AUG 2 - 1979

RULE 1. Definitions

MISSOURI
Public Service Commission

(A) The "COMPANY" is Meramec Sewer Company, acting through its officers, managers, or other duly authorized employees or agents.

(B) The "CUSTOMER" is any person, firm, corporation or governmental body which has contracted with the Company for sewer service or is receiving sewer service from the Company, or whose facilities are connected for utilizing such service.

(C) A "COLLECTING SEWER" is a pipeline which is owned and maintained by the Company, located on public property or on private easements, and used to transport sewage wastes to a central point for disposal.

(D) A "CUSTOMER'S SERVICE SEWER" is a pipe with appurtenances installed, owned, and maintained by the Customer, used to conduct sewage from the Customer's premises to the collecting sewer.

(E) A "SERVICE CONNECTION" is the point at which the Customer's service sewer is connected to the collecting sewer.

(F) The "DATE OF CONNECTION" shall be the date of the permit for installation and connection issued by the Company. In the event no permit is taken and a connection is made, the date of connection shall be the date of commencement of construction upon the property.

(G) "DOMESTIC SEWAGE" is sewage, excluding storm and surface water, resulting from normal household activities.

(H) "NON-DOMESTIC SEWAGE." All sewage other than domestic sewage, including, but not limited to, commercial or industrial wastes. (See Rule pertaining to Improper Waste and Excessive Use.)

(I) "FOUNDATION DRAIN." A pipe installed inside or outside the foundation of a structure for the purpose of draining ground or subsurface water away from the foundation.

Rules Governing Rendering of
Sewer Service

Rule 2 Applications For Sewer Service

(A) Every Customer upon signing an application for service or accepting service rendered by the Company, shall be considered to have expressed consent to be bound to the Company's Rates, Rules and Regulations. Said application must state the name of the owner and said premises and, in the case of a commercial Customer, must also state the quantity and strength of effluent to be discharged from said premises into Company's sewer system. The Company shall have the right to refuse service for failure to comply with the rules herein, or if the Customer owes a past due bill not in dispute for sewer service at any location within the Company's service area. In any case where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract for such reasonable period of time as is specified by the Company at the time of making such contract. A fee will be charged for inspection of a new service sewer and connection to the collecting sewer. The inspection fee is located in the Schedule of Service Charges on Sheet 5b.

+

(B) The Customer shall, upon request of the Company, present in writing to the Company a list of devices which are to be attached to the Company's lines, giving the location of any buildings. The Company will then advise the form and the character of the waste collection facilities available.

(C) When water usage determines the sewer charge, the Company reserves the right to refuse sewer service to any applicant unless said applicant agrees to install a water meter accessible to the Company, in order for there to be a basis for sewer charges.

*

(D) No substantial addition to the water using equipment or appliances connected to the sewer system of the Company shall be made except upon written notice to and with the written consent of the Company.

(E) Any changes in the location of an existing service connection requested by the Customer shall be made at his expense.

RULE 2. Applications for Sewer Service (Cont

Public Service Commission

(F) Customer service sewer will not be extended along public streets or roadways or through property of others in connecting with collecting sewers. If a service connection is requested at a point not already served by a collecting sewer of adequate capacity, the collecting sewer shall be extended as provided in Rule 10.

(G) New service sewer connections shall be authorized when a contribution-in-aid-of-construction and extension of collecting sewers fee (if applicable) is paid to the Company, based upon the charges in Rule 10.

(H) An application for sewer service by a Developer shall comply with the requirements of (A) through (G) of Rule 2. A Developer shall pay all applicable rates and charges as set forth in Rule 10. By written agreement between the Company and Developer, the Developer shall pay the applicable rates and charges either at the time of (i) the filing of a plat (ii) the issuance of a construction permit or (iii) the sale of the lot or building, whichever is earliest in time.

RULE 3. Bills and Payment for Sewer Service **Public Service Commission**

(A) The charges for monthly sewer service shall be at the rates specified in the applicable rates and charges for monthly service. The point of assumption of sewage shall be at the service connection.

(B) Customers are liable for payment for all monthly maintenance charges for sewer service to the premises from the date of connection until the Company is given five (5) days' notice of the date, place and time of disconnection by registered mail and the Company has had an opportunity to observe the disconnect. The contributions-in-aid-of-construction and extension of collection sewers fees (if applicable) as set forth in these Rules shall accompany the application for service.

