Re: Notice of Election and Withdrawal of Southwestern Bell Telephone Company d/b/a/ AT&T Missouri Tariffs Pursuant to §392.461, RSMo, enacted by House Bill No. 338

Dear Secretary of the Commission:

Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission (“Commission”), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs. However, the law requires electing companies to publish generally available retail prices on a website.

Southwestern Bell Telephone Company, d/b/a/ AT&T Missouri (“the Company”) hereby gives the Commission notice of its election to be exempt from tariff filing requirements, and of its intent to withdraw, the below-listed tariff.

- **Local Exchange**

P.S.C. Mo. - No. 24

This Notice of Election and Withdrawal shall become effective May 1, 2014. The Company will make available its rates, charges, terms and conditions for the above-referenced retail telecommunications services on its website at www.att.com/servicepublications.

Please refer any questions on this matter to me on 573-638-0261.

Very truly yours,

/s/ Timothy Judge

I certify that a copy of the foregoing, including attachments, is being sent via e-mail to the Office of Public Counsel at opcservice@ded.mo.gov this 1st day of April 2014.

1.1.2 Where Extended Area Service is provided which involves an exchange or zone of Southwestern Bell Telephone Company and another telephone company, Extended Area Service rate additives apply to all customers served from the Southwestern Bell Telephone Company exchange or zone.

1.1.3 Multiparty Service

At locations where facilities permit, multiparty service is not offered to customers requesting new telephone service or to customers requesting a change in their existing telephone service.

Those locations in which facilities permit the exclusive provision of one-party service for all customers within the area will be designated on the appropriate Exchange Area Map, Zone Area Map and/or Base Rate Area Map of the Local Exchange Tariff approved by the Missouri Public Service Commission. Existing multiparty customers will be allowed to continue their service until such time as they are upgraded by the Telephone Company as shown on the approved maps. At the time the customer's multiparty service is upgraded to one-party service, the application of the normal Service and Equipment Charge will not apply.

The multiparty conversion will consist of the following:

1. The Telephone Company will remove the party-line instrument adapter, or, if modifiable, rewire the instrument. The customer will not be charged for a premises visit or for rewiring the instrument when required.
2. One-party rates will be effective for each customer on the date the customer's service is upgraded to one-party service. Where service is furnished to customers located outside the base rate area, a mileage charge also applies as specified in Section 12 of the General Exchange Tariff.

Southwestern Bell Telephone Company may offer promotions for thirty days or longer in Southwestern Bell Telephone Company's exchanges subject to the availability of facilities. Promotions shall be offered to all similarly situated residence and/or business customers. In some cases, the customer may be required to retain the service for a specific period in order to qualify for the promotion. Southwestern Bell Telephone Company will provide written notice to the Commission 10 days prior to the beginning of each promotion period identifying the exchanges, LATAs, or Number Plan Areas (NPA) in which the promotions will be offered, the beginning and ending date of the promotion, and the specific type of waiver or credit. The written notice will be filed in an appendix in P.S.C. Mo.-No. 24, Local Exchange Tariff of Southwestern Bell Telephone Company. Southwestern Bell Telephone Company will not offer a promotion where the projected revenues are not expected to cover long run incremental costs.

1.1.4 Touch-tone Calling Service

Touch-tone Calling Service provides for the origination of calls by means of instrumentalities equipped for tone-type signaling. The service is furnished in connection with individual service. There is no monthly rate or Service and Equipment charge associated with Touch-tone.

All existing rotary lines will be automatically converted to Touch-tone on a scheduled basis at no charge by December 31, 1995. Effective March 1, 1995, all new customers will receive Touch-tone Calling Service at no charge.

