35. Conservation and Energy Efficiency Programs (continued)

A3. Energy Efficiency Kits Program (the "Program")

Purpose – The objective of the Program is to raise customer awareness of the benefits of "high efficiency" products (EnergyStar, etc.) and to educate residential customers about energy use in their homes by offering information, products, and services to residential customers to save energy cost effectively.

Availability – The Program is available to Laclede Gas Residential customers and may be offered through various channels, such as direct mail, secondary education schools, community based organizations, and market-rate multifamily properties.

Program Description – The Company will work with Ameren Missouri and a program administrator to implement this Program. The program administrator will provide the necessary services to effectively implement the Program and to strive to attain the energy savings targets. The Program incorporates various program partners, products, incentive mechanisms and program delivery strategies.

The Program will follow a multi-faceted approach to educate participants and effectuate installation of energy efficiency products and actions addressed in the Energy Efficiency Kits.

The Company will work with Ameren Missouri to produce a post-implementation evaluation in order to quantify the impact of the Program.

Measures and Incentives- Energy Efficiency Kits may include Low Flow Faucet Aerators, Low Flow Showerheads, Pipe Wrap, and Dirty Filter Alarms.
