5.5 QWEST CHOICE LONG DISTANCE – RESIDENCE

A. General Description

The Qwest Choice Long Distance Plan is offered to residential customers for intraLATA and interLATA, direct dialed (1+), intrastate (in-state), non-business, voice calling. The Qwest Choice Long Distance Plan offers subscribing customers these services with a maximum monthly charge for qualifying calls and recurring monthly plan fees. All fees, charges, and rates, including usage charges, billed each month as part of the Plan (excluding taxes, regulatory assessments, and the like) apply to and count toward the maximum monthly charge for that month. Recurring monthly fees and charges do not provide any minutes of use. The Qwest Choice Long Distance Plan is available only when a corresponding interstate Qwest Choice Long Distance Plan is ordered and provisioned on the same line, and the fees, charges and rates, including usage charges, billed as part of the corresponding interstate Plan (excluding taxes, regulatory assessments, and the like) also apply to and count toward the maximum monthly charge for that month.

(T)

(T)

B. Terms and Conditions

The Plan is provided only in conjunction with the corresponding interstate Qwest Choice Long Distance Plan available to the residential customer ordering the Plan. Applicable rates for the corresponding interstate Plan, including rates for interstate usage and additional monthly charges, if any, are set out in the Qwest Rates and Services Schedule (RSS) for the corresponding interstate Plan.

(T)

(T)

2. The Plan is not offered for intraLATA only, or interstate only use.

(N)

3. Call detail is provided.

(N)

4. The Company may take any other action permitted by this Tariff and applicable laws and regulations where misuse, abuse, improper use or a violation hereof is detected.

(T)

5. The customer must comply with all of the use restrictions and limitations of the Plan, and the Company may monitor the customer's usage to ensure that the customer's use is consistent with the applicable restriction for residential use only (no business use). If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, or if the customer's use exceeds 5,000 minutes in any month, the customers must clearly demonstrate that the use is consistent with the restrictions and limitations of the Plan, and if the customer fails to do so, then the Company may terminate the customer's Plan upon notice, and the customer must select another usage sensitive plan.

SECTION 5 - OBSOLETE SERVICE AND RATES

5.5 QWEST CHOICE LONG DISTANCE – RESIDENCE

(T)(M)

A. General Description

(M)

The Qwest Choice Long Distance offering will allow a residential customer to complete voice calls between any two points within the state. The Qwest Choice Long Distance offering provides the customer with all of their domestic 1+ dialed interstate, interLATA, and intraLATA calls.

B. Terms and Conditions

1. This plan is provided in conjunction with the interstate Qwest Choice Long Distance offering for residential customers.

2. The Company may take any other action permitted by this Tariff and applicable laws and regulations where misuse, abuse, improper use or a violation hereof is detected.

3. The Company may monitor the customer's usage to ensure that the customer's use of the Qwest Choice Long Distance Offering is consistent with the applicable restrictions and limitations. If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, the Company may terminate the Qwest Choice Long Distance Offering after notifying the customer, and convert the customer to another usage sensitive plan of the customer's choice.

4. If the customer's usage exceeds 5,000 Minutes Of Use in any month, the customer shall be presumed to be in violation of the applicable restrictions and it shall be the responsibility of the customer to demonstrate to the Company that the customer's use was not a violation of any of the restrictions.

SECTION 5 - OBSOLETE SERVICE AND RATES**5.6. QWEST LONG DISTANCE ADVANTAGE**

(T)(M)

A. General Description

1. Qwest Long Distance Advantage is an offering of business communication services consisting of switched outbound, switched inbound and card services. The services have flat rates that are based on term and minimum usage commitments. Qwest Long Distance Advantage is intended for the small business segment billing a total of \$500.00 to \$2,500.00 in telecommunications services monthly. This service works well with both single locations and multiple location businesses. The customer automatically receives the worldcard with this offering.
2. Inbound Toll Free services permit customer to receive domestic inbound calls. Customers may elect to utilize a dedicated access arrangement or switched access terminations to interconnect with a Toll Free service.

