CUSTOM NETWORK SERVICE
SECTION 1 - APPLICATION OF TARIFF

Missouri Public

REC'D JUN 28 2001

1.1 APPLICATION

Service Commission

1.1.1 General

This tariff contains the regulations and rates applicable to CUSTOM NETWORK SERVICE for interLATA and intraLATA calls between two stations in the state of Missouri.

Effective July 31, 2001 all references herein to AT&T FCC Tariffs, insofar as the service offering set forth in the AT&T FCC tariffs have been or become detariffed, shall be construed to be references to the AT&T Business Services Guides located at <http://www.att.com/serviceguide/business>.

(AT)

(AT)

1.1.2 Jurisdiction

Jurisdiction refers to the classification of a CUSTOM NETWORK SERVICE call as intrastate or interstate. Jurisdiction is a matter of law, not of Company discretion or policy, or Customer preference. The Law describing what constitutes interstate jurisdiction is the Communications Act of 1934, as amended. Some portions of this service are only subject to the jurisdiction of the Federal Communications Commission. This tariff covers the portion of this service that is subject to the Missouri Public Service Commission's Jurisdiction.

GENERAL REGULATIONS

2.1 UNDERTAKING OF THE COMPANY

DEC 18 1997

2.1.1 General

MISSOURI
Public Service Commission

CUSTOM NETWORK SERVICE is furnished for the transmission of voice communications but may also be used for data, facsimile, signaling, metering, or other similar communications, subject to the transmission capabilities of the service.

CUSTOM NETWORK SERVICE is available twenty-four hours a day, seven days per week.

The Company does not transmit messages. However, CUSTOM NETWORK SERVICE may be used for that purpose.

2.1.2 Transmission Medium

The Company selects and/or arranges for the channels and/or service components used to provide CUSTOM NETWORK SERVICE. Any suitable technology or combination of technologies may be used. The Company may modify or change the channels and/or service components used to furnish CUSTOM NETWORK SERVICE at any time subject to the regulations in 2.7.3 of this tariff.

2.1.3 Provision of Customer Equipment

Customer equipment may be used with CUSTOM NETWORK SERVICE. The Company does not provide Customer equipment.

2.1.4 Through Transmission of Signals

The Company is responsible for the provision of CUSTOM NETWORK SERVICE from station to station. It is not responsible for the quality of transmission or signaling on the Customer's side of the interface at a Customer's premises.

REC'D JAN 28 2000

2.1 UNDERTAKING OF THE COMPANY - (Continued)

2.1.5 Availability of CUSTOM NETWORK SERVICE

A. Availability

1. Subject to compliance with B. following, where a shortage of service components exists at any time either for temporary or protracted periods, the establishment of two-point Long Distance Message Telecommunications Service, provided under Tariff, shall take precedence over all other services provided by the Company.
2. Service is furnished subject to the availability of the service components required. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.
3. Service will be provided where facilities and billing capability are available.

(AT)

(AT)

B. Restoration of Service

The use and restoration of CUSTOM NETWORK SERVICE will be in accordance with Part 64, Subpart D, of the Federal Communications Commission's Rules and Regulations.

GENERAL REGULATIONS

DEC 18 1997

2.2 USE

2.2.1 General

**MISSOURI
Public Service Commission**

CUSTOM NETWORK SERVICE may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications network. CUSTOM NETWORK SERVICE is furnished for use by the Customer but may be used by others when so authorized by the Customer.

2.2.2 Abuse

The abuse of CUSTOM NETWORK SERVICE is prohibited. The following activities constitute abuse:

- A. Using CUSTOM NETWORK SERVICE to make calls which might reasonably be expected to frighten, abuse, torment, or harass another, or
- B. Using CUSTOM NETWORK SERVICE in such a way that it interferes unreasonably with the use of other Company services.

2.2.3 Fraudulent Use

The fraudulent use of, or the intended or attempted fraudulent use of, CUSTOM NETWORK SERVICE is prohibited. The following activities constitute fraudulent use:

- A. Using CUSTOM NETWORK SERVICE to transmit a message, locate a person, or otherwise give or obtain information, without payment for the service,
- B. Using or attempting to use CUSTOM NETWORK SERVICE with the intent to avoid the payment, either in whole or in part, of the tariff charges for the service by:
 - 1. Rearranging, tampering with, or making connections not authorized by this tariff to any service components used to furnish CUSTOM NETWORK SERVICE, or
 - 2. Using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices, or electronic devices.

