A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers - Revision numbers also appear in the upper right hand corner of each page. These numbers are used to determine the most current page version on file with the MPSC. For example, 4th Revised Page 14 cancels the 3rd. Revised Page 14. Because of the various suspension periods, deferrals, etc. the MPSC follows in its tariff approval process, the most current page number on file with the MPSC is not always the tariff page in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subsequent to its higher level:

- 2.
- 2.1
- 2.1.1.
- 2.1.1.A
- 2.1.1.A.1

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS MISSOURI
Public Service Commission

- 1.1 Authorization Code: A numerical code assigned by the carrier to the subscriber for the subscriber's use in identifying the subscriber to the call accounting equipment at the time a call is dialed.
- 1.2 Carrier/Company: Touch 1 Communications, Inc. unless the context means otherwise.
- 1.3 Subscriber: The person, firm, corporation or other entity which orders or uses services and is responsible for the payment of charges and for compliance with tariff regulations.
- 1.4 Underlying Carrier: The telecommunications carrier or carriers whose network facilities provide the technical capability and capacity necessary for the transmission and reception of customer telecommunications traffic within Missouri.
- 1.5 Travel Card Call: A service whereby the Customer or Authorized User dials all of the digits necessary to route and bill a call placed from a location other than his/her residence. Service is accessed via a "1-800 or 1-888" or other access code dialing sequence.

SECTION 2 - RULES AND REGULATIONS

- 2.1 Carrier is a resale common carrier providing telecommunications service to subscribers for direct voice communication with stations of any domestic telephone system within the state of Missouri. Service is available all hours, all days. Billing for calls begins at the time Carrier's frequency monitoring device detects the called party has answered and ends when the device detects that either party hangs up. The carrier will provide an appropriate credit to a customer billed for a call of short duration when customer identifies that the call was not complete.

2.3.6 The customer or user of carrier provided services is responsible for payment of all charges for services and equipment furnished to the customer for transmission of calls via the company regardless of intentional, negligent, or fraudulent use. In particular, and without limitation to the foregoing, the customer or user is responsible for any and all costs incurred as the result of:

T/M

a. Any and all use of the services provided by the company, including calls which the customer did not individually authorize.

b. Any and all calls placed to a toll free service number provided to the customer by the carrier.

c. Any and all calls placed using a carrier provided travel/calling card or authorization number, including calls which the customer did not individually authorize.

T/M

2.3.7 The customer is responsible for payment of all charges for services furnished by The Company. Non-recurring charges are payable when the service for which they are specified have been performed. If an entity other than The Company (e.g., another carrier or a supplier) imposes charges on The Company, in addition to its own internal costs, in connection with a service for which a Company non-recurring charge is specified, those charges will be passed on to the customer. Recurring charges which are fixed in amount and not dependent on usage are billed in advance. Usage charges are stated as a function of, and vary with, use (e.g., per connection time). Usage charges are billed in arrears.

2.6 Cancellation of Service by Carrier for Non-Payment **MISSOURI Public Service Commission**

Service continues to be provided until canceled by the Subscriber, in writing, or until discontinued by the Carrier as set forth below. The Carrier may render bills subsequent to the termination of service for charges incurred before termination provided that the bill coincides with the billing cycle for that customer.

2.6.1 Charges will be considered delinquent after a period of 21 days following issuance of bill. The carrier, upon 5 days written notification to the subscriber, may discontinue service without incurring any liability if after 21 days after rendition of bill the Carrier has not received full payment for service rendered hereunder.

2.7 Liability

2.7.1 The liability of the Carrier for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service and not caused by the negligence of the subscriber, commences upon activation of the service and in no event exceeds any amount equivalent to the proportionate charge to the subscriber for the period of service during which such mistakes, omissions, interruptions, delays, errors or defects in transmission occur. For the purpose of computing this amount, a month is considered to have thirty (30) days.

2.7.2 Carrier shall not be liable for any claim or loss, expense, or damage, (including indirect, special or consequential damage) for any interruption, delay, error, omission, or other defect in any service, facility or transmission provided under this tariff, if caused by any person or entity other than carrier by any malfunction of any service or facility provided by any other carrier, by an Act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond Carrier's control.

