TARIFF FORMAT

MISSOURI  
**Public Service Commission**

- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between existing sheets with whole numbers, a decimal is added. For example, a new sheet added between Pages 34 and 35 would be 34.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet version on file with the MPSC. For example, the 4th revised Sheet 34 cancels the third revised Page 34. Because of deferrals, the notice periods, etc., the most current sheet number on file with the MPSC is not always the tariff sheet in effect. Consult check sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2.
  - 2.1
  - 2.1.1
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a)
  - 2.1.1.A.1.(a).I
  - 2.1.1.A.1.(a).I.(i)
  - 2.1.1.A.1.(a).I.(i)(1)
- D. Check Sheets - When a tariff filing is made with the MPSC, an updated check sheet accompanies the tariff

MISSOURI  
Public Service Commission

filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on same sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current sheet on file with the MPSC.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

1.1 Definitions

Application for Service - A standard order form which includes all pertinent billing, technical, and other descriptive information which will enable the carrier to provide the communication service as required.

Authorization Code - A numerical code, one or more of which are assigned to a customer to enable Reseller to identify use of service on his account and to bill the customer accordingly for such service. Multiple authorization codes may be assigned to a customer to identify individual users or groups of users on his account.

Authorized User - A person, firm, corporation, or other entity authorized by the customer to receive or send communications.

1.1 Definitions (continued)

Automatic Dialing Device - A device which, when attached to customer's telephone equipment, dials the carrier's facilities, emits an authorization code, and forwards the number which the customer is calling to the carrier's facilities.

Bandwidth - The total frequency band, in hertz, allocated for a channel.

Calling Cards - A call billed to a card number issued by a Local Exchange Company.

Cancellation of Order - A customer-initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each circuit-end or dedicated access line cancelled from an order prior to its completion by carrier under the following circumstances: (1) if the local telephone company has confirmed in writing to the carrier that the circuit-end or dedicated access line will be installed; or (2) if the carrier has already submitted facilities orders to an interconnecting telephone company.

Carrier - Universal Telecom, Inc. d/b/a Universal Telecom Technologies unless the context means otherwise.

Company - Universal Telecom, Inc. d/b/a Universal Telecom Technologies hereinafter referred to as Universal.

Completed Calls - Completed calls, as defined herein, are answered calls on the distance end. In the event an uncompleted call is inadvertently appears on a customer's bill as a one minute charge, an appropriate one minute credit will be issued upon notification by the customer.

Completed Calls (continued)

MISSOURI  
Public Service Commission

These one minute credits do not apply to calls terminating in an answering device. Calls terminating in an answering device are determined by calls initiated by Universal to the distance end party verifying whether the distant end call is an answering device. The above statement concerning possible billing errors is for the purposes of making customers aware that billing errors may occur and that customers should review bills for such errors.

Credit Card - A call billed to a major credit or charge card such as Visa, MasterCard or American Express.

Custom Account Coding - Allows the customer to create tables of unique project and/or account numbers for their private use.

Customer - The person, firm, corporation, or other entity which orders or uses service and is responsible for the payment of charges and compliance with tariff regulations.

Customer Provided Equipment - Terminal equipment, as defined herein, provided by a customer.

Dedicated Port - A port on Reseller's switching facility which is dedicated, at extra charge, to customer's exclusive use, and which is connected to the customer's premises by a private line furnished by customer or customer's serving local exchange company.

1.1 Definitions (continued)

Disconnection - The disconnection of a dedicated access line or port connection being used for existing service.

Excessive Call Attempt - A customer attempt to make a call over the Carrier's network using an invalid authorization code during a measured 15 minute period within which 10 or more incomplete call attempts are made by the customer from the same customer line, and where those attempts do not complete because the customer has not used a valid authorization code.

Expedite - A service order initiated at the request of the customer plus the accompanying installation or charge to related circuits that is processed in a time period shorter than Universal's standard service interval.

Holidays - Universal's recognized holidays are:

New Year's Day  
July 4th  
Labor Day  
Memorial Day  
Thanksgiving Day  
Christmas Day

+Applies to Federally observed holidays only. These holidays are for MTS Service exclusively.

MISSOURI  
Public Service Commission

Local Distribution Area (LDA) - Metropolitan locations served by Universal which have been defined by the telephone company providing local service in its local exchange tariff as "local calling area."

Measured Use Service - The provision of long distance measured time communications telephone service to customers who access the carrier's services at its switching and call processing equipment by means of access facilities obtained from another carrier by the customer or otherwise provided at its own expense (the customer is responsible for arranging for the access line).