2.3 RESPONSIBILITIES OF THE COMPANY

2.3.1 Liability

MISSOURI
Public Service Commission

- A. The Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the installation, provision, termination, maintenance, repair or restoration of CUSTOM NETWORK SERVICE, and subject to the provisions of B. through G. following, the Company's liability, if any, shall not exceed an amount equal to the initial period charge provided for under this tariff for the CUSTOM NETWORK SERVICE call for the period during which the call was affected.
- B. The Company is not liable for damages associated with service, channels, or equipment which it does not furnish.
- C. The Company is not liable for damages to a premises resulting from the furnishing of CUSTOM NETWORK SERVICE, including the installation and removal of equipment and associated wiring, unless the damage is caused by the Company's negligence.
- D. The Company shall be indemnified, defended, and held harmless by the Customer and User against all claims, losses, or damages arising from the use of CUSTOM NETWORK SERVICE furnished pursuant to this tariff, involving:
 - 1. Claims for libel, slander, invasion of privacy, or infringement of copyright arising from any communication;
 - 2. Claims for patent infringement arising from combining or using CUSTOM NETWORK SERVICE furnished by the Company in connection with facilities or equipment furnished by others; or
 - 3. All other claims arising out of any act or omission of others relating to CUSTOM NETWORK SERVICE provided pursuant to this tariff.
- E. The Company does not guarantee or make any warranty with respect to CUSTOM NETWORK SERVICE when used in an explosive atmosphere. The Company shall be indemnified, defended, and held harmless by the Customer and User against all claims, losses or damages by any person relating to CUSTOM NETWORK SERVICE provided pursuant to this tariff when used in an explosive atmosphere.

2.4 RESPONSIBILITIES OF THE CUSTOMER

DEC 18 1997

2.4.1 General

**MISSOURI
Public Service Commission**

The Customer's general responsibilities are described in this section. When Customer equipment or a Customer-provided communications system is connected to CUSTOM NETWORK SERVICE, the Customer assumes additional responsibilities that are described in the Connections section of this tariff, (see Section 2.7 of this tariff).

A. Payment of Bills and Compliance with Regulations

The Customer is responsible for placing any necessary orders and complying with tariff regulations for CUSTOM NETWORK SERVICE and for assuring that its Users comply with tariff regulations. The Customer is also responsible for the payment of bills for CUSTOM NETWORK SERVICE. This includes payment for CUSTOM NETWORK SERVICE calls or services originated or received at the Customer's number(s).

B. Establishing Identity

1. The calling party is responsible for establishing its identity as often as necessary during the course of a call.
2. The calling party assumes full responsibility for identifying the station, party, or person with whom connection is made at the called number or numbers.

2.5 PAYMENTS AND CHARGES - (Continued)

REC'D OCT 02 2000

2.5.6 Late Payment Charge

If any portion of the Customer's payment is received by the Company after the payment due date, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, subject to billing and system availability, a Late Payment Charge shall be due to the Company, provided billing capability exists. The Late Payment Charge shall be the portion of the payment not received by the date due, multiplied by a factor. The late payment factor shall be 1.5% per month (18% annually), and will apply to all amounts in excess of \$25.00 previously billed on a Customer's bill, including arrears and Late Payment Charges, and which remain unpaid within 30 calendar days from the invoice date. The minimum Late Payment Charge is \$5.00.

Late Payment Charges do not apply to the disputed portion of unpaid balances, if resolved in favor of the Customer. The disputed portion of unpaid balances, if resolved in favor of the Company, may be subject to the Late Payment Charge as of the original due date noted on the Customer's bill. Undisputed amounts of the same bill may be subject to the Late Payment Charge if they remain unpaid by the due date noted on the Customer's bill.

Collection procedures and security deposit requirements are unaffected by the application of the Late Payment Charge.

The Late Payment Charge does not apply to final accounts.

GENERAL REGULATIONS

DEC 18 1997

2.7 CONNECTIONS

2.7.1 General

MISSOURI
Public Service Commission

When Customer Equipment is connected to CUSTOM NETWORK SERVICE it must comply with Part 68 of the FCC's Rules and Regulations, 47 C.F.R. Part 68 (commonly known as the FCC's Registration Program). When any equipment or system which is not subject to Part 68 of the FCC's Rules and Regulations is connected, the Minimum Protection Criteria specified in this tariff must be met.

Custom Network Services may be connected to private networks or communications systems under the terms and conditions specified in that section.

The Company is responsible for the quality of transmission from station to station. For AT&T MEGACOM Service, the Company is responsible for the quality of transmission and/or signaling from the AT&T MEGACOM Service Central Office to the called station. For AT&T MEGACOM 800 Service, the company is responsible for the quality of transmission and/or signaling from the calling station to the AT&T MEGACOM 800 Service Central Office.

2.7.2 Responsibilities of the Customer

When Customer equipment or a Customer-provided communications system is connected to CUSTOM NETWORK SERVICE, the Customer assumes responsibility for the connection as follows:

A. Compatibility with CUSTOM NETWORK SERVICE

The Customer is responsible for the compatibility of its equipment or system with CUSTOM NETWORK SERVICE. This responsibility applies at the initial installation and on a continuing basis as long as the connection is made.

B. Interference and Hazard

The operating characteristics of the customer equipment or customer-provided communications system connected to CUSTOM NETWORK SERVICE must not interfere with, or impair, any of the services offered by this Company. In addition, they must not endanger the safety of Company employees or the public, damage or interfere with the proper functioning of Company equipment, or otherwise injure the public in its use of CUSTOM NETWORK SERVICE.

