MO. PUBLIC SERVICE COM

DEFINITIONS

MAY 26 1998

1.1 Certain terms used generally throughout this tariff are defined below:

MO. PUBLIC SERVICE COMM

Account Codes: Allows a User to allocate local calls to a 4-digit, non-verified account code.

Advance Payment: Payment of all or part of a charge required before the start of service.

Authorized User: A person, firm, corporation, or other entity that either is authorized by the Customer to use local exchange telephone service or is placed in a position by the Customer, either through acts or omissions, to use local exchange telephone service.

Bit: The smallest unit of information in the binary system of notation.

Call Back/Camp On: Permits a station line encountering an all-trunk-busy condition the option of being notified when a trunk becomes idle.

Call Forward Busy: Automatically routes incoming calls to a pre-designated answering point when the called line is busy.

Call Forward Don't Answer: Automatically routes incoming calls to a pre-designated answering point when the called line is not answered after a preset number of rings.

(RT)

(RT)

Call Forward Variable: Automatically routes incoming calls to a designated answering point selected by the subscriber, regardless of whether the user's station is idle or busy. The subscriber may change the designated answering point using the telephone key pad.

(CT)

Call Hold: Allows the user to hold one call for any length of time provided that neither party goes On Hook.

Call Park: Allows a User to "park" a call against their directory number within the business group and "unpark" the call from any other directory number. A business group consists of a series of Customer-defined telephone numbers.

Call Trace: Allows the customer to dial a code to automatically request a record of the caller's originating telephone number, the date, and time of the call, as well as the date and time of the customer initiated trace. The information is stored and disclosed only to a law enforcement agency for investigation purposes. The customer does not receive any information regarding the origination of the calls.

CANCELS 1ST REVISED PAGE 1.2

By *Mel Me...*
Missouri Public Service Commission
MISSOURI

REC'D NOV 01 1999

Call Transfer/Consultation/Conference: Provides the capability to transfer or add a third party, using the same line.

Call Waiting: Provides the User with a burst of tone to indicate that another call is waiting. The second call can either be answered by flashing the switchhook or hanging up the phone and being rung back by the caller.

Call Waiting Cancel: Allows a user to cancel the Call Waiting feature on a per call basis by dialing a specific two digit code.

Caller ID - Number: Identifies the 10-digit number of the calling party before the call is answered. Specialize answering equipment is required to display the calling party information. The calling party may block the display of their number by dialing a code prior to placing the call .

Any customer subscribing to Caller ID will be responsible for the provision of a display device, which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. Brooks assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Telephone CPN (Calling Party Directory Number) information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

Caller ID Blocking/Calling Number Delivery Blocking: Blocks the delivery of the number to the called party on a per call basis . Can either be "selective" or "complete" .

Per line blocking for the blocking of CPN (Calling Party Directory Number) will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to Brooks a) private, nonprofit, tax exempt, domestic violence intervention agencies and b) federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call. Line blocking customers can unblock their CPN information on a per call basis, at no charge, by dialing an access code (*82 on their touch tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their touch tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activated blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer Owned Pay Telephones. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

Dial Pulse (DP): The pulse type employed by rotary dial Station sets.

MO. PUBLIC SERVICE COMM

Direct Inward Dialing (DID): A service attribute that routes incoming calls directly to Station, by-passing a central answering point.

Distinctive Ringing: Allows customers to establish up to three telephone numbers on the same access line. Each number is assigned a distinctive ring. The billing telephone number is the "master" number and has a standard ring. The other number(s) are dependent numbers and are assigned individual distinctive rings. (CT)
|
(CT)

Do Not Disturb: Allows the User to prevent incoming calls from ringing its line by diverting them to a tone or a recorded announcement that informs the caller that the User is not accepting calls at this time.

Dual Tone Multi-Frequency (DTMF): The pulse type employed by tone dial Station sets.

