4.23 Satisfaction Guarantee

XO is offering the following Satisfaction Guarantee to new customers purchasing services. This offer is available to a New Customer, which is defined as a Customer who has not subscribed to any XO service during the one year period prior to subscribing to new XO service. A New Customer may cancel its new Service, without incurring contractual penalties, within three (3) months of the Service installation date if the New Customer is not completely satisfied with the Services provided by XO. (A month is equal to 30 calendar days.) In order to be eligible for this offering, a New Customer must not have received telecommunications service from another Service Provider at the location to which the new XO services are provided, or the New Customer must switch back to the Service Provider that provided New Customer's telecommunications service prior to New Customer subscribing to the new XO service.

New Customer must notify XO, in writing (via certified or overnight delivery with signature) with the XO claim form no later than three (3) months from the date of Service installation and before contacting their previous provider, of its intent to discontinue the Services. New Customer must allow XO a minimum of 30 days from the day of New Customer's notice, for the cancellation of the Services, including re-connection to the original Service Provider. After receipt of New Customer's timely notice, XO, in conjunction with the termination of New Customer's Service, will waive any applicable contract termination charges.

XO also will reimburse the New Customer for any installation charges incurred by New Customer to restore the New Customer to its previous Service Provider at the identical level and type of service provided by the previous Service Provider at the same customer location.

In order to receive the reimbursement, the New Customer must, within (3) months of the installation date, provide XO with the following: (1) the XO reimbursement form; (2) a copy of the invoice from the other Service Provider posting the non-recurring charges for restoring New Customer's service to the other Service Provider; and (3) a copy of the last invoice that the New Customer had received from the other Service Provider prior to switching to XO, if applicable.

If New Customer previously did not have a provider other than XO at the location to which the Services are provided, or if the previous Service Provider will not or cannot provide the identical level and type of service previously provided to New Customer, XO will reimburse New Customer any initial XO installation charges New Customer incurred in conjunction with the installation of Service. All reimbursements will be in the form of a check. Credits will not be given.

XO is not liable for any outage or inconvenience to New Customer relating to restoring the New Customer to its previous Service Provider. The New Customer is responsible to pay XO for all charges for XO new Service provided to the New Customer through and including the date of Service termination prior to receiving reimbursement from XO.

5.7 DTI Card Promotion Service Commission

New and existing customers of XO who purchase a Channelized T1, ISDN PRI, XOption #12, and XOption or #13 from XO from April 1, 2001 through June 30, 2001 and buy a digital trunk interface (DTI) card because of the service purchase, will receive a credit from XO up to \$1,500. The customer must sign at least a one-year agreement. Up to a \$1,000 credit applies to a one-year contract and up to a \$1,500 credit applies for a two-year contract or longer.

The credit will appear on the next billing cycle after the customer provides XO with a copy of the invoice. The credit is limited to the actual cost of the DTI card (hardware). The service charge to program and install the card is excluded. For example, if the cost of the DTI card cost is \$1200, a qualifying customer would receive a \$1,000 credit for a one-year contract and a \$1,200 credit for a two-year contract or longer.

The customer must provide XO with a copy of the invoice from their phone vendor for the DTI card. The invoice must show that the customer bought the DTI card in conjunction with the purchase of the T1/PRI service from XO. The vendor must invoice the customer and the customer must pay the vendor. XO will not pay the vendor directly.