Other Common Carrier - A person, firm, corporation, or entity regulated by the MPSC or the FCC which subscribes to carriers' communications services and facilities and resells these communications services and facilities to the public for a profit.

Unless otherwise indicated herein, the term "other common carrier" when used in this tariff also means "customer" and includes entities which are brokers of the service (act as intermediaries for the purpose of reselling), those entities which are processors of the service (enhances the value of the service through substantial incurred costs) and those entities which are underlying carriers.

Physical Change - The modification of an existing circuit, dedicated access line, or port at the request of the customer requiring some physical change or retermination.

Premises - The space designated by a customer as its place or places of business for termination of service (whether for its own communications needs or for its resale customers). In the case of a non-profit sharing group, this term includes space at each sharer's place or places of

SECTION 2 - REGULATIONS

SEP 8 1994

2.1 Undertaking of Universal

MISSOURI  
Public Service Commission

Universal provides long distance message toll telephone service to customers for their direct transmission of voice, data, and other types of telecommunications. The service is provided to multiple users.

Communications originate when the customer accesses Universal directly or through the facilities of the local service carrier via one or more access lines, equal access or on a dial-up basis. Universal may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Universal network. The customer shall be responsible for all charges due for such service arrangements.

The Company's services are provided on a monthly basis unless otherwise stated in this tariff, and are available 24 hours a day, seven days a week.

2.2 Limitations on Service

- 2.2.1 Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.
- 2.2.2 Universal reserves the right to provide services only to and from locations where the necessary facilities or equipment are available.
- 2.2.3 Universal reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control or when the customer

2.2.3 (cont.) is using the service in violation of the provisions of this tariff or in violation of the law.

2.2.4 Title to all equipment provided by Universal under these regulations remains with Universal. Prior written permission from the company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.

2.3 Use of Service

Service may not be used for any unlawful purposes or for any purpose for which any payment or other compensation is received by the customer, except when the customer is a duly authorized and regulated common carrier. This provisions does not prohibit an arrangement between the customer, authorized user, or joint user to share the cost of the service as long as the arrangement generates no profit for any participant in the arrangement.

2.3.1 Minimum Service Period

The minimum period for service is one month (30 days) unless otherwise noted in the service description.

2.4 General Limitation of Liability of Universal

MISSOURI

Public Service Commission

2.4.3 Universal shall not be liable for, and the customer indemnifies and holds Universal harmless from, any and all loss, claims, demands, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted, or asserted by the customer or by any party or persons, for a personal injury to, or death of, any person or persons, and for any loss, damage, defacement, or destruction of the premises of the customer or any other property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, condition, location, or use that is not the direct result of the carrier's negligence. No agents or employees or other carriers shall be deemed to be agents or employees of Universal.

2.5 Interruption of Service

A credit allowance for interruptions of service which are not due to Universal's testing or adjusting, to the negligence of the customer, or to the failure of the channels, equipment, and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section 2.4.1 of this tariff. It shall be the obligation of the customer to notify Universal of any interruption in service. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission by or within the customer's control and is not in wiring or equipment connected to the Universal terminal.

2.6 Restoration of Service

MISSOURI  
Public Service Commission

The use and restoration of service in emergencies shall be in accordance with the Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations which specifies the priority system for such activities.

2.7 Responsibility of the Customer

2.7.1 All customers assume general responsibilities in connection with the provisions and use of Universal's service. When facilities, equipment, and/or communication systems provided by others are connected to Universal's facilities, the customer assumes additional responsibilities. All customers are responsible for the following:

- A. The customer is responsible for placing orders for service, paying all charges for service rendered by Universal and complying with all of Universal's regulations governing the service. The customer is also responsible for assuring that its users comply with regulations.
- B. When placing an order for service, the customer must provide:
  1. The name(s) and address(es) of the person(s) responsible for the payment of service charges.
  2. The name(s), telephone number(s), and address(es) of the customer contact person(s).

Public Service Commission

- 2.7.3 The Company will pay 9% interest on deposits to be credited annually upon the account of the Customer or paid upon the return of the deposit, whichever occurs first. All deposits will be held by the Company.

Deposits will be returned:

- 1.) When an application for service has been cancelled prior to establishment of service. The deposit will be applied to applicable charges in accordance with the Tariff and the excess portion of the deposit returned;
- 2.) After one (1) year satisfactory credit;
- 3.) Upon discontinuance of service. The Company will refund the Customer's deposit or the balance in excess of unpaid bills.

