevent such disconnection. Where a door collection charge is applicable from a customer for both water and sewer service, only one door collection charge shall be billed the customer for both his water and sewer service for each disconnection.

Emergency Call Out Charge:*

An Emergency Call-Out Charge of \$15.00 per occurrence will be assessed where a customer requests a shut-off of service and the emergency exists entirely on the customer owned facilities.

Reconnection of Service for "Seasonal" Disconnects:* - \$25.00 plus the monthly customer charge times the number of months "off-system" (not to exceed 9 months) where the owner of the premises being served discontinues and restores service to the same location within a 12-month period. Restoration of service of a non-payment disconnect after 45 days is deemed to be a seasonal reconnection of service. Any customer receiving water service from the Company will be considered as also receiving sewer service.

MO. PUBLIC SERVICE COMM.

- (a) "ALTERNATIVE COLLECTION" is any wastewater collection other than conventional eight (8) inch diameter or larger gravity piping with manholes located at changes in direction, pipe size, and grade. Examples of alternative collection include but are not limited to septic tank effluent pump (STEP) without pretreatment (i.e. septic tanks), pressurized piping utilizing grinder pumps and vacuum sewers.
- (b) An "APPLICANT" shall be a person or group of people requesting sewer services from the Company through a service connection, or a collecting sewer extension to one or more existing or proposed residential, commercial or industrial building occupied by or to be occupied by the requesting party(ies).
- (c) An "APPLICATION FOR SERVICE" is a written request by a potential Customer requesting sewer service. The application form will be prepared by and available from the Company.
- (d) "BASE WATER USAGE" shall be the Customer's water consumption corresponding to the Company's billing periods for the months of January, February, and March.
- (e) The "BILLING PERIOD" shall be defined as the time frame for which sewer service is provided or taken, and for which compensation to the Company is expected.

Rule 1 DEFINITIONS (continued)

(f) "B.O.D." denotes biochemical oxygen demand. It is the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory conditions expressed in milligrams per liter.

(g) A "COLLECTING SEWER" is a pipeline, including force mains, gravity sewers, pressure piping, wyes, tees, clean-outs, manholes, lampholes and necessary appurtenances, specifically excluding customer owned service saddles which is owned and maintained by the Company, located on public property or on Company or utility easements, and used to transport sewage waste from the Customer's service sewer connection to the point of disposal.

(h) The term "COMMERCIAL CUSTOMER" shall designate :

(1) A retail or service business utilizing any building, portion of a building or combination of buildings in the same compound which does not manufacture any item or items on the premises.

(2) A hotel, motel, tourist court, or recreational vehicle park which rents or leases rooms or spaces to tenants.

(i) The "COMPANY" is Foxfire Utility Co. of Jefferson City, Missouri acting through its officers, managers, operations contractor, or other duly authorized employees or agents.

Rule 1 DEFINITIONS (continued)

(j) The "CUSTOMER" is any person, individual, partnership, association, corporation or governmental body which has contracted with the Company for sewer service to a unit or is receiving sewer service from the Company to a unit, or whose facilities are connected for utilizing sewer service to a unit.

(k) The "DATE OF CONNECTION" shall be the date the application for service connection is issued by the Company. In the event no application is filed and a service connection is made, the date of connection shall be determined by the Company based on available information, such as construction/occupancy permits, or water or electric service turn-on dates.

(l) A "DEVELOPER" shall mean a person or group of persons who has or intends to sell two (2) or more lots, parcels or tracts of land to others for the purpose of constructing thereon any type of building.

(m) The term "DISCONNECTION" may be used literally in the case where a Customer's service is physically disconnected or plugged to prevent flow to the Company's system. It may also be used to refer to Customer's service simply being discontinued by reason of the Customer permanently vacating the building or unit served.

- (x) "PH" is the relative degree of acidity or alkalinity of water as indicated by the hydrogen ion concentration. PH is indicated on a scale reading from 1 - 14, with 7 being neutral, below 7 acid, and above 7 alkaline; more technically defined as the logarithm of the reciprocal of the hydrogen ion concentration.
- (y) "REPAIRABLE PARTS" shall consist of the motors, pumps, grinders, liquid level controls, heaters, pressure release valves, gate valves, check valves, vacuum/air relief valves, alarm system, electrical protective and switching equipment that may be included as part of an alternative collection system with the Customer's service sewer. These components are normally associated with an alternative collection system and are the responsibility of the Customer.
- (z) The term "RESIDENTIAL CUSTOMER" shall designate the person(s) occupying a building or portion of building in the case of a multi-family dwelling under one roof which is owned, leased, or rented by one party and occupied as a residence.
- (aa) "SEPTIC TANK EFFLUENT PUMP (STEP) SYSTEM" is the pumps, related equipment, tankage, piping and appurtenances which separate from liquid wastes retaining the settleable and floating solid wastes and pumping the liquid waste under pressure to collecting lines.