Exchange Carrier: Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in the provision of local exchange telephone services. (MT)

Fiber Optic Cable: A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message. (MT)

Holidays: New Year's Day (January 1), Memorial Day (third Monday in May), Independence Day (July 4), Labor Day (first Monday in September), Thanksgiving Day (fourth Thursday in November), and Christmas Day (December 25).

Hotline: Automatically calls a pre-specified number when the Hotline station goes off hook. (NR)

Hunting:
Sequential Hunting: A hunting arrangement that provides for sequential hunt over members identified within the hunt group. The hunt for an idle line begins at the telephone number dialed and proceeds sequentially through the lines identified in the hunt group until an idle line is found or the last assigned number within the hunt group is reached. If an idle line is found, the hunt stops and the idle line is rung. If all lines are busy, the caller receives a busy.

Circular Hunting: A hunting arrangement similar to sequential hunting except, if no idle line is found by the time the last line in the group is reached, the hunt circles back to the first line in the group and hunts up to but not including the line where the hunt started.

In-Only: A service attribute that restricts outward dial access and routes incoming calls to a designated answer point.

Individual Case Basis: A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the Customer's situation

Joint User: A person, firm or corporation designated by the Customer as a user of local exchange service furnished to the Customer by the Company, and to whom a portion of the charges for such facilities are billed under a joint use arrangement.

DEFINITIONS - (Continued)

MAY 26 1998

Kbps: Kilobits, denotes thousands of bits per second .

Last Number Redial: Enables a station line user to redial the last called number by use of an access code rather than dialing the entire number.

NO PUBLIC SERVICE COMM

LATA: A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District of Columbia in Civil Action No. 82-0192 for the provision and administration of communications services.

Least Idle Trunk Selection (LIDL): LIDL trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the shortest period of time.

Local Calling: A completed call or telephonic communication between a calling Station and any other Station within the local service area of the calling Station.

Local Exchange Carrier: A company which furnishes exchange telephone service.

Long Distance Account Codes: Allows the customer to assign codes to employees, projects, cases, or departments to track long distance usage and allocate charges. The customer is offered the option of non-verified or verified codes. (AT)

Mbps: Megabits, denotes millions of bits per second.

Message Waiting: This feature provides an indication to a Station User that a message is waiting. Indications may be visual (lamp) or audible (stuttered dial tone).

Most Idle Trunk Selection (MIDL): MIDL Trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the longest period of time.

Multiple Appearance Directory Numbers: A directory number that is assigned more than once to one or more Proprietary Business Sets.

Multi-Frequency ("MF"): An inter-machine pulse-type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Non-Recurring Charges: The one-time charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the service Order is executed.

Off-Hook: The term "off-hook" denotes the active condition of a telephone exchange service line.

On-Hook: The term "on-hook" denotes the idle condition of a telephone exchange service line.

Presubscription - 2: An arrangement whereby a Customer may select and designate to the Company an Exchange Carrier it wishes to access, without an access code, for completing intraLATA toll Calls. The selected Exchange Carrier is referred to as the End User's Primary IntraLATA Long Distance Carrier (PIC-2).

MISSOURI
Public Service Commission

Kbps: Kilobits, denotes thousands of bits per second.

Last Number Redial: Enables a station line user to redial the last called number by use of an access code rather than dialing the entire number.

LATA: A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District of Columbia in Civil Action No. 82-0192 for the provision and administration of communications services.

Least Idle Trunk Selection (LIDL): LIDL trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the shortest period of time.

Local Calling: A completed call or telephonic communication between a calling Station and any other Station within the local service area of the calling Station.

Local Exchange Carrier: A company which furnishes exchange telephone service.

Mbps: Megabits, denotes millions of bits per second.

Message Waiting: This feature provides an indication to a Station User that a message is waiting. Indications may be visual (lamp) or audible (stuttered dial tone).

Most Idle Trunk Selection (MIDL): MIDL Trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the longest period of time.

Multiple Appearance Directory Numbers: A directory number that is assigned more than once to one or more Proprietary Business Sets.

