- E. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
- F. In addition to meeting the qualification specified in Paragraph 3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
- G. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered. There will be no additional affidavits required.
- H. The following local exchange services are eligible for a discount under this program:
- Flat Rate, business one-party service

Discounts for Schools and Libraries Participating in the Federal Universal Service Program

- A. Discounts on the intrastate services offered through this tariff will be available to eligible schools and libraries. A school or library will be eligible to participate in the discount program if it receives funds from the Federal Universal Service Fund.
- B. The level of discount available will mirror the discount percentage level available to the school or library through the Federal Universal Service Fund program. The discount will be applied against the intrastate service rate otherwise applicable under this tariff. The discount only applies to the extent funds are available to the eligible school or library, through the Federal Universal Service Fund.

SERVICE CONNECTIONS - LINK UP MISSOURI

NOV 19 1997

Applicability of Link Up Missouri Service Connection Program

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.
 - a. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence.
 - b. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period.
 - c. A qualifying low-income customer may choose either a or b, or both a and b as described above.
 - d. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
 - e. The premises at which the residence service is requested must be the applicant's principal place of residence.
 - f. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
 - g. Link Up will not be furnished on a Foreign Exchange service.

¹ These do not include other charges that may be required at the initiation of service such as security deposit, contributions in and of construction, customer advances, etc.

6. Service Connections - Link Up Missouri

MISSOURI

A. Applicability of Link Up Missouri Service Connections **Public Service Commission**

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.

a. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent, not to exceed \$30.00. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence.

2. Eligibility Requirements

The following requirements shall be used by the company to determine the eligibility of a subscriber for Link Up Missouri assistance.

- a. Subscribers must have lived at an address where there has been no telephone service for at least three months prior to the date that assistance is requested.
- b. Eligible subscribers must not have received this assistance within the last two years.
- c. Subscribers must not be a dependent for federal income tax purposes, unless the subscriber is more than 60 years of age.
- d. Subscriber is currently receiving MEDICAID/medical assistance payments from the State of Missouri, and has provided their Department of Social Services Client Number (DCN) to the Company.

Of the eligibility requirements listed above, items a., b., and c., will be certified by the subscriber, and item d. will be State certified by the Department of Social Services.

¹These do not include other charges that may be required at the initiation of service such as security deposits, contributions in aid of construction, customer advances, etc.

LIFELINE SERVICE

A. General Regulations

- 1. Lifeline service is available to qualifying low-income subscribers for single-party residence service.
- 2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
- 3. Lifeline will not be furnished on a Foreign Exchange service.
- 4. Lifeline service shall not be disconnected for non-payment of toll charges.
- 5. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
 - a. If the customer chooses "toll blocking" the company will not charge a service deposit.
 - b. Toll blocking is offered to Lifeline subscribers at no charge.

Access Services

Access services are those services which are described in Section 1.1, et seq., of the Access Services Tariff of Southwestern Bell Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules, regulations and system of charges specified in the Access Services Tariff filed by Southwestern Bell Telephone Company and approved by the Missouri Public Service Commission.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provision has been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Southwestern Bell Telephone Company's Access Services Tariff at the rates and charges and pursuant to the terms and conditions specified therein. The Company's concurrence in Southwestern Bell Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

DISTANCE LEARNING COMMUNICATIONS SERVICES CONCURRENCE

MISSOURI
Public Service Commission

The Company concurs in the rules and regulations governing intrastate interexchange Distance Learning Communications Service as set forth in Oregon Farmers Mutual Telephone Company's Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Distance Learning Communications Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

PROVISION OF SERVICES

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to customers, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

CANCELLATION RIGHTS

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

ACCESS SERVICES TARIFF CONCURRENCE

Access Services

Access services are those services which are described in the Access Services Tariff of Oregon Farmers Mutual Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules and regulations specified in the Access Services Tariff of Oregon Farmers Mutual Telephone Company and approved by the Missouri Public Service Commission, and in any amendments thereto and authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for access services of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions has been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

Payphone Service

JAN 15 1997

A. General Regulations

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coinless or coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE

(N)