SECTION 3 - DESCRIPTION OF SERVICES

REC'D DEC 01 1998

3.1 Timing of Calls

a. Usage

The customer's long distance usage charge is based on the actual usage. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizes audio tone detection. A call is terminated and the charges end when either party hangs up.

b. Time Periods

The customer's long distance usage charge is based on the day and time the originating party makes the call.

3.2 TOUCH 1 Basic Service - FIRST TOUCH. 1 + Access (Where Available). This is toll service that enables the subscriber to call stations of any domestic phone system in Missouri. Calls are rounded to the next whole minute and are individually rated on the basis of distance, duration and time of day/day of week. Service is accessed by designating TOUCH 1 as the long distance carrier, and dialing 1 + the called number. Rates are set forth in the Rates and Charges portion of this tariff.

3.2.A FIRST TOUCH PLUS - is a variation of Touch1's First Touch plan. This program offers customers an additional 15% off First Touch intrastate and interlata rates for all 1+ direct dialed calls that terminate within the state of Missouri. All calls will be billed with a one minute minimum and full minute increments thereafter. Partial minutes will be rounded to the next higher minute. No additional volume discounts apply. Standard times for Day, Evening, and Night/Weekend calling periods apply. There are no sign up fees or monthly charges associated with product.

3.1 Timing of Calls

MISSOURI
Public Service Commission

a. Usage

The customer's long distance usage charge is based on the actual usage. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizes audio tone detection. A call is terminated and the charges end when either party hangs up.

CANCELLED

b. Time Periods

The customer's long distance usage charge is based on the day and time the originating party makes the call.

3.11 PERSONAL TOUCH 800/888 SERVICE - Personal Touch 800 Service provides a customer with an 800 telephone number for use within the continental U.S. 24 hours a day, seven days a week. Personal Touch 800 Service calls originated by users dialing the Customer's 800 number will be terminated to the Customer's designated location.

Customers may also, upon request, receive calls from Alaska, Hawaii, Puerto Rico, U.S Virgin Islands and Canada. There is no installation charge or monthly subscription fee for the service. Rates are set forth in the Rates Section of this tariff.

a. Assignment and Reservation of 800 Numbers

- 1. The Company in conjunction with its Responsible Organization (Resp. Org.) will reserve, assign, activate or change 800 numbers for a Customer and will administer 800 numbers in accordance with customary industry standards and practices, and the terms of this Tariff and effective procedures of the 800 Service Management System (SMS/800).
2. The Company reserves the right to recover Personal Touch 800/888 Service in the event that service is not actually and substantially used within a 90-day period. The Company will provide the Customer with notice of such recovery no less than 30 days following receipt of notice. At which time the Company will release the 800 number to the pool of numbers available for assignment.
3. If a Customer accumulates undisputed past-due charges, the Company reserves the right not to honor the Customer's request for a change in 800 service to another carrier (e.g., "porting" of the 800 number), including a request for a Responsible Organization (Resp Org) change, until such time as all charges are paid in full.
4. If Touch 1 is notified by the Local Exchange Carrier that a customer's local service has been disconnected, the customer must notify Touch 1 of this change within 30 days or the service will be discontinued.

b. Personal Touch 800/888 + Personal Identification Number (PIN)

Personal Touch 800/888 + PIN is based on a security code assigned to the customer by the company. This service provides 800 numbers shared by more than one customer, whereby individual customers are identified by a unique Personal Identification Number (PIN). The PIN may not be assigned or transferred for use with service provided by another carrier. Subject to the limitations provided in Section 3, the Company will only honor customer requests for change in Resp Org or 800 service provider for 800 numbers dedicated to the sole use of that single customer.

Public Service Commission

4.1.2 Holiday Rates: On January 1, July 4, Labor Day, Thanksgiving Day and Christmas Day, Martin Luther King Day, Presidents Day, Memorial Day, Columbus Day and Veterans Day, Evening Rates apply from 8am to 5pm in lieu of regular rates, if holiday falls on a weekday.

4.1.3 Calculation of Distance: Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with originating and terminating points of call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications research in their NPA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4.

Formula:

$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$