Multi-Frequency ("MF"): An inter-machine pulse-type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Non-Recurring Charges: The one-time charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the service Order is executed.

Off-Hook: The term "off-hook" denotes the active condition of a telephone exchange service line.

On-Hook: The term "on-hook" denotes the idle condition of a telephone exchange service line.

Presubscription - 2: An arrangement whereby a Customer may select and designate to the Company a Long Distance Carrier it wishes to access, without an access code, for completing toll Calls. The selected Exchange Carrier is referred to as the End User's Primary Interexchange Carrier (PIC-2).

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Regular Business Hours: 8:00 am through 5:00 p.m., Monday through Friday, excluding defined Holidays.

Service Commission

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Regular Business Hours: 8:00 a.m. through 5:00 p.m., Monday through Friday, excluding defined Holidays.

Remote Access To Call Forwarding: Allows the user to activate and/or deactivate the Call Forwarding feature from any remote location, using a Touch-tone phone.

Remote Call Forwarding (RCF): RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable telephone number. This service enables a customer to list a local directory number that is forwarded to a different city or exchange. Each RCF service allows for the forwarding of one call at a given time. The RCF customer is responsible for any applicable usage rates/charges between the RCF number and the terminating number.

Conditions:

1. RCF service is not offered when the answering location for a forwarded call is a coin/coinless, Semi-public/public telephone service.
2. The Company cannot guarantee the grade of transmission on remotely forwarded calls. Normal grade end-to-end transmission is not guaranteed because transmission characteristics may vary depending on distance and routing required to complete the forwarded portion of the call.
3. RCF service will only be provided when, in the judgement of the Company, the customer subscribes to sufficient RCF facilities at the terminating (answering) location to adequately handle calls without impairing, disrupting or deteriorating any services offered by the Company. In the event that the use of RCF service causes impairment, disruption or deterioration, the Company shall have the right to discontinue the RCF service.

RCF service is required for each directory number being forwarded. A customer can request additional RCF service (call paths) provided the customer has a receiving group of lines equal to the number of RCF services requested, (i.e., directory number is forwarded to a remote group of 5 lines - the customer can have up to 5 RCF services.)

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order for this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance of service. The parties may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for local exchange services executed by the Customer and the Company in a format specified by the Company. The signing of a Service Order by the Customer and acceptance thereof by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Services: The Company's telecommunications services offered on the Company's network.

User: A customer or any other person authorized by the Customer to use service provided under this tariff.

Voice Data Protection: Prevents data calls from being interrupted by call waiting tones, testing, or busy verification attempts.

Overflow Routing: Where technical capabilities exist, overflow routing allows the redirection of incoming calls based on customer conditions of either "all trunks busy" or disaster-based service outages. The redirection (Overflow) will route to an alternate number designation determined by the customer. Standard simultaneous call "path" allocations are usually (1) per number. However, a customer may opt to increase their "path" quantities per number based on their ability to process simultaneous call volumes during overflow conditions. A monthly recurring charge will apply based on a "per path/per number" scenario". In addition, toll charges may be assessed if the alternate number designated by the customer is not toll free and is outside of their service address rate center.

N
N

Expedite: A service order that is processed at the request of the customer in a time period shorter than the company standard Service Interval.

Due Date Change: A customer-initiated request to delay the service commencement date after an order for service has been placed.

MAY 13 1997

2.1 Undertaking of the Company:

MISSOURI
Public Service Commission

2.1.1 Scope

The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission in the state of Missouri under the terms of this tariff.

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment Facilities

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's fiber optic cable facilities as well as facilities the Company may obtain from other carriers, from time to time, to furnish service as reasonably required.