1.1.2 Any Promotion

Southwestern Bell Telephone Company may offer promotions for thirty days or longer in Southwestern Bell Telephone Company's exchanges subject to the availability of facilities. Promotions shall be offered to all similarly situated residence and business customers who subscribe to additional lines and shall entitle the customer to a total or partial waiver of the Service and Equipment Charges, and/or a total or partial waiver of the monthly rate, or a credit up to and including \$25.00 or a combination thereof. In some cases, the customer may be required to retain the service for a specific period in order to qualify for the promotion. Southwestern Bell Telephone Company will provide written notice to the Commission 10 days prior to the beginning of each promotion period identifying the exchanges, LATAs, or Numbering Plan Areas (NPA) in which the promotions will be offered, the beginning and ending date of the promotion, and the specific type of waiver or credit. The written notice will be filed in an appendix in P.S.C. Mo.-No. 24, Local Exchange Tariff of Southwestern Bell Telephone Company. Southwestern Bell Telephone Company will not offer a promotion where the projected revenues are not expected to cover long run incremental costs.

1.1.3 Southwestern Bell Telephone Company will offer a waiver that applies to Military Reservists, National Guard and Full Time Military personnel who disconnect their service or request reconnection due to military deployment. Verification of military service is required for this waiver. The original waiver period was from January 2, 2002 through December 31, 2002. Due to continuing military operations, this waiver will be further extended until December 31, 2003. All residence nonrecurring charges include the Service and Equipment Charge that applies to installation of an access line found in 1.2.2.G of this tariff and any applicable non-recurring charges for optional features installed at the same time. This waiver is not available to personnel whose telephone service was disconnected for nonpayment, or disconnected prior to military service. In order to qualify for this waiver, military personnel must meet one or more of the following qualifications:

(AT)

Mo.-No. 26), are eligible to receive a waiver of the Service and Equipment Charge for the installation of up to 24 new trunks.

A promotion will be established from March 15, 2001 through June 10, 2001 for residence customers located in the Weldon Springs switch. The following waivers are being offered to customers who elect a phone number change to a telephone number assigned from the new switch:

- Waiver of the installation charge to receive a new phone number
- Waiver of one month's recurring charge for the local access line

For a period of 365 days beginning December 23, 2002, business customers who had established service with another local exchange carrier within the SWBT service area and who now wish to establish service with SWBT are eligible for this promotional offer. During this promotional period, the normally applicable non-recurring Service and Equipment Charges will be waived for business customers establishing business access service with SWBT. Business customers who have past due bills for regulated services owed to the Company are eligible for this promotion as long as they have established mutually acceptable payment arrangements with the Company.

The Telephone Company will offer a promotion for the period beginning October 1, 2002 through December 31, 2002. With this promotion, business network access line customers that subscribe to a 12-month term commitment for Optional MCA service(s) can receive a 50% discount on the monthly recurring charge for Optional MCA service. To be eligible, business customers must not have: 1) had service disconnected for nonpayment; or 2) any past due bills for regulated service owed to the Company.

A termination charge will apply if the business customer disconnects any portion of their contracted service prior to the expiration of their term commitment. This charge will consist of 50% of the monthly rate for service disconnected times the number of months remaining on the contract.

The Telephone Company will offer a promotion for the period June 12, 2003 through December 22, 2003. With this promotion, business customers who establish business network access service and who agree to a 12-month term commitment for flat rate 1-party service, multi-line access service or basic exchange access trunks will receive a waiver of the applicable nonrecurring Service and Equipment charges. Eligible business customers must not have: 1) service disconnected for non-payment; or 2) any past due bills for regulated service owed to the Company. This promotion may not be combined with other business access line offers.

(CT) The Telephone Company will extend a promotion for the period beginning October 1, 2003
(CT) through January 1, 2004. With this promotion, business network access line customers that subscribe to a 12-month term commitment for at least one new or additional Optional MCA service can receive a \$20.00 discount on the monthly recurring charges for each Optional MCA service subscribed to on the same account. To be eligible for this promotion, the business customer must not currently have any past due bills for regulated service owed to the Company.

A termination charge will apply if the business customer disconnects their entire Optional MCA service(s) prior to the expiration of their term commitment. This charge will consist of the total value of the discounts received up to the point of disconnection. The termination liability will be billed on the customer's next bill, following early termination.

