

# UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

## MISSOURI ENERGY EFFICIENT NATURAL GAS CO-DELIVERY PROGRAM

### APPLICATION

The Missouri Energy Efficient Natural Gas Co-Delivery Program is designed to deliver energy savings to customers receiving service under the Residential Service Rate or the General Service Rate that also receive electric service from Ameren Missouri. The program will be co-delivered through electric one or more energy efficiency programs offered by Ameren Missouri.

Incentives are being offered on a limited basis for all or a portion of the cost of Measures provided to Participants.

### DEFINITIONS

Administrator - Company will administer the Program through a contractor experienced in energy efficiency programs.

Measure - The replacement of less efficient natural gas equipment with high efficiency natural gas equipment and other high efficiency equipment and building shell measures.

Participant - A customer who is being served under either the Company's Residential Service or General Service natural gas rate class, is located in Missouri, and elects to either purchase or agrees to receive energy efficient gas saving equipment as described in Measures And Incentives. For purposes of receiving incentives under this Program, a Participant is defined as a person, firm, organization, association, corporation, landlord, contractor or other entity that implements Measure(s).

### AVAILABILITY

The Program is available to Ameren Missouri gas customers that also receive electric service from Ameren Missouri and may be offered through various channels such as direct install, direct mail, secondary education schools, community based organization, and market-rate and low-income multifamily properties.

### PROGRAM DESCRIPTION

The Company will partner with the Ameren Missouri electric utility and a program Administrator to implement this Program. The Administrator will provide the necessary services to effectively implement the Program. The Program incorporates various Program partners, products, incentive mechanisms and Program delivery strategies.

MISSOURI ENERGY EFFICIENT NATURAL GAS EQUIPMENT  
AND BUILDING SHELL MEASURE REBATE PROGRAMS (cont'd)

General Service Measures

- 1) Equipment: Thermostat - purchase and installation of up to two (2) units.  
Rated: Programmable.  
Rebate: Twenty five dollars (\$25) per thermostat for up to two (2) thermostats, fifty dollars (\$50) total or 50% of the equipment cost, whichever is lower.
- 2) Equipment: Steam Trap Replacement - purchase and replacement of up to twenty five (25) failing units.  
Rated: Steam Trap replacement considered efficiency improvement.  
Rebate: Fifty dollars (\$50) per steam trap; twelve hundred and fifty dollars (\$1,250) total.
- 3) Equipment: Natural Gas Food Service Steam Cookers - 5 Pan - purchase and installation of one (1) food service steam cooker - 5 pan.  
Rated: ENERGY STAR® Qualified.  
Rebate: Eighteen hundred dollars (\$1,800).
- 4) Equipment: Natural Gas Food Service Steam Cookers - 6 Pan - purchase and installation of one (1) food service steam cooker - 6 pan.  
Rated: ENERGY STAR® Qualified.  
Rebate: Eighteen hundred dollars (\$1,800).
- 5) Equipment: Natural Gas Food Service Double Oven - purchase and installation of one (1) food service double oven.  
Rated: ENERGY STAR® Qualified.  
Rebate: Twenty-six hundred dollars (\$2,600).
- \*6) Equipment: Natural Gas Tank Storage Water Heater - purchase and installation of up to two (2) units greater than or equal to 20 gallons and less than or equal to 55 gallons.  
Rated: High efficiency with an EF rating greater than or equal to 0.67.  
Rebate: One hundred and twenty-five dollars (\$125) per unit, two hundred and fifty dollars (\$250) total.
- 7) Equipment: Natural Gas Tank-less Water Heater - purchase and installation of up to two (2) units.  
Rated: High efficiency with an EF rating greater than or equal to 0.82.  
Rebate: One hundred and fifty dollars (\$150) per unit, three hundred dollars (\$300) total.

Applying to MISSOURI SERVICE AREA

**\*MISSOURI ENERGY EFFICIENT NATURAL GAS  
EQUIPMENT AND BUILDING SHELL MEASURE REBATE PROGRAMS (cont'd)**

**General Service Measures (cont'd)**

- 7) Equipment: Hot Water Measure Kit - installation of one (1) kit which may include: one (1) shower head, two (2) aerators, ten (10) feet pipe wrap  
Rated: 1.5 GPM  
Rebate: Measures will either be free or discounted to eligible customers, at the discretion of the Company, via at least one distribution method such as an on-line store.
  