2.1.3 Terms and Conditions

- 2.1.3.1 Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month and shall continue to be provided until canceled by the Customer, in writing, on not less than 30 days notice. Unless otherwise specified herein, for the purposes of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.
- 2.1.3.2 Customers may be required to enter into written Service Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff.
- 2.1.3.3 At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

- 2.1.3.4 This tariff shall be interpreted and governed by the laws of the State of Missouri without regard for the State's choice of laws provisions.
- 2.1.3.5 Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.
- 2.1.3.6 The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right, consistent with applicable commission rules, to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.
- 2.1.3.7 The Customer agrees to operate Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to equipment pursuant to paragraph 2.1.3.8 below.
- 2.1.3.8 The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

operate, maintenance, removal, condition, location or use of any installation provided by the Company. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this section as a condition precedent to such installations.

2.1.4.7

The Company shall not be liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by gross negligence or willful misconduct of the Company's agents or employees. No agents or employees of other participating carriers shall be deemed to be agents or employees of the Company.

2.1.4.8

Notwithstanding the Customer's obligations as set forth in Section 2.3.2, the Company shall be indemnified, defended, and held harmless by the Customer or by others authorized by it to use the service against any claim, loss or damage arising from Customer's use of services furnished under this tariff including:

- claims for libel, slander, invasion of privacy or infringement of copyright arising from the material, data, information, or other content transmitted via the Company's service; and
- patent infringement claims arising from combining or connecting the service offered by the company with apparatus and systems of the Customer or others; and
- all other claims arising out of any act or omission of the Customer or others, in connection with any service provided by the Company pursuant to this tariff.

MISSOURI
Public Service Commission

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notifications requirements consistent with applicable commission rules. With some emergency or unplanned service-affecting conditions, such as outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

2.1.6.1 Consistent with applicable commission rules, the Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.

2.1.6.2 Consistent with applicable commission rules, the Company shall use reasonable efforts to maintain facilities that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities installed by the Company, except upon the written consent of the Company.

2.4.4 Inspections

2.4.4.1 Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2.2 for the installation, operation, and maintenance of Customer-provided facilities and equipment to Company-owned facilities and equipment. No credit will be allowed for any interruptions occurring during such inspections.

2.4.4.2 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

2.5 Payment Arrangements

2.5.1 Payment for Service

**MISSOURI
Public Service Commission**

The Customer is responsible for payment of all charges for service and facilities furnished by the Company to the Customer or its Joint or Authorized Users. Objections must be received by the Company within 30 days after statement of account is rendered, or the charges shall be deemed correct and binding upon the Customer. If any entity other than the Company imposes charges on the Company, in addition to its own internal costs, in connection with a service for which a Company Non-Recurring Charge is specified, those charges may be passed on to the Customer.

2.5.1.1 Taxes: The Customer is responsible for the payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of Local Exchange Service, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g. County and municipal taxes) will only be recovered from those Customers residing in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

2.5.3 Disputed Bills

MISSOURI
Public Service Commission

The Customer shall notify the Company of any disputed items on a bill within 30 days of receipt of the bill. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Missouri Public Service Commission in accordance with the Commission's rules of procedure.

2.5.3.1 The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.

The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.

2.5.4 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-Recurring Charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated Non-Recurring Charges for the special construction and Recurring Charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's initial bill. An Advance Payment may be required in addition to a deposit.

2.5.5 Deposits

2.5.5.1 Subject to the applicable regulations of the Missouri Public Service Commission, applicants for service or existing Customer's who cannot establish a satisfactory credit standing with the Company may be required to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. Except as otherwise specifically limited by applicable regulations of the Missouri Public Service Commission, the deposit will not exceed an amount equal to:

- (a) two month's charges for a service or facility which has a minimum payment period of one month; or
- (b) The charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. Such deposit may be refunded to the Customer's account at any time, but in any event shall be refunded as required by applicable regulations of the Missouri Public Service Commission. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

2.5.5.2 A deposit may be required in addition to an advance payment.

Public Service Commission

2.5.6.6 (Continued)

F. Upon the Company's discontinuance of service to the Customer under Section 2.5.6.1 or 2.5.6.2, all applicable charges, including termination charges, shall become due. This is in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff.