A termination charge will apply if the business customer disconnects any portion of their contracted service prior to the expiration of their term commitment. This charge will consist of 50% of the monthly rate for service disconnected times the number of months remaining on the contract.

(CT)
(CT)

The Telephone Company will offer a promotion for the period June 12, 2003 through December 22, 2003. With this promotion, business customers who establish business network access service and who agree to a 12-month term commitment for flat rate 1-party service, multi-line access service or basic exchange access trunks will receive a waiver of the applicable nonrecurring Service and Equipment charges. Eligible business customers must not have: 1) service disconnected for non-payment; or 2) any past due bills for regulated service owed to the Company. This promotion may not be combined with other business access line offers.

(AT)

The Telephone Company will offer a promotion for the period beginning January 2, 2003 through September 30, 2003. With this promotion, business network access line customers that subscribe to a 12-month term commitment for at least one new or additional Optional MCA service can receive a \$20.00 discount on the monthly recurring charges for each Optional MCA service subscribed to on the same account. To be eligible for this promotion, the business customer must not currently have any past due bills for regulated service owed to the Company.

A termination charge will apply if the business customer disconnects their entire Optional MCA service(s) prior to the expiration of their term commitment. This charge will consist of the total value of the discounts received up to the point of disconnection. The termination liability will be billed on the customer's next bill, following early termination.

A package promotion that contains two bundle options for business customers located in Rate Groups D, D-1, and D-2 will begin on July 29, 2003 and continue through July 6, 2004. On September 2, 2003 the offer is expanded to include Rate Groups, C and C-1. The offer in Rate Groups C and C-1 will continue through July 6, 2004. This promotion is also known as the SmartSavings Promotion. To be eligible for this offer the customer must select one of the two bundle options listed below and place it on their primary line. The customer may also purchase a bundle on up to 9 additional lines or may select up to nine additional Business Access Lines at a discount rate.

Bundle 1:

- One Flat Rate 1-Party Access Line,
- Caller ID Service: Calling Name Delivery and Calling Number Delivery,
- Call Forwarding,
- Call Waiting

Or

Bundle 2:

- One Flat Rate Multiline Access Line,
- Caller ID Service: Calling Name Delivery and Calling Number Delivery,

Regardless of the bundle option selected, the customer may add additional lines for \$23.99/line. (Vertical services may be added to these additional lines at standard tariff rates.) Customers may add or subtract additional lines/bundles at any time during the term.

Customers must establish a one-year term agreement in order to receive the promotion rate of \$38.99 per month for Bundle 1 and \$38.99 per month for Bundle 2. This promotion may not be used in conjunction with any other discounts on either Flat Rate Access Lines or on the Call Management Services in this package.

If a customer disconnects their primary line and/or any required Call Management Services in the selected bundle prior to the end of their commitment, they will be charged and billed a sum of \$10/month for each month remaining in the term. The termination liability only applies to the primary line and will be billed on the customer's next bill, following early termination. Beginning on August 25, 2004, termination liability charges are not applicable if, during the SmartSavings term period, the customer converts to another Company local exchange plan with a term equal to or greater than the remaining SmartSavings term plan.

1.1.6 Promotions (cont'd)

This promotion offers optional term discounts for business customers and waives applicable nonrecurring Service and Equipment Charges associated with installation of the line. This promotion will be available from August 29, 2003 through July 14, 2004. This promotion is also known as The SBC MegaSaver Plan. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Applicable Service and Equipment Charges as contained in the Local Exchange Tariff, will be waived.

Customers subscribing to the promotion must commit to a service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SBC Missouri service under a service contract whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in the Local Exchange Tariff, in effect at the time the service agreement expires unless a new service agreement is negotiated.

When a customer subscribing to this promotion moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable Local Exchange Access Monthly Rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Local Exchange Access Lines that equal or exceed the number of lines that were connected at the old service location.

