<u>Filed</u>	<u>Canceling</u>
4th Revised Sheet No. 63	3rd Revised Sheet No. 63
2nd Revised Sheet No. 142	1st Revised Sheet No. 142
2nd Revised Sheet No. 143	1st Revised Sheet No. 143

Original Sheet No. 145.1	

This tariff sheets are being issued January 20, 2021 to become effective on and after February 19, 2021.

The purpose of the proposed tariff revisions are to:

1. Modify the Opt-Out Charges that apply to those customers that elect to have non-communicating meters in lieu of Ameren Missouri's current AMI meter deployment,
2. Create a new Reconnection Fee that applies to customers whose meters have operational remote disconnect/reconnect capability,
3. Provide additional payment assistance information on any disconnection notice issued to a residential customer,
4. Define Medical Equipment Registry (MER) enrollment process and disconnection steps that are unique and additional to non-MER customers,
5. Define additional communication attempts that will occur prior to Ameren Missouri disconnecting a customer remotely, and
6. Modify holidays during which Ameren Missouri will not disconnect residential customers.

The tariff revisions are consistent with the Unanimous Stipulation and Agreement in File No. EE-2019-0382. They were shared with Staff and their suggestions were incorporated prior to filing.

Sincerely,