2.6 Allowances for Interruptions of Service

2.6.1 Credit for Interruptions: When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the Customer, or the operation or failure of the facilities or equipment provided by the Customer, a pro rata adjustment of the monthly Recurring Charges subject to interruption will be allowed for the service and facilities rendered useless and inoperative by reason of the interruption whenever said interruption continues for a period of 24 hours or more from the time the interruption is reported to or known to exist by the Company, except as otherwise specified in the Company's tariffs. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the monthly Recurring Charges specified hereunder for Local Line or Local Trunk Service and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit. Credit allowances for service outages that exceed 24 hours in duration will be rounded up to the next whole 24 hours.

Public Service Commission**

No credit allowance will be made for:

- (a) interruptions due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer, Authorized User, Joint User, or other common carrier providing service connected to the service of Company;
 - (b) interruptions due to the negligence of any person other than the Company including but not limited to the Customer or other common carriers connected to the Company's facilities;
 - (c) interruptions due to the failure or malfunction of non-Company equipment;
 - (d) interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
 - (e) interruptions of service during a period in which the Customer continues to use the service on an impaired basis;
 - (f) interruptions of service during any period when the Customer has released service to the Company for maintenance purpose or for implementation of a Customer order for a change in service arrangements;
 - (g) interruption of service due to circumstances or causes beyond the control of the Company.
- 2.6.3 Use of Alternative Service Provided by the Company: Should the Customer elect to use an alternative service provided by the Company during the period that a service is interrupted, the Customer must pay the tariffed rates and charges for the alternative service used.

2.6.1.1 Paper Invoices

For business Customers who receive notification that invoicing will change to E-Billing and who do not elect to use E-Billing, but continue to receive paper invoices, the following monthly recurring charge will apply per invoice based on the number of sheets in the paper invoice:

Monthly Recurring Charge

1-55 sheets of paper \$5.00
56 or more sheets of paper \$25.00

2.6.1.2 No Fault Found Dispatch Service for Business Customers

The Customer is responsible for the payment of a No Fault Found Dispatch Charge when:

- when requested by the Customer, maintenance personnel visit the Customer's premises, and
- as a result of the visit, the proper functioning of the WorldCom service is confirmed (i.e., the cause of the trouble condition was other than a malfunction of a WorldCom service or of WorldCom maintained equipment). This can include, but not be limited to, customer requested dispatches:
 - Where the root cause of a trouble is proven to be within the scope of the customer's or customer's vendor-owned equipment not maintained by WorldCom..
 - Where the root cause of a trouble has been proven to be within the scope of the customers or customer's vendor-owned inside wiring.
 - To provide WorldCom technical assistance to the customer or customer's vendor in performing specific testing to isolate a problem which has been proved off the WorldCom network and is not within any WorldCom contract supported area.
 - To provide WorldCom technical assistance to the customer or customer's vendor in isolating or repairing a fault or installation support for areas not within WorldCom contract supported equipment, network or services.
 - In which the root cause of a trouble has been proven to be off the WorldCom network and is not within any WorldCom contract supported area and proves to be within the scope of the customer's or customer's vendor-owned network.

The charges are non-recurring, and are charged per visit as follows:

Normal Working Hours : \$265 per visit
Outside of Normal Working Hours : \$400 per visit

Normal Working Hours are defined as Monday to Friday, 7am to 7pm in the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours.

Any Dispatch that begins or ends from 12:01 am to 12:00 am the following day the time zone of the customers Premises on these holidays will also be considered 'Outside of Normal Working Hours':