Public Service Commission**

C. Changes to CUSTOM NETWORK SERVICE

The Company is not obligated to alter or modify CUSTOM NETWORK SERVICE because of additions or changes to Customer equipment or a Customer-provided communications system.

D. Testing and Maintenance

If a trouble condition occurs on an assembly, the Customer must determine whether the fault is in (1) the connected Customer equipment or Customer-provided communications system, or (2) CUSTOM NETWORK SERVICE. The Company will test and maintain only CUSTOM NETWORK SERVICE.

The testing of CUSTOM NETWORK SERVICE will usually be made from a central office. The Company will not dispatch a repair person to a Customer's or User's premises if a trouble condition (or suspected trouble condition) exists on the local exchange service. The Customer is responsible for requesting such dispatch from the provider of the local exchange service. The Customer is also responsible for the payment of such provider's charges, if any, for the dispatch.

2.7.3 Responsibilities of the Company

MISSOURI
Public Service Commission

A. General

The Company will furnish and maintain its service components in a manner suitable for CUSTOM NETWORK SERVICE. The Company will make available information as required by Part 68 of the FCC's Rules and Regulations (e.g., the number of ringers that may be connected to a particular line). In addition, the Company will be responsible for the compatibility of its equipment or services with CUSTOM NETWORK SERVICE when such equipment or services are connected to CUSTOM NETWORK SERVICE at a central office.

B. Changes in Components, Operations, or Procedures

The Company is not responsible to any party if a change in its CUSTOM NETWORK SERVICE components, operations, or procedures, which is consistent with the Registration Program, (1) affects any facilities, Customer equipment or Customer-provided communications systems provided by others in any way, or (2) requires their modification in order to be used with CUSTOM NETWORK SERVICE. However, if such changes can be reasonably expected to materially affect the operating or transmission characteristics of the CUSTOM NETWORK SERVICE or render any Customer equipment or Customer-provided communications system incompatible with CUSTOM NETWORK SERVICE, the Company will provide adequate notice, in writing, to allow the Customer an opportunity to maintain uninterrupted service.

2.7.4 Connection to a Customer-provided Communications System or to Service(s) Provided by Others

**MISSOURI
Public Service Commission**

Any system or service connected to a CUSTOM NETWORK SERVICE offering must be operated and maintained so it will work satisfactorily with CUSTOM NETWORK SERVICE. Connections to CUSTOM NETWORK SERVICE will be made in accordance with the following:

A. Answer Supervision

Answer supervision must be provided when a CUSTOM NETWORK SERVICE offering is connected to switching equipment or a Customer-provided communications system which is not subject to Part 68 of the FCC Rules and Regulations, 47 C.F.R. Part 68. In such cases, the equipment or system must provide answer supervision so that the measure of chargeable time begins upon the delivery of the CUSTOM NETWORK SERVICE call to the switching equipment or to the equipment connected to the communications system and ends upon termination of the call by the calling party.

B. Minimum Protection Criteria

The connection at the station used for CUSTOM NETWORK SERVICE must be made so that it continually complies with the specified Minimum Protection Criteria, Section 2.7.5 of this tariff.

C. Customer-provided Communications System Failures

When a Customer-provided communications system fails and the connection to CUSTOM NETWORK SERVICE is not through switching equipment, the Customer-provided communications system must be arranged to promptly return the CUSTOM NETWORK SERVICE to an idle (on-hook) state. In addition, the Customer must notify the Company when the Customer-provided communications system fails.

D. Use of Satellite Facilities

If a Customer-provided communications system uses satellite facilities (directly or indirectly), and is connected to CUSTOM NETWORK SERVICE, there may be two or more satellite links involved in the combined connection. In such cases, the Company will not be responsible for any deterioration in transmission. It will continue to furnish CUSTOM NETWORK SERVICE using the service components that it considers to be appropriate.

C. Direct Electrical Connections

In addition to the regulations in B. preceding, Customer Equipment, test equipment and Customer-provided communications systems which are connected to CUSTOM NETWORK SERVICE on a direct electrical basis must comply with the following:

1. To prevent excessive noise and crosstalk, it is necessary that the power of the signal presented at the AT&T Central Office not exceed 12dB below one milliwatt when measured over any three second interval. To insure that this limit is not exceeded, the power of the signal which may be applied by the Customer Equipment, test equipment or Customer-provided communications system to the station will be specified for each Customer location. In no case shall the power exceed one milliwatt.

D. Acoustic or Inductive Connections

In addition to the regulations in B. preceding, Customer Equipment and Customer-provided communications systems which are connected to CUSTOM NETWORK SERVICE on an acoustic or inductive basis must comply with the following:

1. To prevent excessive noise and crosstalk, it is necessary that the power of the signal which is applied by the equipment to the station located on the Customer's or User's premises be limited so that the signal power does not exceed 9dB below one milliwatt when averaged over any three second interval. However, to permit each Customer, independent of distance from the serving office, to supply signal power which at the serving office, approximates 12dB below one milliwatt when averaged over any three-second interval, the Company, at the Customer's request, will specify, for each Customer location, the signal power at the station, which shall in no case exceed one milliwatt.

