- 7. <u>Toll Service</u>
 - a. Basic Product Description

Q.Government Network ServicesTM Toll Service (1+Outbound) is available via three access options; switched access, dedicated access, and WorldCard (travel card access). Q.Government Network Services 800 (Inbound) is available via switched and dedicated access options.

- E. <u>Access Options</u>
 - 1. Switched

Q.Government Network Services may be provisioned via Feature Group D (FGD) for switched services from the subscriber's premise through the Local Exchange Carrier's central office to the Qwest network. All long distance calls originating from, or terminating to, the Q.Government Network Services switched access locations are automatically switched to the Qwest Network. Q. Government Network Services outbound and 800 may be provisioned on the same FGD line.

2. Dedicated

Q.Government Network Services may also be provisioned via dedicated (hardware) lines from the subscriber's premise through the local central office to the Qwest network. Dedicated access to Q.Government Network Services may be provisioned by T-3, T-1, or DAL accesses.

3. Travel Card

Q.Government Network Services also offers Worldcard access by dialing a toll free number provided to the subscriber by Qwest.

5.5 **QWEST CHOICE LONG DISTANCE – RESIDENCE**

A. General Description

The Qwest Choice Long Distance Plan is offered to residential customers for intraLATA and interLATA, direct dialed (1+), intrastate (in-state), non-business, voice calling. The Qwest Choice Long Distance Plan offers subscribing customers these services with a maximum monthly charge for qualifying calls and recurring monthly plan fees. All fees, charges, and rates, including usage charges, billed each month as part of the Plan (excluding taxes, regulatory assessments, and the like) apply to and count toward the maximum monthly charge for that month. Recurring monthly fees and charges do not provide any minutes of use. The Qwest Choice Long Distance Plan is available only when a corresponding interstate Qwest Choice Long Distance Plan is ordered and provisioned on the same line, and the fees, charges and rates, including usage charges, billed as part of the corresponding interstate Plan (excluding taxes, regulatory assessments, and the like) also apply to and count toward the maximum monthly charge for that month.

B. Terms and Conditions

The Plan is provided only in conjunction with the corresponding interstate Qwest Choice Long Distance Plan available to the residential customer ordering the Plan. Applicable rates for the corresponding interstate Plan, including rates for interstate usage and additional monthly charges, if any, are set out in the Qwest Rates and Services Schedule (RSS) for the corresponding interstate Plan.

2. The Plan is not offered for intraLATA only, or interstate only use.

3. Call detail is provided.

By:

4. The Company may take any other action permitted by this Tariff and applicable laws and regulations where misuse, abuse, improper use or a violation hereof is detected.

5. The customer must comply with all of the use restrictions and limitations of the Plan, and the Company may monitor the customer's usage to ensure that the customer's use is consistent with the applicable restriction for residential use only (no business use). If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, or if the customer's use exceeds 5,000 minutes in any month, the customers must clearly demonstrate that the use is consistent with the restrictions and limitations of the Plan, and if the customer fails to do so, then the Company may terminate the customer's Plan upon notice, and the customer must select another usage sensitive plan.

SECTION 5 - OBSOLETE SERVICE AND RATES

5.5 **QWEST CHOICE LONG DISTANCE – RESIDENCE**

February 5, 2006 (T)(M)Public Service Commission (M)

General Description Α.

The Qwest Choice Long Distance offering will allow a residential customer to complete voice calls between any two points within the state. The Qwest Choice Long Distance offering provides the customer with all of their domestic 1+ dialed interstate, interLATA, and intraLATA calls.

Β. Terms and Conditions

1. This plan is provided in conjunction with the interstate Qwest Choice Long Distance offering for residential customers.

The Company may take any other action permitted by this Tariff and 2. applicable laws and regulations where misuse, abuse, improper use or a violation hereof is detected.

The Company may monitor the customer's usage to ensure that the customer's 3. use of the Qwest Choice Long Distance Offering is consistent with the applicable restrictions and limitations. If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, the Company may terminate the Qwest Choice Long Distance Offering after notifying the customer, and convert the customer to another usage sensitive plan of the customer's choice.

If the customer's usage exceeds 5,000 Minutes Of Use in any month, the 4. customer shall be presumed to be in violation of the applicable restrictions and it shall be the responsibility of the customer to demonstrate to the Company that the customer's use was not a violation of any of the restrictions.

5.6. **QWEST LONG DISTANCE ADVANTAGE**

A. General Description

- 1. Qwest Long Distance Advantage is an offering of business communication services consisting of switched outbound, switched inbound and card services. The services have flat rates that are based on term and minimum usage commitments. Qwest Long Distance Advantage is intended for the small business segment billing a total of \$500.00 to \$2,500.00 in telecommunications services monthly. This service works well with both single locations and multiple location businesses. The customer automatically receives the worldcard with this offering.
- 2. Inbound Toll Free services permit customer to receive domestic inbound calls. Customers may elect to utilize a dedicated access arrangement or switched access terminations to interconnect with a Toll Free service.
- B. Terms and Conditions
 - 1. This plan is provided in conjunction with interstate Qwest Long Distance Advantage.
 - 2. Qwest Long Distance Advantage is available in month-to-month and 12month term plans. There is a minimum monthly usage commitment of \$10.00 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This shortfall charge will be applied beginning with the customer's first full month's invoice.
 - 3. Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original agreement.

