1.10.1 General-(Continued)

C. Calling Scope-(Continued)

- 2. The OCA calling scope for the following exchanges, and for those exchanges noted in the Schedule of Rates and Specific Regulations section in front of this tariff, does not include any rate centers which are included in the Metropolitan Calling Area (MCA) Plan described in the Missouri Public Service Commission Order, effective January 5, 1993, in Case No. TO-92-306:

Archie	DeSoto	Pacific
Ash Grove	Festus-Crystal City	Richmond
Billings	Gray Summit	Walnut Grove
Cedar Hill	Hillsboro	Ware
Clever	Marionville	

D. Calling Options

Residential and Business customers can choose from two OCA options. Rates are listed in Section 1.10.3 of this tariff and are in addition to the established charges for the service with which the OCA Plan is associated. OCA subscribers are charged the full monthly rate for the block of time selected, even if the full block of time is not used.

- 1. Two-hour block of time: This option allows subscribers two hours of calling per month at a flat rate. LDMTS rates are applicable for calls exceeding the two hours.
- 2. Five-hour block of time: This option allows subscribers five hours of calling per month at a flat rate. An additional per minute rate, as identified in Section 1.10.3, following, applies for all calls exceeding the five hour block. Time of day and holiday discounts are not applicable.

1.10.2 Regulations

- A. Unless otherwise specified in these regulations, OCA is offered to all classes and grades of residence and business customers located within the eligible OCA exchanges.

1.10.4 Revenue Neutrality

The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to OCA as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of OCA. A review will be conducted after the Commission has completed an audit of OCA losses and the revenue recovery mechanism gains, as a result of OCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

1.11 COMMUNITY OPTIONAL SERVICE (COS)

REC'D OCT 09 1998

A. General

Community Optional Service (COS) is an optional plan that allows customers in a qualifying COS Petitioning Exchange to purchase intraLATA interexchange calling with customers in designated exchanges, known collectively as their COS Calling Scope, under terms, conditions and rates as found in the Company Tariff(s). The COS Calling Scope consists of the COS Target Exchange to which COS Petitioning Exchange customers have qualified for COS calling, plus all other exchanges with which customers in the COS Target Exchange have Extended Area Service (EAS).

(AT) NOTE: Pursuant to Commission Order in Case No. TW-97-333, COS is being eliminated. The (AT) dates for elimination of COS routes are specified in section 1.11(E).

B. Qualification Process

1. In order to qualify, customers in one exchange, known as the COS Petitioning Exchange, must demonstrate that a community of interest exists with customers in the exchange with which they desire COS calling, known as the COS Target Exchange. Consideration of eligibility for COS calling is initiated by a petition filed with the Missouri Public Service Commission by any or all of the following parties:

- a. By 25 or more customers in the COS Petitioning Exchange;
- b. By the presiding official(s) of a city, town, village or county, within the COS Petitioning Exchange;

- 5. Upon issuance of a Missouri Public Service Commission Order directing a calling study, the Company will conduct a study covering a one-month billing period of Long Distance Message Telecommunications Service Dial Station-to-Station traffic from the COS Petitioning Exchange to the COS Target Exchange.
- 6. The Missouri Public Service Commission has ruled that a community of interest is found to exist when the traffic studies show that both of the following criteria are met:
 - a. Customers in the COS Petitioning Exchange make an average of at least six calls per access line per month to the COS Target Exchange;
 - b. Two-thirds of the customers in the COS Petitioning Exchange make two or more calls per month to the COS Target Exchange.
- 7. If the above criteria have been satisfied and/or the Missouri Public Service Commission determines that a community of interest exists, the COS Petitioning Exchange will be certified as a COS qualifying exchange and the service will be implemented on a time schedule approved by the Missouri Public Service Commission.

C. Conditions

- 1. COS will be offered as a two-way optional flat rate service. Two-way optional flat rate service allows customers to make unlimited calls to and receive unlimited calls from the COS Target Exchange Calling Scope for a recurring monthly flat rate.
- 2. The Calling Scope of the two-way COS route shall be to the COS Targeted Exchange plus its EAS exchanges. Any EAS additives applicable in the COS Target Exchange would apply to the COS subscriber in addition to the COS monthly flat rate.
