Dear Secretary Woodruff:

Enclosed herewith for filing with the Missouri Public Service Commission on behalf of Laclede Gas Company for its eastern Missouri service territory ("LAC") are Revised Tariff Sheets:

P.S.C. MO. No. 5 Consolidated, Second Revised Sheet No. R-45-c
CANCELLING P.S.C. MO. No. 5 Consolidated, First Revised No. R-45-c

P.S.C. MO. No. 5 Consolidated, Original Sheet No. R-45-d
CANCELLING All Previous Schedules

The purpose of Second Revised Tariff Sheet No R-45-c is to make several changes to LAC's direct install program under which it partners with electric providers to co-deliver and install various energy efficiency measures for eligible low-income customers in multi-family buildings, including programmable thermostats, water heater piping wraps and low-flow faucet and showerhead devices. The purpose of Original Sheet No. R-45-d is to implement another co-delivered program that provides energy efficiency kits and related services to residential customers in an effort to raise customer awareness of the benefits of high efficiency products (e.g. EnergyStar, etc.) and to generally educate them about how to use energy in their homes in an efficient and cost effective manner.

These energy efficiency initiatives have been discussed by, and reflect input from, LAC's Energy Efficiency Collaborative. Because LAC has a pending general rate case proceeding, File No. GR-2017-0215, the Company intends to file substitute proposed tariff sheets in that case to reflect the terms of the Revised Tariff Sheets being filed today if and when they are approved or permitted to go into effect by the Commission on 30 days' notice. For the same reason, LAC is also serving a copy of the Revised Tariff Sheets to all parties of record in File No. GR-2017-0215.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Glenn W. Buck