SECTION 5 - OBSOLETE SERVICE AND RATES

5.17 <u>Paydirect</u>

General Description

Paydirect is a service line consisting of switched outbound services and is sold in conjunction with 0 + services. Paydirect is intended only for Payphone and/or Operator Services customers' that require additional telecommunications services. This service works well with both single locations and multiple location businesses.

Billing/Rounding

Rates are quoted in full minute increments. Call rounding is six second initial and one second incremental. Call duration is calculated on a per call basis rounding up to the next full increment. Call rating is on a bulk basis (All call duration is totaled and then rated). The total is rounded to the nearest full cent.

Terms and Agreements

Paydirect is available on a month-to-month basis or on term plans of 12, 24, or 36 months. There is no minimum monthly usage commitment.

Rates

The per minute usage rates are as follows:

INTERLATA		INTRALATA	
Monthly	Term	Monthly	Term
\$0.115	\$0.100	\$0.115	\$0.100

Renewals

Upon expiration of the initial term plan, the plan will not automatically renew unless the Operator Services portion of the plan is renewed.

SECTION 5 - OBSOLETE SERVICE AND RATES

5.23. Qwest Unlimited Calling Plan

A. <u>General Description</u>

1. The Qwest Unlimited Calling Plan offering will allow a residential customer to complete voice calls between any two points within the state. The Qwest Unlimited Calling Plan offering provides the customer with all of their domestic 1+ dialed interstate, interLATA and intraLATA calls for a monthly fee.

B. <u>Terms and Conditions</u>

1. This plan is provided in conjunction with interstate Qwest Unlimited Calling Plan.

2. The Qwest Unlimited Calling Plan is only available to customers subscribing to local service from a carrier other than Qwest Corporation. The Qwest Unlimited Calling Plan is only available on an intrastate basis when the customer has subscribed to the interstate Qwest Unlimited Calling Plan.

3. The monthly fee will be billed, in advance, and will apply beginning with the customer's first invoice after ordering the Qwest Unlimited Calling Plan.

4. The Qwest Unlimited Calling Plan does not permit the customer to make business calls.

5. The Company may monitor the customer's usage to ensure that the customer's use of the Qwest Unlimited Calling Plan is consistent with the applicable restrictions and limitations. If the Company has any reason to believe that the customer's usage is not consistent with the applicable restrictions, the Company may terminate the Qwest Unlimited Calling Plan, immediately upon notifying the customer, and convert the customer to another usage sensitive plan of the customer's choice.

6. If the customer's usage exceeds 5,000 Minutes Of Use in any month, the customer shall be presumed to be in violation of the applicable restrictions and it shall be the responsibility of the customer to demonstrate to the Company that the customer's use was not a violation of any of the restrictions.

6.2 <u>Payphone Surcharge</u>

- A. A charge applies to all Company carried non-coin calls (i.e. Billed to a Third Party, Calling Card or Collect) placed from pay telephones. This charge, which is in addition to standard tariffed usage charges, and any applicable surcharges associated with Qwest service, applies for the use of the instrument used to access Qwest service. The Payphone Surcharge is unrelated to the Qwest service accessed from the payphone. This charge applies unless specified differently in another section of this Tariff. Customers will be charged the Payphone Surcharge for each call placed from payphones with the exception of the following:
 - 1) Calls placed by inserting coins during the progress of the call;
 - 2) Calls using Telecommunications Relay service
 - 3) Calls originated by customers certified as having qualified hearing or speech impairments.

CHARGE PER CALL

Payphone Surcharge

-	Residence (Calls using a Consumer Calling Card or Home 800)	\$0.55 (I)
-	Business (calls using worldcard or Toll Free service)	0.55 (I)

4. **Operator Surcharge**

An Operator Surcharge applies when the caller: (1) enters nothing and defaults to an operator and requests that the operator complete the call; or, (2) has the ability to complete the dialed digits of their call but, chooses to dial the appropriate operator code only (e.g., 0-, 00, 10432), and requests that the operator complete the call. This surcharge will be in lieu of the existing per call surcharge. In addition, this surcharge will apply to all month-to-month customers as well as new customers who subscribe to a term plan. Customers currently on term plans will not incur this surcharge until their contracts renew.

> Operator Surcharge, per call \$2.25

5. Number Portability Charge

A Number Portability charge will be applied per line per month to each customer's eligible ANI. An eligible ANI is defined as any single or multi-line business ANI in which Owest is the presubscribed interexchange carrier. This charge will apply to all new and existing customers eligible PIC'ed ANI regardless of whether or not Number Portability is available in the region in which the ANI originates.

