

MISSOURI

TELECOMMUNICATIONS ACCESS SERVICES TARIFF

OF

Global Crossing Local Services, Inc.

This rate sheet contains the descriptions, regulations and rates applicable to the furnishing of competitive access service and facilities for telecommunications services provided by Global Crossing Local Services, Inc ("Global Crossing Local Services") within the State of Missouri. This rate sheet is on file with the Missouri Public Service Commission. Copies may be inspected during normal business hours at the Company's principal place of business at 225 Kenneth Drive, Rochester, New York 14623.

SYMBOLS

The following are the only symbols used for the purposes indicated below

- (D) - Delete or discontinue
- (I) - Change resulting in an increase to a customer's bill
- (M) - Moved from another tariff location
- (N) - New
- (R) - Change resulting in a reduction to a customer's bill
- (T) - Change in text or regulation but no change in rate or charge

TARIFF FORMAT

- A Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the page in effect. Consult the Check Sheet for the page currently in effect.
- C Paragraph Numbering Sequence - There are seven levels of paragraph coding. Each level of coding is subservient to the next higher level.
- 2
2.1
2.1.1
2.1.1(A)
2.1.1(A)(1)
2.1.1(A)(1)(a)
2.1.1(A)(1)(a)(1)
- D Check Sheets - When a rate sheet filing is made with the Commission, an updated Check Sheet accompanies the rate sheet filing. The Check Sheet lists the sheets contained in the rate sheet, with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets). The rate sheet user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the Commission.

SECTION 1 - DEFINITIONS

Certain terms used generally throughout this tariff for the Access Services of this Company are defined below

Access Code A uniform seven digit code assigned by the Company to an individual Customer. The seven digit code has the form 950-XXXX or 101XXXX.

Access Service Request (ASR) The industry service order format used by Access Service Customers and access providers as agreed to by the Ordering and Billing Forum.

Access Tandem An Exchange Carrier's switching system that provides a concentration and distribution function for originating or terminating traffic between local switching centers and Customers' premises.

Authorized User A person, firm, corporation or other entity that either is authorized by the Customer to use Access Services or is placed in a position by the Customer, either through acts or omissions, to use Access Services.

Carrier or Common Carrier See Interexchange Carrier or Exchange Carrier.

Co-Carrier Any other Telecommunications provider authorized by the Commission to provide local exchange service in the state.

Commission The Missouri Public Service Commission.

Common Channel Signaling (CCS) A high-speed packet switched communications network which is separate (out of band) from the public packet switched and message networks. It is used to carry addressed signaling messages for individual trunk circuits and/or database related services between signaling points in the CCS network.

SECTION 1 - DEFINITIONS (CONT'D)

Entrance Facility: A trunk facility connecting the Customer's point of presence with the local switching center.

(M)

Exchange Carrier: Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in the provision of local exchange telephone service.

Firm Order Confirmation (FOC): Acknowledgment by the Company of receipt of an Access Service Request from the Customer and commitment by the Company of a Service Date.

Individual Case Basis: A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the Customer's situation.

Inter-MTA Traffic: Wireless traffic originating on the network of a Wireless Provider within one Major Trading Area (MTA) and terminating to another MTA.

(M)

(M) - Material found on this page was previously located on Page 5.

SECTION 1 - DEFINITIONS (CONT'D)

Interexchange Carrier (IXC) or Interexchange Common Carrier Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in state or foreign communication for hire by wire or radio, between two or more exchanges

LATA A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No 82-0192 for the provision and administration of communications services

Line Information Data Base (LIDB) The data base which contains base information such as telephone numbers, calling card numbers and associated billed number restriction data used in connection with the validation and billing of calls

Local Access The connection between a Customer's premises and a point of presence of the Exchange Carrier

Local Switching Center The switching center where telephone exchange service Customer station channels are terminated for purposes of interconnection to the Company and to interoffice Trunks

Local Traffic Traffic is "Local Traffic" under this tariff if (i) the call originates and terminates in the same exchange area, or (ii) the call originates and terminates within different exchanges that share a common mandatory local calling area, e g , a mandatory Extended Local Calling Service (ELCS) or Extended Area Service areas (EAS) or other like types of mandatory local calling scopes

Major Trading Area (MTA) As defined in 47 C F R § 24 202(a)

Meet Point A point of interconnection that is not an end office or tandem

Meet Point Billing The arrangement through which multiple Exchange Carriers involved in providing Access Services, divide the ordering, rating, and billing of such services on a proportional basis, so that each Exchange Carrier involved in providing a portion of the Access Service agrees to bill under its respective tariff

SECTION 1 - DEFINITIONS (CONT'D)

Network Services: The Company's telecommunications Access Services offered on the Company's network.

Non-Recurring Charges: The one-time initial charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the Service Order is executed.

Non-Toll Free: All calls that are not toll free (8YY) as established by the FCC's 8YY Access Charge Reform Order (FCC 20-143) released on October 9, 2020.

(N)

(N)

Off-Hook: The active condition of Switched Access or a telephone exchange service line.

Optional Expanded Area Service Traffic (OEAS): Optional service found in large urban areas financed by separate charge on end users that elect service as defined by a tariffed approved by the Commission.

On-Hook: The idle condition of switched access or a telephone exchange service line.

Out of Band Signaling: An exchange access signaling feature which allows customers to exchange call control and signaling information over a communications path which is separate from the message path.