If termination charges or service agreement renegotiations are applicable, the following, apply:

Payment of the termination charge does not release the customer from other previous amounts owed to SBC Missouri.

The termination charge shall be fifty percent (50%) of the monthly commitment multiplied by the number of months remaining in the customer's term period for each Business Access Line or Trunk Service contained in the service agreement plus all waived and/or unpaid nonrecurring charges.

This offer may not be used in conjunction with any other Business Access Line special pricing or promotions.

Monthly rate discounts for eligible services, are:

12-month term 9%
24-month term 12%
36-month term 18%

Description

(CT)

A promotional offer will be available to all eligible business customers from April 1, 2004 through August 19, 2004. Eligible customers will receive a discount per line or per trunk off the recurring monthly service rate. The discount varies depending on the term period selected:

Term Commitment	Discount
Two year term agreement	12%
Three year term agreement	13%
Five year term agreement	13.5%

The customer will not receive the discount if, at the time of billing, the number of lines and/or trunks in-service is less than fifty.

This promotional offer may also be known as the "Nifty Fifty Plan".

Eligibility

Customers with no less than fifty business access lines and/or trunks and who enter into a two, three, or five-year term agreement are eligible. Customers subscribing to Plexar-II, Plexar Custom and Plexar Express are also eligible. Each Plexar line simulated facility group will count as an access line for the purposes of meeting the 50 access line requirement and all other terms and conditions for the applicable Plexar service apply.

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Upon expiration of the agreement, the services will automatically be billed at the monthly rate for month-to-month local access lines, trunks or Plexar lines which is then in-effect as set forth in the Local Exchange Tariff or General Exchange Tariff.

In the event customer adds lines or trunks, standard charges for the additions apply, including, but not limited to applicable service connection charges.

No Local access line or trunk covered under this offer may be discounted under another Company discount plan or promotion.

Customers must complete and return a properly executed agreement no later than 90 days after the promotional period ends.

Termination Charges

Termination charges apply if the customer terminates the agreement prior to the expiration of the term. The termination charge will be 50% of the monthly recurring charge for the 50 lines times the remaining months of the term.

Termination charges do not apply when during the term of the agreement 1) the customer upgrades to another Company local access line discount plan under a term plan with a term which is equal to or greater than the original term under this agreement, and 2) the number of lines in the new service agreement is equal to or greater than the number of lines under the then-in-effect Nifty Fifty Promotional Agreement.

Payment of termination charges pursuant to this tariff does not release the customer from other previous amounts owed to the Company, including but not limited to termination liability or disconnect charges which may apply to products or services subscribed to by the customer.

1.1.6 Promotions (cont'd)

This promotion offers optional term discounts for all business customers. In addition, standard nonrecurring Service and Equipment Charges associated with installation of the line will be waived for customers coming from other carriers and for existing customers that subscribe to the promotion that are adding lines. This promotion will be available from July 15, 2004 through November 1, 2004. This promotion is also known as The SBC MegaSaver Plan. Customers are only eligible for the waivers at the time MegaSaver is ordered. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

Customers subscribing to the promotion must commit to a 12-, 24-, or 36-, month service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SBC Missouri service under a service contract whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in the Local Exchange Tariff, in effect at the time the service agreement expires unless a new service agreement is negotiated.

When a customer subscribing to this promotion moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable Local Exchange Access Monthly Rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Local Exchange Access Lines that equal or exceed the number of lines that were connected at the old service location.

If termination charges or service agreement renegotiations are applicable, the following, apply:

Payment of the termination charge does not release the customer from other previous amounts owed to SBC Missouri.

Termination charges are equal 50% of the remaining monthly charges in the term for each business access line or trunk service contained in the service agreement.