REC'D AUG 29 2003

2.6 Allowance for Interruption of Service

2.6.1 Use Of Service

Service Commission

2.3.1.3 Telecommunications Service Priority (TSP)

The Telecommunications Service Priority (TSP) program is a federally-established program under which the Office of Priority Telecommunications in the Executive Office of the President prioritizes the restoration and provisioning of telecommunications services - including services to private companies and institutions -- that support national security or emergency preparedness (NS/EP). The FCC defines telecommunications services under the TSP program to include the sending and receiving of signals or most any kind, by virtually any means. NS/EP services are those used to maintain a state of readiness or to respond to and manage any event or crisis (local, national, or international) that causes or could cause injury or harm to the population, damage to or loss of property, or that degrades or threatens the NS/EP posture of the United States. For telecommunications services enrolled in the program, the Company will provision and restore TSP-coded circuits, and provide TSP Special Construction services, under the terms set forth in this TSP service product description, and as required by the FCC's TSP regulations (currently at 47 CFR Part 64, Subpart D, Appendix A), and other applicable law. TSP services are in two categories: Priority Provisioning (including Emergency Provisioning and Essential Provisioning) and Priority Restoration.

Customers are subjected to the features, rate and charges as described in the Company's "Service Publication and Price Guide" (The Guide), located on the Company's website at www.mci.com.

2.6 Allowance for Interruption of Service

2.6.1 Use Of Service

REC'D OCT 31 2003

2.3.1.4 Late Fee

Service Commission

For Business Service Customers, a late payment charge at the rate of 1.5% per month will accrue upon any unpaid amount commencing 31 days after remittance was due to MCI. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice, including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer.

The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

REC'D FEB 09 2004

2.6.1 Use Of Service

Service Commission

2.3.1.5 Local Disaster Recovery

MCI Disaster Recovery Plans Service is an optional feature for customers of MCI Local Line and/or Trunk Services. MCI Disaster Recovery Plans Service is not available for circuits provided via UNE-P.

MCI Disaster Recovery provides MCI Local Customers with pre-established Disaster Recovery Plans to be invoked in case of a local line/trunk outage related to an emergency /disaster. Disaster Recovery can be defined as a collection of actions, procedures, and information that is developed, tested and held in readiness for use in the event of an emergency / disaster. For purposes of this optional feature, an emergency / disaster is defined as any event that may cause a lengthy disruption of the Customer's local line/trunk service. These events include, but are not limited to, natural events, accidents, or events of sabotage. The customer must notify MCI when to invoke these pre-established plans with a secure password. These pre-established plans may consist of specific restoration processes involving the redirection of traffic through Remote Call Forward Feature Service; or Trunk Group Redirection. More complex plans that involve over100 numbers may also be established on an individual case basis. Changes or modifications to these plans can be made as part of the monthly recurring fee.

Local Disaster Recovery: Non Recurring Charge

1 number to 10 numbers	\$750
11 numbers to 40 numbers	\$850
41 numbers to 100 numbers	\$1,000
101 numbers and above	\$1,500

Local Disaster Recovery: Recurring Charge

1 number to 10 numbers	\$50
11 numbers to 40 numbers	\$100
41 numbers to 100 numbers	\$200
101 numbers and above	\$200

2.7 Cancellation of Service

**MISSOURI
Public Service Commission**

2.7.1 Cancellation of Application for Service

- 2.7.1.1 Applications for service are noncancellable unless the Company otherwise agrees. Where the Company permits Customer to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.
- 2.7.1.2 Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of service ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.
- 2.7.1.3 The special charges described in 2.7.1.1 and 2.7.1.2 will be calculated and applied on a case-by-case basis.

2.7 Cancellation of Service (Continued)

2.7.2 Cancellation of Service by the Customer

MISSOURI
Public Service Commission

If a customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in 2.6.1 above), Customer agrees to pay to Company the following sums which shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in 2.5.2, all costs, fees and expenses incurred in connection with:

- 1) all Non-Recurring Charges reasonably expended by Company to establish service to Customer, plus
- 2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus
- 3) all Recurring Charges specified in the applicable Service Order for the balance of the then current term.

2.8 Transfer and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties (a) to any subsidiary, parent company or affiliate of the Company; (b) pursuant to any sale or transfer of substantially all the assets of the Company; or (c) pursuant to any financing, merger or reorganization of the Company.