(C) Bills for sewer services will be mailed or delivered to the Customer's last address as shown by the records of the Company, but failure to receive a bill will not relieve the Customer from the obligation to pay the same.

(D) Payments shall be made at the office of the Company or at such other places conveniently located as may be designated by the Company.

(E) A separate bill shall be rendered for each Customer's sewer service.

(F) The Company shall have the right to render bills quarterly in advance and such bills shall be due and payable on the due date indicated on the bill.

(G) The Company or the Customer will not be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error.

(H) When water usage determines sewer charge and two or more separate premises are served by a single meter, the minimum charge shall be multiplied by the number of premises served.

RULE 3. Bills and Payment for Sewer Service (Cont'd)

MISSOURI

(I) When water usage determines sewer charges and a mission meter fails to register, or if the Company is unable to gain access to Customer's premise, the Customer's meter reading shall be estimated from the record of meter readings for a comparable prior period.

(J) All bills for sewer service become delinquent after the due date stated on the bill. Service may be discontinued after thirty (30) days' written notice by the Company as provided in Rule 4(A) herein. Bills not paid within this 30-day notice period bear delinquent late charge for nonpayment of ten percent (10%) of the unpaid balance. A delinquent Customer shall pay all of the unpaid balance before service will be reconnected.

(K) When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be for the proportionate part of the monthly charge, or where water consumption is the basis for the charge, at the appropriate rate for water consumed, or a proportionate part of the residential rate, whichever is applicable. Customers terminating with less than one month's service shall pay not less than the monthly minimum.

(L) All sewer Customers whose sewer service charges are determined on the basis of water use, who use in excess of 15,000 gallons of water per month, and can show to the satisfaction of the Company that a portion of the water as measured by the water meter or meters does not and cannot enter the sanitary sewerage system may ask the Company to determine in such manner and by such method as the Company may deem practicable the percentage of metered water entering the sanitary sewerage system. Such percentage, when so determined, shall then constitute the basis of sewage service charges, provided, however, that the Company in its discretion may require or permit the installation of additional

(I) When water usage determines sewer charges and a meter fails to register, or if the Company is unable to gain access to Customer's premise, the Customer's meter reading shall be estimated from the record of meter readings for a comparable prior period.

(J) All bills for sewer service become delinquent after the due date stated on the bill. Service may be discontinued after thirty (30) days' written notice by the Company. Bills not paid within this 30-day notice period bear delinquent late charge for nonpayment of ten percent (10%) of the unpaid balance. A delinquent Customer shall pay all of the unpaid balance. A delinquent Customer shall pay all lien costs, lien release costs, reconnect costs, collection costs and reasonable attorney's fees for collection.

(K) If payment is not made within thirty (30) days after said payment shall become due and payable, the Company may file a notice of delinquency with the Recorder of Deeds of the applicable county of Missouri which shall state the names of the parties holding legal title to the premises on which the payment is delinquent, the address of said persons, the legal description of the property and the amount due at the date of filing. Upon filing of the above notice of delinquency by the Company, the amount due thereon shall become a first lien upon the property. The amount due shall also include all accrued charges, including all costs of filing and recording, reasonable attorney's fees, and the cost of releasing the lien. In addition to placing a lien upon the property, the Company may discontinue service, pursuant to these Rules.

(L) When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be for the proportionate part of the monthly charge, or where water consumption is the basis for the charge at the appropriate rate for water consumed, or a proportionate part of the residential rate, whichever is applicable. Rules Governing Rendering of
Sewer Service

Rule 4 Discontinuance of Service

(A) The Company reserves the right upon the giving of thirty (30) days written notice to the Customer by certified mail, return receipt requested, and a copy to the Missouri Public Service Commission to discontinue service for nonpayment of sewer bills or for violation of or refusal to comply with these Rules and Regulations.

(B) In case of violation by the Customer of any of the provisions of these Rules and Regulations or if a condition shall exist which, in the opinion of the Company, renders further service to the Customer dangerous to his health and safety or to the health and safety of other parties, or for any lawful reason, the Company may discontinue service immediately upon the giving of verbal or written notice to the Customer and to the Commission. *

(C) In all cases of discontinuance of sewer service for nonpayment of a bill, sewer service may be discontinued at the option of the Company and will not be resumed again, except upon payment by the Customer of the actual cost to reconnect service either by himself or by a contractor of Customer's choosing, provided the Company is permitted to supervise and inspect the actual reconnection. *

(D) Discontinuance of sewage service to a premise for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection for monies due from the Customer.