The fact that a deposit has been made in no way relieves the Customer from complying with regulations regarding prompt payment of bills.

2.7.4 Credit Allowance

Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided and billed for, by Universal.

CANCELLED

APR 25 2003

By TD-03-337  
Public Service Commission  
MISSOURI

- A. Credit allowances for failure of service or equipment starts when the customer notifies Universal of the failure or when Universal becomes aware of the failure and ceases when the operation has been restored and an attempt has been made to notify the customer.
- B. The customer shall notify Universal of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by customer provided facilities, any act, or omission of the customer or in wiring or equipment connected to the terminal.

2.7.4 Credit Allowance (continued)

MISSOURI  
Public Service Commission

C. Only those portions of the service or equipment operation disabled will be credited. No credit allowances will be made for:

1. Interruptions of service resulting from Universal or any other underlying carrier performing routine maintenance;
2. Interruptions of service for implementation of a customer order for a change in the service;
3. Interruptions or fraudulent calls resulting from the negligence of the customer or his authorized user;
4. Interruptions of service because of the failure of service or equipment due to customer or authorized user provided facilities.

2.7.5 Cancellation by Customer

If a customer orders services requiring special equipment and/or facilities dedicated to the customer's use and then cancels his order before the service begins, before a completion of the minimum period mutually agreed upon by the customer and Universal, a charge will be made to the customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by Universal and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such services provided, the non-recoverable cost of such construction shall be borne by the customer.

2.7 Responsibility of the Customer

2.7.6 Payment and Charges for Services

MISSOURI  
Public Service Commission

Charges for service are applied on a recurring and non-recurring basis. Service is provided and billed on a monthly basis. Service continues to be provided until disconnected by the customer in writing on not less than thirty days notice.

A. Payment of Charges

Payment will be due upon receipt of the statement.

1. The customer is responsible for payment of all charges for service furnished to the customer. The initial billing may consist of one months estimated usage billed in advance. Thereafter, charges based on actual usage during a month will be billed monthly in arrears. All fixed monthly and non-recurring charges for services ordered will be billed monthly in advance.
2. Service may be denied or discontinued at Universal's discretion, for non-payment of amounts due Universal, past the due date. Restoration of service will be subject to all applicable installation charges. Disconnection may not occur before thirty (30) days from invoice. Universal must give five days written notice before any disconnection can occur.

2.7 Responsibility of the Customer

**MISSOURI  
Public Service Commission**

2.7.7 Application of Charges

The charge for service are those in effect for the period that service is furnished. If the charges for a period covered by a bill change after the bill has been rendered, the bill will be adjusted to reflect the new charges.

2.8 Responsibility of Universal

2.8.1 Calculation of Credit Allowance

Pursuant to limitations set forth in Section 2.7.4, when service is interrupted the credit allowance will be computed on the following basis:

- A. No credit shall be allowed for an interruption of less than two hours.
- B. The customer shall be credited for an interruption of two hours or major fraction thereof that the interruption continues.
- C. When a minimum usage charge is applicable and the customer fails to meet a usage minimum credit, the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of two hours or major fraction thereof that the interruption continues.
- D. Business customers will have up to 60 days (commencing 5 days after remittance of the bill) to initiate a dispute over charges or to receive credits.

2.8 Responsibility of Universal

2.8.2 Cancellation of Credit

MISSOURI  
Public Service Commission

Where Universal cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.8.3 Disconnection of Service by Universal

Universal, upon 5 days written notice to the customer, may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to Universal for service for more than thirty days beyond the date of rendition of the bill for such service;
- B. A violation of any regulation governing the service under this tariff;
- C. A violation of any law, rule, or regulation of any government authority having jurisdiction over the service; or
- D. Universal is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

2.8.4 Fractional Charges

MISSOURI  
**Public Service Commission**

Charges for a fractional part of a month (which follows a full month) are calculated by counting the number of days remaining in the billing period after service is furnished or has been discontinued. The number of days remaining in the billing period are counted starting with the day after the service was furnished or discontinued. Divide that figure by thirty days. The resultant fraction is then multiplied by the monthly charge to arrive at the fractional monthly charge.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

SEP 8 1994

3.1 Timing of Calls

MISSOURI

Public Service Commission

- 3.1.1 The customer's monthly usage charges for Universal service are based upon the total number of minutes the customer uses and service options subscribed to. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when the either party "hangs up."

There are no charges incurred if a call is not completed.