A. GENERAL REGULATIONS

1. The 211 Service for Information and Referral Service (211 Service) is a locally assigned three digit abbreviated dialing code provided to an Approved Information and Referral Service Provider for use in making available community information and referral services to the public by way of voice grade facilities. The 211 abbreviated dialing code is available to the Approved Information and Referral Service Provider as a tariffed, local calling area based service (the "211 Service").
2. The 211 Service allows a Company subscriber to access an Approved Information and Referral Service Provider call center by dialing only the 211 abbreviated dialing code. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of their local exchange services. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
3. All 211 abbreviated dialing code calls must be local in nature and must not result in any intraLATA toll, interLATA long distance or pay-per-call charges to Company subscribers.
4. The 211 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 211 Service is otherwise available wherever local service is available.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER

1. The Approved Information and Referral Service Provider must submit a written application for 211 Service to the Company at the local exchange level. The Approved Information and Referral Service Provider may establish 211 Service in all or part of the Company's local exchanges. There may be only one 211 Service Provider per exchange.
2. The Approved Information and Referral Service Provider's written application to establish 211 Service in Company local exchange must include the following:
 - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 211 abbreviated code. If the Approved Information and Referral Service Provider desires to change the telephone number into which the 211 abbreviated dialing code is translated, the Approved Information and Referral Service Provider must pay the Number Change Charge specified in Section III 17.F.6.

- b. A location description of the Approved Information and Referral Service Provider call center where 211 calls made from the Company local exchange will be routed.
 - c. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 211 Service.
 - d. An acknowledgment of the possibility that the Commission's assignment of the 211 abbreviated dialing code may be recalled at any time.
 - e. Complete billing and contact information.
3. Local Calling for Company Subscribers
- a. The Approved Information and Referral Service Provider, in cooperation with the Company, must assure that all 211 Service calls are local in nature and do not generate intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange, the Approved Information and Referral Service Provider must supply the Company with a seven digit telephone number that terminates within the Company local exchange's local calling area or to a toll free number. The Company will translate the 211 digits into the telephone number provided by the Approved Information and Referral Service Provider.
 - c. D. LIABILITY

1. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company, occurring in the course of furnishing 211 Service, or of the Company in failing to maintain proper standards of maintenance and operation, or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the Approved Information and Referral Service Provider for the 211 Service and local exchange services for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
2. The Company is not liable for losses or damages caused by the negligence of the Approved Information and Referral Service Provider.
3. The Company's entire liability to any person for interruption or failure of the 211 Service is limited to the terms set forth in this section and other sections of this Tariff.

E. OTHER TERMS AND CONDITIONS

1. The 211 Service will not provide calling number information in real time to the Approved Information and Referral Service Provider. If this type of information is required, the Approved Information and Referral Service Provider must subscribe to compatible Caller ID service as described in Section III.6.3 this tariff. The Caller ID service will only provide calling number information as described in Section 6 of this tariff.
2. The 211 Service is provided for the benefit of the Approved Information and Referral Service Provider. The provision of the 211 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.
3. A written notice will be sent to the Approved Information and Referral Service Provider following oral notification when its 211 Service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of abbreviated dialing codes. If after notification the Approved Information and Referral Service Provider makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the Approved Information and Referral Service Provider is

4. In an emergency situation as determined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures, up to and including termination of service.

F. RATES AND CHARGES

1. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of both parties' local exchange service. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
2. A nonrecurring Central Office Charge applies for each Company host central office out of which 211 Service is established, as follows:
 - a. When a Company local exchange is served by more than one host central office a Central Office Charge is applicable for each host central office in the Company local exchange.
 - b. If the Approved Information and Referral Service Provider establishes 211 Service in multiple Company local exchanges served by the same host central office, only one Central Office Charge shall apply. However, the full Central Office Charge applies whether or not the Approved Information and Referral Service Provider requests 211 Service in all the Company local exchanges served by that host central office.
3. A Local Exchange Exclusion Charge Applies for the establishment of 211 Service as follows:
 - a. When the Approved Information and Referral Service Provider does not simultaneously establish 211 Service in every Company local exchange served by a host central office, the Approved Information and Referral Service Provider shall pay an Exclusion Charge for each Company local exchange served by the host central office where 211 Service is not established.

GENERAL AND LOCAL EXCHANGE TARIFF

Three-Digit Dialing Service (811)

A. General Regulations

1. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
2. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
3. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
4. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
5. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

B. Obligations of the SOCS

1. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:

Three-Digit Dialing Service (811)

- a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - b. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - c. Complete contact information.
2. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
 3. Local Calling for Company Subscribers
 - a. The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - c. The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.
- C. Obligations of the Company
1. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
 2. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.