Description

A promotional offer will be available to all eligible business customers from August 20, 2004 through August 4, 2005. Eligible customers will receive a discount per line or per analog trunk off the recurring monthly service rate. The discount varies depending on the term period selected:

Term Commitment	Discount
24-month term agreement	12%
36-month term agreement	13%
48-month term agreement	13.25%
60-month term agreement	13.50%

The customer will not receive the discount if, at the time of billing, the number of lines and/or analog trunks in-service is less than fifty.

This promotional offer may also be known as the "Nifty Fifty Plan".

Eligibility

Customers with no less than fifty business access lines and/or analog trunks and who enter into a 24, 36, 48 or 60-month term agreement are eligible. Customers subscribing to Plexar-II, Plexar Custom and Plexar Express are also eligible. Each Plexar line simulated facility group will count as an access line for the purposes of meeting the 50 access line requirement and all other terms and conditions for the applicable Plexar service apply.

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or analog trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Upon expiration of the agreement, the services will automatically be billed at the monthly rate for month-to-month local access lines, analog trunks or Plexar lines which is then in-effect as set forth in the Local Exchange Tariff or General Exchange Tariff.

In the event customer adds lines or analog trunks, standard charges for the additions apply, including, but not limited to applicable Service and Equipment charges.

No Local access line or analog trunk covered under this offer may be discounted under another Company discount plan or promotion.

Customers must complete and return a properly executed agreement no later than 90 days after the promotional period ends.

Termination Charges

If the customer terminates the Nifty Fifty agreement prior to the expiration of the 24, 36, 48, or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owned to the Company. The termination charge shall be:

- All unpaid special Construction charge or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the 50 lines times the remaining months of the customer's term.

LOCAL EXCHANGE

1.1 GENERAL (cont'd)

1.1.6 Promotions (cont'd)

A promotional period shall be established from November 1, 2004, through October 31, 2005. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a minimum line volume and term period. This promotion is known as the Term and Volume Discount (TVD) Plan promotion. At the time a customer subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for existing customers that add lines and for customers coming to SBC Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24-, and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12-month Term	24-month Term	36-month Term
Minimum 1 line	5%	7%	9%
Minimum 11 lines	6%	8%	10%
Minimum 31 lines	7%	9%	11%
Minimum 101 lines	8%	10%	12%
Minimum 201 lines	9%	11%	13%

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another SBC service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20 per-line charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with SimpleLink or CompleteLink offers.

Upon expiration of a 12, 24 or 36 month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

Eligibility

Eligible customers are those with no less than the minimum number of business access lines within the state of Missouri, as shown above. Customers must agree to a 3-year term commitment. Customers must commit to a minimum of 2 or 4 and a maximum of 20 (Option B) or 40 (Option A) access lines per each of their locations within the state to receive the rates shown above. Customers must also agree to a 3-year term commitment.

Customers must subscribe to Multiline Business Local Exchange service to be eligible for the Big Easy rates shown above.

The customer must agree to have locations in multiple SBC Missouri rates groups to be eligible for Big Easy.

Terms and Conditions

Big Easy cannot be combined with any other plan or package that includes discounted monthly exchange access line service.

Additional business access lines and locations may be added by the customer during the term agreement. New lines and locations will be counted toward the state-wide line size requirements.

If during any given month of the customer's term commitment, the total number of lines the customer has with the Company in the state falls below the state-wide line minimum, a shortfall charge will be billed to the customer. This shortfall charge will be \$20.00 times the number of lines below the state-wide line minimum for each month below the state-wide minimum.

Terms and Conditions (cont'd)

On average, a minimum of 2 lines per location within the state must be maintained by the customer. If the customer commits to a 4 line minimum per location and the customer's average line size per location for all locations in the state falls below 4 lines, the customer will be converted to the 2 line minimum rates. If any customer falls below an average of 2 lines per location for all locations in the state, the term commitment will be voided and the customer will revert to standard tariff rates for the services included in this offer. If any customer location is found to exceed the maximum line size per location of 40 (Option A rated locations) or 20 (Option B rated locations), that location will be migrated off of “Big Easy” and revert to standard tariff rates. The assessment of location line size will be performed annually by the Company for each customer.