3.2 Start of Billing

For billing purposes, the start of service is the day following acceptance by the customer of Universal's service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by Universal of notification of cancellation as described in Section 2 of this tariff.

3.3 Interconnection

MISSOURI  
Public Service Commission

Service furnished by Universal may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by Universal. Service furnished by Universal is not part of a joint undertaking with such other carriers. Any special interface equipment of Universal and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of other carriers' tariffs. The customer is responsible for taking all necessary legal steps for interconnecting his customer - provided terminal equipment or communications systems with Universal's. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

3.4 Terminal Equipment

Universal's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at his premises, including customer personnel, wiring, electrical power, and the like incurred in his use of carrier's service.

- 3.4.1 When such terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth below and shall not interfere with service furnished to other customers. Additional protective equipment, if needed, shall be employed at the customer's expense.

3.4 Terminal Equipment (continued)

**MISSOURI  
Public Service Commission**

3.4.2 When service using voice grade facilities is terminated in customer-provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the following minimum protective criteria:

- A. When the services furnished under this tariff are used in common with local telephone company services, it is necessary, in order to prevent excessive noise and cross talk, that the power of the signal applied to the local lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the band over 300 hertz which may be applied by the customer-provided equipment at the point of termination will be specified by the carrier for each application, to be consistent with the signal power allowed on the telecommunications network.
- B. To protect the telecommunications services from interference at frequencies which are above the band of service provided, the carrier will specify the acceptable signal power in the following bands to be applied by the customer provided equipment or communications system at the point of termination to insure that the input to Bell's facilities does not exceed the limits indicated.

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communication Research in their NPA-NXX V&H Coordinate Tape and AT&T Tariff No. 10.

Formula:

$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 97% per 100 calls attempted during peak use periods for all Feature Group D (1+) services.

3.7 Special Services

For the purpose of this tariff, a Special Service is deemed to be any service requested by the customer for which there is no prescribed rate in this tariff. Special Services charges will be developed on an individual case basis and filed in this tariff. Pricing on special services will be above cost and information will be available to the staff of the Public Service Commission upon request.

3.7.1 Specific Regulations

Special Service charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service,

the cost of installation including labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service request.

- A. If at the request of the customer, Universal obtains facilities not normally used to provide service to its customers, the cost incurred will be billed as a Special Service.
- B. If at the request of the customer, Universal provides technical assistance not normally required to provide service, the costs involved will be billed as a Special Service.
- C. Where special signaling, conditioning, equipment, or other features are required to make customer-provided equipment compatible with Universal service, the cost of providing these features will be billed as a Special Service.

3.8 General Description and Rates for Universal's Communication Service

There are three types of service: Common shared access switched service, hereinafter referred to as Message Toll Service or MTS, outbound Wide Area Telecommunications Service (WATS) and inbound 800 service. The customer's total monthly use of Universal's service is charged at the applicable rates per minute set forth herein and are based on the airline mileage between the points, where applicable, as determined by the formula in Section 3.5, Calculation of Distance. Universal will engineer its switching systems on the basis that ninety-nine percent (99%) of the customers accessing their system will be served during the busy hour.

MISSOURI

3.8.1 Message Toll Service (MTS) Options **Public Service Commission**

MTS service is a measured use, full time service and is offered on a monthly basis, utilizing inter-city communications facilities shared among multiple users. The individual customer's basic monthly charges for the use of such inter-city communications facilities are based upon the time of day, the total minutes the customer utilizes such facilities and the distance of each call. For each call under the MTS option, the minimum charge shall be the applicable charge for one minute of use with use in excess of one minute during a call charged at the applicable rate per minute with the fraction, if any, of the last minute of each call rounded up to the next highest whole minute, unless stated otherwise.

A. UTT Plan I

UTT Plan I is a calling plan designed for business customers utilizing 25% or more of usage in international calls.

B. UTT Plan II (Residential)

UTT Plan II (Residential) is a residential calling plan which is billed on a time of day rate basis.

C. UTT Plan II (Outbound Switched)

UTT Plan II (Outbound Switched) is a switched access product for which service is billed at a flat rate regardless of the time of day and distance of calls. The rate a customer will be charged for service will be dependent upon the dollar amount of switched access service utilized on a monthly basis.

1.) Billing Increments

Outbound switched services will be billed in six (6) second increments with a thirty (30) second minimum per call.

B. Use of the 800 Service (continued) **Public Service Commission**

(a) The acceptance of an 800 service call in response to an uncompleted Message Telecommunications Service (MTS) call placed to send information and to avoid the MTS charge.