B. Terms and Conditions

1. This plan is provided in conjunction with interstate Qwest Long Distance Advantage.
2. Qwest Long Distance Advantage is available in month-to-month and 12-month term plans. There is a minimum monthly usage commitment of \$10.00 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This shortfall charge will be applied beginning with the customer's first full month's invoice.
3. Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original agreement.

5.23. Qwest Unlimited Calling Plan

(C)(M)

A. General Description

1. The Qwest Unlimited Calling Plan offering will allow a residential customer to complete voice calls between any two points within the state. The Qwest Unlimited Calling Plan offering provides the customer with all of their domestic 1+ dialed interstate, interLATA and intraLATA calls for a monthly fee.

B. Terms and Conditions

1. This plan is provided in conjunction with interstate Qwest Unlimited Calling Plan.

2. The Qwest Unlimited Calling Plan is only available to customers subscribing to local service from a carrier other than Qwest Corporation. The Qwest Unlimited Calling Plan is only available on an intrastate basis when the customer has subscribed to the interstate Qwest Unlimited Calling Plan.

3. The monthly fee will be billed, in advance, and will apply beginning with the customer's first invoice after ordering the Qwest Unlimited Calling Plan.

4. The Qwest Unlimited Calling Plan does not permit the customer to make business calls.

5. The Company may monitor the customer's usage to ensure that the customer's use of the Qwest Unlimited Calling Plan is consistent with the applicable restrictions and limitations. If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, the Company may terminate the Qwest Unlimited Calling Plan, immediately upon notifying the customer, and convert the customer to another usage sensitive plan of the customer's choice.

6. If the customer's usage exceeds 5,000 Minutes Of Use in any month, the customer shall be presumed to be in violation of the applicable restrictions and it shall be the responsibility of the customer to demonstrate to the Company that the customer's use was not a violation of any of the restrictions.

SECTION 7 – OPERATOR SERVICES

(N)

7.1 Operator Services

1. General

A. This Section sets forth the rates and charges applicable to the Company’s Operator Assisted Service offerings. The total charge for each completed operator assisted call consists of the following charge elements:

1. A one-time fixed operator service charge added to the first minute of each operator service call, which will be dependent on the type of billing selected (i.e., Calling Card, Third Party), and/or the completion restriction selected (i.e., Person-to-Person);
2. A usage charge dependent on the duration, distance, and time of day of the call. The usage charge element is specified as duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as full minutes;
3. Other additional surcharges as provided herein (i.e., payphone surcharge, non-subscriber surcharge, location surcharge or other).

2. Definition of Terms

Automated Collect

Collect Calls that are handled on an automated basis such that they do not require intervention by an attended operator position (i.e. “live” operator) to complete (also known as 0++ Collect Calls).

0++ (Automated)

Calling Card, Credit Card, Collect and Bill to Third Party calls which are handled on an automated basis such that they do not require intervention by an attended operator position (i.e. “live” operator) to complete.

0+- (Partially Assisted)

Calling Card, Credit Card, Person-to-Person, Bill to Third Party, Station-to-Station, and/or Collect Calls placed by Users dialing 0+ (area code) + (exchange) + (line number). An attended operator position (i.e. “live” operator) is required to obtain billing information from the User.

SECTION 7 – OPERATOR SERVICES

(N)

7.1 Operator Services

2. Definition of Terms (Cont'd)0-- (Fully Assisted)

Calling Card, Credit Card, Person-to-Person, Bill to Third Party, Station-to-Station, and/or Collect calls placed by Users dialing 0 or 00 without also entering a valid (area code) + (exchange) + (line number). An attended operator position (i.e. "live" operator) is required to obtain the (area code) + (exchange) + (line number) as well as the billing information from the User.