- 8) Equipment: Ceiling Insulation  
Rated: Customer's existing ceiling insulation must be at R13 or less as verified and documented by an insulation contractor. Customer's contractor must install to a minimum rating of R18.  
Rebate: \$0.0268 x sq ft x ΔR with a maximum rebate of two hundred fifty dollars (\$250).
  
- 9) Equipment: Wall Insulation  
Rated: Customer's existing wall insulation must be at R11 or less as verified and documented by an insulation contractor. Customer's contractor must install to a minimum rating of R20.  
Rebate: \$0.0402 x sq ft x ΔR with a maximum rebate of four hundred dollars (\$400).
  
- 10) Equipment: Building Shell Measures - Commercial Energy Audit Improvement - purchase and installation of cost effective natural gas energy saving equipment and building shell measures as recommended from a customer's energy audit performed by a Qualified Auditor which are not included in other commercial natural gas measures listed in this Program. Audits must be performed by qualified professionals (Registered Professional Engineer, Registered Architect, Certified Energy Manager, or equivalent training, experience, and continuing education). Audit procedures and reports must reach the level of effort of a Level II - Energy Survey and Analysis as described in the most recent edition of "Procedures for Commercial Building Energy Audits" published by the American Society of Heating, Refrigerating, and Air Conditioning Engineers.

# UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

**MISSOURI ENERGY EFFICIENT NATURAL GAS  
EQUIPMENT AND BUILDING SHELL MEASURE REBATE PROGRAM (cont'd)**

**General Service Measures (cont'd)**

- 15) Equipment: Natural Gas Tankless Water Heater - purchase and installation of up to two (2) units.  
Rated: ENERGY STAR® Qualified high efficiency.  
Rebate: Two hundred dollars (\$200) per unit, four hundred dollars (\$400) total or 50% of the equipment cost, whichever is lower.
- 16) Equipment and Building Shell Measures:  
Commercial Energy Audit Improvement - purchase and installation of cost effective natural gas energy saving equipment and building shell measures as recommended from a customer paid energy audit by a Qualified Auditor, which are not included in other commercial measure listed in this program.  
Rated: Measures considered efficiency improvement.  
Rebate: One thousand dollars (\$1,000), or 50% of the equipment and building shell measures cost, whichever is lower.

**PROGRAM FUNDS**

Program funds will be used for the rebate costs and external administration and processing costs associated with Residential and General Service Measures. Up to \$16,250 of program funds may be used to cover marketing expenses incurred during 2010. The RCECC has allotted the remaining \$100,000 of funds in the Company's natural gas energy efficiency account (Account) to the Program. When the Account has been depleted, the Company will provide additional funding to the Account and defer that additional amount for future ratemaking treatment in the manner set forth in paragraph 19 in the Stipulation and Agreement approved by the Commission in Case No. GR-2007-0003.

**PROGRAM TERM**

\*The Program will conclude February 28, 2011.

Any Program Funds in excess of actual program expenses that remain at the end of the Program will be available to other RCEEC programs.

Applying to MISSOURI SERVICE AREA

## MISSOURI ENERGY EFFICIENT NATURAL GAS RESIDENTIAL LOW INCOME PROGRAM

### APPLICATION

The Missouri Energy Efficient Natural Gas Residential Low Income Program is designed to deliver energy savings to properties housing customers who meet income qualifications specified in the Availability section of this tariff.

Incentives are being offered on a limited basis for all or a portion of the cost of Measures provided to Participants. Company's participation in such financial incentives is in accordance with the Stipulation and Agreement approved by the Missouri Public Service Commission (Commission) in Case No. GR-2019-0077.

### DEFINITIONS

Administrator - Company will administer the Program through an implementation contractor(s) experienced in energy efficiency programs.

Measure - The replacement of less efficient natural gas equipment with high efficiency natural gas equipment and other high efficiency equipment and building shell measures, including both tenant unit and common area measures.

Participant - A customer who meets the Availability Requirements below, is located in Missouri, and elects to either purchase or agrees to receive energy efficient gas saving equipment as described in Measures And Incentives.

### AVAILABILITY

The Program is available for the Program Period to:

1. Qualifying single family low-income customers receiving service under the Residential Service Rate residing in single family detached housing, duplexes, and mobile homes (wood-frame bolted to steel chassis, designed to be transported); or
2. Owners and operators of any multi-family properties of three or more dwelling units receiving service under the Residential Service Rate or Service Classifications General Service Rate
3. Organizations who perform qualified installations or distributions to homes of qualified low-income residential end users may participate in this Program by making application for a low-income efficiency housing grant.