Service charges will not apply to initially convert existing customer locations and multiline business local exchange access lines served by the Company to the “Big Easy” rates. Any new locations or additional lines added after the date of initial subscription, will be billed the standard tariffed service and installation charge rates or the best current tariffed promotional nonrecurring rates.

Business customers who currently have any or all of their local access lines with another local exchange carrier within the Company service area and who now wish to establish service with the Company under the terms of the “Big Easy” promotion, will have all applicable service and installation charges waived for those lines, as well as any related to additional lines added within 30 days of the date of initial subscription.

Upon expiration of the term agreement, if the customer does not select a new term agreement with the Company, the rates for each component of the “Big Easy” promotion will revert to the applicable individually tariff rates shown in the Local Exchange Tariff herein.

“Big Easy” Promotion (cont'd)

Terms and Conditions (cont'd)

Customers who terminate their entire service prior to the 3-year term commitment will be assessed termination charges equal to 50% of the monthly recurring charges, times the number of months remaining on the term, times the minimum state-wide line commitment.

Termination charges do not apply if during the term agreement: 1) the customer upgrades to another Company local access line discount plan with a term equal to or greater than the original term under this agreement, and 2) the number of lines committed to under the new service agreement are equal to or greater than the number of lines committed to under this term agreement. Customers may move or disconnect entire locations within the state, as long as the minimum number of lines originally committed to is maintained.

Payment of termination charges pursuant to this Tariff does not release the customer from any other amounts owed to the Company, including but not limited to termination liability or disconnect charges which may apply to other products or services subscribed to by the customer.

This promotion offers eligible residential customers who subscribe to an additional access line a \$10.00 monthly credit for up to 6 months. Customers are required to retain their additional line on each successive bill cycle in order to receive the credit for that bill cycle. If prior to receiving the next eligible bill credit, the additional line or lines are disconnected, all remaining credits will cease. This promotion will run from January 10, 2005 through April 10, 2005.

Eligible residential customers are those residence customers who have an additional access line and call to disconnect the additional access line and then decide to retain the additional line. Customers who do not have an additional line are not eligible.

(AT)

The Company will offer a residence promotion from April 11, 2005 through June 30, 2005. During this promotional period, eligible residential customers who agree to retain an additional access line will receive bill credits up to \$60.00 in total.

Eligible residential customers are those existing residence customers who have an additional access line, call to disconnect the additional line and then decide to retain the additional line. Existing customers who do not have an additional line are not eligible.

The bill credit will be given in six \$10.00 monthly increments in the first six bill periods following service retention. Customers are required to retain their additional line on each successive bill cycle in order to receive the credit for that bill cycle. If prior to receiving the next eligible bill credit, the additional line or lines are disconnected, all remaining credits will cease per line.

- (CT) A promotional period shall be established from May 1, 2006, through December 31, 2006. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a minimum line volume and term period. This promotion is the next generation Term and Volume Discount (TVD) Plan promotion. At the time a customer initially subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for customers coming to AT&T Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.
- (CT)

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24- and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

- (CT) To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by AT&T Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12-month Term	24-month Term	36-month Term
Minimum 1 line	5%	7%	9%
Minimum 5 lines	5.5%	7.5%	9.5%
Minimum 11 lines	6%	8%	10%

TVD provides for 12-, 24- and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12-month Term	24-month Term	36-month Term
Minimum 1 line	5%	7%	9%
Minimum 5 lines	5.5%	7.5%	9.5%
Minimum 11 lines	6%	8%	10%
Minimum 31 lines	7%	9%	11%
Minimum 101 lines	8%	10%	12%
Minimum 201 lines	9%	11%	13%

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

(CT) Termination charges will also not apply if a customer converts to another AT&T service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement and retains local exchange access lines that equal or exceed the minimum commitment number of lines under the existing agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20.00 per-line charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with Custom BizSaver, SimpleLink, SimpleLink Enhanced or CompleteLink offers.