Operator Assisted Calls

Calls requiring assistance for completion, usually by dialing 0+ (area code) + (exchange) + (line number); or by dialing "00", with all subsequent dialing being performed by Operator Services (0--). The following are examples of calls normally placed in this manner:

- Calling Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the services available at a particular location, calling card calls may entail intervention of an attended operator position (i.e., a "live" operator) or may be made on an "automated" basis. The latter are termed "Customer Dialed Calling Card Calls" for purposes of this Tariff.

- Collect Calls

Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

- Credit Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a credit card, such as VISA, MasterCard, or American Express.

- Person-to-Person Calls

Calls which are placed under the stipulation that the caller will speak only to a specific called party.

- Station-to-Station Calls

Calls for which charges are billed to the originating telephone number.

7.1 Operator Services

2. Definition of Terms
Operator Assisted Calls (Cont'd)

Usage Charge

A charge assessed on a per minute basis in calculating a portion of the charges due for a completed Operator Assisted Call.

User

The calling party utilizing the services of the Company, and having responsibility for the payment of charges, unless that responsibility has been accepted by others, such as in the case of Collect and Bill to Third Party calls.

3. Terms and Conditions

A. Responsibilities of the User

- (1) The user is responsible for payment of the charges set forth in this Tariff unless the responsibility for such payment has been accepted by the called party, a third party, or a subscriber.
- (2) The user is responsible for compliance with the applicable regulations set forth in this Tariff.
- (3) The user is responsible for establishing its identity as often as necessary during the course of a call.
- (4) The user is responsible for identifying the station, party, or person with whom communications is desired and/or made at the called number.

B. Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. Qwest uses the rate centers and associated vertical and horizontal coordinates that are produced by Telcordia in their NPA-NXX V & H Coordinates Tape and NECA Tariff F.C.C. No. 4.

$$\text{Formula} = \sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

4. Call Types

A. Collect, Calling Card, and Charge Third Party Calls

Charges for calls of this type will be included on the user's or called or third party's regular home or business telephone bill pursuant to billing and collection agreements established by Qwest for its intermediary with the applicable telephone company.

B. Credit Card Calls

Charges for credit card calls will be included on the user's regular monthly statement from the card-issuing company.

C. Billing of Calls

(1) Billing for calls placed over the Qwest network is based in part on the duration of the call. Timing of each call begins as specified below, and ends when the called party hangs up. Billing is in one-minute increments, and no customer will be billed for an uncompleted call.

- (a) Collect Calls – Timing begins when the called party accepts the responsibility for payment.
- (b) Person-to-Person Calls (other than Collect) – Timing begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.
- (c) All Other Calls – Timing begins when the switch determines the call has been answered by utilizing standard industry methods generally in use for ascertaining answer, and if a call exceeds 18 seconds in duration.

5. Miscellaneous Operator Services Charges

A. Non-Subscriber Surcharge (NSS)

(1) Description

A Non-Subscriber Surcharge is applicable to intrastate Operator Station (Collect, Billed to Third Party, Station-to-Station, and Person-to-Person) calls billed to telephone lines which are presubscribed to an interexchange carrier other than the Company. This charge is in addition to the usage rates applicable to such calls and is also in addition to any applicable service charges for Operator Station calls as specified in the Tariff unless otherwise indicated.

The Non-Subscriber Surcharge does not apply to: calls billed to calling cards or credit cards, conference calls, calls to directory assistance, calls originating from Inmate/Correctional facilities, calls billed to telephone lines which have discontinued presubscription to the Company but for whom an active billing record still exists in the Company's billing system, or to collect calls accessing the Company's network via 800 access methods.

The Company will credit any Non-Subscriber Surcharges reported by newly-presubscribed Company customers during the period between presubscription and administrative processing of the new customer. The Company will also credit any Non-Subscriber Surcharges reported by customers during a F.C.C. reportable incident of service outage by another interexchange carrier. To receive either of these credits, customers must contact the Company through an 800 number designated for billing inquiries. The credit will be issued in the form of a bill credit to be processed electronically through the customer's local exchange company.

The Non-Subscriber Surcharge applies in all Local Exchange areas where billing is available.