MAR 23 1995

MO. PUBLIC SERVICE COMM.

Rule 1 DEFINITIONS (continued)

The system also contains level controls for interim storage of liquid waste and intermittent pump operation as a function of liquid level with appropriate malfunction alarms, controls and valves to assure compatible operation with similar units.

(ab) "SERVICE CONNECTION" is the connection of a service sewer to the Company collecting sewer either at the bell of a "Y" branch or the bell of a saddle placed on the barrel of the collecting sewer.

(ac) A Customer's "SERVICE SEWER" is a pipe with appurtenances installed, owned and maintained by the Customer, used to conduct sewage from the Customer's premises to the collecting sewer including the service saddle if required. In the case of Customer's served by alternative collection, the service sewer will include all pipe, equipment and appurtenances on the Customer side of the service connection.

(ad) "SEWAGE" shall mean herein a combination of water carried waste from residences, business building, institutions, and industrial establishments, together with such ground, surface, and storm waters as may be present.

(ae) A "SEWER SYSTEM" shall refer to the collecting sewer piping, wyes, manholes, cleanouts, lampholes, lift stations, pumps, treatment facilities, components and appurtenances either in part or whole used

for the purpose of collecting, transporting,
or treating sewage.

(af) "SUBDIVISION" shall mean the legal dividing
of a tract of land into two (2) or more
tracts, more tracts, lots or parcels.

(ag) "SUSPENDED SOLIDS" is the concentration of
insoluble materials suspended or dispersed
waste expressed in milligrams per liter on a
dry weight basis as determined by standard
procedures.

(ah) The Company's "TECHNICAL SPECIFICATIONS"
shall consist of the minimum acceptable
construction standards for the material and
installation practices associated with the
installation of sewer piping and
appurtenances and will be available at the
Company's office.

(ai) A "TEMPORARY DISCONTINUANCE OF SERVICE" shall
be considered any period of time less than
twelve (12) months during which a Customer
has requested a suspension of sewer service.

(aj) The word "UNIT" shall be used herein to
define the standard user or property service
and shall include mobile homes or any
building, residential, commercial or
industrial, owned or leased and each unit of
any multi-unit structure or complex.

Rule 2 GENERAL

MO. PUBLIC SERVICE COMM.

- (a) Every Customer, upon signing an application for service or accepting service rendered by the Company, shall be considered to have expressed consent to be bound by these rates, Rules and Regulations.
- (b) The Company's Rules and Regulations governing rendering of service are set forth in these numbered sheets. The rates applicable to appropriate class of service are set forth in rate schedules and constitute a part of these Rules and Regulations.
- (c) The Company reserves the right, subject to the authority of the Missouri Public Service Commission, to prescribe additional rates, Rules or Regulations or to alter existing rates, rules or regulations as it may deem necessary or proper.
- (d) At the effective date of these Rules and Regulations, all new facilities, construction contracts, and written agreements shall conform to these Rules and Regulations in accordance with the statutes of the State of Missouri and authority of the Missouri Public Service Commission. Preexisting facilities which do not conform with these rules may remain, if said facilities do not cause any service problems and reconstruction is impractical in the Company's judgement.

Rule 4 APPLICATIONS FOR SEWER SERVICE

(a) A written application for service, signed by the Customer and accompanied by the appropriate fees and other information required by these Rules and Regulations, must be received from each Customer before service is provided to any premises. Said applications must state the name of the owner of said premises and, in the case of a commercial or industrial Customer, must also state the quantity and contents of effluent to be discharged from said premises into Company's sewer system. Every Customer, upon signing an application for any service rendered by the Company or upon taking of service, shall be considered to have expressed consent to the Company's rates, Rules and Regulations. The Company shall have the right to refuse service for failure to comply with the Rules and Regulations herein, or if the Customer owes a past due bill not in dispute for sewer service at any location within the Company's area. In any case, where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract specifying a reasonable period of time for the Company to provide the service. The Company shall notify the owner of property served and what the Company's billing rules are.