Upon expiration of a 12-, 24- or 36-month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

A. Welcoming Rewards Win/Winback Offer

Beginning November 1, 2010, eligible business customers subscribing to new business local exchange access lines or trunks or Plexar-I will receive a one-time credit based on the number of new lines ordered. The first line will receive a credit of \$50.00. Lines 2 up to 20 will receive a credit of \$25.00 per line. Lines must be at the same location and only the first 20 lines will qualify. In addition, waivers will be provided for the normally applicable service ordering, line connection, and central office connection non-recurring charges (NRCs) associated with the installation of local exchange access lines or trunks, up to 20 lines maximum per location, for the initial order only. The one time credit(s) will be provided within the first two bill cycles. In addition, a waiver of the non-recurring service establishment charges normally associated with Custom Calling and Advanced Custom Calling Services ordered at the time of initial order placement will be provided for up to 20 lines.

Eligible customers include those businesses that are currently with another carrier and are establishing service with the Company. Eligible customers must subscribe to new business local exchange access lines or trunks and select one of the specified term plan offers listed below. Customers must also commit to an oral 1 year Welcoming Rewards Promotional Agreement in order to receive the benefits.

Eligible customers must subscribe separately to one of the following term plan offers in order to receive the Welcoming Rewards benefits: AT&T Business Local Calling, Plexar I (with a minimum of 2 basic or electronic key lines for a 3, 5, or 7 year term) or BALTVD. All terms and conditions applicable to AT&T Business Local Calling or Centrex, as appropriate, will apply. The commitment to one of the specified term plans is in addition to the oral 1 year Welcoming Rewards Promotional Agreement commitment.

This offer is only applicable at the time of placing the initial order and is not available for subsequent orders placed for additional lines or services. The bill credits are discounts. If customer disconnects their account prior to the expiration of the oral 1 year Welcoming Rewards Promotional Agreement, the customer will be liable for early termination fees equal to the bill credit discount already given. This charge is in addition to other charges that may be associated with a subscription to a qualifying term plan.

This offer can be combined only with either the AT&T Business Local Calling Trio Rewards Promo or the Centrex NRC waiver, if applicable.

1.2.2.A.1. Term Pricing Plan – Business(1)

- A. Term Pricing Plan provides optional term discounts for business customers. Eligible services under Term Pricing Plan are Flat Rate 1-Party, Multiline and Flat Rate Trunk business local exchange service (as listed in Section 1.2.2 A. of this Tariff). Business flat rate access line and trunk services that rate reference the eligible services listed above are also eligible for the Term Pricing Plan (hereinafter referred to as “eligible services”). Term Pricing Plan may not be combined with any other access line discounts. Term Pricing Plan is offered in Rate Groups B, C-Principal, C-Metropolitan Calling Area-1, D-Principal, D-Metropolitan Calling Area-1 and D-Metropolitan Calling Area-2. Term Pricing Plan provides for 12, 24, 36, 48 or 60-month discounts.
- B. All rules, regulations, fees and surcharges normally applicable to eligible services apply.
- C. To qualify, the customer subscribing to the Term Pricing Plan must commit to a service agreement in a form designated by the telephone company establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement.
- D. Effective May 17, 2004 the rate provisions in Paragraph D will only apply to customers with existing Term Plan Pricing agreements. (Customers subscribing to or renewing Term Pricing Plan agreements on or after May 17, 2004 will be subject to the rate provision in Paragraph D.1.) If monthly business access line rates set forth in Section 1.2.2 A of this Tariff decrease during the term period, the Company will adjust the customer's term rates to reflect the decreased rates. If monthly business access line rates set forth in Section 1.2.2 A of this Tariff increase as a result of a Company-initiated rate increase, rates of Term Pricing Plan customers will not increase. However, when a Local Exchange Rate Group reclassification occurs, an adjustment for the remaining term of the service agreement will be made. The Company will notify the affected Term Pricing Plan customers of any of the above changes in the Company's rates or a change in the customer's exchange Rate Group level.