SERVICE CONNECTION CHARGES MAY 13 1997

MISSOURI Public Service Commission

3.1 Description

Service Connection Charges are, one-time charges associated with a service or item of equipment which applies on a per-item basis each time the service or an item of equipment is provided and includes, but not limited to the following:

Service Connection Charge: A Service Connection Charge is a one-time charge, which applies for Company work associated with activities to set up/change accounts, including, but not limited to, service order issuance, programming, billing, etc. for installations, moves, changes, or rearrangements of services and/or equipment.

Subsequent Non-Recurring Charge: A non-recurring charge may apply to the installation, change, or move of services, as specified in tariffs for each service or item of equipment, in addition to rates identified within this section of the tariff.

Labor Charge: Labor Charges are one-time charges related to work performed by the Company or a Company representative associated with customer premises visits. Charges are broken down as follows:

Regulated - Charges for work done on the Company's side of the protector/Standard Network Interface (SNI) and Demarcation Point (NI). This may include, but is not limited to, the move of a Demarcation Point or move the (SNI), at the customer's request.

Maintenance - When a dispatch is necessary on repair to isolate trouble on the Customer's side of the Demarcation Point. Charges apply when a technician is dispatched; and the network is verified OK; and trouble is isolated to the customer's side of the Demarcation Point.

Inside Wire Installation/Jacks - Includes all wire and jacks (excluding customer premise equipment) on the customer's side of the Company's Demarcation Point. Charges apply at the customer's request and expense.

SERVICE CONNECTION CHARGES

**MISSOURI
Public Service Commission**

3.2 General Regulations

3.2.1 The Service Connection Charges specified for the connection, move or change of service, contemplate work being performed by the Company, or on behalf of the Company, during normal working hours Monday through Friday from 8:00 AM to 5:00 PM.

If the customer requests that overtime labor be performed at hours of the day or days of the week other than normal work hours or day, or on holidays, or interrupts work once begun, additional charges will apply as appropriate.

3.2.2 Service Connection Charges are in addition to other rates and charges normally applying under the tariffs. They apply in addition to construction charges made because of unusual costs in establishing service.

3.3 Service Connection Charges Do Not Apply To:

3.3.1 Moves or changes required for the proper maintenance of service.

3.3.2 Changes of telephone numbers for Company initiated reasons or service reasons e.g., change to Touch-tone service.

LOCAL EXCHANGE SERVICES

4.1 Description

The Company's Local Telephone Service provides a Customer with the ability to connect to the Company's switching network. The Company's service can not be used to originate calls to other telephone companies caller-paid information services (e.g., 900, 976). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch.

4.2 General Regulations

4.2.1 Service Area: The Company's service area consists of the Principal Zone and MCA 1 of the Kansas City and Springfield Metropolitan Exchanges as defined in Southwestern Bell Telephone Company's Local Exchange tariffs. The Company's provision of service within said service area is subject to the availability of appropriate facilities.

4.2.2 Local Calling Areas: The local calling area for the Company's Missouri customers consists of the geographic area encompassed within the Kansas City and the Springfield Metropolitan Exchange (Principal Zone and MCA-1 and MCA-2 Zones) as defined in Southwestern Bell Telephone Company's Local Exchange tariffs.

4.2.3 Availability: Services are provided subject to technological availability and compatibility with customer facilities. Services, rates, and contract conditions might not be available in all areas. (AT)

4.3 Local Calling Service

4.3.1 Description

Local Calling Service provides a customer with the ability to originate calls from a Company-provided access line to all other stations on the public switched telephone network bearing the designation of any central office of the exchanges, areas, and zones included in the caller's local calling area.

4.3.2 Exchanges By Rate Group

4.3.2.1 Rates for the Company's services under this tariff may be differentiated by Rate Groups, which are defined as follows:

Rate Group A: The Company's Service Area to the extent it is included within the area encompassed by Rate Group D as defined in the tariffs of Southwestern Bell Telephone Company.

Rate Group B: The Company's Service Area to the extent it is included within the area encompassed by Rate Group C as defined in the tariffs of Southwestern Bell Telephone Company.