Point of Presence: Location where the Customer maintains a facility for purposes of interconnecting to the Company's network.

Premises: The space occupied by a Customer or Authorized User in a building or buildings or on contiguous property (except railroad rights-of-way, etc.).

Presubscription: An arrangement whereby an End User may select and designate to the Company an IXC or Carriers it wishes to access, without an Access Code, for completing both intraLATA toll calls and/or interLATA calls. The selected IXC(s) are referred to as the End User's Primary Interexchange Carrier (PIC).

SECTION 1 - DEFINITIONS (CONT'D)

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Order: The written request for Switched Access Services executed by the Customer and the Company in a format devised by the Company; or, in the alternative, the submission of an Access Service Request (ASR) by the Customer in the manner specified in this tariff.

Service(s): The Company's Switched Access Service provided hereunder.

Service Outage: A failure of the Service that results in a complete loss of call origination and/or receipt capability. A Service Outage begins when the Customer reports the Service Outage to the Company and ends when the affected circuit and/or associated Company equipment is fully operational in accordance with the technical specifications.

Signaling Point of Interface: The Customer designated location where the SS7 signaling information is exchanged between the Company and the Customer.

Signaling System 7 (SS7): The Common Channel Out of Band Signaling protocol developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI).

Switched Access Service: Access to the switched network of an Exchange Carrier provided hereunder to an Interexchange Carrier (or a Wireless Provider for Inter-MTA Traffic) for the purpose of terminating communications to, or originating communications from, End User customers of the Company.

Toll Voice Over Internet Protocol - Public Switched Telephone Network ("VoIP-PSTN"): The term Toll VoIP-PSTN Traffic denotes a Customer's interexchange voice traffic exchanged with the Telephone Company in Time Division Multiplexing format over PSTN facilities, which originates and/or terminates in Internet Protocol (IP) format. Toll VoIP-PSTN Traffic originates and /or terminates in IP format when it originates from and/or terminates to an end user customer of a service that requires IP-compatible customer premises equipment.

(N)

|
|
(N)

Trunk: A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

Wireless Provider: Any carrier authorized to operate as a provider of cellular, personal communications, paging or any other form of wireless transmission.

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company may offer Switched Access Services over its own or resold facilities

The Company installs, operates, and maintains the Services provided herein in accordance with the terms and conditions set forth under this tariff. The Company may act as the Customer's agent for ordering access connection facilities provided by other Carriers or entities as required in the Commission's rules and orders, when authorized by the Customer, to allow connection of a Customer's location to the Company's network. The Customer shall be responsible for all charges due for such facilities.

The Company's Services and facilities are provided on a monthly basis unless otherwise indicated, and are available twenty-four hours per day, seven days per week.

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities, offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.
- B. The furnishing of Service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other Carriers from time to time, to furnish service as required at the sole discretion of the Company.
- C. The provisioning and restoration of service in emergencies shall be in accordance with Part 64, Subpart D, Appendix A of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions

- A** Except as otherwise provided herein, Service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer, in writing, on not less than 30 days notice. Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days.
- B.** Customers seeking to cancel Service have an affirmative obligation to block traffic originating from or terminating to the Company's network. By originating traffic from or terminating traffic to the Company's network, the Customer will have constructively ordered the Company's Switched Access Service.
- C.** The Customer agrees to operate Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of Service and may make the Customer responsible for damage to equipment pursuant to section 2.1.3 D below.
- D.** The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the Service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company

- A. The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, errors, other defects, or representations by the Company, or use of these Services or damages arising out of the failure to furnish the Service whether caused by act or omission, shall be limited to the extension of allowances for interruption as set forth in Section 2.6 below. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.
- B. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair, interruption or restoration of any Service or facilities offered under this tariff, and subject to the provisions of the tariff, the Company's liability, if any, shall be limited as provided herein.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

- E. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities
- F. The Customer shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, condition, location, or use of any installation or equipment provided by the Company. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this Section 2.1.4 F as a condition precedent to such installations
- G. The Company shall not be liable for any defacement of or damage to Customers Premises resulting from the furnishing of Services or equipment on such Premises or the installation or removal thereof, unless such defacement or damage is caused by the gross negligence or willful misconduct of the Company's agents or employees. No agents or employees of other participating Carriers shall be deemed to be agents or employees' of the Company

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.4 Liability of the Company (Cont'd)**

- M.** The Company neither guarantees nor makes any warranty with respect to Service installations at locations at which there is present an atmosphere that is explosive, prone to fire, dangerous or otherwise unsuitable for such installations. The Customer and End User shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits or other actions, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to, or death of, any person or persons, or for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, locations or use of service furnished by the Company at such locations.
- N.** The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies, for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as its agent, to the Company's network. The Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. In addition, the Customer shall ensure that its equipment and/or system or that of its agent is properly interfaced with the Company's network, that the signals emitted into the Company's network are of the proper mode, band-width, power, data speed, and signal level for the intended use of the Customer and in compliance with the criteria set forth in Section 2.1.6 following, and that the signals do not damage Company equipment, injure its personnel or degrade services the Company provides to other customers. If the Customer or its agent fails to maintain and operate its equipment and/or system or that of its agent properly, with resulting imminent harm to Company equipment, personnel, or the quality of service to other customers, the Company, may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service without liability.