- (1) The Term Pricing Plan is obsolete for business customers, except for existing business customers at existing locations for the remainder of their term who subscribed to the plan prior to November 15, 2004.

1.2.2.A.1. Term Pricing Plan - Business

A. Term Pricing Plan provides optional term discounts for business customers. Eligible services under Term Pricing Plan are Flat Rate 1-Party, Multiline and Flat Rate Trunk business local exchange service (as listed in Section 1.2.2 A. of this Tariff). Business flat rate access line and trunk services that rate reference the eligible services listed above are also eligible for the Term Pricing Plan (hereinafter referred to as "eligible services"). Term Pricing Plan may not be combined with any other access line discounts. Term Pricing Plan is offered in Rate Groups B, C-Principal, C-Metropolitan Calling Area-1, D-Principal, D-Metropolitan Calling Area-1 and D-Metropolitan Calling Area-2. Term Pricing Plan provides for 12, 24, 36, 48 or 60-month discounts.

B. All rules, regulations, fees and surcharges normally applicable to eligible services apply.

C. To qualify, the customer subscribing to the Term Pricing Plan must commit to a service agreement in a form designated by the telephone company establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement.

(AT) D. Effective May 17, 2004 the rate provisions in Paragraph D will only apply to customers
| with existing Term Plan Pricing agreements. (Customers subscribing to or renewing Term
(AT) Pricing Plan agreements on or after May 17, 2004 will be subject to the rate provision in
(CT) Paragraph D.1.) If monthly business access line rates set forth in Section 1.2.2 A of this
(CT) Tariff decrease during the term period, the Company will adjust the customer's term rates to
(CT) reflect the decreased rates. If monthly business access line rates set forth in Section 1.2.2 A
(CT) of this Tariff increase as a result of a Company-initiated rate increase, rates of Term Pricing
(CT) Plan customers will not increase. However, when a Local Exchange Rate Group
(CT) reclassification occurs, an adjustment for the remaining term of the service agreement will
(CT) be made. The Company will notify the affected Term Pricing Plan customers of any of the
(CT) above changes in the Company's rates or a change in the customer's exchange Rate Group
(MT) level.

A. Term Pricing Plan provides optional term discounts for business customers. Eligible services under Term Pricing Plan are Flat Rate 1-Party, Multiline and Flat Rate Trunk business local exchange service (as listed in Section 1.2.2 A. of this Tariff). Business flat rate access line and trunk services that rate reference the eligible services listed above are also eligible for the Term Pricing Plan (hereinafter referred to as "eligible services"). Term Pricing Plan may not be combined with any other access line discounts. Term Pricing Plan is offered in Rate Groups B, C-Principal, C-Metropolitan Calling Area-1, D-Principal, D-Metropolitan Calling Area-1 and D-Metropolitan Calling Area-2. Term Pricing Plan provides for 12,24,36,48 or 60-month discounts.

B. All rules, regulations, fees and surcharges normally applicable to eligible services apply.

C. To qualify, the customer subscribing to the Term Pricing Plan must commit to a service agreement in a form designated by the telephone company establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement.

D. If monthly business access line rates set forth in Section 1.2.2 A of this Tariff, decrease during the term period, SWBT will adjust the customer's term rates to reflect the decreased rates. If monthly business access line rates set forth in Section 1.2.2 A of this Tariff, increase as a result of a SWBT-initiated rate increase, rates of Term Pricing Plan customers will not increase. However, when a Local Exchange Rate Group reclassification occurs, an adjustment for the remaining term of the service agreement will be made. SWBT will notify the affected Term Pricing Plan customers of any of the above changes in SWBT's rates or a change in the customer's exchange Rate Group level.

E. Term Pricing Plan customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new service agreement with a term that is greater than the existing term and contains an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business access line rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SWBT service under a service contract whose term period is equal to or greater than the period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.