4.3.4. Time Periods and Discounts Defined ⁽²⁾

4.3.4.1 The discounts identified below are discounts off of the Standard Rate Schedule specified in 4.3.3.

	<u>Discounts</u>
Day - 9 a.m. to, but not including 9 p.m.	0%
Evening/Weekend - Monday - Friday, 9 p.m. to, but not including 9 a.m.,	75%
All Day Saturday, Sunday and Holidays	75%

4.5 Emergency Services (Enhanced 911)

4.5.1 Emergency service (Enhanced 911) allows customers to reach appropriate emergency services including police, fire and medical services. Enhanced 911 has the ability to selectively route an emergency call to the primary E911 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be provided to the primary E911 provider for display at the Public Service Answering Point (PSAP).

4.5.2 The Company is obligated to supply the E911 service provider(s) in the Company's service area(s) (the E911 service providers) with information necessary to update the E911 database at the time the Company submits customer orders to the local exchange company whose service is being resold pursuant to these tariffs.

4.5.3 At the time the Company provides basic local service to a Customer by means of the Company's own cable pair, or over any other exclusive owned facility, the Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911. The Company will be obligated to provide facilities to route calls from end-users to the proper PSAP. The Company recognizes the authority of the E911 Customer to establish service specifications and grant final approval or denial of service configurations offered by the Company.

4.5.4 The Company will collect 911 surcharges and remit all surcharge revenue to the appropriate government entity pursuant to RSMo 190.310.

GATEWAY S1 SERVICES
MISSOURI
Public Service Commission

5.1 Description

- 5.1.1 Gateway S1 Service provides a Customer with a connection to the Company's switched network which enables the Customer to:
 - a) originate and receive calls from other stations on the public switched telephone network;
 - b) access the Company's Local Calling Services, Interexchange Calling Services, and Special Services as set forth in the Custom Exchange Service and Special Arrangements sections of this tariff;
 - c) access certain interstate and international calling services;
 - d) access (at no additional charge) the Company's operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 9-1-1 service for emergency calling; and;
 - e) access the service of other providers which utilize the Company's Gateway SA Service, as set forth under the tariff.

5.1.2 Definitions for Gateway S1 Service features are defined under Definitions, Section 1, of this tariff.

5.2 General Regulations

- 5.2.1 Gateway S1 Service can not be used to originate calls to caller-paid information services (e.g., NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch.
- 5.2.2 Each Gateway S1 Service corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.
- 5.2.3 Promotional Offerings: The Company, from time to time, may make promotional offerings of its services which may include waiving or reducing the applicable charges for the promoted service. The promotional offering may be limited as to the duration, the date and times of the offerings and the locations where the offerings are made.

Line blocking customers can unblock their calling name and/or number information on a per call basis, at no charge, by dialing an access code (*82 on their Touch-Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their Touch-Tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the name and or number will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Calling Line Identification customer that the calling party has elected to block the delivery of their name and telephone number.

- b) Call-by-Call Service Selection
- c) Out-of band ANI and DNIS via the D channel
- d) One D channel per DS-1 facility or using NFAS, one D channel can control more than one DS1, and using D-channel backup, a secondary D-channel on another DS-1 can be designated to operate in case of failure of the primary DS-1 D channel.
- e) DID Telephone Numbers: ⁽¹⁾
 - Individual
 - Group of 20
 - Group of 100

5.7 Payment Plans

5.7.1 The Gateway S1 payment plan offers the customer two options for payment.

- a) Fixed Monthly Rate Plan

Under this plan the customer pays a fixed monthly rate for a specified contract term. The customer may choose a 1, 2, 3, 4, or 5 year contract. During the course of the contract, fixed rates (recurring and non-recurring) are not subject to Company initiated rate changes.

- b) Month-to-Month Plan

Under this plan the customer elects to pay month-to-month. Month-to-month rates (recurring and non-recurring) are subject to Company initiated rate changes.