Per line, per month

SECTION 6 – MISCELLANEOUS CHARGES AND SURCHARGE (Cont'd) (N) 6.3 **Duplicate Bill Charge** In the event a customer requests a reprint of a monthly bill that is greater than six months old, a duplicate bill charge may apply. When billing is provided by a local exchange company on behalf of the Company, the local exchange company's duplicate bill policy applies. CHARGE • Residence, per account \$ 5.00 Reprint on paper, per bill Business, per account 5.00 Reprint on paper, per bill Reprint on CD-ROM[1] 25.00 Online Self Service Access[2] 20.00 (N)

- [1] Charge applies for any 12 months of bills and/or partial 12 months of bills per request for bills (N) dated March 2003, through September 2006. For example, the charge assessed for a single request of 16 months of duplicate bills provided via CD-ROM would be \$50.00 for a business customer. The CD-ROM option will be available February 19, 2007 through October 1, 2007.
- [2] Bills from March 2003, through September 2006, will be available via On-line Self Service Access to current customers from January 22, 2007, through October 1, 2007, only.

FILED MAR 04 2002 01-628 Service Commission

NOTES:

- 1. All customers subscribing to services under Section 101 of this tariff, Qwest Communications Corporation P.S.C. Missouri No. 1, prior to March 4, 2002, were provided services under the LCI International Telecom Corp.'s P.S.C. Missouri No. 2.
- Services, rates, terms and conditions contained in Section 101 of this tariff are "grandfathered" and exist only to the extent necessary to describe the services, rates, terms and conditions for customers who subscribed to service under LCI International Telecom Corp.'s P.S.C. Missouri No. 2 prior to March 4, 2002.
- 3. Those customers who subscribed to service under a term agreement offered in the LCI International Telecom Corp.'s P.S.C. Missouri No. 2 and who wish to renew their service agreement with Qwest Communications Corporation upon termination of their service period, may do so only under "active" sections of Qwest Communications Corporation P.S.C. No.1 (sections other than Section 101 and Section 102 of this tariff), and only if the same service, rates, terms and conditions are available in those sections other than Section 101 and Section 102 of this tariff.

Original Sheet No. 8

Missouri Public

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION I DEFINITION OF TERMS

For the purpose of this tariff, the following definitions shall apply:

800/888 Number, Added, Changed, Deleted

A customer initiated request to:

Service Commission

REC'D JAN 3 0 2002

- 1. Replace a LCI 800/888 number with a new LCI 800/888 number.
- 2. Add a LCI 800/888 number to an existing LCI 800/888 circuit.
- 3. Delete a LCI 800/888 number from an existing LCI 800/888 circuit.

800/888 Subscriber

An 800/888 Subscriber is the person, firm, corporation or other entity that, in accordance with SMS/800/888 procedures, controls an 800/888 number and has the right to designate its responsible organization (Resp. Org.) for that 800/888 number.

Applicant

A person, firm, partnership, association, company, corporation, government, agency, or other entity which makes an application for service in order to subscribe to the services or facilities, or both, as provided by the carrier.

Application of Service

A standard QCC order form which includes all technical and descriptive information which will enable QCC to provide the communication services or facilities, or both, as requested by Applicant and as provided by the carrier.

Authority Network Management System (Authority NMS)

A system which provides customers on-line access to receive management reports as required applicable to utilization statistics per data line circuit interface (frame relay address), performance statistics for trunks and circuit lines and port statistics on a per frame relay port basis.

Authorization Code

A numerical code, one or more of which are assigned to a customer to enable Carrier to identify use of service on his/her account and to bill the customer accordingly for such service. Multiple authorization codes may be assigned to a customer to identify individual users or groups of users on his/her account.

Authorized User

A person, firm, partnership, association, company, corporation, government, agency or other entity which is a customer or authorized by a QCC customer to receive or send communications.

BY:

Service Commission

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION 1 DEFINITION OF TERMS (Continued)

Business Customer

A customer whose use of service is primarily or substantially of a professional, business, REC'D JAN 3 0 2002 institutional, occupational, or other commercial nature.

Band 0

Intrastate calls, All calls placed within the state of Missouri.

Basic Digital Service (BDS)

A dedicated digital private line service that may be utilized to support voice frequency, data, video and facsimile applications.

Burst Information Rate (BIR)

A short duration transmission that can relieve momentary congestion in the Local Area Network.

Cancellation

A customer-initiated request to discontinue processing of a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each circuit-end or dedicated access line cancelled from a service order prior to its completion by QCC under the following circumstances: (1) if the exchange carrier has confirmed to QCC that the circuit-end or dedicated access line will be installed; or (2) if QCC has already submitted facility order to an exchange carrier. (This differs from disconnection; see Subsection 1, for definition.)

Carrier

Qwest Communications Corporation, unless otherwise specified.

Channel or Circuit

A communications path between two or more points, having a predetermined bandwidth or transmission speed.

Channel Terminal

The point at which QCC channel originates, terminates or drops for the insertion or removal of a customer's signal.