(b) A commercial or industrial Customer shall, upon request of the Company, present in writing to the Company a list of the services which are to be attached or otherwise

contribute waste to the Company's lines, giving the location of the devices and any buildings. The Company will then advise the Customer of the form and the character of the wastewater collection facilities available.

(c) No additions or modifications to water using or waste producing processes, equipment or appliances shall be made by a commercial or industrial Customer of the Company without prior written approval of the Company. The Customer shall make written application to the Company at least ninety (90) days prior to the planned modifications or additions and shall fully describe the effect of the planned modifications to the quantity, quality and rate of discharge on the sewage discharges to Company collecting sewers.

(d) Any change in the location of an existing service connection requested by the Customer shall be made at the Customer's expense.

(e) Customer service sewers will not be extended along public streets or roadways or through property of others in connecting with collecting sewers. If a service connection is requested at a point not already served by a collecting sewer of adequate capacity, the collecting sewer shall be extended in accordance with Rule 12.

Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER

- (a) The Customer will provide the service sewer at his expense and risk. As a condition of service, inside requirements of all governmental units having jurisdiction and the Company's Rules and Regulations must be met at the time of connection to the system. The Company may deny service or may discontinue service where footing drains, downspouts, or other sources of surface or storm water are permitted to enter the sewer system through either the inside piping or through the building sewer.
- (b) A separate and independent Customer service sewer shall be required for every building, except in very unique circumstances where one building stands at the rear of another building on an interior lot where no private service sewer is available and cannot be constructed to the rear building through an adjoining alley, courtyard, driveway or easement; in that situation, with the Company's written consent the Customer's service sewer from the front building may be extended to the rear building. The sewer charge may be modified depending on the use and sewage contribution of the rear building.
- (c) Existing service sewers may be used in connection with new buildings only when they are found on examination and test to meet all requirements of this Rule.

Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER
 (continued)

(d) The Customer's service sewer shall be one of the following: cast iron soil pipe, ASTM specification or equal; PVC, ASTM specification or equal; or other suitable material approved by the Company. Joints shall be tight and waterproof. Any part of the Customer's service sewer that is located within ten (10) feet of a water service pipe shall be constructed of piping suitable for water main service. Similar piping may be required where the Customer service sewer is exposed to damage by tree roots. If installed in filled or unstable ground, the Customer's service sewer shall be of cast iron soil pipe, but non-metallic material may be accepted if laid on a suitable bed or cradle as approved by the said Company.

(e) The size and slope of the Customer's gravity service sewer shall be subject to the approval of the Company, but in no event shall the diameter of a gravity service sewer be less than four (4) inches. The slope of such four (4) inch pipe shall not be less than one-eighth (1/8) inch per foot.

(f) Whenever possible the Customer's service sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within three (3) feet of any bearing wall.

Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER
(continued)

The depth shall be sufficient to afford protection from frost. The Customer's service sewer shall be laid at a uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipes and fittings.

(g) In all buildings in which any building drain is too low to permit adequate gravity flow to the collecting sewer, sanitary sewage carried by such drains shall be lifted by approved artificial means and discharged to the building sewer. No water operated sewage ejector shall be used. Pumps and pressure piping as discussed in Rule 11 may be required. The cost for the installation of such equipment and the subsequent maintenance, operation and replacement shall be the responsibility of the Customer.

(h) All excavations required for the installation of a Customer's service sewer shall be open trench work unless otherwise approved by the Company. Pipe laying and backfill shall be performed in accordance with the latest published engineering specifications of the manufacturer of the materials used, these Rules, and all applicable local plumbing codes. No backfill shall be placed until the work has been inspected by the Company. Only those jointing materials and methods which are approved by the Company may be used.

- (6) Any ashes, cinders, sand, mud straw, shavings, metal, glass, rags, feathers, tar, plastics, wood or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works.
- (7) Any wastewaters having a PH lower than 5.0 or higher than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works.
- (8) Any wastewaters containing pollutants or toxic materials in sufficient quantity to disrupt the operation of treatment facilities, inhibit treatment plant efficiency, present a hazard to the public or Company workers, adversely effect the quality of sludge for disposal, or pass through the treatment system and adversely effect receiving stream water quality.
- (9) The Company may specify limits on allowable concentration of pollutants that may be discharged to the sewer.