2.7.6 Recording of Two-way Telephone Conversations

MISSOURI
Public Service Commission

CUSTOM NETWORK SERVICE is not represented as adapted to the recording of two-way telephone conversations. However, voice recording equipment which is directly, acoustically or inductively connected with CUSTOM NETWORK SERVICE may be used for the recording of such conversations subject to the following regulations which have been adopted by the FCC:

A. Recording Requirements

The voice recording equipment must be arranged so that it can be connected or disconnected (or switched on or off) at the will of the Customer. In addition, one of the following conditions must apply:

- All parties to the telephone conversation must give their prior consent to the recording of the conversation, and the prior consent must be obtained in writing or be part of, and obtained at the start of, the recording, or
- A distinctive recorder tone, repeated at intervals of approximately fifteen seconds, is required to alert all parties when the recording equipment is in use. The distinctive recording tone can be provided as part of (1) the recording equipment, or (2) registered or grandfathered protective circuitry.

A broadcast licensee shall be exempt from the above recording requirements provided at least one of the following requirements is met:

- the licensee informs each party to the call of its intent to broadcast the conversation; or
- each party to the call is aware of the licensee's intent to broadcast the call; or
- such awareness of the licensee's intent to broadcast the call may be reasonably imputed to the party.

B. Exceptions

The FCC has established the following exceptions to the foregoing requirements:

1. Recordings made of incoming calls to telephone numbers publicized for emergencies involving health or safety of life and property (e.g., emergency situations involving fire, health care, police, public utilities and emergency road service) and outgoing calls made in immediate response to such calls. Included in this exception are:
 - a. Recordings made at the United States Department of Defense Command Centers of emergency communications transmitted over the Department of Defense's private line system when connected to CUSTOM NETWORK SERVICE.
 - b. Recordings made by the United States Nuclear Regulatory Commission of the Department of Energy with respect to the telephone systems located at its Operations center.
2. Recordings of calls made for patently unlawful purposes, such as bomb threats, kidnap ransom requests and obscene telephone calls. Outgoing calls made in immediate response to such calls are also excepted. Included in this exception are:
 - a. Recordings made by the United States Secret Service of the Department of the Treasury for recording of two-way telephone conversations which concern the safety and security of the person of the President of the United States, members of his immediate family, or the White House and its grounds.
3. Recordings of calls made by Federal, State or local law enforcement authorities, or federal intelligence authorities, acting under color of law.

2.8 RATE DETERMINATION

DEC 18 1997

The rate for a CUSTOM NETWORK SERVICE call may be determined by factors such as:

**MISSOURI
Public Service Commission**

- The distance between the rate centers of the originating (calling) station and the terminating (called) station; and, under certain conditions the distance between the V&H coordinates of an AT&T Central Office and the rate center of a called or calling station.
- The time of day and the day of week,
- The duration of the call,

The specific factors which apply to a given CUSTOM NETWORK SERVICE call and their application are listed in the rate section applicable to that type of call.

2.8.1 Time of Day and Day of Week

The rate charged for a CUSTOM NETWORK SERVICE call may be determined in part by the day of the week and the time of day at the originating (calling) station at the AT&T Central Office associated with the originating (calling) station using special access. Different rates may be applicable to a call at different times of the day and on certain days of the week as specified in the appropriate rate section for that call. Applicable charges are contained in the appropriate service section of this tariff.

GENERAL REGULATIONS

2.8 RATE DETERMINATION - (Continued)

DEC 18 1997

2.8.2 Determining the Chargeable Time of a Call

The chargeable time for a CUSTOM NETWORK SERVICE call is determined by the duration of the call. Chargeable time includes the initial period plus the additional time involved, if any, and is determined as follows:

- A. On all calls, chargeable time begins when a completed connection is established between the calling station and the called station.
- B. Chargeable time ends when the calling station "hangs up". If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- C. When CUSTOM NETWORK SERVICE is directly connected to a Customer-provided communications system at a Customer's or User's premises, chargeable time begins when a CUSTOM NETWORK SERVICE call terminates in, or passes through, the first Customer Equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the CUSTOM NETWORK SERVICE so that chargeable time may begin.

2.8.3 Determining the Applicable Rate in Effect - SDN

- A. Except for CUSTOM NETWORK SERVICE calls that use a special access line, when the call is established in one rate period and ends in another rate period, the rate in effect at the calling station for each rate period applies to the portion of the call occurring within that rate period. When a calling station on a Custom Network service uses a special access line, the rate in effect at the AT&T Central Office for each rate period applies to the portion of the call occurring within that rate period. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.
- B. Chargeable time for a rate period (e.g., 8 AM - 5 PM) begins with the first stated hour (e.g., 8 AM) and continues to, but does not include, the second stated hour (e.g., 5 PM).

GENERAL REGULATIONS

DEC 18 1997

2.9 VIOLATION OF REGULATIONS

2.9.1 General

The Company may take immediate action to protect its services or interests when certain regulations contained in this tariff are violated. The specific regulations involved and the action(s) which will be taken by this Company are as specified in 2.9.2 and 2.9.3. following.