(E) The Company may request Missouri American Water Company to disconnect water service in lieu of the sewer being discontinued for nonpayment of a sewer bill. The notice will be as described above and the Customer will be responsible for all water disconnection and reconnection fees that are charged to the Company by Missouri American Water Company. The fees are listed in the Schedule of Service Charges on Sheets 5a and 5b. + *

RULE 8. Inside Piping and Customer Service Sewer

MISSOURI

Public Service Commission

(A) The Customer will provide the expense and risk. As a condition of service, inside requirements of all governmental units having jurisdiction and the Company's Rules and Regulations, must be met at the time of connection to the system. The Company shall deny service or may discontinue service where footing drains, downspouts, or other sources of surface or storm water are permitted to enter the sewer system through either the inside piping or through the building sewer.

(B) A separate and independent Customer Service Sewer shall be required for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the Customer's Service Sewer from the front building may be extended to the rear building and the whole considered as one Customer's Service Sewer.

(C) Old Customer Service Sewers may be used in connection with new buildings only when they are found on examination and test to meet all requirements of the Company.

(D) The Customer's service sewer shall be cast iron soil pipe, ASTM specification or equal; vitrified clay sewer pipe, ASTM specification or equal; or other suitable material approved by the Company. Joints shall be tight and waterproof. Cast iron pipes with leaded joints may be required where the Customer's Service Sewer is exposed to damage by tree roots. If installed in filled or unstable ground, the Customer's Service Sewer shall be of cast iron soil pipe, except that non-metallic material may be accepted if laid on a suitable concrete bed or cradle as approved by the said Company.

(E) The size and slope of the Customer's Service Sewer shall be subject to the approval of the Company, but in no event shall the diameter be less than four inches (4") The slope of such four-inch (4") pipe shall not be less than one-eighth inch (1/8") per foot.

RULE 8. Inside Piping and Customer Service Sewer (Cont'd)

(F) Whenever possible, the Customer's Service Sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within three feet (3') of any bearing wall. The depth shall be sufficient to afford protection from frost. The Customer's Service Sewer shall be laid at a uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipes and fittings.

(G) In all buildings in which any building drain is too low to permit adequate gravity to flow to the collecting sewer, sanitary sewage carried by such drains shall be lifted by approved artificial means and discharged to the building sewer. No water operated sewage ejector shall be used.

(H) All excavations required for the installation of a Customer's Service Sewer shall be open trench work, unless otherwise approved by the Company. Pipe laying and backfill shall be performed in accordance with the latest published Engineering Specifications of the Manufacturer of the materials used and all applicable local plumbing codes, except that no backfill shall be placed until the work has been inspected by the Company. Only those jointing materials and methods which are approved by the Company may be used.

(I) The connection of the Customer's Service Sewer into the collecting sewer shall be made at the "Y" branch, if such branch is available at a suitable location. If the Company's collecting sewer is twelve inches (12") in diameter or less and there is no properly located "Y" branch in the Company's collecting sewer at the location specified by the Company, a "Y" branch must be installed. Where the Company's collecting sewer is greater than twelve inches (12") in diameter, and no properly located "Y" branch is available, a neat hole may be cut in the Company's sewer to receive a saddle, to which the Customer's service will be connected. The invert of the Customer's Service Sewer at the point of connection shall be at the centerline or higher elevation than the invert of the Company's collecting sewer. A

Public Service Commission

(A) The following requirements for the use of the sanitary sewer system shall be observed. Violation of these requirements will result in the discontinuance of service to the Customer.

(B) No person shall discharge or cause to be discharged any storm water, surface water, ground water, swimming pool waste water, roof runoff, sub-surface drainage, cooling water or polluted industrial process waters to any Company's collecting sewers.

(C) No person shall discharge or cause to be discharged any of the following described waters or wastes to the Company's collecting sewers:

- (1) Any liquid or vapor having a temperature higher than 150 degrees F.
- (2) Any water or waste which may contain more than 100 parts per million, by weight, of fat, oil or grease.
- (3) Any water or waste which may contain more than 25 parts per million, by weight, of soluble oils.
- (4) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas.
- (5) Any garbage that has not been properly shredded.
- (6) Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works.
- (7) Any waters or wastes having a PH lower than 5.0 or higher than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works.