Committed Information Rate (CIR)

A rate assigned to each Private Virtual Circuit (PVC) by the FramePlus subscriber. CIRs represent the "guaranteed" transmission rates between two network ports. CIRs are available in 8 Kbps increments from Zero to 1024K.

Company **Qwest Communications Corporation**

Connecting Carrier

A carrier which provides service and/or facilities between a customer premises and/or OGC's PLED WAR 04 2002

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION 1 DEFINITION OF TERMS (Continued)

<u>Customer</u> The applicant which subscribes to or uses services or facilities, or both, of QCC and is responsible MEUD JAN <u>30</u> 2002

Customer Provided Equipment

Terminal equipment, as defined herein, provided by a customer.

Dedicated Leased Line

Service which provides the customer with an exclusive dedicated connection between the customer's premises and QCC terminal location.

Disconnection

The disconnection of an installed circuit, dedicated access line, or other dedicated facility used for existing service. (This differs from cancellation; see Subsection 1 for definition.

Exchange Carrier (EC)

A carrier which provides local service and facilities between customer's premises and QCC terminal location.

Expedited Service Order

A service order which, in compliance with a customer request, is completed in a time period shorter than the QCC standard service interval.

Extended Digital Service (EDS)

A dedicated digital private line service that may be utilized to support voice freqency, data, video and facsimile applications. EDS is available in increments of 64 Kbps up to 512 Kbps for higher speed data applications.

High Speed Digital Service (HDS) A dedicated digital private line service that may be utilized to support voice frequency, data, video and fascimile applications. HDS transports full duplex digital signals over terrestrial facilities at the rate of 44.736 Mbps or the equivalency of 28 DS-1's or 672 DS-0's.

Holiday Observed

The evening rate applies to the following Holidays, unless a lower rate would normally apply: July 4th,Labor Day, Thanksgiving Day, Christmas Day and New Year's Day.

Individual Case Basis

QCC will provide services at a price determined on the basis of each customer's system needs.

Any facility providing interconnection between a customer's premises and QCC terminal location.

Order

A single request by a customer subscribing to service or facilities, or both, to any number or circuits to any number of locations where the services or facilities, or both, are provided by the carrier.

Other Carrier

A person, firm, corporation, or entity, which provides communication services or facilities, or both, including but not limited to, exchange carriers, electronic message service carriers, resellers, interconnect companies.

Permanent Virtual Circuit (PVC)

A logical connection between port conections. PVCs are defined on the basis of simplex (or asymmetricall transmission which allows the user to establish different data transmission rates in each direction

Point of Destination

The area code and telephone number called in a location other than the point of origination.

Point of Origination

The station form which the customer initiates a call through the Carrier's switch.

BY:

Point of Presence (POP)

A location where an interexchange carrier has installed equipment which enables the interexchange carrier to connect its network with that of a LEC.

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INFERNATIONAL TELECOM CORP.

SUBSECTION 1 DEFINITION OF TERMS (Continued)

Service Commission

Premise

The space designated by a customer at its place or places of business or residence for termination of QCC service, whether for its own communications needs or for the use of its authorized users. In the case of a non-profit sharing group, this term includes space at each sharer's place or places of business or residence as well as space at the customer's place of business or residence.

Rate Periods

Unless otherwise noted, the following rate periods are applicable to all QCC products in this tariff:Day:8:00 AM-4:59 PM (Monday thru Friday).Evening:5:00 PM-10:59 PM (Sunday thru Friday).Night/Weekend:11:00 PM-7:59 AM (Sunday thru Friday, all day Saturday and Sunday
from 8:00 AM-4:59 PM).

Responsible Organization

Responsible Organization is the entity that maintains the routing for 800 numbers in the National database.

Service Order

A standard order form which includes all pertinent billing, technical, and other descriptive information which will enable QCC to provide a communications service.

Service Location

A Service Location shall mean a single Customer premise location either owned or leased by the Customer, which location has its own, unique mailing address and which is used principally by the Customer to conduct is business. A Customer may have more than one (1) Service Location.

Termination Service

During the Term, QCC agrees to provide call termination services for all calls placed through the Digital Switching System (excluding international calls). QCC will provide Terminating Service for all calls via QCC's Services offered in the tariff.

Terminal Equipment

Devices, apparatus and their associated wiring, such as teleprinters, telephone hand sets or data sets.

Terrestrial Digital Service (TDS)

A dedicated digital private line that may be utilized to support voice frequency, data, video and facsimile applications. TDS transports full duplex digital signals over terrestrial facilities at the rate of 1.544 Mbpsor the equivalency of 24 DS-0's.

Two-Way Transmission

The capability of transmission in either direction or in both directions at once.

BY:

Volume Discount

A pricing concept which rewards large volume users.

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION 2 SERVICE DESCRIPTIONS

- 2.1 <u>America WATS</u>
- 2.1.1 General Description

America WATS is a dedicated, usage sensitive outbound calling service.

