49.5 SERVICE REGULATIONS-(Continued)

49.5.4 Unique requests for special or modified service arrangements will be evaluated for potential implementation and furnished, whenever possible, if not detrimental to this or other services of the Telephone Company. Such requests will be provided at additional charges based on the cost incurred.

49.5.5 This service shall not be shared or jointly used except as specified in Section 37 (Shared Tenant Service) of the General Exchange Tariff. Regulations applicable to the prohibition of the resale of Local Exchange Service, as specified in Paragraph 17.5.1 of Section 17 of the General Exchange Tariff, shall also apply to the provisioning of AreaWide Networking.

49.5.6 When multiple serves are activated on the same line, certain services may take precedence over others.

49.6 SERVICE TERMS

49.6.1 The customer shall select a service term for a Standard Service Option of AreaWide Networking of either month-to-month, 12, 24, 36, 48(1), or 60(1) continuous months. If the month-to-month service term is selected, all rates (recurring and nonrecurring) are subject to any approved rate changes. If a service term other than the month-to-month term is selected, the customer will be required to sign a contract. During the course of the contract, rates (recurring and nonrecurring), excluding optional features, are not subject to Telephone Company initiated rate changes. (AT)

49.6.2 All AreaWide Networking service components have a minimum service term of one month.

49.6.3 Installation charges for AreaWide Networking are normally paid in full at the time of installation. When requested by the customer prior to installation, this charge may be deferred over the service term, but may not to exceed the service term selected. This optional deferred payment is not offered for customers selecting the Month-to-Month service term.

Refer to Section 17 (Rules and Regulations Applying to All Customer's Contracts) of the General Exchange Tariff for appropriate annuity factors utilized in deferring these charges. This optional deferred payment is not offered for customers selecting the Month-to-Month service term.

(1) Effective December 15, 2013, customers may not establish new term plans greater than 36 months for AreaWide Networking Service, and existing term plans greater than 36 months may not be renewed or extended for a term greater than 36 months. (AT)

49.7 ADDITIONS

49.7.1 Additions to service under the 12, 24, 36, 48(1) or 60(1) month service terms can be added to the (AT) existing contract, and can be coterminous with the original contract. On coterminous additions, apply the followings rates: if more than 90 days remain on the contract, apply rates equivalent to those of the original term; if less than 90 days remain, additions must be made under a month-to-month option. Additions to service under the month-to-month plan can be made at any time.

49.8 OPTIONS AVAILABLE UPON EXPIRATION OF THE SERVICE TERM

49.8.1 Upon expiration of the service term, the customer may:

- A. Continue service, without establishing a new service term, at the Month-to-Month service term rate. That rate will be subject to Telephone Company initiated rate changes.

(1) Effective December 15, 2013, customers may not establish new term plans greater than 36 months for (AT)
AreaWide Networking Service, and existing term plans greater than 36 months may not be renewed or (AT)

49.8.1 Upon expiration of the service term, the customer may:- (Continued)

- B. Continue service by selecting a new service term of 12, 24, 36, 48(1) or 60(1) months for the AreaWide Networking service at the then current rates. The new service will commence on the day following the expiration of the previous service term. The new rate will not be subject to Telephone Company initiated rate changes for the duration of the service term. The customer will be required to sign a new contract for the service term selected. (AT)
- C. Discontinue the service.

49.9 RENEWAL OF SERVICE PRIOR TO EXPIRATION OF THE SERVICE TERM

- 49.9.1 The customer may, at his option, prior to the expiration of the existing service term, terminate the contract without incurring termination charges provided a) the customer signs a new contract at prevailing rates for a term at least 12 months longer than the time remaining in the original contract b) continues with an equivalent service arrangement (i.e., current system size), and c) agrees to pay an amount equal to the present worth of the remaining deferred installation and nonrecurring charges incurred on the original contract. These charges may be deferred over the new contract term by applying current annuity factors, as specified in Paragraph 49.6.3, preceding, for the new term.

49.10 DISCONNECTION OF SERVICE PRIOR TO THE EXPIRATION OF THE SERVICE TERM

49.10.1 Disconnects The Entire Standard Service Option 1 (Dialing Plan Service)

- A. In the event the AreaWide Networking customer disconnects the entire Standard Service Option I, the customer will be required to pay a termination charge. This charge will equal the present value of the remaining monthly payments for the Standard Service Option I (Location Code or Extension Number Portability Dialing Plan) charges. The customer will also be required to pay a termination charge based on the present value of the remaining payments for the applicable standard service per station charges. The number of stations subject to the charge will be 65% of the maximum contracted station quantity installed during the duration of the contract.
- B. In addition, the present worth of any installation and nonrecurring charges that have been deferred must be paid in full. The customer's contract specifies the discount rate that will be used under this condition.

- (1) Effective December 15, 2013, customers may not establish new term plans greater than 36 months for AreaWide Networking Service, and existing term plans greater than 36 months may not be renewed or extended for a term greater than 36 months. (AT)
