## Customer Notice

The Federal Communications Commission (FCC) has mandated Northeast Missouri Rural Telephone Company increase its residential local service rate from \$10.00 to \$14.00 per month effective June 1, 2013. This action is part of the FCC's larger project of Federal Reform to the country's telecommunications network. This is the first increase in our monthly local service rates in over (7) seven years.

The Cooperative is also making changes to various other rates for services. Some of these new rates may reduce many of our members' monthly costs to help offset the increases.
