EMERGENCY REPORTING TELEPHONE SERVICE

APR 20 1988

MISSOURI

Public Service Commission

e. CONDITIONS(Cont'd)

3. The Telephone Company does not undertake to operate the 911 Service. Operation of the 911 Service is the complete and sole responsibility of the participating local government authority. The Telephone Company shall not be liable to any person or entity for the acts or omissions of the participating local government authority in operating or failing to operate the 911 Service or any related or ancillary activities. The Telephone Company's sole undertaking is limited to providing facilities, as available, to the participating local governmental authority. The Telephone Company's entire liability to any person or entity for interruption or failure of 911 Service under this tariff shall be limited to the terms set forth elsewhere in this tariff.

f. 911 EXCHANGE LINES

1. When the originating central office is in an exchange or zone which is in the local calling area of the exchange or zone in which the PSAP is located, 911 exchange lines will be provided for incoming 911 calls via one or a combination of facilities following.
 - a. Dedicated Direct Facilities
 - b. Metallic Facilities
 - c. Nondedicated Facilities
2. When the originating central office is in an exchange or zone which is not in the local calling area of the exchange or zone in which the PSAP is located, nondedicated facilities will be required.

GENERAL EXCHANGE TARIFF
CUSTOMER-OWNED PAY TELEPHONE SERVICE

APR 19 1989

MISSOURI

Public Service Commission

A. General

1. Customer-Owned Pay Telephone Service is offered for use with a customer-provided instrument-implemented pay telephone. (1) All attachments of Customer-Owned Pay Telephone service to the network must be made pursuant to the rules and regulations set forth in this Tariff.
2. Customer-Owned Pay Telephone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment with Selective Class of Call Screening treatment (where available), all outside plant facilities needed to connect the serving central office with the customer's premises and the network interface. These facilities are Telephone Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls from the service point to only those calls which are charged to a called telephone, a third number or a Calling Card account.
4. In the case of one-way service, intercept treatment will be provided (where available).
5. A maximum of one customer-provided instrument-implemented pay telephone may be connected to any one Customer-Owned Pay Telephone Service Access Line.
6. Selective Class of Call Screening must be provided wherever available. Any customer who offers Customer-Owned Pay Telephone Service where Selective Class of Call Screening is not available, nonetheless assumes full and complete responsibility for all calls billed to his line.

(1) For purposes of this Tariff, the term "customer" is defined as the party responsible for payment of the Customer-Owned Pay Telephone Service Exchange Access Line.

CUSTOMER-OWNED PAY TELEPHONE SERVICE (Continued)

MISSOURI

Public Service Commission

A. General (Continued)

- 7. Part I of this Tariff, General Rules & Regulations, is applicable to the provision of Customer-Owned Pay Telephone Service.
- 8. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
- 9. For Customer-Owned Pay Telephone Service, a network interface will be installed at a location determined by the Telephone Company which is accessible to the customer.
- 10. The network interface is the point of connection with the telecommunications network and is the termination of the Customer-Owned Pay Telephone Service. It is Telephone Company provided and maintained.
- 11. The maximum allowable charge for local calls on a customer-owned pay telephone shall be .25 cents.

B. Responsibility of the Customer

- 1. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument-implemented pay telephone used in connection with this service.
- 2. The customer shall be responsible for the payment of a Service Charge of \$20.00 for visits by a Telephone Company employee to the customer's premises when a service difficulty or trouble report results from the use of customer-provided instrument-implemented pay telephone, even if the service difficulty is reported by persons other than the customer.
- 3. The customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Directory Assistance Calls.
- 4. The customer-provided instrument-implemented pay telephones must be registered in compliance with Part 68 of the FCC's Registration Program or connected behind an FCC-registered coupler and have the following operational characteristics: **FILED**

Special Promotions

SEP 21 1995

A. General

On various occasions the Telephone Company may propose to offer a special promotion related to various services in order to increase the number of features in service. These services are available to all of the Company's subscribers at uniform prices and conditions. The Company will notify the Commission in advance of these promotions and obtain their approval. Steelville Telephone Exchange, Inc., requests a waiver of service connection charges for Custom Calling and CLASS Features for all its exchanges.

B. Time Frame

The time frame requested for this waiver will be from the effected date of this tariff until December 31, 1995.