SECTION 101—OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION I DEFINITION OF TERMS

Missouri Public

For the purpose of this tariff, the following definitions shall apply:

REC'D JAN 30 2002

800/888 Number, Added, Changed, Deleted

Service Commission

A customer initiated request to:

1. Replace a LCI 800/888 number with a new LCI 800/888 number.
2. Add a LCI 800/888 number to an existing LCI 800/888 circuit.
3. Delete a LCI 800/888 number from an existing LCI 800/888 circuit.

800/888 Subscriber

An 800/888 Subscriber is the person, firm, corporation or other entity that, in accordance with SMS/800/888 procedures, controls an 800/888 number and has the right to designate its responsible organization (Resp. Org.) for that 800/888 number.

Applicant

A person, firm, partnership, association, company, corporation, government, agency, or other entity which makes an application for service in order to subscribe to the services or facilities, or both, as provided by the carrier.

Application of Service

A standard QCC order form which includes all technical and descriptive information which will enable QCC to provide the communication services or facilities, or both, as requested by Applicant and as provided by the carrier.

Authority Network Management System (Authority NMS)

A system which provides customers on-line access to receive management reports as required applicable to utilization statistics per data line circuit interface (frame relay address), performance statistics for trunks and circuit lines and port statistics on a per frame relay port basis.

Authorization Code

A numerical code, one or more of which are assigned to a customer to enable Carrier to identify use of service on his/her account and to bill the customer accordingly for such service. Multiple authorization codes may be assigned to a customer to identify individual users or groups of users on his/her account.

Authorized User

A person, firm, partnership, association, company, corporation, government, agency or other entity which is a customer or authorized by a QCC customer to receive or send communications.

SUBSECTION 2 SERVICE DESCRIPTIONS

REC'D JAN 30 2002

2.1 America WATS

Service Commission

2.1.1 General Description

America WATS is a dedicated, usage sensitive outbound calling service.

Billing

All calls will be billed in increments of six (6) seconds.

Usage Rates/Discounts

America WATS has rates for monthly terms and discounts rates for customers signing a contract for one (1) year or longer. Upon expiration of such a contract, it shall automatically be renewed on a month to month basis until either party provides thirty (30) days written notice of their intent to discontinue this arrangement.

Availability

America WATS is available to all customers.

Payphone Use Charge

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.

2.3 Enhanced 800/888 Features

2.3.1 General Description

Enhanced 800/888 Features are selected add on enhancements to the following LCI 800 Services: Nationwide 800, National Dedicated 800, LCI 800 Select and Choice Options and Integrity™. The following enhancements are available:

- a. Time of Day Routing: Customer can accept incoming calls on alternate numbers based on time-of-day.
- b. Day of Week Routing: Customer can accept incoming calls on alternate numbers based on day of week.
- c. Holiday Routing: Customer can accept incoming calls on alternate numbers based on holiday.
- d. Direct Terminal Overflow: Customer can forward incoming calls to predesignated local number if busy; (DAL customers only).
- e. Tailored Call Coverage: Customer can block calls from one 800 origination. Calls may be blocked by area code, area code/exchange, LATA, state, or 10 digit ANI.
- f. Dialed Number Identification: Customer can identify dialed number; (DAL customers only).
- g. % Allocation Routing: Routes calls placed on an 800 number up to 8 different terminating locations based on whole number percentages that add up to 100%.
- h. Alternative Routing: Customer can Activate Alternate Routing Plan.
- i. Real Time ANI: Allows dedicated access customers to receive the ANI of the calling party if the call originates from an equal access end office.
- j. Account Codes: Allows the customer to track usage of its 800 number back to specified user codes and/or to limit use of its 800 number to only those dialing authorized codes. Requires that additional digits be dialed after the regular 10-digit 800 number is dialed. Two types are available: verified and non-verified. With both types of codes, calls cannot be completed without entry of the specified codes. In addition, with the verified codes, calls are not completed until codes are verified for accuracy. As an option, Call Detail can be sorted by either verified or non-verified codes.
- k. Geographical Routing: Allows the customer to arrange for calls to a single 800 service telephone number placed from different groups of originating locations to terminate to different locations. Originating locations may be identified using the NPA or by NPA/NXX.**
- l. 800 Directory Publication: Allows customers to publish their 800 number (s) in AT&T 800 Directory.