MISSOURI
Public Service Commission

2.9.2 Interference, Impairment or Improper Use

The Company may temporarily restrict service immediately when the Customer violation:

- circumvents the Company's ability to charge for its services as specified in Section 2.2.3. (Fraudulent Use) preceding, or
- results in an immediate harm to the CUSTOM NETWORK SERVICE network or other Company services as specified in Section 2.7.5 (Minimum Protection Criteria).

In such cases, the Company will make a reasonable effort to give the Customer prior notice before restricting service.

If a Customer fails to comply with Section 2.2. (Use), 2.7.4.A (Answer Supervision), 2.7.4.C (Customer-provided Communications System Failures), and 2.7.5 (Minimum Protection Criteria) preceding the Company may, on ten days written notice by certified U.S. Mail to the Customer, deny requests for additional service and/or restrict service to the non-complying Customer. If the Company does not deny or restrict the service involved on the date of the ten days notice, and the Customer non-compliance continues, nothing contained herein shall preclude the Company's right to deny or restrict the service without further notice.

When a violation results in a denial for additional service and/or restriction of service, the denial and/or restriction will be removed when the Customer is in compliance with the regulation and so advises the Company.

2.9.3 Nonpayment of Charges

The Company may deny and/or restrict CUSTOM NETWORK SERVICE for nonpayment of charges due as specified in section 2.5.3. (Payment of Charges) preceding. A written notice will be sent to the Customer at least five days in advance of the restriction and/or denial of CUSTOM NETWORK SERVICE. Upon payment of charges the restriction and/or denial of CUSTOM NETWORK SERVICE will be removed.

2.10 DEFINITIONS

DEC 18 1997

Access Line:

A transmission path that connects a customer premises to an AT&T Central Office.

**MISSOURI
Public Service Commission**

Access Line Grouping:

An access line or group of access lines with the same assigned Software Defined Network identifying number. A group of access lines may be either Local Exchange Service Access or special access lines, but must be all of one type.

Assembly:

A configuration consisting of customer equipment and/or a customer-provided communications system or systems, which is connected to a Custom Network Service.

AT&T Central Office:

The physical point of access for a service to the AT&T interoffice network. Criteria for establishing AT&T Central Offices and a list of AT&T Central Offices with services provided are in this Company's Tariff FCC No. 10.

Building:

A structure consisting of an enclosed area surrounded by outside walls and under one continuous roof.

Call:

A completed connection established between a calling station and one or more called stations.

Called Station:

The station (e.g., telephone number) called, or the terminating point of a call.

Calling Station:

The station from which a call is originated.

Company:

AT&T Communications of the Southwest, Inc., and the American Telephone and Telegraph Company, Interstate Division (AT&T Communications).

Customer:

The person or legal entity which orders service (either direct or through an agent).

GENERAL REGULATIONS

DEC 18 1997

2.10 DEFINITIONS - (Continued)

Customer-Provided Communications System:

Dedicated private line channels and equipment (e.g., microwave or cable system) furnished by the Customer for communications between premises.

Dial Station:

Station-to-station service where the person originating the message from other than a public or semi-public coin telephone dials the telephone number desired and the message is completed without the assistance of an operator, and the message is not billed to a number other than the originating telephone number except: when an operator records the originating telephone number where no automatic recording equipment is available; when an operator reaches the called telephone number where facilities are not available for dial completion; and when an operator re-establishes a message which has been interrupted after the called number has been reached; then the Dial Station Rate in Section 26 following shall apply.

Grandfathered:

A term which describes Customer Equipment that was directly connected as specified below and that is grandfathered under Part 68 of the Federal Communications Commission's Rules and Regulations because:

1. The terminal equipment was directly connected to the telecommunications network or local exchange service prior to July 1, 1979.
2. The multiline terminating system was directly connected to the telecommunications network or local exchange service prior to January 1, 1980.
3. The protective circuitry was directly connected to the telecommunications network or local exchange service prior to the dates set forth in A. and B. preceding.

Home Numbering Plan Area (Home NPA):

As used in connection with AT&T MEGACOM 800 Service, the NPA of the AT&T MEGACOM 800 Service Central Office from which a customer has obtained service. As used in connection with all other AT&T 800 services, the NPA from which a customer obtains AT&T 800 services.

Interface:

The electrical and physical means by which a connection is made to the station.

Local Exchange Service Access (LESA):

A transmission path that connects a customer's premise to an AT&T Switched Service using Local Exchange Company switched access.

Multiline Terminating System:

Customer's or User's premises switching equipment and key telephone type systems which are capable of terminating more than one local exchange service line, WATS access line, circuit or Customer-provided communications system.

Off-Network Call:

A call between a station on a Custom Network Service and a station which is not associated with a Custom Network Service.

On-Network Call:

A call between stations on a Custom Network Service.

Premises:

A building or buildings on continuous property (except railroad rights-of-way, etc.) not separated by a public thoroughfare.

Protective Circuitry:

Discrete electrical circuitry that is within the scope of the Registration Program and is designed to protect CUSTOM NETWORK SERVICE from harm.