Three-Digit Dialing Service (811)

3. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
4. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

D. Liability

1. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
2. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
3. The Company is not liable for any losses or damages caused by the negligence of the SOCS.
4. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
5. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
6. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.

GENERAL EXCHANGE TARIFF**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911)

1.1 General

- A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
- B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be related by Company operators.
- C. 911 Trunking Service is offered subject to availability of facilities.
- D. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

1. Universal Emergency Number Service (911) (Cont'd)

1.1 General (Cont'd)

E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provision of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.

F. Rates. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>
Trunks between Central Offices	\$25.00
Trunks between Central Offices and PSAP	\$25.00

1.2 Conditions

A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.

B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.

C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.

D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential.

E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

1.2 Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
- L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
- M. The customer is required to furnish the Company its agreement to the following terms and conditions:
1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
 2. That that customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. OPTIONAL SERVICES AND FEATURES

Missouri Public
Service Commission

REC'D MAR 06 2001

6. Optional Services and Features

6.3 CLASS Service

Custom Local Area Signaling Services (CLASS): Provides end-user services that allow the subscriber more control over incoming and outgoing calls based on Signaling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis. *

A. Feature Descriptions: *

1 Caller ID: allows the subscriber (called party) to view the calling number on customer premise equipment that is designed to receive and thus display the calling party's number. Special station equipment is required for this feature. *

The calling telephone number is only available in those areas where appropriate signaling network connections exist to forward the calling party's number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originated from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed. *

Telephone numbers transmitted via Called ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly related to those previously acquired by the customer from the number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated. *

6. Optional Services and Features (Cont'd)

6.3 CLASS Service (Cont'd)

A. Feature Descriptions: (Cont'd)

- 2 Customer-Originated Trace: allows the subscriber to initiate a trace on the last incoming call by dialing an activation code. The call will be traced automatically, and the telephone number that originated the call and the time the call was made will be recorded either in the Company office or in the offices of a law enforcement agency. Information recorded will be released by the Company only to an authorized representative of a law enforcement agency and, in no event, other than as provided by applicable state and federal law. Customer-Originated Trace will be made available to all customers where technically feasible. Charge for this service will be made on a per call basis when the subscriber uses the activation code. *
- 3 Selective Distinctive Ringing: allows the subscriber to define a list of special Directory Numbers. Anytime the subscriber receives a call from one of these special numbers, a Distinctive Ring will be applied. Calls received from Directory Numbers not on the list, or which cannot be identified, will produce a standard ring. If the subscriber also subscribes to the Call Waiting feature, a distinctive tone pattern will be applied to the Call Waiting feature if the incoming call is also identified from the special list. *
- 4 Selective Call Acceptance: allows the subscriber to define a list of calling Directory Numbers that will be accepted. Any calling numbers not on that list will be routed to announcements and rejected. The calling party, not on the acceptance list, will receive an announcement that states the call will not presently be accepted by the subscriber (called party). *
- 5 Selective Call Forwarding: allows the subscriber to have certain terminating calls forwarded to a designated remote station. The activity will occur whenever a call is received from a Directory Number which has been indicated on a list of numbers referred to as the Selective Call Forwarding screening list. Calls from Directory Numbers which cannot be identified or have not been indicated on the list will be given standard terminating treatment. *
- 6 Selective Call Rejection: allows the subscriber to define a list of Directory Numbers which, upon placing a call to the subscriber's line, will be routed to an announcement and rejected. All other calls will be treated normally. The calling party on the rejection list will receive an announcement stating the call is not being accepted by the called party. *