C. Conditions

1. The Service Order Charge and Central Office Line Connection Charge will be waived for existing customer not subscribing to custom calling or Custom Local Area Signaling Services (CLASS) who purchase these services during the promotional period, or customers currently using Custom Calling or CLASS services who make additions to the services they are currently purchasing.
2. The Service Order Charge and Central Office Line Connection Charge will be waived for new customers who purchase any Custom Calling or CLASS services at the time their service is initially installed.
3. There will be no limit on the number of times a customer may take advantage of this promotion subject to the terms stated above.
4. Any other service charges incurred while establishing the service will be borne by the customer.

AUG 25 1992

Digital Link Services Concurrence

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Digital Link Service as set forth in Oregon Farmers Mutual Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Digital Link Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

MISSOURI
PUBLIC SERVICE COMMISSION

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Digital Link Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Digital Link Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

 - c. Nonrecurring service establishment charge for creating hunt groups (paragraph B.6.a).
10. Customers who subscribe to Centrex for more than 100 lines may, at the Telephone Company's discretion, be offered customer specific pricing on a contract basis. The rate will be offered in writing to the customer for acceptance. An individual service agreement will specify the length of the contract period and the applicable rates. With the exception of the customer specific rates, all other rates, charges, and regulations specified herein shall continue to apply. Proposed rates and supporting cost information will be provided to the Commission Staff.
11. All exchange lines in a Centrex group must have same billing arrangement, either flat-rate or measured service (where offered).
12. Intercom calls between lines in a Centrex group not subject to local measured service (where offered).
13. When used with Call Forwarding or Call Transfer, the Centrex customer is responsible for the payment of the applicable toll charge for each billable call connected over the public network between the Centrex station and the station at which the call is answered. The charge is applicable to each call answered, including the Call Forwarding set-up call. It also applies to collect and person-to-person calls, which may be refused at the answering station.

A. EMERGENCY CALLING SERVICE

MO. PUBLIC SERVICE COM. REG.

7. GENERAL

7.1 Emergency Calling Service, also referred to as Enhanced Emergency Calling Service, 9-1-1, or E9-1-1 Service, is a telephone exchange communications service whereby a Public Safety Answering Point (PSAP) may receive and answer telephone calls placed by dialing the digits 911.

7.2 Emergency Calling Service is offered subject to the availability of central office facilities.

7.3 A Emergency Calling Service subscriber may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The subscriber must be legally authorized to subscribe to the service and have public safety responsibility to respond to telephone calls from the public for emergency police and fire and other services within the telephone central office areas arranged for Emergency Calling Service.

7.4 Calling Service is available in the following elements:

- (1) Originating 9-1-1 Services
- (2) Dedicated Originating 9-1-1 Trunks
- (3) Terminating 9-1-1 Service Trunks
- (4) PSAP Data Base Establishment and Update Service.
- (5) Special Service Arrangements

MO. PUBLIC SERVICE COM. REG.

7.4.1 Originating 9-1-1 Services

This service provides the capability to recognize the dialed digits 911 and to connect the call to dedicated 9-1-1 trunks.

Optional Features :

- a) Automatic Number Identification (ANI) - Forwards the number of the telephone used to place the 9-1-1 call.
- b) Originating Selective Call Routing (SCR) - Provides the capability to direct calls to a specific dedicated 9-1-1 trunk group when the central office is split by political boundaries or when more than one PSAP serves the Emergency Calling Service area. This feature is available with typical digital central office equipment and does not include the capability of being administered by the subscriber.

7. GENERAL (Continued)

7.4.2 Dedicated Originating 9-1-1 Trunks

Dedicated Trunks originate at a serving Central Office and terminate at the central office that serves the PSAP or the equipment provided to direct calls to a specific PSAP when more than one PSAP is present in the 9-1-1 service area. Trunking configurations shall comply with applicable codes or regulations.

7.4.3 Terminating 9-1-1 Service Trunks

Terminating 9-1-1 Service Trunks provide the facility between the central office serving the PSAP and the PSAP equipment location.

7.4.4 PSAP Data Base Establishment and Update Service

PSAP Data Base Establishment and Update Service provides the information required to establish and maintain a data base of the subscribers within the central office area that is served by the subscribing governmental unit.

7.4.5 Special Service Arrangements

Special Service Arrangements provide for equipment and or services that cannot be met with the standard offering of this tariff and will be provided, when practical, by the Company at charges as determined under SPECULATIVE PROJECTS elsewhere in this tariff.

8. RULES AND REGULATIONS

- 8.1 The service is limited to the use of central office telephone number 911 as the emergency telephone number.
- 8.2 The service is furnished only for the purpose of receiving reports of emergencies by the public.
- 8.3 Emergency Calling Service is a telephone exchange communications service and is arranged for one-way incoming service to an appropriate PSAP or to equipment provided to direct calls to a specific PSAP when more than one PSAP is present within the Emergency Calling Service Area.
- 8.4 Emergency Calling Service is provided solely for the benefit of the local governmental unit; the provision of such service shall not be interpreted, construed, or regarded as being for the benefit of, or creating any Company obligation toward, or any right of action on behalf of, any third person or other legal entity.
- 8.5 The Company does not undertake to answer and forward Emergency Calling Service calls, but furnishes the use of its facilities to enable the PSAP's personnel to accept such calls on the PSAP'S designated premises.
- 8.6 Subscriber information consisting of the name, address and telephone numbers of telephone subscribers including those whose listings are not published in directories or listed in directory assistance offices is confidential and the customer agrees to use such information only for the purpose of responding to emergency Emergency Calling Service calls.

- 8.7 Any party residing within the Emergency Calling Service serving area forfeits the privacy afforded by non-listed and non-published service to the extent that the subscriber's name, telephone number and address associated with the originating station location are furnished to the PSAP on a call-by-call basis when the caller dials 911.
- 8.8 The Company's entire liability to any person for interruption or failure of Emergency Calling Service shall be limited by the terms set forth in this section and other sections of this Tariff.
- 8.9 The subscribing governmental unit will have the responsibility to determine whether the system is functioning properly for its use and shall promptly notify the company in the event the system is not functioning properly.
- 8.10 The Company shall not be liable for any loss or damages arising out of errors, interruptions, defects, failures, or malfunctions of Emergency Calling Service, including any and all equipment and data processing systems associated therewith. Damages arising out of such interruptions, defects, failures, or malfunctions of the system after the Company has been so notified, and has had a reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.

that appears on the SCF screening list, the call is forwarded to the subscriber's specified remote station. All other calls which do not appear on the SCF screening list terminate as normal.

7. Selective Call Rejection

Selective Call Rejection (SCR) allows a subscriber to create a list of specific directory numbers from which they do not wish to receive calls. SCR can also be used to block calls from a directory number after an undesirable call has been received (even without knowing the calling number). All calls that originate from directory numbers on the SCR screening list are intercepted and rerouted to a rejection announcement.

8. Call Waiting Plus

Provides the customer with the "Calling Party Identity" of a caller attempting to reach the customer while the customer is on another call. This service requires the customer to also have Call Waiting and Calling Number Delivery to operate.

Outgoing Call Restriction Services

**MISSOURI
Public Service Commission**

1. Complete Toll Restriction

Complete Toll Restriction service is a digital switch based service available to all customers and all classes of service. It restricts the telephone line treated from making any calls outside the exchange and additional free calling area, if any. Callers are not restricted from dialing 9-1-1 for emergency services, 6-1-1 for repair service, foreign exchange service where a local number terminates in a distant exchange or other services which would not normally make use of the long distance network. Customers subscribing to Complete Toll Restriction may receive incoming calls with the exception of collect, credit card, and third number calls.

Monthly charge \$0.00

Normal Service Connection charges apply.

2. Selective Outgoing Call Restriction

Selective Outgoing Call Restriction is similar in all respects to Complete Toll Restriction with the exception that customers may select specific prefixes, exchanges and/or numbers to which access is either restricted or not restricted for outgoing direct dial or operator handled calls.

Monthly charge \$3.00

Normal Service Connection charges apply.

TOLL RESTRICTION WITH PIN

Toll Restriction With PIN (Personal Identification Number) is a service allowing customers to block all the outgoing toll calls unless the PIN number is entered before dialing. Outgoing toll calls as referred to in this tariff include all 1+, 0+, 0-, and international calls. This service is available to all residential and business customers. It is not available for public, non-public, or customer owned pay telephones.

Rates for Toll Restriction With Pin are as follows:

Monthly Charge	\$4.00
Non-Recurring Charges	See applicable Service Connection Charges

TOLL RESTRICTION WITH SELECTIVE NUMBER DIALING

Toll Restriction With Selective Number Dialing is a service allowing customers to block or unblock all the outgoing toll calls, access to a specific area code(s), operator access and/or 800/888 number access except those selected by the customer. Customers may select up to 10 numbers, area codes, access to the operator and/or 800/888 access. Outgoing toll calls as referred to in this tariff include all 1+, 0+, 0-, and international calls. This service is available to all residential and business customers. It is not available for public, non-public, or customer owned pay telephones.

Rates for Toll Restriction With Selective Number Dialing are as follows:

Monthly Charge	\$6.00
Non-recurring Charges	See applicable Service Connection Charges