Service Commission

2.3.1 General Description (Continued)

- m. Menu Routing: Plays prerecorded messages in a menu like fashion referring callers to other numbers, explaining service conditions, or other information that a Customer desires to provide to their callers. The call may either terminate after the message announcement, or proceed to a set of interactive voice responses that give additional menu options. These menu options may terminate to a final destination or prompts can be linked to another set of menu options. QCC supports two types of Menu Routing:
1. Basic Menu Routing Plans: Basic Menu Routing will allow one voice announcement message to be followed by a menu of options. Customers may select up to four (4) menu options. These menu options will terminate to a ring-to number based on the menu option selected using the keypad on the telephone.
 2. Advanced Menu Routing Plans: Any plan that does not meet the Basic Menu Routing requirements as described above, will be considered an Advanced Menu Routing Plan. The limitations for Advanced Menu Routing are as follows: (1) no more than nine (9) Menu Options per set or grouping; and, (2) no more than four (4) menu levels.
- n. Quota Call Allocation - "Round Robin": Distributes incoming calls to terminating addresses (TA's) or other feature(s) to a fixed number of calls per a designated unit of time (minutes or hours). A Customer will be able to distribute calls to several TA's based on the number of calls per unit of time. The unit of time versus the amount of calls can be adjusted based on what the user specifies, e.g., the number of calls per unit of measure.

Availability

Enhanced 800/888 Features are available individually or in any combination for both existing and new customers.

2.4 Audio Teleconferencing

REC'D JAN 30 2002

2.4.1 General Description

Service Commission

Audio Teleconferencing permits three (3) or more customers located within the state of Missouri to be connected. QCC offers its customers the following three (3) Audio Teleconferencing services:

1. Operator Assisted Conferencing Calling ("OACC")

OACC is initiated when the host dials into the conference operator. The operator proceeds to connect and introduce all parties designated by the host.

2. 800 Meet Me

800 Meet Me calls take place at a predetermined time. All participants call the designated 800 number and are introduced to the conference call by the operator.

3. Local Meet ME

Local Meet Me takes place at a predetermined time. All participants place a local call to reach the conference operator. The operator then introduces the callers.

New Customers who have never used QCC's Audio Teleconferencing service will receive a fifty (50) percent discount off of their first thirty (30) days of usage.

2.5.1 General Description

Nationwide 800 is a virtual banded inbound service that allows customers to receive 800 calls from throughout the Continental U.S.

Billing

Calls will be billed in increments of six (6) seconds with a thirty (30) second average minimum.

Call Detail

Call detail will provide the following information when the technical capability exists: date, number of calling party, LATA of calling party, time of call, duration of call and cost of call.

Usage Rates

See Subsection 4.

Calling Rating

Calls will be rated at the time period where the call terminates.

Discounts

See Subsection 4. Volume discounts are applied to the first \$.01 of usage and apply on a per account basis. If the customer also subscribes to National Dedicated 800, America Plus, America WATS, WorldCard and/or International Services, his/her combined total monthly usage will be used to determine the Nationwide 800 volume discount as if all usage had only been on Nationwide 800 service.

Payphone Use Charge

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. 2.7 Vista WATS

Service Commission

2.7.1 General Description

Vista WATS is an outbound service requiring the customer to originate calls via dedicated facilities between the customer's premises and QCC terminal location and allowing the termination of calls via a combination of QCC-provided facilities and local business telephone lines or other exchange access facilities. Vista WATS is designed to encourage long term commitments by providing discounts for both volume and term with month-to-month, one, two, and three year contracts.

Billing

Initial calling period six (6) seconds, each additional period billed in six (6) second increments.

Usage Rates/Discounts

See Subsection 4.8.1. If the customer discontinues service prior to the expiration of the executed contract, QCC reserves the right to back bill the customer for the difference between the month-to-month discount and the one, two or three year discount.

Availability

Vista WATS is available to all customers.

Notice of Discontinuance

The Notice of Discontinuance for a DS-1 channel is three months. Recurring charges apply for a period of three months from the date QCC receives the discontinuance notice or until the requested discontinuance date, whichever is longer. The charges will apply even if the customer does not use the DS-1 channel.

2.7.2 Service Guarantee

- A. Vista WATS customers will not experience a price increase during their term commitment. Also, if QCC reduces the per minute rates, the customer will receive the lower rate. This guarantee is not applicable to the revenue discounts.

2.11 Personal 800 Service

Service Commission

General Description

Personal 800 is a switched nationwide 800 product that can be used by the customer anywhere in the domestic United States, Alaska and Hawaii. To use Personal 800, the customer will dial a designated 1-800-XXX-XXXX number (the same 800 number will be used by all subscribers). The customer will then enter their six digit authorization code (there will be no voice response requesting the customer to enter his/her auth code). Once the six digit auth code has been verified, the call will be completed.

Billing

Billing will be done in full minute rounding.

Usage Rates

See Subsection 4.11.

Availability

Personal 800 is available to both residential and small business customers. The service will only be sold to customers that have QCC as their long distance carrier on their billed-to telephone number.

Payphone Use Charge

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.

2.18 Choice Virtual Network Service (CVNS)

General Description

Choice Virtual Network Service (CVNS) allows geographically dispersed companies with different usage volumes to combine their private networks with portions of the public switched network. With CVNS, users can create their own private network by utilizing the intelligence embedded in the QCC network.

Billing

Billing will be done in six (6) second increments.

Rates

See Subsection 4.18 for usage rates.

Availability

CVNS is available on a nationwide basis for both switched and dedicated access.

Choice Virtual Network Service (CVNS) FramePlus

FramePlus frame relay service is a public, fast-packet data network offering. Customers access Frame Plus at QCC's closet Points of Presence (POPs). Within the POP, QCC designs and installs Network Node connections on the FramePlus network. A Network Node is comprised of a Port Connection and Permanent Virtual Circuits (PVCs) that define the connections between customers' ports. QCC dynamically allocates capacity across these logically assigned PVCs, supporting multiple customer data networks.

FramePlus supports a variety of simultaneous data applications over a single integrated facility. It is optimal for applications requiring transmission between multiple locations that need high speed connectivity with low latency or delay.

2.19 Operator Services*

Service Commission

2.19.1 General Description

1. Classes of Service: Operator Services is used when a Company operator is needed to complete one of the following call types:
 - a. Collect: Calls for which charges are billed, not to the originating telephone number, but to the destination or terminating telephone number.
 - b. Customer Dialed: The customer dials the appropriate authorization codes plus the telephone number desired and completes the call without the assistance of an operator and the call is billed to a calling card or commercial credit/charge card.
 - c. Operator Assisted: Calls requiring assistance for completion. The QCC operator can be accessed by customers who have selected QCC as their primary carrier by first dialing "00". Depending on the desired type of service or billing, customers may dial direct by dialing "0 + (area code) + (exchange) + (line number)"; these types of calls are referred to as "Operator Assisted (0+)". Instead of dialing direct as explained above, the customer also has the option of having the QCC operator perform all subsequent dialing; these types of calls are referred to as "Operator Assisted (0-)".
 - d. Operator Station: Operator Station calls are completed with the assistance of an operator, except for person-to-person, real time rates, and customer dialed. Operator Station rates apply to calls which are billed to a different telephone number (i.e. collect, third party billed, or a commercial credit/charge card).
 - e. Person-to-Person: Person-to-person rates apply when the person originating the call specifies the particular party to be reached by the operator, except for person-to-person calls rated on a real time basis. The specified party may be a person, or a station, department, extension or office through a PBX attendant.

