1.4.9 Discounted Rates Applicable to Messages Placed by Certified
Hearing and/or Speech Disabled Residence Customers.

MAY 16 1994 (MT)

Disabled persons who have been certified to the Company or its authorized agent as having a hearing or speech impairment which necessitates that they communicate via a telecommunications device (e.g., text telephone or similar keyboard communications equipment) will receive, upon written application to the Company or its authorized agent, a reduction on intrastate, dial station messages placed from the premises of the certified residence account where the telecommunication device is located.

MISSOURI
Public Service Commission

On directly dialed messages placed by certified speech and/or hearing handicapped customers from their residence, a 35 percent reduction in charges for the messages will apply.

Certification of the hearing and/or speech disability requires the completion of an application form certified by a physician, otolaryngologist, audiologist, licensed speech-language pathologist or an authorized agency representing hearing and speech disabled individuals.

1.4.10 Telecommunications Relay Service (TRS) Calls.

A Telecommunications Relay Service call is rated and billed as a call from the originating telephone number (calling station) to the terminating telephone number (called station). Direct dialed, calling card and operator assisted calls may be placed through TRS. Discounts applicable to relay calls appear in Section 1.4.9, preceding. User billed calls to enhanced and non-enhanced services are prohibited, (e.g., coin sent-paid, 900 or 976 numbers).

MISSOURI
Public Service Commission

A. General

AT&T SelectCall is an AT&T Long Distance Service that permits the customer (subscriber) to receive direct dialed calls originated over the AT&T network from subscriber-authorized telephone numbers and have those calls automatically reverse-billed to the customer without the assistance of a Company operator. This intrastate service is an add on to the interstate AT&T SelectCall Service provided in this Company's Tariff FCC No. 1.

B. Availability

AT&T SelectCall is available to customers in equal access areas of Local Exchange Companies where the required billing capability exists.

AT&T SelectCall is available on domestic direct dialed calls. It is not available on the following types of calls:

- Operator Handled (collect, third number, person-to-person, calling card, real time rated)
- Customer Dialed Calling Card
- Conference Calls

C. Regulations

AT&T SelectCall includes a Service Charge per call. Usage charges for calls are Dial Station rates specified in Section 1.4.8.A., preceding. AT&T SelectCall calls are included in discounts under REACH OUT Missouri specified in Section 2.1, following.