Rate Center:

A specified geographical location used for determining mileage measurements.

Rate Center Area:

The area which encompasses the territories identified by the central office codes that are assigned to a rate center.

Registered:

A term which means compliance with and approval within the
Registration Program.

MISSOURI
Public Service Commission

Registration Program:

Part 68 of the FCC's Rules and Regulations which permits customer
equipment to be directly connected to CUSTOM NETWORK SERVICE and
certain circuits without the requirement for protective circuitry.

Special Access Line:

A dedicated communication path that connects a customer premises
to an AT&T switched service using services obtained from this
Company's Tariff F.C.C. No. 9 and/or Tariff F.C.C. No. 11, or
access obtained from others.

Station:

Any location from which CUSTOM NETWORK SERVICE calls can be placed
and/or received.

Switching Equipment:

Equipment which performs the function of establishing and
releasing connections on a per call basis between stations,
telecommunications services, or communications systems.

Telecommunications Network:

The MTS and WATS network provided by this Company.

Terminal Equipment:

Any telecommunications equipment other than a multiline
terminating system, or communications system connected to CUSTOM
NETWORK SERVICE at a Customer's or User's premises.

3.1 DESCRIPTION

REC'D JUL 02 2001

3.1.1 General

CUSTOM NETWORK SERVICES are offered to meet Customer needs for specialized telecommunications requirements of customers having a need to communicate between many geographically dispersed locations.

3.2 REGULATIONS

3.2.1 Provision of Services

CUSTOM NETWORK SERVICES are fully supported by the Company through engineering, installation and maintenance efforts. The Company will assure that each service functions properly within its specified transmission and switching parameters.

A. Engineering

The Company will engineer to the specifications and parameters of the service provided.

B. Installation

When installation of a component is required, it will be installed subject to the availability of installation personnel and equipment. Installations will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair the services which it provides.

3.2.2 Transfer or Assignment

CUSTOM NETWORK SERVICES may be transferred or assigned to a new Customer. SEE Tariff FCC No. 1 Section 6.2.6.

*Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. AT&T Contract Tariffs or contracts in effect or on order on August 2, 2001, which include Basic SDN shall also continue under existing conditions. Availability of Basic SDN to customers taking the Service pursuant to an AT&T Contract Tariff or contract will not extend beyond the current term of the applicable Contract Tariff or contract.

3.3. ACCESS LINES

REC'D JUL 02 2001

3.3.1 General

A Custom Network Service access line connects a customer premises or a customer's private network to a Custom Network Service. There are two types of access lines: Local Exchange Service Access and special access.

3.3.2 Special Access

The customer's premises may be connected to an AT&T Central Office using special access and a central office connection. Special access may be obtained from AT&T, or a vendor of the customer's choice. The rates and regulations for special access are found in Tariff F.C.C. No. 9 and/or Tariff F.C.C. No. 11. The rates and regulations for the appropriate central office connection are found in Tariff F.C.C. No. 9.

3.3.3 Local Exchange Service Access (LESA)

When Local Exchange Service Access is utilized to access a Custom Network Service, the customer is responsible for obtaining that access from the Local Exchange Company.

*Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. 3.4 SOFTWARE DEFINED NETWORK SERVICE - (Continued)

REC'D OCT 23 2000

3.4.3 Rates and Charges - (Continued)

C. Software Defined Network Service Usage Rates - (Continued)

1. Schedule A

This schedule applies to calls between two on-network stations which use Local Exchange Service Access lines or between an on-network station which uses a Local Exchange Service Access line and an off-network station or between two off-network stations in the State of Missouri. Where the Customer has obtained Connected Pricing as part of its interstate Software Defined Network Service, Schedule A also applies to calls: (i) between two on-network stations that use Non-Qualifying AT&T-Connected Access; (ii) between two off-network stations which use Non-Qualifying Local Exchange Service Access; or (iii) between an on-network station that uses Non-Qualifying AT&T-Connected Access and an off-network station in Missouri that uses Non-Qualifying AT&T-Connected Access.

(AT)

(AT)

Refer to Price Schedule

2. Schedule B

This schedule applies to calls between an on-network station which uses a special access line and either an on-network station that uses a Local Exchange Service Access line or an off-network station in the State of Missouri. Where the Customer has obtained Connected Pricing as part of its interstate Software Defined Network Service, Schedule B also applies to calls: (i) between two on-network stations provided that one uses Qualifying AT&T-Connected Access and the other uses Non-Qualifying AT&T-Connected Access; (ii) between an on-network station and an off-network station provided that one uses Qualifying AT&T-Connected Access and the other uses Non-Qualifying AT&T-Connected Access; or (iii) between two off-network stations provided the one uses Qualifying AT&T Local Exchange Service Access and the other uses Non-Qualifying Local Exchange Service Access.

3.4.4 Promotional Program

REC'D AUG 09 2000

A. AT&T 'PR' Bill Credit Promotion

Beginning August 19, 2000 and ending March 31, 2001, AT&T will offer the following promotion to new or existing intraLATA Customers with locations utilizing dedicated access in Missouri.