After the called station has been reached, if the called party is unavailable and the calling party request or agrees to speak to a party not initially specified, the call is still billed as a person-to-person call. The calling party is responsible for identifying the party at the called station.
 - f. Real Time Rated-Operator Station/Person-to-Person: A toll call for which the customer pays at the time the call is placed. These calls include the following:
 1. Calls originated and paid for at public or semi-public telephones.
 2. Calls for which the Company furnishes time and/or charges.

* Operator Services will only be provided from locations that are technically capable of providing such services.

g. Third Party: Calls for which charges are billed, not to the originating telephone, but to a third party telephone number which is neither the originating nor the terminating telephone number.

2. For each operator-handled call type, a surcharge applies to the initial period rate for the message (See Subsection 6.1.1.)

3. Service is available twenty-four (24) hours per day, seven (7) days a week.

4. Rates (See Subsection 6.2.1.)

5. In providing operator services, QCC agrees that:

a. QCC will not knowingly bill for incomplete calls and will remove any charge(s) for incomplete calls upon subscriber notification or carrier's knowledge of the charge(s) for incomplete calls.

b. QCC will advise the caller and billed party (if different from the end user) that QCC is the operator service provider at the time of the initial contact.

c. QCC will provide rate quotes, including all rate components and any additional charges, upon request, at no charge.

d. QCC will allow only tariff charges approved by the Commission, or otherwise allowed by law for the provision of operator services, to appear on billings rendered by local exchange companies (LECs) on behalf of carrier and will not collect location surcharges imposed by traffic aggregators.

e. QCC will arrange for listings of its name on a LEC's billing of QCC's charges, if the LEC has multi-carrier bill listing capability.

f. QCC will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards. In order to control fraud QCC may refuse to accept calling cards which it determines to be invalid or cards which it is unable to verify.

Locations and services can be added/deleted/changed throughout the term and still be covered under the original package.

Renewals

Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same contract length and the current tariff rates in effect at the time of such renewal associated with the term and volume of the original contract.

Either Customer or QCC may terminate an Agreement at the end of the initial Term or renewal term by providing not less than thirty (30) days written notice. Customer's notice of termination must be sent to: LCI International, Inc., 4650 Lakehurst Court, Dublin, OH 43016 Attention: Billing Department. If no written notification is submitted to QCC's Billing Department not less than thirty (30) days prior to expiration of an Agreement and QCC has not given notice of termination to Customer, the Agreement shall automatically renew at the same Monthly Commitment level and Term and at the tariffed rates in effect at the time of such renewal.

Early Termination Charges (Option C)

Service Commission

1. QCC will allow a customer to convert from a current Option A or Option B contract to an Integrity Option C contract. This agreement will begin a new term period and requires a minimum monthly commitment of \$10,000.
2. If a customer provides QCC written notice terminating its service subsequent to the expiration of the Customer Satisfaction Guarantee, the customer will be assessed the following termination penalty:

1 Year Contract

Early termination charges for customers who terminate service prior to expiration of their one (1) year term are calculated by taking the months remaining on the contract and multiplying by the monthly commitment level.

2 Year Contracts

If the contract is in the first 12 months, the customer will be responsible to QCC for: The remaining number of months of the first 12 months multiplied by the commitment level plus 35% of months remaining in the second 12 months.

If the customer is in their 2nd 12 months, the customer will be responsible to QCC for: The remaining number of months multiplied by the monthly commitment

3 Year Contracts

If the contract is in the first 24 months, the customer will be responsible to QCC for: The remaining number of months of the first 24 months multiplied by the commitment level plus 35% of months remaining in the last 12 months.

If the customer is in their 3rd 12 months, the customer will be responsible to QCC for: The remaining number of months multiplied by the monthly commitment

Payphone Use Charge

Service Commission

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.