In order to qualify for participation, low-income Participants must meet one of the following income eligibility requirements:

1. Participation in federal, state, or local subsidized housing program.
2. Proof of income levels at or below 80% of area median income (AMI) or 200% of federal poverty level.

Issued Pursuant to the Order of the Mo.P.S.C. in Case No. GR-2019-0077.

RESIDENTIAL LOW INCOME PROGRAM (cont'd)**

3. Fall within a census tract included on Company's list of eligible low-income census tracts.

Where a multi-family property does not meet one of the eligibility criteria listed above and has a combination of qualifying tenants and non-qualifying tenants, at least 50% of the tenants must be eligible for the entire property to qualify.

**MEASURES AND INCENTIVES**

Measures to be installed in this Program are the same as the list of residential measures in the Missouri Energy Efficient Natural Gas Equipment and Building Shell Measure Rebate Program; however the incentives could be as high as 100% of the installed cost of the measure. Maximums provided in the Missouri Energy Efficient Natural Gas Equipment and Building Shell Measure Rebate Program will be applied per tenant unit, rather than per property in the case of multi-family properties.

**PROGRAM FUNDS**

Funding for these measures is set forth in the Stipulation and Agreement in Case No. GR-2019-0077.

**PROGRAM TERM**

The Program will conclude on December 31, 2022 or at the time new rates go into effect as a result of a general rate proceeding, whichever occurs first. All installations of Measures or delivery of Measures for self-install must occur before the conclusion date of the Program.

ISSUED BY Warner L. Baxter                      President & CEO                      St. Louis, Missouri  
Name of Officer                      Title                      Address

# UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

**\*MISSOURI ENERGY EFFICIENT NATURAL GAS  
EQUIPMENT AND BUILDING SHELL MEASURE REBATE PROGRAMS (cont'd)**

**General Service Measures (cont'd)**

- 11) Equipment: Pre-Rinse Spray Valve Program - installation of either a self installed or direct installed pre-rinse spray valve.  
Rated: 0.64 GPM.  
Rebate: Up to two (2) free pre-rinse spray valves that are either direct installed or mailed to the customer at the discretion of the Company.
- 12) Equipment: Natural Gas Large Vat Fryer - purchase and installation of one (1) natural gas large vat fryer.  
Rated: 50% = Heavy Load Cooking Energy Efficiency.  
Rebate: Nine hundred dollars (\$900).

**PROGRAM FUNDS**

Funding for these measures is set forth in the Stipulation and Agreement in Case No. GR-2010-0363.

**PROGRAM TERM**

The Program will conclude on December 31, 2013. All installations of measures must occur no later than December 31, 2013 to qualify for a rebate. All rebate forms for this Program must be submitted and post-marked not later than January 31, 2014.

This tariff will provide for uninterrupted availability of these energy efficiency programs through December 31, 2013. The Company may file with the Commission proposed revised tariff sheets concerning the Energy Efficiency program if Company believes circumstances warrant changes.

\*Indicates Change.

# UNION ELECTRIC COMPANY GAS SERVICE

Applying to MISSOURI SERVICE AREA

**MISSOURI ENERGY EFFICIENT NATURAL GAS  
EQUIPMENT AND BUILDING SHELL MEASURE REBATE PROGRAM (cont'd)**

**General Service Measures (cont'd)**

Rated: Measures considered efficiency improvements include:

1. Ceiling or wall insulation
2. Energy Star windows and doors
3. Window weather stripping
4. Door weather stripping
5. Water heater wrap
6. Hot water pipe wrap
7. Switch and outlet insulation
8. Caulking
9. Faucet aerators
10. Low flow shower heads

Rebate: Twenty five percent (25%) of the cost for equipment and building shell measures. A rebate will only be issued when the calculated rebate results in a minimum rebate of at least one hundred dollars(\$100) and the total rebate issued cannot exceed a maximum rebate of one thousand dollars (\$1,000).

**\*PROGRAM FUNDS**

Funding for these measures is set forth in the Stipulation and Agreement in Case No. GR-2010-0363.

**\*PROGRAM TERM**

The Program will conclude December 31, 2012.

This tariff will provide for uninterrupted availability of these energy efficiency programs through December 31, 2012. The Company may file with the Commission proposed revised tariff sheets concerning the Energy Efficiency program if Company believes circumstances warrant changes.

\*Indicates Change.