Rule 6 IMPROPER OR EXCESSIVE USE (continued)

(10) As a condition of service, any commercial or industrial Customer shall install, properly operate, maintain and monitor such pretreatment facilities as may be required by Federal and/or Missouri law or regulations or to meet the limits as provided in these Rules. The Customer shall provide such monitoring reports to the Company containing such information and at a frequency as may be set by Federal or State pretreatment requirements. Any commercial or industrial Customer that discharges wastewaters that are regulated under Federal or Missouri pretreatment requirements shall at a minimum, provide the level of pretreatment required by the applicable law or regulations. The Company reserves the right to establish more restrictive limits on any aspect of the waste discharge as may be necessary to protect the operability of the Company's treatment systems, staff, sludge quality, or receiving stream water quality. Nothing herein shall prohibit the Company from agreeing to provide the above services on behalf of any industrial or commercial Customer, at a cost to be negotiated with the affected Customer.

Rule 8 INTERRUPTIONS IN SERVICE

- (a) The Company reserves the right to limit sewer service in its collecting sewers at any time for the purpose of making repairs to the sewer system.
- (b) Whenever service is limited for repairs, all Customers affected by such limitation will be notified in advance whenever it is possible to do so. Every effort will be made to minimize limitation of service.
- (c) No refunds of charges for sewer service will be made for limitations of service unless due to willful misconduct of the Company.
- (d) In order to avoid overloading the capacities of the Company collecting sewers and treatment facilities, the Company reserves the right at all times to determine and regulate, in a reasonable manner, the maximum amounts or strength of wastes discharged into the Company's collecting sewers when they are greater than normal domestic sewage.
- (e) The Company will periodically conduct testing of the sewer system which may include but not be limited to, smoke testing or dye testing, to identify possible sources of extraneous inflow to the collecting sewers. Reasonable effort will be taken by the Company to provide prior notification to effected Customers of this testing procedures.

Rule 9 BILLS FOR SERVICE

- (a) The charges for sewer service shall be at the rates specified in the applicable tariffs on file with the Missouri Public Service Commission. The point of assumption of sewer service shall be at the service connection. Service charges for connection or disconnection are set forth in the Schedule of Service Charges.
- (b) A Customer who has made application for service to a premises shall be held liable for all service furnished to such premises until the customer notifies the Company in writing to discontinue service.
- (c) A Customer is liable for payment for all service charges for sewer service to a premises from the date of connection until the date of disconnection. At least five (5) days prior to disconnection, the Customer shall notify the Company of the date, place, and time of disconnection.
- (d) Bills for sewer service will be mailed or delivered to the Customer's last address as shown by the records of the Company, prior to the first of the billing periods but failure to receive the bill will not relieve the Customer from the obligation to pay the same.
- (e) Payments shall be made at the office of the Company or at such other places conveniently located as may be designated by the Company or by ordinary mail. However, payment must be received by the close of business on the date due.

Rule 9 BILLS FOR SERVICE (continued)

- (f) A separate bill shall be rendered for each Customer's sewer service.
- (g) The Company shall have the right to render bills in advance of the billing period and such bills shall be due and payable on the due date indicated on the bill. The Company shall have the right to charge Customers on a billing period basis in arrears when the sewer charges are based on water usage.
- (h) Neither the Company nor the Customer will be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error.
- (i) All bills for sewer service become delinquent after the due date stated on the bill and, as such, are subject to a delinquent charge as noted in the Schedule of Service Charges. Service may be discontinued thirty (30) days after written notice by certified mail from the Company. The Company shall have the right to charge to the Customer's account reasonable costs and fees incurred in collecting the delinquent amount.
- (j) When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be the monthly minimum service charge amount based on the water used at the commodity (water usage) rate. If a flat rate service charge system is applicable, the billing shall be for the proportional part of the billing period charge.

Rule 10 SPECIAL CONTRACT FOR EXCESS CAPACITY

- (a) In the event that the Customer to be served proposes to discharge into Company's system an abnormally high volume or strength of waste as to require an enlargement of Company's existing sewage treatment plant, and/or the construction or reconstruction of sewer lines, service shall be provided to such Customer under the terms and conditions of mutually satisfactory contract, in form approved by the Missouri Public Service Commission, pursuant to which the cost of such improvements will be financed in such a manner as to be fair and reasonable to both parties and so as not to constitute a burden upon the Company or the existing Customers of the Company.
- (b) In the event the Customer's waste discharge to the Company's collecting sewer is of higher organic strength than 400 mg/l BOD, a surcharge may be applied. This surcharge will be determined on a case by case basis and will be directly equivalent to the cost of treating the excess strength waste. Such strength will be determined by a 24-hour composite sampling of the Customer's waste, on a quarterly basis.

ALTERNATIVE COLLECTION SYSTEM**

(a) General

Any applicable rate schedules as incorporated in these Rules and Regulations and rules not applying specifically to gravity sewers are hereby incorporated by reference and shall be applicable to Customers served by alternative collection systems.

(b) Pressure Collection Piping

These Rules apply specifically to those Customers served by pressure collection piping. Such collection piping may be associated with either a STEP, Grinder Pump System, or other pump system. It also applies to those Customers where the extent of pressure piping may be limited solely to the Customer's service sewer. After the effective date of this Rule, no new individual grinder pump units will be installed except those to be connected to a system, approved by the company, designed specifically for grinder pumps.

- (1) All components utilized in a pressurized system must be either purchased from the Company or meet the specifications approved by the Company which shall be on file at the Company's office.

Rule 12 EXTENSION OF COLLECTING SEWERS AND
ACQUISITION OF EXISTING SEWER SYSTEM

(a) This Rule shall govern the extension of collecting sewers as requested by the Applicant(s) in areas where there are no collecting sewers in the streets and/or roadways. The Company will extend its collecting sewers along streets, roadways or Company owned or public utility easement(s) within its certified area to serve new Customers under the following terms and conditions:

(1) Upon receipt of written application for service in compliance with Rule 4, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required (excluding income tax), including manholes, cleanouts, lift stations, reconstruction of existing sewers (if necessary), and the direct costs associated with supervision, engineering, permits, easements and bookkeeping.

(2) An Applicant(s) shall enter into a contract (see Exhibit A) with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in (a)1, plus the appropriate inspection or connection fee(s).

EXTENSION AGREEMENT - Individual(s)

AGREEMENT between Foxfire Utility Co., P.O. Box 7017, 312 Lafayette Street, Jefferson City, Missouri 65102, a Missouri corporation, hereinafter called the "Company" and _____

hereinafter called the "Applicant(s)".

WHEREAS, the Applicant(s) has requested the Company to extend its system for the expressed purpose of providing sewer service. This extension is to be constructed in accordance with the Company's Technical Specifications and will generally be routed as depicted on the attached plan or plat, referred to as Exhibit No. 1 attached hereto, and made a part of this Agreement; and

WHEREAS, the Company is willing to make such an extension upon the terms and conditions hereinafter set forth; and

WHEREAS, the Applicant(s) is willing and desires to assist in the installation of such extension and desires to bear the cost thereof.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained, THE PARTIES HERETO AGREE AS FOLLOWS:

1. Applicant(s) hereby applies to the Company for the said extension of its system, and the Company agrees to construct the said upon the terms and conditions hereinafter set forth.

2. Upon execution hereof, the Applicant(s) shall deposit with the Company the sum of _____

DOLLARS (\$ _____). Such deposit shall be adjusted based upon the determination of the actual cost by Company of facilities installed including sewer pipe and appurtenances, connection fees, engineering, accounting, and legal expenses plus the cost of obtaining any necessary easements or permits from governmental agencies. If it is necessary to adjust the amount of such deposit, in accordance with the terms of this paragraph, a supplemental memorandum will be prepared setting forth the actual costs and shall be attached hereto and made a part hereof.

3. The Company will use its best efforts to commence and carry to completion as soon as possible the installation of said extension, having in mind, however, delays which may be occasioned by weather, acts of God, strikes, or other matters not within its control.

4. It is further mutually understood and agreed that the collecting sewer(s) and appurtenances within the limits of the street, avenues, roads or easement areas, whether or not attached to or serving customers but constructed as part of the extension shall be and remain the property of the Company, its successors. By the terms of this Agreement the Company may further extend or connect collecting sewers in or to other lands, streets, or easements without incurring any liability to Applicant(s) whatsoever.

proper grade by the Company or Company's contractor at Developer's expense.

9. It is further mutually understood and agreed by and between the parties hereto that this Agreement is subject to all the requirements of the Company's Rules and Regulations Governing Rendering of Sewer Service currently on file with the Missouri Public Service Commission by they expressed herein or not. It is specifically noted that the Company's definition of a sewer system "extension" may refer to either continuation of piping from existing Company owned collecting sewer or the construction of an entirely new wastewater collection/treatment system.

10. The Company reserves the right to withdraw this proposal at any time before it has been accepted by the Developer. In the event it is not accepted and the payment for the sewer system extension is not in the possession of the Company within sixty (60) days from the date this Agreement is transmitted to the Developer, this proposal will be null and void.

IN WITNESS WHEREOF, the parties hereto have agreed to the above conditions as indicated by their signatures affixed below on this _____ day of _____.