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.5 Notification of Service-Affecting Activities**

The Company will provide the Customer reasonable notification of Service-affecting activities within its control that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all Service activities. The Company will work cooperatively with the Customer to determine the reasonable, notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provisions of Equipment and Facilities

- A.** The Company shall use reasonable efforts to make available Services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing Service to any Customer.
- B.** The Company shall use reasonable efforts to maintain facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- C.** The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.
- D.** Equipment the Company provides or installs at the Customer Premises for use in connection with the Services shall not be used for any purpose other than that for which the Company provided it.
- E.** The Customer shall be responsible for the payment of service charges imposed on the Company by another entity for visits to the Customer Premises when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provisions of Equipment and Facilities (Cont'd)

- F.** The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Notwithstanding the above, the Company shall not be responsible for
- 1.** the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission,
 - 2.** the reception of signals by Customer-provided equipment, or
 - 3.** network control signaling where such signaling is performed by Customer-provided network control signaling equipment
- G.** The Company intends to work cooperatively with the Customer to develop network contingency plans in order to maintain maximum network capability following natural or man-made disasters which affect telecommunications services
- H.** The Company reserves the reasonable right to assign, designate or change telephone numbers, any other call number designations associated with Services, or the Company serving central office prefixes associated with such numbers, when necessary in the conduct of its business

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1 7 Non-routine Installation**

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in unusual locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1 8 Special Construction

Subject to the arrangement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken, in the Company's sole discretion and on a reasonable efforts basis, at the request of the Customer. Special construction is that construction undertaken and characterized by one or more of the following:

- (A) where facilities are not presently available and there is no other requirement for the facilities so constructed,
- (B) where the facilities requested or necessary to provide the Service are of a type other than that which the Company would normally utilize in the furnishing of its services,
- (C) where facilities are to be installed over a route other than that which the Company would normally utilize in the furnishing of its services,
- (D) where facilities are requested in a quantity greater than that which the Company would normally construct,
- (E) where installation is on an expedited basis,

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.8 Special Construction (cont'd)

- (F) on a temporary basis until permanent facilities are available,
- (G) installation involving abnormal costs, or
- (H) in advance of its normal construction schedules

Special construction charges will be determined on an individual case basis

2.1.9 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its agents, contractors or suppliers

2.2 Prohibited Uses

- 2.2.1 The Services shall not be used for any unlawful purposes or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits
- 2.2.2 The Company may require applicants for Service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming their use of the Company's offerings complies with relevant laws and applicable state regulations, policies, orders, and decisions and, if the applicant intends to provide intrastate services, that the applicant is certified with the appropriate state entity
- 2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.3 Obligations of the Customer

2.3.1 The Customer shall be responsible for

- A.** the payment of all applicable charges pursuant to this tariff,
- B.** reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the Customer, or the noncompliance by the Customer with these regulations, or by fire or theft or other casualty on the Customer Premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company. The Company will, upon reimbursement for damages to its facilities or equipment, cooperate with the Customer in prosecuting a claim against the person causing such damage and the Customer shall be subjugated in the Company's right of recovery of damages to the extent of such payment,
- C.** providing at no charge, as specified from time to time by the Company, any needed personnel, equipment, space, and power to operate Company facilities and equipment installed on the Customer Premises, and the level of heating and air conditioning necessary to maintain the proper operating environment on such Premises,
- D.** obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduit necessary for installation of fiber optic cable and associated equipment used to provide Services to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1 C above. Any costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be owned entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this subsection prior to accepting an order for Service,

2.3 Obligations of the Customer (Cont'd)

2.3 1 The Customer shall be responsible for (Cont'd)

- E.** providing a safe place to work and complying with all laws and regulations regarding the working conditions on the Premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing, and disposing of any hazardous material (e.g. friable asbestos) prior to any construction or installation work,
- F.** complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses, and permits as may be required with respect to, the location of Company facilities and equipment in any Customer Premises or the rights-of-way for which Customer is responsible obtaining under Section 2.3.1 D above, and granting or obtaining permission for Company agents or employees to enter the Customer Premises at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company, and
- G.** not creating or allowing to be placed or maintained any liens or other encumbrances on the Company's equipment or facilities

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.3 Jurisdictional Reporting**

The jurisdictional reporting requirements will be as specified below. When a Customer orders Service, its projected Percent Interstate Usage (PIU) must be provided in whole numbers to the Company. These whole number percentages will be used by the Company to apportion the use and/or charges between interstate and intrastate until a revised report is received as set forth herein. Reported or default PIU factors are used only where the call detail is insufficient to determine the appropriate jurisdiction of the traffic.

- A. Originating Access.** For access traffic that originates from the Company Local Switching Center(s), Customer should provide the Company with a projected PIU factor on a quarterly basis.

If no PIU for originating minutes is submitted as specified herein, then the projected PIU will be set on a default basis of 50 percent interstate traffic and 50 percent intrastate traffic.

- B. Terminating Access.** For Feature Group D Switched Access Service(s), the Customer should provide the Company with a projected PIU factor by supplying the Company with an interstate percentage of terminating access minutes on a quarterly basis, as described in Sections 2.3.3 D below.

If no projected PIU factor is submitted by the Customer, then the projected PIU will be set on a default basis of 50 percent interstate traffic and 50 percent intrastate traffic.

- C.** Except where the Company measured access minutes are used as set forth above, the Customer reported Projected PIU factor as set forth above will be used until the Customer reports a different projected PIU factor, as set forth below.

