TARIFF FORMAT

MAR 04 1998

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of the various suspension periods and deferrals the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the check sheet for the page currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(1)

GTE PSC MO. No. 1 & 3

MAR 04 1998

1. GENERAL REGULATIONS

MO. PUBLIC SERVICE COMM

Omniplex Communications Group, LLC, (hereinafter sometimes referred to as the "Company" or the "Telephone Company") hereby includes in this Tariff, by reference, Regulations and Discount Plans from the Company's Tariff P. S. C. No. 1, on file at the Missouri Public Service Commission, effective September 1, 1997.

The Company concurs in the rules and regulations applying to and governing all Customers' Contracts set forth in the GTE Telephone Company General Exchange tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law, subject however to the additional obligations and regulations found in this tariff. These additional obligations and regulations are set out in subsequent sections of this concurrence.

The Company reserves the right to cancel and void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

1.1. Additional Obligations of the Company

1.1.1. E-911

- A. At the time the Telephone Company provides basic local service to a customer by means of the Telephone Company's own cable pair, or over any other exclusively owned facility, the Telephone Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911.
- B. The Telephone Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Telephone Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Telephone Company.
- C. The Telephone Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity pursuant to RSMo. 190.310.

*The abbreviation "GTE " used in the Tariff Reference section of each tariff page refers to GTE Midwest Incorporated.

1.2. Rules and Regulations Applying to All Customers' Contracts

MO. PUBLIC SERVICE COMM

1.2.1 Advance Payments & Deposits

The Telephone Company concurs in all rules and regulations governing advance payments as detailed in GTE 's PSC MO. No. 1.

1.2.2 Deposits

The Telephone Company may require an applicant for service to post a deposit if: The applicant has an undisputed, unpaid bill with any telephone company. In addition to any necessary service connection charges and application fee, the applicant will be required to pay a deposit in the amount of 1) for residential service applications, twice the average monthly billing for residential subscribers, or 2) for business service applications, twice the amount of the average monthly billing for business subscribers.

A deposit will not exceed the estimated charges for two (2) months' usage. The deposit will be returned or applied to the customer's account:

- (1) When an application of service has been cancelled prior to the establishment of service, the deposit will be applied to any charges applicable including installation charges and the excess portion of the deposit will be returned.
- (2) At the end of twelve (12) months of satisfactory credit history, the deposit will be applied to the customer's account.
- (3) Upon cancellation of service, the Telephone Company will refund the customer's deposit or the balance in excess of unpaid bills for service.

The fact that a deposit has been made in no way relieves the Customer from complying with the regulations with respect to the prompt payment of bills on presentation.

On deposits held thirty (30) days or more, simple interest at the rate of nine percent (9%) per annum shall be credited annually to the account of the customer, or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

Caller ID (Calling Number and Name delivery). This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls.

When Caller ID is activated on a customer's line, the CPN of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle.

Per line blocking for the blocking of CPN will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to Carrier:

- a) private, nonprofit, tax exempt, domestic violence intervention agencies, and
- b) federal, state, and local law enforcement agencies.

The CPN will not be transmitted from a line equipped with this capability. Per-line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call.

Line blocking customers can unblock their CPN information on a per-call basis, at no charge by dialing an access code (*82 on their Touch Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (#67 on their Touch Tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per-call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer-Owned Pay Telephone Service. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

MO. PUBLIC SERVICE COMM

Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this Tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator-handled calls.

2.2 **Exchange Access Lines**

The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Local Exchange telephone service (hereinafter referred to as Exchange Access Lines service) as set forth in the GTE Telephone Company Local Exchange tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates of GTE Telephone Company for Exchange Access Line telephone services. Rates for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

Applicability

This tariff applies to the Telephone Company's resale of telecommunications services within GTE Telephone Company exchanges which are located within the Telephone Company's authorized territories within the State of Missouri.

MO. PUBLIC SERVICE COMM

Operator service requirements: (1)

1. Carrier will not knowingly bill for incomplete calls and will remove any charge(s) for incomplete calls upon subscriber notification or Carrier's knowledge of the charge(s) for incomplete calls.
2. Carrier will advise the caller and billed party (if different from the end user) that Omniplex Communications Group, LLC(Carrier) is the operator service provider at time of the Initial contact.
3. Carrier will provide rate quotes, including all rate components and any additional charges, upon request, at no charge.
4. Carrier will allow only tariff charges approved by the commission, or otherwise allowed by law for the provision of operator services, to appear on billings rendered by local exchange companies (LEC's) on behalf of Carrier and will not collect locations surcharges imposed by traffic aggregators.
5. Carrier will arrange for listing of its name on LEC's Billing of Carrier's charges, if the LEC has multi-carrier bill listing capability.
6. Carrier will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards. In order to control fraud, the Company may refuse to accept calling cards which it determines to be invalid or cards which it is unable to verify
7. Carrier will direct all "00-" emergency calls to the local exchange carrier (LEC) at no charge.
8. Carrier's contracts with traffic aggregators will contain provisions which:
 - (a) prohibit the blocking or access to an end user's interexchange carrier of choice and, (b) provide for the prominent posting or display, on or near the telephones to be utilized by end users, of material setting forth the name of the carrier, complaint procedures, instructions on reaching the LEC operator as well as other interexchange carriers, and procedures for emergency calls.