Participating Customers must commit to bill a minimum of \$600 in combined direct dial outbound intraLATA usage, Short-Haul dedicated intraLATA usage and AT&T Digital Link usage per-participating Billed Telephone Number (BTN) during a 12-month period after enrollment in this promotion. Customers must also identify AT&T as primary carrier for AT&T Digital Link and intraLATA usage. Customers must request an install date of no later than April 20, 2001.

Customers will receive a \$500 bill credit per participating BTN payable in the fourth full month's bill following enrollment. All credits will be payable to one location based on the bill group number designated by the Customer. If none is provided, the credit will be applied to the Customer's Headquarters' location account. Benefits under this promotion can only be obtained once per BTN.

Eligible services are defined as the following: AT&T Software Defined Network (SDN) Service, AT&T Virtual Telecommunications Service (VTNS), AT&T College Connect Calling (CCCS) Service-Custom, State Calling Service (SCS)-Option 1 and AT&T UniPlan Service.

If customers have not met or exceeded their annual commitment for the 12-month period, a bill-back charge equal to \$500 will be applied to that BTN.

Customer BTNs participating in any previous AT&T SDN, VTNS, CCCS, SCS, or AT&T UniPlan 'P' coupon promotion within the last six months, meaning the date of enrollment in the previous promotion, are ineligible for this promotion. BTNs enrolling in this promotion are ineligible for any other intraLATA and/or AT&T Digital Link promotion that would entitle them to a similar bill credit during a subsequent six-month period.

C. AT&T SDN 'PR' Bill Credit Promotion

Beginning with the effective date of this tariff and ending December 31, 1999, AT&T will offer the following promotion to Customers with locations utilizing switched and/or dedicated access in Missouri who are new or existing IntraLATA Customers of eligible services. (CT)

Participating Customers must commit to at least \$600 in new dedicated IntraLATA usage revenue or \$600 in new switched IntraLATA usage revenue per participating Billed Telephone Number (BTN) during a 12-month period after enrollment in this promotion. Customers must request an install date of no later than January 31, 2000. (CT)

Eligible services are defined as the following: AT&T Software Defined Network (SDN) Service, AT&T Virtual Telecommunications Service (VTNS), and AT&T UniPlan Service.

Customers will receive a \$500 bill credit per participating BTN payable in the fourth full month's bill following enrollment. Benefits under this promotion can only be obtained once per BTN. (CT)

Revenue usage is based on the total IntraLATA usage over the first 12 months after enrollment.

Customer BTNs participating in any previous AT&T SDN, VTNS, or AT&T UniPlan 'P' coupon promotion within the last six months, meaning the date of enrollment in the previous promotion, are ineligible for this promotion. BTNs enrolling in this promotion are ineligible for any other intraLATA and/or AT&T Digital Link promotion that would entitle them to a similar bill credit during a subsequent six-month period.

C. AT&T Combo Promotion

MO. PUBLIC SERVICE COMM

Beginning July 23, 1998 and ending September 30, 1998 AT&T will (CT)
offer the following promotion to Customers with locations
utilizing dedicated access in Missouri who are new or existing
IntraLATA Customers of eligible services. Billed Telephone
Numbers (BTNs) participating in this promotion must be installed
by October 31, 1998. (CT)

AT&T will provide participating customers a coupon that gives the
customer the choice of a Bill Credit or Vendor Option, based on
the descriptions below. In order to qualify for this promotion,
Customers must (a) redeem AT&T's promotional coupon and, (b) meet
the usage requirement of the promotion as described below.
Customers who qualify, may choose either the Bill Credit Option or
the Vendor Option, but not both.

Eligible services are defined as the following: AT&T Software
Defined Network (SDN) Service, AT&T Virtual Telecommunications
Service (VTNS), and AT&T UniPlan Service. BTNs enrolling in this
promotion are not eligible for any other IntraLATA promotion in
Missouri that would entitle them to a similar bill credit, during
the subsequent 12-month period.

Bill Credit Option

New or existing customers with combined IntraLATA usage for (CT)
eligible services as defined above and IntraLATA usage under the
AT&T Mileage Band Promotion totaling at least \$8,000, per (CT)
participating BTN, and which identify AT&T as their primary
carrier for the services just specified, will receive a bill
credit in the amount of \$750, payable in the 4th full billing
month after enrollment. Customers have 12 consecutive billing
months to achieve the \$8,000 usage commitment, per BTN. There is
a maximum of 800 BTNs per MCN, per customer. This option is only
available with dedicated access locations.

D. AT&T SDN Two-Months IntraLATA Credit Promotion

REC'D JUN 04 1999 (AT)

Beginning with the effective date of this tariff and ending November 30, 1999, AT&T will offer a promotion to new and existing AT&T Software Defined Network (SDN) Customers. Customers must have a Substantially Complete Installation (SCI) date prior to December 10, 1999.