Billing

All calls will be billed in increments of six (6) seconds.

Usage Rates/Discounts

America WATS has rates for monthly terms and discounts rates for customers signing a contract for one (1) year or longer. Upon expiration of such a contract, it shall automatically be renewed on a month to month basis until either party provides thirty (30) days written notice of their intent to discontinue this arrangement.

<u>Availability</u>

America WATS is available to all customers.

Payphone Use Charge

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.

2.3 Enhanced 800/888 Features

Service Commission

REC'D JAN 3 0 2002

2.3.1 General Description

Enhanced 800/888 Features are selected add on enhancements to the following LCI 800 Services: Nationwide 800, National Dedicated 800, LCI 800 Select and Choice Options and Integrity[™]. The following enhancements are available:

- a. <u>Time of Day Routing</u>: Customer can accept incoming calls on alternate numbers based on time-of-day.
- b. <u>Day of Week Routing</u>: Customer can accept incoming calls on alternate numbers based on day of week.
- c. <u>Holiday Routing</u>: Customer can accept incoming calls on alternate numbers based on holiday.
- d. <u>Direct Terminal Overflow</u>: Customer can forward incoming calls to predesignated local

number if busy; (DAL customers only).

- e. <u>Tailored Call Coverage</u>: Customer can block calls from one 800 origination. Calls may be blocked by area code, area code/exchange, LATA, state, or 10 digit ANI.
- f. <u>Dialed Number Identification</u>: Customer can identify dialed number; (DAL customers only).
- g. <u>% Allocation Routing:</u> Routes calls placed on an 800 number up to 8 different terminating locations based on whole number percentages that add up to 100%.
- h. <u>Alternative Routing:</u> Customer can Activate Alternate Routing Plan.
- i. <u>Real Time ANI:</u> Allows dedicated access customers to receive the ANI of the calling party if the call originates from an equal access end office.
- j. <u>Account Codes</u>: Allows the customer to track usage of its 800 number back to specified user codes and/or to limit use of its 800 number to only those dialing authorized codes. Requires that additional digits be dialed after the regular 10-digit 800 number is dialed. Two types are available: verified and non-verified. With both types of codes, calls cannot be completed without entry of the specified codes. In addition, with the verified codes, calls are not completed until codes are verified for accuracy. As an option, Call Detail can be sorted by either verified or non-verified codes.
- k. <u>Geographical Routing</u>: Allows the customer to arrange for calls to a single 800 service telephone number placed from different groups of originating locations to terminate to different locations. Originating locations may be identified using the NPA or by NPA/NXX.**
- I. <u>800 Directory Plublicaton</u>: Allows customers to publish their 800 number (s) in AT&T 800 Directory.

2.3 Enhanced 800/888 Features (Continued)

Service Commission

- 2.3.1 General Description (Continued)
 - m. Menu_Routing: Plays prerecorded messages in a menu like fashion referring callers to other numbers, explaining service conditions, or other information that a Customer desires to provide to their callers. The call may either terminate after the message announcement, or proceed to a set of interactive voice responses that give additional menu options. These menu options may terminate to a final destination or prompts can be linked to another set of menu options. QCC supports two types of Menu **Routina:**
 - 1. Basic Menu Routing Plans: Basic Menu Routing will allow one voice announcement message to be followed by a menu of options. Customers may select up to four (4) menu options. These menu options will terminate to a ring-to number based on the menu option selected using the keypad on the telephone.
 - 2. Advanced Menu Routing Plans: Any plan that does not meet the Basic Menu Routing requirements as described above, will be considered an Advanced Menu Routing Plan. The limitations for Advanced Menu Routing are as follows: (1) no more than nine (9) Menu Options per set or grouping; and, (2) no more than four (4) menu levels.
 - Quota Call Allocation "Round Robin": Distributes incoming calls to terminating n, addresses (TA's) or other feature(s) to a fixed number of calls per a designated unit of time (minutes or hours). A Customer will be able to distribute calls to several TA's based on the number of calls per unit of time. The unit of time versus the amount of calls can be adjusted based on what the user specifies, e.g., the number of calls per unit of measure.

Availability

Enhanced 800/888 Features are available individually or in any combination for both existing and new customers.

Rates

Rates include an installation charge and a monthly recurring charge. See Subsection 4, for the installation and monthly recurring charges.

Missouri Public REC'D JAN 3 0 2002

Service Commission

Audio Teleconferencing permits three (3) or more customers located within the state of Missouri to be connected. QCC offers its customers the following three (3) Audio Teleconferencing services:

1. Operator Assisted Conferencing Calling ("OACC")

OACC is initiated when the host dials into the conference operator. The operator proceeds to connect and introduce all parties designated by the host.

2. 800 Meet Me

800 Meet Me calls take place at a predetermined time. All participants call the designated 800 number and are introduced to the conference call by the operator.

3. Local Meet ME

Local Meet Me takes place at a predetermined time. All participants place a local call to reach the conference operator. The operator then introduces the callers.