6. Optional Services and Features (Cont'd)

6.3 CLASS Service (Cont'd)

REC'D MAR 06 2001

A. Feature Descriptions: (Cont'd)

- 7 Automatic Callback: permits a subscriber to automatically redial a call to the last number dialed by activating Automatic Recall. This feature is designed to automatically set up a call to the last telephone number called by the subscriber, regardless of whether the called telephone number is busy or idle, answered or unanswered. If the call cannot be completed immediately because of a busy line, the call is queued and call completion is attempted when both lines are idle. As part of the completion attempt, the calling subscriber is given special ringing and when the called telephone number answers, the calling subscriber is given regular ringing. *
- 8 Call Return: permits a subscriber to automatically redial the most recent call received whether or not the call was answered. If that line is busy when the recall attempt is made, the call is queued until both the subscriber and the last calling party are idle; then the subscriber is rung first. When the subscriber answers, the other party (call return party) is rung to complete the call. The Call Return feature cannot be activated for all telephone numbers, such as 800 numbers, blocked numbers or PBX extensions. *
- 9 Call Forwarding No Answer: with this feature, the subscriber's telephone is automatically forwarded to another party if the subscriber does not answer. Calls to the subscriber's telephone will ring normally. If the subscriber does not answer after a predetermined number of rings, the call is automatically forwarded to a number which the subscriber has entered, when the subscriber activates this feature. *
- 10 Call Forwarding Busy: lets the subscriber forward calls to another phone when the line is busy. The subscriber chooses a number to which calls are forwarded. Call Forwarding Busy automatically transfers the subscriber's incoming calls to that phone, when the subscriber's phone is busy. *
- 11 Auto Recall: allows the subscriber to recall the last telephone number that placed a call to the subscriber. This feature allows the subscriber to recall the last number, even if the subscriber missed the call on was using a another line. *
- 12 Anonymous Call Rejection: lets the subscriber refuse a telephone call from a calling party that has blocked the calling number from being displayed on the Caller ID device. The calling party will receive an announcement indicating that the called party will not accept anonymous calls. The calling party will be requested to call again once the calling party has removed the blocking of the calling number. *

6.3 CLASS Service (Cont'd)

A. Feature Descriptions: (Cont'd)

13 Caller ID / Call Waiting: notifies the subscriber that the subscriber has another call when the subscriber is on the telephone. This feature uses a special tone that notifies the subscriber that another call is waiting. The subscriber can identify the other calling number and determine if the subscriber wishes to use the call waiting feature to answer the other incoming call. If the subscriber wishes to answer the other call, and not disconnect the present call, the subscriber presses and releases the switchhook on the telephone and will be connected to the waiting call. To return to the original caller, the subscriber presses and releases the switchhook again.

14 Distinctive Ringing: allows the subscriber to have two telephone numbers on a single line for less than the cost of a second line. Each number has its own distinctive ring which allows family members, or in-house businesses, to identify and answer the appropriate incoming calls.

B. Nonchargeable CLASS Features:

1 Calling Number Delivery Blocking - Per Call: temporarily allows the subscriber, when placing outgoing calls, to label his or her telephone number as private, thus restricting its availability to the called party. This feature is accessed by dialing (*67), or 1167 for rotary phones, before dialing the phone number of the called party.

2 Called Number Delivery Blocking - Per Line: allows the subscriber, when placing outgoing calls, to permanently label his or her telephone number as private, thus restricting its availability to the called party. This service is available only to established shelters of domestic violence intervention agencies, state and county departments of human resource shelters, law enforcement agencies and other such agencies, their employees and volunteers, or individuals where it is certified that the personal safety of these employees or individuals will be jeopardized without Per Line Blocking.

GENERAL EXCHANGE SERVICES

DIRECTORY ASSISTANCE SERVICE¹

A GENERAL

Directory Assistance Service gives customers access to telephone numbers of individuals or businesses by dialing 555-1212, 4-1-1 or 1-4-1-1.

B DEFINITIONS

1. Local numbers are any Intra NPA/NXXs within the customer's local calling area or home NPA.
2. National numbers are any NPA/NXXs within the United States, Canada, Puerto Rico and the U.S. Virgin Islands, but outside the customer's home NPA.
3. International numbers are numbers from outside the United States, Canada, Puerto Rico, and the U.S. Virgin Islands.

C REGULATIONS

1. A maximum of two requested telephone numbers is allowed per call.
2. Rates will apply based on the NPA/NXX requested.
3. Charges for Directory Assistance Service for requests of a local or national numbers are not applicable to calls placed from customers whose physical, visual, or reading handicaps prevent them from using the telephone directory.
4. Rates are not applicable to:
 - a. Calls placed from mobile/marine, public or semi-public telephones.
 - b. Calls from hospitals that have, as their principal undertaking, the medical and surgical care of the sick and disabled and which provide telephone service in the majority of the patient rooms.
 - c. Calls from hotels and motels which provide telephone service in rooms occupied by the transient public.
 - d. Calls placed to directory assistance by the operator in connection with operator-handled long distance calls.
5. Upon request, the address information normally published in the directory will be given out by the Directory Assistance attendant for listed customers. Information for nonpublished customers will not be provided.

