MESSAGE TELECOMMUNICATIONS SERVICE

AT&T UNLIMITED PLAN (BLKNP)-Continued

REC'D FEB 06 2002

2. Rates and Charges (Continued)

Service Commission

Eligible Dial Station intrastate long distance calls that are not placed to residential telephone lines that are subscribed to AT&T as the Primary Interexchange Carrier will be rated at \$.07 per minute all day, seven days a week in lieu of rates specified in Section 1.4.6 of this tariff. This includes, but is not limited to, calls to: telephone lines that are subscribed to a Primary Interexchange Carrier other than AT&T; customers of AT&T Broadband local telephone service; on-line services or Internet access services; wireless devices (e.g., wireless phones or pagers); businesses; and subscribers to a business customer calling plan.

The monthly recurring charge applies whether or not a customer makes any calls.

The monthly recurring charge is billed and payable in advance. Therefore, customers will have two \$19.95 monthly recurring charges on their first billing statement, one which applies to the billing month in which the customer enrolls in the plan, and one which applies to the next billing month.

If at time of enrollment in this plan a customer selects AT&T as its primary carrier for intraLATA toll calls, the customer's intraLATA toll calls will be eligible under this plan once the local telephone company has processed the customer's AT&T IntraLATA toll subscription. If, for any reason, a customer's election of AT&T as the primary carrier for intraLATA toll calls is not made or implemented, the monthly recurring charge for this plan will still apply even though the customer will not receive the intraLATA toll call benefits of this plan.

The duration of calls under this plan subject to a per-minute charge, which involves a fractional part of a minute, will be rounded up to the next higher full minute.

Rates and Service Charges for Calling Card and Operator-Handled Calls apply as specified in Section 1.4.6 of this tariff.

Participating Multiline Customers will be billed one monthly recurring charge for all lines billed to the Main Billed Account. Eligible usage from all lines will be billed as if the Multiline Customer was a single line account.

AT&T UNLIMITED PLAN (BLKNP)-Continued

REC'D FEB 06 2002

3. Limitations

Service Commission

Customers who agree to receive and review their bill on-line via the Internet must choose to have their monthly long distances charges: 1) automatically charged to a valid commercial credit card accepted by AT&T, 2) automatically debited to their personal checking account each month, or 3) paid via an authorized third-party online bill payer accepted by AT&T.

Customers can enroll in only one pricing plan for AT&T direct dialed station intrastate and interstate calls per residential telephone account unless AT&T states otherwise.

A customer's AT&T free minute or AT&T bill credit offer or promotion will be terminated upon a customer's enrollment in this plan.

Customers agree not to make calls under this plan for a commercial use, including without limitation, commercial facsimile purposes, telemarketing, or through an auto-dialer program. AT&T may immediately suspend, restrict, or cancel a customer's service without advance notice upon its determination of such prohibited use.

If a customer notified AT&T that he wants to withdraw from this plan and subscribe to another AT&T plan, the newly selected AT&T plan will not become effective until the end of the customer's then current billing month.

4. Availability

This plan is available to residential customers in the geographical areas where AT&T determines in its reasonable discretion that billing and technical capability exists.