New Customers who have never used QCC's Audio Teleconferencing service will receive a fifty (50) percent discount off of their first thirty (30) days of usage.

2.7 <u>Vista WATS</u>

REC'D JAN 3 0 2002

Missouri Public

2.7.1 General Description

Service Commission

Vista WATS is an outbound service requiring the customer to originate calls via dedicated facilities between the customer's premises and QCC terminal location and allowing the termination of calls via a combination of QCC-provided facilities and local business telephone lines or other exchange access facilities. Vista WATS is designed to encourage long term commitments by providing discounts for both volume and term with month-to-month, one, two, and three year contracts.

<u>Billing</u>

Initial calling period six (6) seconds, each additional period billed in six (6) second increments.

Usage Rates/Discounts

See Subsection 4.8.1. If the customer discontinues service prior to the expiration of the executed contract, QCC reserves the right to back bill the customer for the difference between the month-to-month discount and the one, two or three year discount.

<u>Availability</u>

Vista WATS is available to all customers.

Notice of Discontinuance

The Notice of Discontinuance for a DS-1 channel is three months. Recurring charges apply for a period of three months from the date QCC receives the discontinuance notice or until the requested discontinuance date, whichever is longer. The charges will apply even if the customer does not use the DS-1 channel.

2.7.2 Service Guarantee

A. Vista WATS customers will not experience a price increase during their term commitment. Also, if QCC reduces the per minute rates, the customer will receive the lower rate. This guarantee is not applicable to the revenue discounts.

2.11 Personal 800 Service

General Description

REC'D JAN 3 0 2002

Missouri Public

Service Commission

Personal 800 is a switched nationwide 800 product that can be used by the customer anywhere in the domestic United States, Alaska and Hawaii. To use Personal 800, the customer will dial a designated 1-800-XXX-XXXX number (the same 800 number will be used by all subscribers). The customer will then enter their six digit authorization code (there will be no voice response requesting the customer to enter his/her auth code). Once the six digit auth code has been verified, the call will be completed.

Billing

Billing will be done in full minute rounding.

Usage Rates

See Subsection 4.11.

<u>Availability</u>

Personal 800 is available to both residential and small business customers. The service will only be sold to customers that have QCC as their long distance carrier on their billed-to telephone number.

Payphone Use Charge

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.

2.18 Choice Virtual Network Service (CVNS)

General Description

REC'D JAN 3 0 2002

Missouri Public

Service Commission

Choice Virtual Network Service (CVNS) allows geographically dispersed companies with different usage volumes to combine their private networks with portions of the public switched network. With CVNS, users can create their own private network by utilizing the intelligence embedded in the QCC network.

Billing

Billing will be done in six (6) second increments.

<u>Rates</u>

See Subsection 4.18 for usage rates.

Availability

CVNS is available on a nationwide basis for both switched and dedicated access.

Choice Virtual Network Service (CVNS) FramePlus

FramePlus frame relay service is a public, fast-packet data network offering. Customers access Frame Plus at QCC's closet Points of Presence (POPs). Within the POP, QCC designs and installs Network Node connections on the FramePlus network. A Network Node is comprised of a Port Connection and Permanent Virtual Circuits (PVCs) that define the connections between customers' ports. QCC dynamically allocates capacity across these logically assigned PVCs, supporting multiple customer data networks.

FramePlus supports a variety of simultaneous data applications over a single integrated facility. It is optimal for applications requiring transmission between multiple locations that need high speed connectivity with low latency or delay.

SECTION 101-OBSOLETE PRODUCTS AND SERVICES FORMERLY OFFERED BY LCI INTERNATIONAL TELECOM CORP.

SUBSECTION 2 SERVICE DESCRIPTION (Continued)

- 2.19 Operator Services*
- 2.19.1 General Description

REC'D JAN 302002

- 1. <u>Classes of Service</u>: Operator Services is used when a Company operator is needed to complete one of the following call types:
 - a. <u>Collect</u>: Calls for which charges are billed, not to the originating telephone number, but to the destination or terminating telephone number.
 - b. <u>Customer Dialed</u>: The customer dials the appropriate authorization codes plus the telephone number desired and completes the call without the assistance of an operator and the call is billed to a calling card or commercial credit/charge card.
 - <u>Operator Assisted</u>: Calls requiring assistance for completion. The QCC operator can be accessed by customers who have selected QCC as their primary carrier by first dialing "00". Depending on the desired type of service or billing, customers may dial direct by dialing "0 + (area code) + (exchange) + (line number)"; these types of calls are referred to as "Operator Assisted (0+)". Instead of dialing direct as explained above, the customer also has the option of having the QCC operator Assisted (0-)".
 - d. <u>Operator Station</u>: Operator Station calls are completed with the assistance of an operator, except for person-to-person, real time rates, and customer dialed. Operator Station rates apply to calls which are billed to a different telephone number (i.e. collect, third party billed, or a commercial credit/charge card).
 - e. <u>Person-to-Person</u>: Person-to-person rates apply when the person originating the call specifies the particular party to be reached by the operator, except for person-to-person calls rated on a real time basis. The specified party may be a person, or a station, department, extension or office through a PBX attendant.