5. Terms of Deposit (continued)

- B. The deposit shall bear interest at a rate which is equal to one percent (1%) above the prime lending rate as published in the Wall Street Journal. This rate shall be adjusted annually on December 1 using the prime lending rate, as published in the Wall Street Journal on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.
- C. Upon discontinuance or termination of service, the deposit will be credited, with accrued interest, to the charges stated on the final bill, and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.
- D. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released or deposits with accrued interest will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date on which the charge becomes delinquent provided the charge is not in dispute. The Company may withhold the refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit.
- E. The Company will maintain records of all pertinent information with regard to each deposit held.
- F. The Company will provide within ten (10) days of a customer request a receipt that contains information pertinent to that deposit.

H. Upon discontinuance or termination of service, the deposit shall be credited, with accrued interest, to the charge stated on the final bill and the balance, if any, shall be returned to the customer within twenty-one (21) days of the rendition of such final bill.

I. Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, the deposit shall, with accrued interest, be promptly refunded or credited against charges stated on subsequent bills. Payment of a charge is satisfactory if received prior to the date upon which the charge becomes delinquent provided it is not in dispute. The Company may withhold refund of a deposit pending the resolution of a dispute with respect to charges secured by such deposit.

J. The deposit shall bear interest of nine (9) percent per annum which shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

K. A guarantor shall be released upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods. Payment of a charge is satisfactory if received prior to the date upon which the charge becomes delinquent provided it is not in dispute.

L. At the option of the Company, a cash deposit may be refunded or credited to the customer at any time prior to termination of service or the customer's twelfth billing period. In the case of a cash deposit interest is paid for the period during which the deposit is held by the Company, provided the period is thirty (30) days or more.

M. The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Company's regulations as to advance payments and payment for service, nor constitute a waiver or modification of the regulations pertaining to the discontinuance of service for nonpayment of any charges due the Company for services rendered. - B. When the customer has had service discontinued within the last twelve (12) months or where the customer incurs toll or other charges at any time during the billing period which are equal to at least 400% of the amount of the deposit or guarantee previously required from the customer, payment may be demanded for toll charges by a telephone call to the customer followed by written notification of such demand sent by first class mail.
- C. If the toll charges billed under Rule 13-B remain unpaid for ten (10) days from rendition of written notification or a mutually established late payment arrangement date or twenty-one (21) days from rendition of the bill, such charges will be deemed delinquent.
- D. In the event of failure by the customer, or those responsible, to pay any regular bill or to promptly settle special toll bills, the Company may discontinue service upon proper notice to the customer. Service need not be restored unless or until all amounts due at the day of payment are paid in full including the restoration of service charges or satisfactory arrangements made therefor.
- E. The regular restoral of service charge will be made for reconnecting services which have been discontinued for non-payment of charges due. No allowance will be made for loss of service during the period service is disconnected for non-payment if payment is made and service reconnected before the completion of an order to terminate the service. Subsequent to the completion of an order to terminate service, it may at the option of the Telephone Company be re-established only on the basis of a new application.
- F. Bills for exchange and toll service will be rendered on a cyclical basis. The normal billing period is one month. Billing cycles may be altered if the affected customers are sent an insert or other written notice explaining the alteration not less than thirty (30) days prior to the effective date of the alteration. This notification is not required where a customer requests a number change, or when the customer disconnects and reconnects service or transfers service from one premise to another.

1. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
2. When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
3. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
4. If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
5. If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
6. Failure of the customer to pay to the Company the amount not in dispute with four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.

A. Telephone lines constructed, installed and owned by utilities in subdivisions shall be installed underground.

MISSOURI
Public Service Commission

1. The following definitions are used in this section of the tariff:

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (definition excludes mobile home).

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

2. The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs C and E of this section of the tariff. Temporary service is provided under Paragraph D of this section of the tariff.

B. Rights-of-Way and Easements

1. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public lands and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.
2. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

C. Advance Payments

1. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgement of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
2. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro