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.3 Jurisdictional Reporting (Cont'd)**

D. Effective on the first of January, April, July and October of each year the Customer should update its interstate and intrastate jurisdictional report. The Customer should forward to the Company, to be received no later than 15 days after the first of each such month, a revised report showing the interstate and intrastate percentage of use for the past three months ending the last day of December, March, June, and September, respectively, for each service arranged for interstate use, based solely on the traffic originating from or terminating to the Company Local Switching Center. The revised report will serve as the basis for the next three months' billing and will be effective on the bill date for that service. If the Customer does not supply the reports for those services where reports are needed, the Company will assume the percentage to be the same as that provided previously. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentages to be the same as those provided in 2.3.3A and 2.3.3B above.

E. **Jurisdictional Reports Verification.** For Switched Access Service, if a billing dispute arises or a regulatory commission questions the projected PIU factor, the Customer will provide the data issued to determine the projected PIU factor. The Customer will supply the data within 30 days of the Company request.

The Customer shall keep records of call detail from which the percentage of interstate and intrastate use can be ascertained and, upon request of the Company, shall make the records available for inspection as reasonably necessary for purposes of verification of the percentages. The Company reserves the right to conduct an audit at any time during the year. The Customer, at its own expense, has the right to retain an independent auditing firm.

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.4 Identification and Rating of VoIP-PSTN Traffic**

This section governs the rating and identification of VoIP-PSTN Traffic. In accordance with the Federal Communications Commission's Report and Order released November 18, 2011 (FCC 11-161) and Second Order on Reconsideration released April 25, 2012 (FCC 12-47), both in WC Docket No. 10-90, et al. (together, the "FCC Orders"): (1) intrastate VoIP-PSTN Traffic that originates on the Company's network and is bound for the Customer's end users is subject to the intrastate switched access rates set forth in this tariff until June 30, 2014, after which time it will be subject to interstate rates contained in the Company's Tariff F.C.C. No. 19 and in Section 5.4.3 herein; and (2) intrastate VoIP-PSTN traffic that is sent by the Customer for termination to Company end users is subject to interstate switched access rates set forth in the Company's Tariff F.C.C. No. 19 and in Section 5.4.3 herein.

The remainder of this section establishes the method of separating VoIP-PSTN Traffic from the Customer's traditional intrastate access traffic, so that VoIP-PSTN Traffic can be billed in accordance with the FCC Orders.

A. Calculation and Application of Percent -VoIP - Usage Factors

1. The Company will determine the number of VoIP-PSTN Traffic minutes of use (MOU) to which interstate rates will be assessed by applying a terminating PVU factor to the total intrastate access MOU terminated by a Customer to the Company's end user. Beginning on July 1, 2014, the Company will also apply an originating PVU factor to the total intrastate access MOU originated by a Company end user and delivered to the Customer.
2. The Customer will calculate and furnish to the Company a terminating PVU factor representing the whole number percentage of the Customer's total terminating intrastate access MOU that the Customer exchanges with the Company in the LATA that is sent to Company and which originated in IP format and that would be billed by the Company as intrastate access MOU. Beginning July 1, 2014, the Customer will also calculate and furnish to the Company an originating PVU factor representing the whole number percentage of the Customer's total originating intrastate access MOU that the Customer exchanges with the Company in the LATA that is received from the Company and that is terminated in IP format and that would be billed by the Company as intrastate access MOU.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.3 Obligations of the Customer (Cont'd)

2.3.4 Identification and Rating of VoIP-PSTN Traffic, (Cont.d)

A. Calculation and Application of PercentVoIP- Usage Factors, (Cont'd.)

3. The Customer shall not modify their reported PIU factor to account for VoIP-PSTN Traffic. (T)
4. Both the Customer provided originating PVU and the terminating PVU shall be based on information such as the number of the Customer's retail VoIP subscriptions in the state (e.g. as reported on F.C.C. Form 477), traffic studies, actual call detail or other relevant and verifiable information which will be provided to the Company upon request. (T)
5. The Customer shall retain the call detail, work papers, and information used to develop the PVU factors for a minimum of one year. (T)
6. The Company shall use default factors until such time as the Customer supplies such factors. For this purpose, the Company will utilize a PVU equal to the percentage of VoIP subscribers in the state based on the Local Competition Report, as released periodically and/or such other reports as the Company deems appropriate and reasonable. Under the Local Competition report methodology, the PVU will be the total number of incumbent LEC and non-incumbent LEC VoIP subscriptions in a state divided by the sum of those reported VoIP subscriptions plus incumbent LEC and non-incumbent LEC switched access lines. (T)

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.4 Identification and Rating of VoIP-PSTN Traffic, (Cont.d)**

(N)

B. The preceding Section 2.3.4.A will be applied to the billing of switched access charges to a Customer that is a local exchange carrier only to the extent that the Customer has also implemented billing of interstate access charges for VoIP-PSTN Traffic in accordance with FCC orders, rules and regulations.

C. Initial Implementation of PVU Factors

1. If the PVU factors cannot be implemented in the Company's billing systems by December 29, 2011, once the factors can be implemented the Company will adjust the Customer's bills to reflect the PVU factors prospectively in the next bill period if the PVU factors are provided by the Customer to the Company prior to April 15, 2012.
2. The Company may choose to provide credits based on the reported PVU factors on a quarterly basis until such time as the billing system modifications can be implemented.

D. PVU Factor Update

The Customer may update the PVU factors quarterly using the method set forth in 2.3.4.C, preceding. If the Customer chooses to submit such updates, it shall forward to the Company, no later than 15 days after the first day of January, April, July and/or October of each year, revised PVU factors based on data for the prior three months, ending the last day of December, March, June and September, respectively. The revised PVU factors will serve as the basis for future billing and will be effective on the bill date of each such month and shall serve as the basis for subsequent monthly billing until superseded by new PVU factors. No prorating or back billing will be done based on the updated PVU factors.

2.3 Obligations of the Customer (Cont'd)

2.3.4 Identification and Rating of VoIP-PSTN Traffic, (Cont.d)

(N)

E. PVU Factor Verification

1. Not more than twice in any year, the Company may request from the Customer an overview of the process used to determine the PVU factors, the call detail records, description of the method for determining how the end user originates and terminates calls in IP format, and other information used to determine the Customer's PVU factors furnished to the Company in order to validate the PVU factors supplied. The Customer shall comply, and shall reasonably supply the requested data and information within 15 days of the Company's request.
2. The Company may dispute the Customer's PVU factor based upon:
 - a. A review of the requested data and information provided by the Customer, the Company's reasonable review of other market information, F.C.C. reports on VoIP lines, such as F.C.C. Form 477 or state level results based on the F.C.C. Local Competition Report or other relevant data.
 - b. A change in the reported PVU factor by more than five percentage points from the preceding quarter.
3. If after review of the data and information, the Customer and the Company establishes revised PVU factors, the Company will begin using those revised PVU factors with the next bill period.

4. If the dispute is unresolved, the Company may initiate an audit. The Company shall limit audits of the Customer's PVU factor to no more than twice per year. The Customer may request that the audit be conducted by an independent auditor. In such cases the associated auditing expenses will be paid by the Customer.
 - a. In the event that the Customer fails to provide adequate records to enable the Company or an independent auditor to conduct an audit verifying the Customer's PVU factors, the Company will bill the usage for all contested periods using the most recent undisputed PVU factors reported by the Customer. These PVU factors will remain in effect until the audit can be completed.
 - b. During the audit, the most recent undisputed PVU factors from the previous reporting period will be used by the Company.
 - c. The Company will adjust the Customer's PVU factors based on the results of the audit and implement the revised PVU in the next billing period or quarterly report date, whichever is first. The revised PVU factors will apply for the next two quarters before new factors can be submitted by the Customer.
 - d. If the audit supports the Customer's PVU factors, the usage for the contested periods will be adjusted to reflect the Customer's audited PVU factors.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.4 Customer Equipment and Channels

2.4.1 General

A Customer may transmit or receive information or signals via the facilities of the Company

2.4.2 Station Equipment

- A. The Customer is responsible for providing and maintaining any terminal equipment on the Customer Premises. The electric power consumed by such equipment shall be provided by, and maintained at the expense of, the Customer. All such terminal equipment must be registered with the FCC under 47 C F R , Part 68 and all wiring must be installed and maintained in compliance with those regulations. The Company will, where practicable, notify the Customer that temporary discontinuance of the use of a Service may be required, however, where prior notice is not practicable, nothing contained herein shall be deemed to impair the Company's right to discontinue forthwith the use of a service temporarily if such action is reasonable under the circumstances. In case of such temporary discontinuance, the Customer will be promptly notified and afforded the opportunity to correct the condition which gave rise to the temporary discontinuance. During such period of temporary discontinuance, credit allowance for service interruptions as set forth in Section 2.6 following is not applicable.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.4 Customer Equipment and Channels (Cont'd)

2.4.2 Station Equipment (Cont'd)

- B.** The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

2.4.3 Interconnection of Facilities

- A.** Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.
- B.** Switched Access Services may be connected to the services or facilities of other Carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other Carriers which are applicable to such connections.

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.4 Customer Equipment and Channels (Cont'd)****2.4.4 Inspections**

- A. Upon reasonable notification of the Customer, and at reasonable times, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2.B for the installation, operation, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment. No credit will be allowed for any interruptions occurring during such inspections.
- B. If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment, and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

2.5 Payment Arrangements**2.5.1 Payment for Service**

The Customer is responsible for payment of all charges for services and facilities furnished by the Company to the Customer or its Authorized Users.

A. Taxes

The Customer is responsible for the payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision, sale or use of Access Services. All such taxes shall be separately designated on the Company's invoices.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.5 Payment Arrangements (Cont'd)

2.5.2 Billing and Collection of Charges

Unless otherwise specified herein, bills are due and payable upon receipt.

The Company shall bill on a current basis all charges incurred by, and credits due to, the Customer under this tariff attributable to Services established, provided, or discontinued during the preceding billing period. Any known unbilled charges for prior periods and any known adjustments also will be applied to the current bill.

Non-recurring charges are due and payable within 30 days after the invoice date.

The Company shall present invoices for all charges monthly to the Customer.

Amounts not paid within 30 days after the date of invoice will be considered past due. The Company will assess a late payment charge equal to 0.05% per day for any past due balance that exceeds 30 days. If the Company becomes concerned at any time about the ability of a Customer to pay its bills, the Company may require that the Customer pay its bills within a specified number of days and make such payments in cash or the equivalent of cash.

If a Service is disconnected by the Company in accordance with Section 2.5.3 following and later restored, restoration of such Service will be subject to all applicable installation charges.

(D)

(D)

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.5 Payment Arrangements (Cont'd)

2.5.3 Refusal and Discontinuance of Service

- A.** Upon nonpayment of any amounts owing to the Company, the Company may, by giving requisite prior written notice to the Customer discontinue or suspend Service without incurring any liability
- B.** Upon violation of any of the other material terms or conditions for furnishing Service the Company may, by giving 30 days' prior notice in writing to the Customer, discontinue or suspend service without incurring any liability if such violation continues during that period
- C.** Upon condemnation of any material portion of the facilities used by the Company to provide Service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend Service without incurring any liability
- D.** Upon any governmental prohibition, or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue Service without incurring any liability
- E.** Upon the Company's discontinuance of Service to the Customer under Section 2.5.3 A or 2.5.3 B above, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable

F. (Cont'd)

3. Upon ten (10) days' written notice to the Customer, after failure of the Customer to comply with a request made by the Company for security for the payment of Service in accordance with Section 2.5.3 A, above, or
4. Seven (7) days after sending the Customer written notice of noncompliance with any provision of this tariff if the noncompliance is not corrected within that seven (7) day period. The discontinuance of Service(s) by the Company pursuant to this Section does not relieve the Customer of any obligation to pay the Company for charges due and owing for Service(s) furnished up to the time of discontinuance.

- G. In the event the Company incurs fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.

2.5.4 Cancellation of Application for Service

Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the Service or in preparing to install the Service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of Services ordered, including installation charges, and all charges others levy against the company that would have been chargeable to the Customer had Service begun.

The special charges described will be calculated and applied on a case-by-case basis.

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.5 Payment Arrangements (Cont'd)****2.5.4 Billing Disputes**

- A.** The Customer may dispute a bill in good faith only by written notice to the Company. Unless such notice is received within 90 days (commencing 5 days after such bills have been mailed or otherwise rendered per the Company's normal course of business), the bill statement shall be deemed to be correct and payable in full by Customer. Any Customer who has a dispute shall be advised by the Company that the Customer may file a formal or informal complaint with the Commission. Such claim must identify in detail the basis for the dispute, and if the Customer withholds disputed amounts, it must identify the account number under which the bill has been rendered, the date of the bill, and the specific items on the bill being disputed to permit the Company to investigate the merits of the dispute.
- B.** The date of the dispute shall be the date on which the Customer furnishes the Company the following account information:
1. A clear explanation of the basis of the dispute, including what the Customer believes is incorrect (e.g., nonrecurring charge; mileage; circuit identification) and the reason why the Customer believes the bill is incorrect (e.g., monthly rate billed not same as in tariff; facility not ordered; service not received);
 2. The account number under which the bill was rendered;
 3. The date of the bill;
 4. The invoice number;
 5. The exact dollar amount in dispute;
 6. The universal service order code(s)(USOCs) and/or rate element associated with the service;
 7. Details sufficient to identify the specific amount(s) and item(s) in dispute;
 8. The name of the person initiating the Customer's dispute; and
 9. Additional data as the Company reasonably requests from the Customer to resolve the dispute. The request for such additional information shall not affect the Customer's dispute date as set forth preceding.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.6 Allowances for Interruptions in Service

- 2 6 1** Interruptions in Service which are not due to the negligence of or noncompliance with the provisions of this tariff by, the Customer or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth in this Section 2 6 for the part of the Service that the interruption affects ("Credit Allowance")
- 2.6.2** The Credit Allowance will be calculated by the Company after the Customer notifies the Company of a Service Outage. The amount of the allowance will depend on the length of the Service Outage and the Service impacted. Credit Allowances, if any, will be deducted from the charges payable by the Customer and will be expressly indicated on the next invoice.
- 2 6.3** Credit Allowances do not apply to outages (i) caused by the Customer, (ii) due to failure of equipment provided by the Customer, (iii) during any period in which the Company is not given access to the Customer's premises, (iv) failures of another Carrier's facilities or equipment, (v) inability to gain access to the Customer's equipment, and (vi) due to mutually agreed upon maintenance and repair. In the event the Company receives an outage credit from another Carrier for an outage that resulted in a Service Outage for which Customer is not entitled to a Credit Allowance hereunder, then the Company shall pass through a pro-rate portion of such credit to the Customer in the form of a credit on the next Customer's invoice.

2.6 Allowances for Interruptions in Service (Cont'd)

2 6 4 Limitations on Allowances

In addition to the provisions of Section 2 6 3 no Credit Allowance will be made for

- A.** interruptions due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer, Authorized User or other Carrier providing service connected to the Service of Company,
- B.** interruptions due to the negligence of any person other than the Company, including, but not limited to, the Customer or other Carriers connected to the Company's facilities,
- C.** interruptions due to the failure or malfunction of non-Company equipment,
- D.** interruptions of Service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions,
- E.** interruptions of Service during a period in which the Customer continues to use the Service on an impaired basis,
- F.** interruptions of Service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements,
- G.** interruption of Service due to circumstances or causes beyond the control of the Company

SECTION 2 - RULES AND REGULATIONS (CONT'D)**2.7 Transfers and Assignments**

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the Services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties (a) to any subsidiary, parent Company or affiliate of the Company, (b) pursuant to any sale or transfer of substantially all the assets of the Company, or (c) pursuant to any financing, merger or reorganization of the Company

2.8 Notices and Communications

- 2.8.1** Delivery of calls to or acceptance of calls from the Company's End User locations over Company-switched local exchange services constitutes an order by the Customer to purchase switched access services as described herein. Similarly, the selection by a Company's End User of the Customer as the PIC constitutes an order of switched access by the Customer. In these cases, an invoice will be the first communication from the Company to the Customer. In other instances a Service Order may be used.
- 2.8.2** The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for Service shall be mailed.
- 2.8.3** The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that the Company may designate a separate address, on each bill for Service, to which the Customer shall mail payment on that bill.
- 2.8.4** All notices or other communications required to be given pursuant to this tariff shall be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following deposit of the notice, communication, or bill with the U S Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.8.5** The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.9 Meet Point Billing

Meet Point Billing applies when more than one Exchange Carrier is involved in the provision of Switched Access Service. All recurring and nonrecurring charges for services provided by each Exchange Carrier are billed under each company's applicable rates as set forth below.

The Company accepts and adheres to the Ordering and Billing Forum guidelines, Multiple Exchange Carrier Access Billing (MECAB) and Multiple Exchange Carrier Ordering and Design (MECOD).

SECTION 3 - ORDERING OPTIONS FOR ACCESS SERVICE**3.1 General**

This section sets forth the regulations and order related charges for ASRs for Switched Access Service. These charges are in addition to other applicable charges set forth in other sections of this tariff.

3.1.1 Ordering Conditions

Customer may order switched access through a Constructive Order, as defined herein, or through an ASR.

The format and terms of the ASR will be as specified in the Industry Access Service Order Guidelines, unless otherwise specified herein.

3.1.2 Minimum Period of Service

The minimum period for which Service is provided and for which charges are applicable is one month.

A. The following changes will be treated as a discontinuance of the existing Service and a request for installation of a new Service. All associated non-recurring charges (NRCs) will apply for the new service, and a new minimum period will be established:

1. A change in the identity of the Customer of record, or
2. A move by the Customer to a different building.

B. When Service is disconnected prior to the expiration of the minimum period, charges are applicable for the balance of the minimum period. The Minimum Period Charge for monthly billed services will be determined as follows:

For Switched Access Service, the charge for a month or fraction thereof is equivalent to 50,000 billed minutes of use for the applicable service.

All applicable non-recurring charges for the service will be billed in addition to the Minimum Period Charge.

SECTION 3 - ORDERING OPTIONS FOR ACCESS SERVICE (CONT'D)**3.2 Miscellaneous Charges**

Customer Requested Due Date Change ^{1,2}	\$50, per order
Customer Requested Expedite ²	\$250, per location, per order
Cancellation (after 3 business days from order placement) ²	Full NRCs + \$250, per order
Design Change, DS0/DS1 ²	\$150, per circuit
Design Change, DS3 and higher ²	\$300, per circuit
Administrative Processing ²	\$25, per order

¹ Company Due Date Change Policy - No due date change accepted at or after four (4) days prior to the current due date. If a Customer request is received during that time period, the supplemental charge will apply and, in addition, the billing will start on the current due date without exception.

² For services involving facilities leased from other telecommunications providers, Supplementary Charges will be priced on an Individual Case Basis, and will be based upon a pass-through of all charges assessed by other providers, and the Company's administrative costs.

SECTION 4 - SWITCHED ACCESS SERVICE

4.1 General

Switched Access Service, which is available to Customers for their use in furnishing their services to end users, provides a two-point communications path between a Customer's Premises and an End User's Premises. It provides for the use of common terminating, switching and transport facilities. Switched Access Service provides the ability to originate calls from an End User's Premises to a Customer's Premises, and to terminate calls from a Customer's Premises to an End User's Premises.

In those situations where a Wireless Provider terminates interMTA traffic to end-user subscribers of the Company then the rates, terms and conditions of this tariff will apply.

Switched Access Service is available when originating or terminating calls from or to an end user which subscribes to the Company's local exchange services.

Rates and charges are set forth in Section 5. The application of rates for Switched Access Service is described in Section 5.

4.2 Provision and Description of Switched Access Service Arrangements

4.2.1 Feature Group Access

Feature Group Access is provisioned at the DS-1 level and provides trunk-side access to Local Switching Center switches, for the Customer's use in originating and terminating communications. Basic Feature Group Access service will be provided with Multi-Frequency In Band Signaling (SS7 is also available, where capabilities exist).

All traffic is routed to and from the Company's Local Switching Center via the Customer's tandem provider or via end office trucking, where available. Delivery of calls to, or acceptance of calls from, the Company's End User locations over Company-switched local exchange services shall constitute an agreement by the Customer to purchase switched access services as described herein. The Company reserves the right to require the Customer to submit an ASR for Switched Access Services.

SECTION 4 - SWITCHED ACCESS SERVICE (CONT'D)

4.2 Provision and Description of Switched Access Service Arrangements (Cont'd)

4.2.2 Manner of Provision

Trunks used for Switched Access Service may be configured for one-way (either originating only or terminating only) or for two-way directionality

4.2.3 Call Types

The following Switched Access Service call types are available

- A.** Originating Feature Group Access
- B.** Originating 800 Feature Group Access
- C.** Terminating Feature Group Access

4.2.4 Originating Feature Group Access

The access code for Feature Group Access switching is a uniform access code of the form 1+ or 011+ or 101XXXX. For 101XXXX dialing a single access code will be the assigned number of all Feature Group Access provided to the Customer by the Company. When the access code is used, Feature Group Access switching also provides for dialing the digit 0 for access to the Customer's operator service, 911 for access to emergency service, and/or the end of dialing digit (#) for cut-through access to the Customer's premises. The Company will provide originating Feature Group access consistent with dialing parity obligations.

SECTION 4 - SWITCHED ACCESS SERVICE (CONT'D)

4.2 Provision and Description of Switched Access Service Arrangements (Cont'd)

4.2.5 Originating 800 Feature Group Access

800 Data Base Access Service is a service offering utilizing originating Trunk side Switched Access Service. When an 8XX + NXX + XXXX call is originated by an End User, the Company will perform Customer identification based on screening of the full ten-digits of the 8XX number to determine the Customer location to which the call is to be routed.

4.2.6 Terminating Feature Group Access

Feature Group Access, when used in the terminating direction, may only be used to access End Users who are subscribing to the Company's local exchange services. Calls in the terminating direction will not be completed to 950-0XXX or 950-1XXX access codes, local operator assistance (0- and 0+), Directory Assistance, (411 or 555-1212) service codes 611 and 911 and 101XXXX access codes.

4.3 Reports and Testing

4.3.1 Design Layout Report At the request of the Customer, the Company will provide to the Customer the makeup of the facilities and Services provided from the Customer's Premises to the first point of switching. This information will be provided in the form of a Design Layout Report. The Design Layout Report will be provided to the Customer at no charge.

4.3.2 Acceptance Testing At no additional charge, the Company will, at the Customer's request, cooperatively test, at the time of installation, the following parameters: loss, C-notched noise, C-message noise, 3-tone slope, d.c. continuity and operational signaling.

SECTION 5 - SWITCHED ACCESS RATES

5.1 General

This section contains the specific regulations governing the rates and charges that apply for Switched Access Services:

As established in the 8YY Access Charge Reform (FCC 20-143), existing tandem switching charges and transport charges for originating 8YY traffic are eliminated and a single joint tandem switched access service rate element for 8YY originating access service is established as 8YY Joint Tandem Switched Transport.

[N]
|
|
|
[N]

There are three types of rates and charges that apply to Switched Access Service:

- Non-Recurring Charges: One-time charges that apply for a specific work activity.
- Recurring Charges: Fixed charges apply each month and depend on the number and type of facilities in place.
- Usage Charges: Charges that are applied on a per access minute basis. Usage rates are accumulated over a monthly period.

SECTION 5 - SWITCHED ACCESS RATES (CONT'D)

5.2 Rate Categories

5.2.1 There are several rate categories which apply to Switched Access Service

- Blended Carrier Switched Access Originating
- Blended Carrier Switched Access Terminating
- Toll-Free 8XX Data Base Access Service

The Company provides originating and terminating switched access service through a single blended rate based on aggregate traffic volumes from the following cost categories

Common Line

The Common Line cost category establishes the charges related to the use of Company-provided End User common lines by customers and end users for intrastate access

Switched Transport

The Switched Transport cost category establishes the charges related to the transmission and tandem switching facilities between the Customer-designated premises and the end office switch(es) where the Customer's traffic is switched to originate or terminate the Customer's communications

End Office Switching

The End Office Switching cost category establishes the charges related to the use of end office switching equipment, the terminations in the end office of End User lines, the terminations of calls at Company Intercept Operators or recordings, the Signaling Transfer Point (STP) costs, and the SS7 signaling function between the end office and the STP

SECTION 5 - SWITCHED ACCESS RATES (CONT'D)**5.3 Billing of Access Minutes**

When recording originating calls over Feature Group Access with multi-frequency address signaling, usage measurement begins when the first wink supervisory signal is forwarded from the Customer's facilities. The measurement of originating call usage over Feature Group Access ends when the originating Feature Group Access entry switch receives disconnect supervision from either the originating End User's Local Switching Center - (indicating that the originating End User has disconnected), or the Customer's facilities, whichever is recognized first by the entry switch.

For terminating calls over Feature Group Access with multi-frequency address signaling, the measurement of access minutes begins when a seizure signal is received from the Carrier's trunk group at the Point of Presence within the LATA. The measurement of terminating call usage over Feature Group Access ends when a disconnect signal is received, indicating that either the originating or terminating user has disconnected.

When recording originating calls over Feature Group Access with SS7 signaling, usage measurement begins with the transmission of the initial address message by the switch for direct trunk groups and with the receipt of an exit message by the switch for tandem trunk groups. The measurement of originating Feature Group Access usage ends when the entry switch receives or sends a release message, whichever occurs first.

For terminating calls over Feature Group Access with SS7 signaling, the measurement of access minutes begins when the terminating recording switch receives the initial address message from the terminating End User. On directly routed trunk groups or on tandem routed trunk groups, the Company switch receives the initial address message and sends the indication to the Customer in the form of an answer message. The measurement of terminating Feature Group Access call usage ends when the entry switch receives or sends a release message, whichever occurs first.

SECTION 6 - CONTRACTS

6.1 Contracts

The Company may provide any of the Services or combinations thereof, to Customers on a contractual basis. The terms and conditions of each contract offering are subject to the agreement of both the Customer and Company. Such contract offerings will be made available to similarly situated Customers in substantially similar circumstances. Rates in other sections of this tariff do not apply to Customers who agree to contract arrangements, with respect to services within the scope of the contract.

Services provided under contract are not eligible for any promotional offerings which may be offered by the Company from time to time.