After the called station has been reached, if the called party is unavailable and the calling party request or agrees to speak to a party not initially specified, the call is still billed as a person-to-person call. The calling party is responsible for identifying the party at the called station.

- f. <u>Real Time Rated-Operator Station/Person-to-Person</u>: A toll call for which the customer pays at the time the call is placed. These calls include the following:
 - 1. Calls originated and paid for at public or semi-public telephones.
 - 2. Calls for which the Company furnishes time and/or charges.
- Operator Services will only be provided from locations that are technically capable of providing such services.

- 2.19 Operator Services* (Continued)
- 2.19.1 General Description (Continued)
 - 1. <u>Classes of Service</u> (Continued)
 - g. <u>Third Party</u>: Calls for which charges are billed, not to the originating telephone, but to a third party telephone number which is neither the originating nor the terminating telephone number.
 - 2. For each operator-handled call type, a surcharge applies to the initial period rate for the message (See Subsection 6.1.1.)
 - 3. Service is available twenty-four (24) hours per day, seven (7) days a week.
 - 4. Rates (See Subsection 6.2.1.)
 - 5. In providing operator services, QCC agrees that:

BY:

- a. QCC will not knowingly bill for incomplete calls and will remove any charge(s) for incomplete calls upon subscriber notification or carrier's knowledge of the charge(s) for incomplete calls.
- b. QCC will advise the caller and billed party (if different from the end user) that QCC is the operator service provider at the time of the initial contact.
- c. QCC will provide rate quotes, including all rate components and any additional charges, upon request, at no charge.
- d. QCC will allow only tariff charges approved by the Commission, or otherwise allowed by law for the provision of operator services, to appear on billings rendered by local exchange companies (LECs) on behalf of carrier and will not collect location surcharges imposed by traffic aggregators.
- e. QCC will arrange for listings of its name on a LEC's billing of QCC's charges, if the LEC has multi-carrier bill listing capability.
- f. QCC will employ reasonable calling card verification procedures which are acceptable to the companies issuing the calling cards. In order to control fraud QCC may refuse to accept calling cards which it determines to be invalid or cards which it is unable to verify.
- g. QCC will direct all "OO" emergency calls to the LEC at no charge.
- h. QCC's contracts with traffic aggregators will contain provisions which:
 - Prohibit the blocking of access to an end user's interexchange carrier of choice;
 - (2) Provide for the prominent posting or display, on or near the telephone to be utilize by end users, of material setting forth the name of the carrier, complaint procedures, instructions on reaching the LEC operator as well as other interexchange carriers, and procedures for emergency calls.

2.20 Campus Talk Dedicated Service

2.20.1 General Description

REC'D JAN 3 0 2002

Missouri Public

Service Commission

Campus Talk Dedicated Service is a student billing service which will be marketed to various types of educational institutions, training facilities and/or housing entities that want to provide a long distance service to their residents. Campus Talk Dedicated Service provides long distance service to all types of students that are 18 years or older. This service requires dedicated access to either the school's or training center's PBX or Centrex Site and will require the use of authorization codes.

Credit Limit

There will be a \$75 credit limit (no deposit based on possible credit check). Once the student exceeds \$75 they are prohibited from making additional calls until balance is less than \$75.

Students will be notified that they have exceeded their credit limit via an automated recording on their phone. The recording will provide a toll free number to call QCC.

Billing

Billing will be done in initial thirty (30) seconds and additional one (1) second increments.

<u>Rates</u>

The per minute usage rates for Campus Talk may be found in Subsection 4.19.

SUBSECTION 2 SERVICE DESCRIPTION (Continued)

2.22 Integrity™

General Description

Integrity[™] is a multi-service product with volume and term sensitive pricing designed to serve the customer with \$250 to \$150,000 in monthly usage. This service has simple flat rates and term benefits. Integrity[™] has switched, dedicated and calling card services. Integrity is available in three term option plans which varies in the minimum monthly monthly usage requirements and the associated discounts. Option "A" requires a \$250.00 minimum total usage and provides discounts up to the \$2,500.01 to \$5,000.00 range; Option "B" requires a \$2,500.00 minimum monthly total usage and provides discounts up to the \$50,000.01 range; and Option "C" requires a \$10,000 monthly minimum total usage and provides incremental volume discounts up to the \$150,000 range.

Integrity FramePlus

FramePlus frame relay service is a public, fast-packet data network offering. Customers access Frame Plus at QCC's closet Points of Presence (POPs). Within the POP, QCC designs and installs Network Node connections on the FramePlus network. A Network Node is comprised of a Port Connection and Permanent Virtual Circuits (PVCs) that define the connections between customers' ports. QCC dynamically allocates capacity across these logically assigned PVCs, supporting multiple customer data networks. FramePlus supports a variety of simultaneous data applications over a single integrated facility. It is optimal for applications requiring transmission between multiple locations that need high speed connectivity with low latency or delay.

