Re: Notification of Tariff Revisions Related to a Corporate Restructuring Undertaken to Consummate Plan of Reorganization Under Chapter 11 of the Federal Bankruptcy Code

Dear Mr. Roberts:

On behalf of WorldCom, Inc. ("the Company"), MCImetro Access Transmission Services, LLC ("MCImetro"), Brooks Fiber Communications of Missouri ("Brooks"), Metropolitan Fiber Systems of Kansas City, Inc. ("MFS-Kansas, City"), Metropolitan Fiber Systems of St. Louis, Inc. ("MFS-St. Louis") and MCI WorldCom Communications, Inc. ("MCIW") and pursuant to the Missouri Public Service Commission's Order issued in Case No. TM-2004-0146 (see Exhibit 1) and WorldCom's approved Plan of Reorganization under Chapter 11 of the Federal Bankruptcy Code¹, the following new tariffs are being submitted for filing:

MCImetro Transmission Services LLC PSC Tariff No. 2
MCImetro Transmission Services LLC PSC Tariff No. 4
MCImetro Transmission Access Services LLC PSC Tariff No. 5
MCImetro Transmission Access Services LLC PSC Tariff No. 6

These tariff revisions are an important part of finalizing the Company's Plan of Reorganization. These revisions are necessitated due to the mergers of Brooks, MFS-Kansas, City and MFS-St. Louis into MCImetro and the merger of MCIW's local operations into MCImetro. The revisions contain no changes to the rates, terms or conditions. They are merely to rename the tariffs and grandfather the service offerings so that all previous local service offerings will now be under the authority of MCImetro.

An original and four (4) copies of the revised tariffs are attached hereto.

Please do not hesitate to contact me with any questions regarding this tariff filing or the reorganization plan.

Sincerely,

Carmen L. Feliciano
Tariff Administrator

Enclosure

¹ On October 31, 2003, Judge Arthur Gonzalez of the United States Bankruptcy Court for the Southern District of New York confirmed WorldCom's Plan of Reorganization under Chapter 11 of the Federal Bankruptcy Code. As a critical part of the reorganization plan, many of the existing operating subsidiaries and holding company subsidiaries will be merged or dissolved. This streamlining is intended to achieve operating efficiencies, cost savings and confusion in dealings with the Missouri Public Service Commission. Attached as Exhibit 2 are pre and post merger charts. These charts provide a diagram of the company's regulated subsidiaries in Missouri today and which subsidiaries will remain after bankruptcy emergence.

This tariff, Missouri PSC Tariff No. 6, filed by
MCImetro ACCESS TRANSMISSION SERVICES, LLC,
cancels and replaces, in its entirety, the current tariff on file with
the Commission, Missouri PSC Tariff No.1, issued by

4.2 Transmission Services

4.2.1 General

Rates are composed of two elements which may apply to a Customer's service, depending upon the specific service requested and its location

4.2.1.1 The channel termination rate element provides for the termination of the communications at the Customer designated location. One channel termination charge applies for each Customer designated location at which a channel is terminated.

4.2.1.2 The Channel Mileage rate element is determined by the Vertical ("V") and Horizontal ("H")Coordinates method, as set forth in AT&T's Tariff F.C.C. No. 10 for private line service. To determine the rate mileage between any two locations, V and H coordinates for each location will be determined by reference to National Exchange Carrier Association Tariff, F.C.C. No. 4, using the appropriate serving wire center(s) for the service being provided and the following formula:
