7.2 Business Plan B

(M)

Business Plan B is an optional calling plan offered to existing Business Customers at existing locations only for outbound direct dialed calling from presubscribed switched or dedicated Access Lines at rates which are dependent on the Customer's monthly usage guarantee (MUG) level. Inbound (toll free) calling is also available for termination on switched or dedicated Access Lines. Travel Card and operator assisted calling are also available under this plan. Customers may select a one, two or three year term commitment in order to obtain lower rates.

7.2.1 Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

Access Type/Call Type	Initial Increment	Additional Increment
Switched Access	18 seconds	6 seconds
Dedicated Access	6 seconds	6 seconds
Travel Card	18 seconds	6 seconds
Operator Assisted	60 seconds	60 seconds

7.2.2 Monthly Usage Guarantee

All intrastate, interstate and international usage charges and applicable surcharges billed to the Customer under this plan contribute towards meeting the monthly usage guarantee. In addition, feature charges, directory assistance charges, operator usage and surcharges, and monthly recurring charges are contributory to the monthly usage guarantee. Taxes, presubscribed line charges, carrier universal service charges, pay telephone use charges and other similar fees are not contributory. When the Customer's billing falls below the MUG in any full billing period, a shortfall charge will be applied which is equal to the difference between the Monthly Usage Guarantee and the actual contributory billing for that billing period.

7.2.3 Termination Liability

(T)(M)

When the Customer terminates service under this plan prior to the expiration of the Customer's selected term commitment, a termination charge will be assessed. The termination charge is calculated by multiplying 35 percent (35%) of the Customer's Monthly Usage Guarantee multiplied times the number of months remaining in the term.

The early termination charge will apply under the following circumstances:

1. When the Customer disconnects its entire Account;
2. When the Customer selects a shorter term; or
3. When the Customer negotiates a reduction in their monthly spending commitment more than one level during a billing cycle.

The early termination charge will not apply under the following circumstances:

1. When the Customer's physical location changes, but the term plan is continued at the new location;
2. When the Customer negotiates the term plan for a longer term;
3. When the Customer moves to a jurisdiction where the Company is prohibited from offering service;
4. When the Customer changes plan prior to 60 days of service;
5. When the Customer returns to the Company and the same term length agreement as a result of a Winback program;
6. When the Customer moves from the two year term on Plan B Service to a one or three year term on Plan D Service;
7. When the Customer reduces their term monthly spend level on level during a billing cycle; or

The early termination charge will not apply when the customer replaces the term commitment with a longer term.

The Customer may decrease the Monthly Usage Guarantee level, one level at a time, once in a billing cycle. The Customer will also have a 60 day grace period during which he or she will be allowed to terminate a minimum usage commitment, whether reverting to the month-to-month option or discontinuing the Company's service, without incurring a penalty. Once the Customer has reached the lowest Minimum Usage Guarantee level of Plan B, they may move to Plan C without incurring a penalty. The Customer must move to the same term commitment they subscribed to on Plan B.

At the expiration of the term commitment, the Customer will continue at the same commitment and usage rate unless they choose to make a change, either to a different term commitment/minimum usage guarantee or to a different plan. If the Customer continues without changing, they will still be liable for the minimum usage guarantee they were subscribed to under Plan C.