Billing

Billing will be done in initial six (6) seconds and additional one (1) second increments. All minutes of use will be rounded up to the next increment.

Rate Periods

Peak: 8:00 AM to 4:59 PM; Monday through Friday Off-Peak: All other times, including Holidays. See rates in Subsection 4.21.

Holiday Rates

Holiday rates (Off-Peak) will be available on the following QCC observed holidays: New Year's Day, July 4th, Labor Day, Thanksgiving Day and Christmas Day.

<u>Terms</u>

Integrity[™] is available in three (3) term option plans.

Rate Guarantee

In consideration of customer's commitment to use Qwest Communications Corporation (QCC) Integrity Option A, B or C service, QCC agrees to provide switched services for the duration of the Agreement at the tariffed rates in effect at the time the Agreement is executed by customer; provided, however, that if the tariffed rates for switched services used by customer decrease during the term of the Agreement, such rate decreases will be passed through to customer. Customer's switched services will not be subject to any rate increases during the term of the Agreement. QCC also agrees to provide private line services ordered or installed at the time of the Agreement is executed by customer; provided, however, that if the rates for private line services decrease during the term of the Agreement, such rate decreases will be passed through to the specific private line circuits used by customer. Customer's private line circuits installed prior to any rate increase will not be subject to the rate.

¹Option A and B will no longer be available to new customers after November 15, 1996.

SUBSECTION 2 SERVICE DESCRIPTION (Continued)

2.22 Integrity[™] (continued)

Minimum

REC'D JAN 3 0 2002

Missouri Public

Service Commission

There is a minimum monthly usage commitment per month "Monthly Commitment". QCC will count Customer's total Integrity usage set forth in the customers term commitment; less taxes, monthly recurring charges (MRCs), Audio Teleconferencing, and non-recurring charges (NRCs) to determine whether a customer satisfies the Monthly Commitment requirement designated. Minimum monthly usage will based on total usage before discounts and promotions. If, during any month of the customers term commitment for Integrity usage falls below the customers Monthly Commitment, the customer shall pay the actual amount billed for that service plus the difference between that amount and the customer's Monthly usage commitment.

Customers are required to meet their monthly minimum commitments beginning on their fourth invoice.

Private Line and Frame Relay

All subsequent dedicated leased lines and/or frame relay ports and permanent virtual circuits (PVCs) that are ordered and installed under an existing Integrity agreement will be rated at the rates which were in effect at the time the initial contract was executed. All circuits and/or frame relay ports are guaranteed for the length of the term contract. Month-to-month circuits and/or frame relay ports will be subject to rate increases as these increases are implemented. Locations and services can be added/deleted/changed throughout the term and still be covered under the original package.

Renewals

Upon expiration of the initial term and subsequent renewal term(s), the customer's agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same contract length and the current tariff rates in effect at the time of such renewal associated with the term and volume of the original contract.

Either Customer or QCC may terminate an Agreement at the end of the initial Term or renewal term by providing not less than thirty (30) days written notice. Customer's notice of termination must be sent to: LCI International, Inc., 4650 Lakehurst Court, Dublin, OH 43016 Attention: Billing Department. If no written notification is submitted to QCC's Billing Department not less than thirty (30) days prior to expiration of an Agreement and QCC has not given notice of termination to Customer, the Agreement shall automatically renew at the same Monthly Commitment level and Term and at the tariffed rates in effect at the time of such renewal.

Early Termination Charges (Option C)

Missouri Public

REC'D JAN 3 0 2002

- Service Commission QCC will allow a customer to convert from a current Option A or Option B contract to 1. an Integrity Option C contract. This agreement will begin a new term period and requires a minimum monthly commitment of \$10,000.
- 2. If a customer provides QCC written notice terminating its service subsequent to the expiration of the Customer Satisfaction Guarantee, the customer will be assessed the following termination penalty:

1 Year Contract

Early termination charges for customers who terminate service prior to expiration of their one (1) year term are calculated by taking the months remaining on the contract and multiplying by the monthly commitment level.

2 Year Contracts

If the contract is in the first 12 months, the customer will be responsible to QCC for: The remaining number of months of the first 12 months multiplied by the commitment level plus 35% of months remaining in the second 12 months.

If the customer is in their 2nd 12 months, the customer will be responsible to QCC for: The remaining number of months multiplied by the monthly commitment

3 Year Contracts

If the contract is in the first 24 months, the customer will be responsible to QCC for: The remaining number of months of the first 24 months multiplied by the commitment level plus 35% of months remaining in the last 12 months.

If the customer is in their 3rd 12 months, the customer will be responsible to QCC for:

The remaining number of months multiplied by the monthly commitment

Payphone Use Charge

REC'D JAN 3 0 2002

Missouri Public

Service Commission

A charge will apply to calls that originate from any payphone used to access QCC services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with QCC service, applies for the use of the instrument used to access QCC service and is unrelated to the QCC service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.