(b) The obtaining or attempting to obtain, or assisting another to obtain or to attempt to obtain, 800 service through any fraudulent means with intent of avoiding payment of the regular charges for such service.

C. Provisioning Scope and Responsibility

800 service arrangements include account planning, testing, maintenance, billing service accuracy and customer inquiry responsibility. Local Exchange Carrier facilities are standard components of 800 service arrangements. 800 services include access lines provided and billed as part of the service arrangements by the respective LEC. The company reserves the right to delay of defer service ordering and provisioning in locations where billing capability and facilities are not available to Universal and/or no customer demand exists.

D. Design Layout Requirements for 800 Service

Since 800 service access line facilities are provided and billed by the LECs as part of the company's 800 service arrangements, any customer or other carrier request for access line design parameter should be directed to the LEC as the access line facilities provider.

3.8 General Description of Universal's Communication Services  
(continued)

RECEIVED

SEP 8 1994

3.8.3 800 Services (continued)

E. Limitation of 800 Service

MISSOURI  
Public Service Commission

800 service is furnished upon the condition that the subscriber contracts for adequate facilities to permit the use of this service without injurious effects upon it or any service rendered by the company. The company may terminate or refuse to furnish 800 service to any applicant, without incurring any liability, if the use of the service would interfere with or impair any service rendered by the company.

3.8.4 Reservation of Numbers for 800 Services

Universal will accept a prospective 800 service customer's request for a particular 800 service telephone number (up to ten (10) in total), and will reserve such number(s) on a first come first serve basis. All requests for 800 service telephone number reservations must be made in writing, dated and signed by a responsible representative of the customer. Universal does not guarantee the reservation of number(s) until that number is assigned. The 800 services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer, provided the customer subscribes to 800 service within 10 days of the reservation of said number and uses the service within an additional 90 day period. If the customer who has received a number does not subscribe to and use the service within the appropriate 10 to 90 day period specified above, the company reserves the right to make the number available for use by another customer in accordance with the terms of the section.

3.8 General Description of Universal's Communication Service  
(continued)

SEP 8 1994

3.8.4 Reservation of Numbers for 800 Services  
(continued)

MISSOURI  
Public Service Commission

A prospective 800 service customer may reserve not more than ten (10) 800 service telephone numbers. Nothing herein, or in any other provisions of this tariff, or in any marketing materials issued by the company, shall give any person, including prospective customers who have reserved an 800 service, or their transferees or assignees, any ownership interest or proprietary right in any given 800 service telephone number; provided, however, that a customer who sells an ongoing operating business for which 800 service telephone number has been in use, may transfer the right to continue to use the 800 service telephone number. If an 800 service customer terminates the service, any 800 service telephone number which had been assigned to said customer will be forfeited and revert to Universal.

In any instance in which the company learns that a customer or prospective customer is attempting to sell or otherwise transfer or assign a Universal 800 telephone number to another person, Universal may immediately, and without notice, release the number from reserved status, or it may immediately upon written notice to the customer discontinue the furnishing of service via the number.

3.8.5 800 Service Options

A. UTT Plan II (800 Switched)

UTT Plan II is an 800 switched access product for which service is billed at a flat rate regardless of the time of day and distance of calls. The rate a customer will be charged for service will depend upon the dollar amount of 800 service utilized on a monthly basis.

3.8.5 800 Service Options (continued)

MISSOURI  
Public Service Commission

A. UTT Plan II (800 Switched) (continued)

1.) Billing Increments

800 switched services will be billed in six (6) second increments with a thirty (30) second minimum per call.

2.) There will be a \$15.00 minimum usage charge per 800 number.

3.) This service will provide the user with nationwide termination except in the following areas: Vermont, Montana, North Dakota, South Dakota and two LATAs in Nebraska.

4.) Original Letters of Agency must be mailed to UTT within forty-eight (48) hours.

B. UTT Plan II (800 Dedicated)

UTT Plan II (800 Dedicated) is an 800 dedicated access product for which service is billed at a flat rate regardless of the time of day and distance of calls. The rate a customer will be charged for service will depend upon the dollar amount of the 800 service utilized on a monthly basis.

1.) Billing Increments

800 Dedicated service will be billed in six (6) second increments with a thirty (30) second minimum per call.

2.) There will be a minimum monthly usage requirement of 75,000 minutes per T-1. The customer will be billed .02 cents per minute for each minute of shortfall.