AT&T SDN switched and dedicated access Customers enrolling in this promotion will be eligible to receive two credits applicable to their outbound direct dialed intraLATA usage, excluding card, when they select AT&T for their intraLATA service. There will be two separate incremental intraLATA usage credits. The credits will be applied on the 7th and 13th full billing months following the Customer's enrollment in the promotion. Each credit is not to exceed a maximum of \$1,100 per credit per lead MCN and a minimum credit amount of \$35.00 is applied.

The following rate schedules apply for the calculations of the baseline and usage credits for SDN Schedules A, B, and C.

For calculation of the baseline, the usage will consist of the Customer's average outbound intraLATA usage for the months of January, February, and March 1999.

The first incremental intraLATA usage credit will appear on the Customer's seventh full month bill and will be equal to the difference between the baseline average and the average of the previous three month's usage, which are months 4, 5, and 6, following enrollment. The credit is capped at \$1,100.

The second incremental intraLATA usage credit will appear on the Customer's 13th full month bill and will be equal to the difference between the baseline average and the average of the previous three month's usage which are months 10, 11, and 12, following enrollment. The credit is capped at \$1,100.

In order to be eligible for the full two-month bill credit, Customers must maintain AT&T's service for at least 12 consecutive months after enrollment in the promotion.

There is only one enrollment allowed per Customer's lead MCN.

DIRECTORY ASSISTANCE SERVICE

4.1 DIRECTORY ASSISTANCE SERVICE

DEC 18 1997

- 4.1.1 Directory Assistance Service as offered by The Company allows customers to request information from Directory Assistance records.

**MISSOURI
Public Service Commission**

Directory Assistance charges apply to all requests.

Refer to Price Schedule

- 4.1.2 AT&T DIRECTory LINK Service permits a Customer to complete a call to the called station telephone number received from Intrastate Directory Assistance without hanging up and originating a separate call. AT&T DIRECTory LINK Service is offered when a Customer requests Intrastate Directory Assistance. AT&T DIRECTory LINK Service is not offered on the following types of calls:

- Certain sent paid calls from hotels, hospitals, dormitories and coin telephones where billing capability is not available.
- Direct-dialed SDN calls

An AT&T DIRECTory LINK Service Charge applies to AT&T calls completed via AT&T DIRECTory LINK Service. The AT&T DIRECTory LINK Service Charge is not applied if the call cannot be completed. Usage charges and associated service charges (except Operator Station Service Charges) apply to the completed calls. The Operator Dialed Surcharge in the Custom Network Service Tariff, Section 26, does not apply on AT&T DIRECTory LINK Service calls. Discounts that apply to the usage and service charges also apply to the AT&T DIRECTory LINK Service Charge. In addition, all associated Directory Assistance charges, as specified in the Custom Network Service Tariff, Section 4, apply for the provision of the requested listing information.

AT&T MEGACOM WATS Service *

(AT)

5.1 DESCRIPTION

5.1.1 General

AT&T MEGACOM WATS Service is a custom switched telecommunications service which permits outward calling from designated AT&T MEGACOM WATS Service Central Offices to stations throughout the state of Missouri. Intrastate service is an add on to the interstate AT&T MEGACOM WATS Service provided in this Company's Tariff F.C.C. No. 1. AT&T MEGACOM WATS Service rates and charges apply to calls completed from AT&T MEGACOM WATS Service Central Offices to called stations. AT&T MEGACOM WATS Service calls are dialed and completed without the assistance of a Company operator, and do not include:

- Calling Card calls,
- Person-to-Person calls,

5.1 DESCRIPTION

5.1.1 General

AT&T MEGACOM WATS Service is a custom switched telecommunications service which permits outward calling from designated AT&T MEGACOM WATS Service Central Offices to stations throughout the state of Missouri. Intrastate service is an add on to the interstate AT&T MEGACOM WATS Service provided in this Company's Tariff F.C.C. No. 1. AT&T MEGACOM WATS Service rates and charges apply to calls completed from AT&T MEGACOM WATS Service Central Offices to called stations. AT&T MEGACOM WATS Service calls are dialed and completed without the assistance of a Company operator, and do not include:

- Calling Card calls,
- Person-to-Person calls,
- Collect calls,
- Third Number Billed calls,
- Conference calls, or
- Calls to 700, 800 or 900 Special Service Codes.

5.2 REGULATIONS

5.2.1 Provision of AT&T MEGACOM WATS Service

AT&T MEGACOM WATS Service is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station. Refer to Section 2, General Regulations, for all regulations pertaining to the furnishing of AT&T MEGACOM WATS Service.

A. Engineering

AT&T MEGACOM WATS Service will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T MEGACOM WATS Service will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair the service which it provides.

5.2.2 Availability

AT&T MEGACOM WATS Service is available at designated AT&T MEGACOM WATS Service Central Offices as specified in this Company's Tariff F.C.C. No. 10.

5.2.3 Transfer or Assignment

AT&T MEGACOM WATS Service, including any associated telephone number(s), may be transferred or assigned to a new Customer. See this Company's Tariff F.C.C. No. 1.

- * AT&T MEGACOM WATS Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T MEGACOM WATS Service in effect or on order prior to December 31, 2000 may continue under existing conditions.