2.3. Directory Assistance Services

The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Directory Assistance Services as set forth in the GTE Telephone Company tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Directory Assistance Services of GTE Telephone Company. Rates for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

Applicability

This tariff applies to the Telephone Company's resale of telecommunications services within GTE Telephone Company exchanges which are located within the Telephone Company's authorized territories within the State of Missouri.

Residence customers are entitled to one listing in the white pages directory and Business customers are entitled to one white pages listing and one yellow pages listing. Additional listings, customized listings and advertising are available at additional charge. Listings are made available through GTE. The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Directory Listing Services as set forth in the GTE Telephone Company tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law.

2.3.1 Directory Assistance Service

A. General

1. The Company furnishes Directory Assistance Service whereby customers may request assistance in determining telephone numbers when the listed name is provided.
2. The regulations and rates set forth below apply to calls from customers who request assistance in determining telephone numbers of customers who are located in the same local calling area (1+411) or in the calling customer's Home Numbering Plan Area (HNPA) (1+555-1212).
3. Upon request, the address information normally published in the directory will be given out by the Directory Assistance attendant for listed customers. Information for nonpublished customers will not be provided.

B. Allowances

MO. PUBLIC SERVICE COMM

1. A customer is allowed three direct dialed Directory Assistance calls per month at no charge for each exchange service line and for each trunk line. (1)
2. In addition to the allowance set forth in Paragraph B.1 preceding, each customer shall be allowed one direct dialed long distance Directory Assistance call (within the home area code) for each sent paid home area code long distance call appearing on the customer's bill.
3. Calls placed to the Directory Assistance attendant via an operator are not included in the allowance set forth in Paragraph B.1 and are always billed, except to those customers exempted by this tariff.

C. Rates

1. Where the customer dials the local Directory Assistance number (1+411), the charge is \$.40 per call over the allowances defined in Paragraph B (maximum of two requested telephone numbers per call).
2. Where the customer dials the Directory Assistance number outside the local calling area (1+555-1212), the charge is \$.40 for each call over the allowances defined in Paragraph B (maximum of two requested telephone numbers per call).
3. Where the customer places a call to the Directory Assistance attendant via a Company operator, the charge is \$.45 for each call (maximum of two requested telephone numbers per call), in addition to the local Directory Assistance charge.
4. Directory Assistance charges billed to a third number, a special billing number, or a Company calling card, in addition to the local Directory Assistance rate, will be billed at \$.45 per call.

Footnote:

- (1) Free call allowances do not apply to COPTS.

B. Clear Channel Capability

a. Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a High Capacity Digital (DS1) Service with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per SAL basis.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence, as described in ANSI T1.102-1987 and Section 6103 of the GTE Technical Interface Reference Manual.

2.8 *Miscellaneous Service Offerings (continued)*

2.8.1 Toll Blocking Service

- 1) Toll Blocking Service is a central office service that restricts one plus (1+), International (011+), zero plus (0+), and/or zero minus (0-) calling. Calls to 800 Service will not be restricted (1-800+XXX-XXXX). Restricted calls are directed to a central office announcement.
- 2) Three Toll Blocking Service options are available:
 - a) Option 1 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) call. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 1 also includes Originating Line Screening which allows outgoing intraLATA toll calls to be charged to the called telephone, a third number, or a credit card account.
 - b) Option 2 - Restricts any direct dialed one plus (1+) or direct dialed International (011+) calls. This includes directory assistance (1+411, 1+555-1212, 1+NPA+555-1212). Option 2 also restricts any local or long distance zero plus (0+) or zero minus (0-) call. If 9-1-1 service is not available in an exchange, zero minus (0-) calls will be restricted to local operator assisted emergency calls.

Rates and Charges

- a. The following rates and charges apply to the provisioning of Toll Blocking Service and are in addition to all other applicable charges as specified elsewhere in this Tariff.
- b. The Service Order Charge in this Tariff applies when adding or changing Toll Blocking Service on an existing account.
- c. The monthly rate for toll blocking is in addition to those with which the service is associated.