RULE 10. Extension of Collecting Sewers

(A) This Rule shall govern the extension of collecting sewers by the Company in areas where there are no collecting sewers in the streets and/or public right-of-ways or easements available to the Company. Company will extend its easements available to the Company within its certificated area to serve new Customers under the following terms and conditions:

- (1) Upon receipt of written application(s) as required in these Rules, Company will provide the applicant(s) or whoever is proposing to pay for the cost of extensions with an estimate of the cost of the proposed extension. Said estimate shall include all labor and materials required, reconstruction of existing collecting sewers, if necessary, supervision, engineering, permits, insurance, tool expense, accounting and related expenses, and all other costs incident to the installation of said extension.
- (2) Applicant(s) or whoever is proposing to pay for said extension shall enter into a contract with Company for the installation of said extension and shall tender to Company a contribution-in-aid-of-construction equal to the amount determined in A-1. Applicant(s) shall have the option of installing the extension under the provisions of Rule 10-B in lieu of entering into said contract.
- (3) Refunds of cost of extension shall be made to applicant(s) during the first ten (10) years after installation of said extension, as follows:
 - (a) Should the actual cost of extension be less than the estimated cost, Company shall refund the difference as soon as the actual cost has been ascertained.
 - (b) Company shall divide the actual cost of the extension by the number of lots abutting said extension to obtain the per lot extension cost. When counting lots, corner lots which abut on

RULE 10. Extension of Collecting Sewers (Cont'd)

existing main shall be excluded. As additional Customers are directly attached to the extension, these additional Customers shall pay to the Company the per lot extension cost for the lot being connected. Company shall, in turn, forward these per lot extension contributions to the original applicant(s).

- (c) Each refund shall be paid by Company directly to initial applicant(s) or their assigns based upon the percentage of the actual extension cost contributed by each initial applicant(s).
- (4) Extensions made under this Rule shall be and remain the property of the Company in consideration of its perpetual upkeep and maintenance.
- (5) The Company reserves the right to connect future extensions to this collecting sewer and the attaching of Customers to such further extensions shall not entitle applicant(s) contracting for the original extension to additional refund.
- (6) The pipe used in making extensions under this Rule shall be of a type and size which will be reasonably adequate to supply the area to be served. Such determination as to size and type of pipe shall be left solely to the judgement of the Company. If the Company desires to make the extensions in pipe larger than reasonably required to provide service to lots abutting said extension, the additional cost due to larger size shall be borne by the Company.

(B) This Rule shall govern the extension of collecting sewers to prospective Customers in areas where no collecting sewers exist where applicant(s) or someone in their behalf elects to construct said extension. The Company will connect said extensions to its existing collecting sewers and provide service to applicant(s) under the following terms and conditions:

RULE 10. Extension of Collecting Sewers (Cont'd)

- (1) Applicant(s) shall construct said collecting sewers extension to meet the requirements of all governmental agencies and the Company Rules and Regulations.
- (2) Same as A-6.
- (3) The Company, or its representative, shall have the right to inspect and test the extension prior to connecting it to the Company's collecting sewers.
- (4) Connection of the extension to existing Company collecting sewers shall be made only by representatives of the Company.
- (5) Upon acceptance of the extension by the Company, applicant(s) shall furnish to the Company a detailed accounting of the actual cost of constructing, excluding cost of any applicant-installed service connections, and the portion of said cost paid by each applicant.
- (6) Same as A-3.
 - (a) Same as A-3-B.
 - (b) Same as A-3-C.
- (7) Extensions made under this Rule shall be contributed to the Company in consideration of its perpetual upkeep and maintenance.
- (8) Same as A-5.
- (9) Refunds under this Rule shall be paid at the time designated in the application for sewer service required by Rule 2.

RULE 11. Special Contract for Excessive Capacity MISSOURI

Public Service Commission

In the event that the Customer to be served proposed to discharge into Company's system an abnormally high volume or strength of waste as to require an enlargement of Company's existing sewage treatment plant or the construction of a temporary sewage treatment plant, and/or the construction or reconstruction of sewer lines, service shall be provided to such Customer under the terms and conditions of a mutually satisfactory contract, in form approved by the Public Service Commission of Missouri, pursuant to which the cost of such improvements will be financed in such a manner, and so supported by sewer service charges as to be fair and reasonable to both parties, and so as not to constitute a burden upon the Company which would be discriminatory against existing Customers of the Company.
