TELECOMMUNICATIONS SERVICES TARIFF RECEIVED

TARIFF FORMAT

FEB 17 1995

Page Numbering - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially and from time to time new leafs may be added to the tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Page No.s 3 and 4 would be numbered 3.1.

Explanation of Symbols - When changes are made in any tariff leaf, a revised leaf will be issued canceling the tariff leaf affected. Changes will be identified on the revised leaf(s) through the use of the following symbols:

- (C) - to signify changed regulation.
- (D) - to signify discontinued rate, regulation, or text.
- (I) - to signify increased rates.
- (M) - to signify material relocated from one leaf to another without change.
- (N) - to signify new rate, regulation, or text.
- (R) - to signify reduced rate.
- (S) - to signify reissued material.
- (T) - to signify a change in text, but no change in rate or regulation.
- (Z) - to signify a correction.

In addition to symbols for changes, each changed provision in the tariff shall contain a vertical line in the right hand margin of the leaf which clearly shows the exact number of lines being changed.

1.1 Definitions of Terms

MO. PUBLIC SERVICE COMM.

**Access Line** - One of several types of circuits used to carry long distance calls all or part way between customer premises and long distance company switches. When calls are originated or received over customers' regular local lines or over customers' special WATS Access Lines, long distance companies buy Feature Group access lines to carry calls between their switch or POP and the local telephone company switch. Customers may originate or receive calls over special dedicated access lines directly from the customer premises to the long distance company's POP.

**Accounting Code** - A number, usually two, three or four-digits, entered when dialing a telephone call that tells a long distance company to allocate and subtotal the call to a particular subaccount. Calls are listed and summarized by account code on Customers' monthly bill.

**Answer Supervision** - An electrical signal fed back up the line by the local telephone company at the distant end of a long distance call to indicate positively that the call has been answered by the called telephone. Activates the billing equipment to start timing calls completed over FGB or FGD access trunks at the distant end.

**Authorization Code** - A number, usually ten or fourteen digits, entered using a tone telephone to identify the caller as a customer of the long distance service. Used primarily to verify the caller as a customer and to bill calls.

**Calling Card** - A billing convenience whereby the Customer may originate calls from any tone telephone. The Customer dials an 800 number and an authorization code followed by the terminating telephone number. In cases of LEC billing, the terms and conditions of the local telephone company will apply to payment arrangements.

**Carrier** - VarTec Telecom, Inc. unless otherwise clearly indicated by the context.

**Commission** - Missouri Public Service Commission.

**Customer** - The person, firm, corporation or other entity which initiates a call on Carrier's network, or accepts billing for the call on Carrier's network, subject to the terms and conditions of Carrier's tariff regulations.

**Day** - From 8:00 a.m. up to, but not including, 5:00 p.m. local time Monday through Friday.

2.1.1 General

VTI's services and facilities are furnished for communications originating at specified points within the State of Missouri under the terms of this tariff.

VTI installs, operates and maintains the communications services provided herein in accordance with the terms and conditions set forth under this tariff. VTI may act as the Customer's Agent for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the network. The Customer shall be responsible for all charges due for such a service arrangement.

VTI's services and facilities are provided on a monthly basis unless otherwise stated, and are available twenty-four (24) hours per day, seven (7) days per week.

(D) All facilities provided under this tariff are directly controlled by VTI and the Customer may not transfer or assign the use of service or facilities without the express written consent of Carrier. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.

(E) Prior written permission from Carrier is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

(F) For any telephone number which accesses VTI's service on a per call basis via the Company's Carrier Access Code ("CAC") for 1+ calling and is subscribed to a service listed in this tariff for which the customer is required to be entered into the VTI billing database prior to use, VTI reserves the right to remove the telephone number from the billing database in the event that a period of ninety (90) consecutive days passes during which the telephone number does not access VTI's service via a CAC(s). In the event that a customer is removed from the VTI billing database, upon next use of VTI's service, the customer's VTI service will be the current default service (i.e., the service listed in this tariff that does not require the customer to be entered into the VTI billing database prior to use). The customer will be billed automatically for this use according to the terms of the current default service.

2.13.1 Intentional Abuse of Service

MO. PUBLIC SERVICE COMM.

VTI has the right to refuse telephone service to any premises and at any time to discontinue telephone service, if it finds it necessary to do so to protect itself against intentional abuse. Intentional abuse of service includes, without limiting the generality of the foregoing, the use of service or facilities of Carrier to transmit a message or to locate a person or otherwise to give or obtain information, without payment of a message toll charge of an exchange service charge.

Another form of such abuse is an intentional uninterrupted connection of one exchange station to another station, excluding those connections charged on an elapsed time basis, which permits the use of the facilities in a manner similar to private line service. It also includes intentional receiver off-hook conditions.

**3.0 DESCRIPTION OF SERVICES****RECEIVED****3.1 General****FEB 17 1995****3.1.1 Introduction****MO. PUBLIC SERVICE COMM.**

The Carrier endeavors to provide high quality service. Service is available twenty-four (24) hours per day, seven (7) days a week, subject to routine maintenance and outages beyond the control of the Carrier. Carrier's switching equipment is designed and engineered to provide high quality transmission of voice and data with a minimum level of impairment such as noise and echo. However, overall quality may vary somewhat due to the variability in quality of the connections provided by the local telephone companies and other interexchange carriers.

**3.1.2 Timing of Calls**

- (A) Long distance usage charges are based on the actual conversation time transpiring on VTI's network. No charge will generally apply to uncompleted calls, which include "ring busy" and "ring no answer calls," and such uncompleted calls will not be knowingly charged to the Customer and, if charged in error, will be refundable to the Customer.

Customers of VTI's PennyCall<sup>SM</sup> Service will be eligible for VTI's Frequent Caller Program. For every long distance PennyCall<sup>SM</sup> call a Customer makes, excluding Directory Assistance calls, the Customer will receive one additional long distance PennyCall<sup>SM</sup> call for only one cent (\$.01). The one cent (\$.01) call can be up to ten (10) minutes in duration and can be made anywhere within the contiguous United States. The one cent (\$.01) call will automatically be assessed by Company's billing system on the first long distance call that meets the above-noted conditions and are subsequent to the required ten (10) long distance calls made by the Customer, regardless of the Customer's actual billing cycle.

Customers of this service will utilize the optional long distance access feature installed on a Uniden Long Distance Manager™ EXLI8962 telephone, or subsequent models, to access VTI via Equal Access FGD circuits and/or other Switched Access Services. After enrolling, Customers may access the CallManage Service on a per call basis by utilizing the long distance access feature which automatically accesses VTI's network when selected, then the Customer dials 1 + area code (if required) + NXX-XXXX. In order to receive the CallManage Service rates, the Customer must be entered into CallManage Program billing database for the CallManage Service prior to utilizing this service. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX in the state of Missouri. Rates and charges for the CallManage Service are set forth in Section 4.14 following.
