Rate W
Water & Sewer Infrastructure Replacement Surcharge (WSIRA)

DESCRIPTION - Rate W is designed to recover costs associated with the Company's eligible infrastructure projects: 1) Replacement of or cleaning and relining of existing mains, hydrants, meters, service lines, laterals, sewer taps, curbstops and manholes, 2) Replacement of lead mains, goosenecks, lead service lines and associated valves and meters, 3) Replacement of booster station and lift station pumps, with equipment of similar capacity and operation, as well as related pipes, valves and meters, 4) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain; provided that the costs related to such projects have not been reimbursed to the water or sewer corporation; 5) Replacement of water and wastewater treatment mechanical equipment with equipment of similar capacity and operation, including well and intake pumps, transfer pumps, high service or discharge pumps, and metering pumps, 6) Replacement of Supervisory Control and Data Acquisition Systems (SCADA) components necessary for the operation and monitoring of remote installations including radio and cellular communication equipment, and programmable logic controllers. The WSIRA rate is calculated and implemented in accordance with the provisions of sections 393.1500 to 393.1509 RSMO. Any future changes to this rate will also be made in accordance with those provisions.

APPLICABILITY - This rate is applicable to any customer class who benefits from the subject utility plant projects eligible for WSIRA recovery. The surcharge is calculated consistent with the customer class cost-of-service study recognized by the Missouri Commission in the Company's most recent general rate proceeding.

RATE COMPONENTS - In addition to the other charges provided for in the Company's tariffs, a separate charge for the WSIRA will apply for service rendered on and after the effective date. The WSIRA charge is calculated as a percentage of the customer's total bill, prior to any taxes.

All Customers:	0.1269%	of the total bill	*

RULES AND REGULATIONS – The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

PAYMENT TERMS - All bills for service under this schedule will be rendered in arrears on a monthly or quarterly basis. The due date on the tariff shall be ten (10) days after the "date of rendition" of the bill to the customer. The customer's bill will be due and payable after this due date. The delinquent date printed on the bill will not be less than twenty-one (21) days after the date of the postmark of the bill. Any accounts remaining unpaid at the expiration of twenty-one (21) days shall be considered delinquent and the Company may take such action as specified in its filed rules and regulations.

TAXES - These rates do not include any municipal, state or federal taxes computed on either billing or consumption basis. Any such taxes applicable shall be added as separate items in rendering each bill.

APPLICABILITY - This rate is applicable to any customer class who benefits from the subject utility plant projects eligible for WSIRA recovery. The surcharge is calculated consistent with the customer class cost-of-service study recognized by the Missouri Commission in the Company's most recent general rate proceeding.

RATE COMPONENTS - In addition to the other charges provided for in the Company's tariffs, a separate charge for the WSIRA will apply for service rendered on and after the effective date. The WSIRA charge is calculated as a percentage of the customer's total bill, prior to any taxes.

All Customers:	3.3507%	of the total bill	*

RULES AND REGULATIONS – The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

PAYMENT TERMS - All bills for service under this schedule will be rendered in arrears on a monthly or quarterly basis. The due date on the tariff shall be ten (10) days after the "date of rendition" of the bill to the customer. The customer's bill will be due and payable after this due date. The delinquent date printed on the bill will not be less than twenty-one (21) days after the date of the postmark of the bill. Any accounts remaining unpaid at the expiration of twenty-one (21) days shall be considered delinquent and the Company may take such action as specified in its filed rules and regulations.

TAXES - These rates do not include any municipal, state or federal taxes computed on either billing or consumption basis. Any such taxes applicable shall be added as separate items in rendering each bill.

A connection fee based on the estimated daily water consumption table shall be paid initially. This payment may be adjusted to conform to actual water usage after the first full year of commercial operations. The customer may request such an adjustment within two years from the date of connecting to the Company's sewer line. Failure to request in writing an adjustment within this period shall establish the fee paid as the proper connection fee for the property.

Any substantial increase of any commercial customer which would increase the water discharge by more than 20% shall necessitate an additional connection fee in proportion to the increase in flow.

Rules & Regulations Governing Rendering of Sewer Service

H. The "BILLING PERIOD" shall be defined as a normal usage period of not less than twenty-six (26) nor more than thirty-five (35) days for a monthly billed customer nor more than one hundred (100) days for a quarterly billed customer, except for initial, corrected or final bills.

I. "B.O.D." denotes Biochemical Oxygen Demand. It is the quantity of oxygen utilized in the biochemical oxidation of waste matter under standard laboratory conditions expressed in milligrams per liter.

J. "CERTIFICATED AREA" is the service area approved by the Missouri Public Service Commission as a defined area that will be serviced by the Company in accordance with these Rules and Regulations.

K. "CIAC" is a Contribution-in-aid-of Construction, when either plant assets or cash or both are contributed to the Company by applicants for service or by developers.

L. "C.O.D" denotes Chemical Oxygen Demand. It is the quantity of oxygen utilized in the chemical oxidation of waste matter under standard laboratory conditions, expressed in milligrams per liter.

M. A "COLLECTING SEWER" is a pipeline, including force pipelines, gravity sewers, interceptors, trunk sewers, manholes, lampholes, and necessary appurtenances, including service tees and wyes, which is owned and maintained by the Company, located on public property or on private easements, and used to transport sewage waste from the Customer's service connection to the point of disposal. A "PRESSURE COLLECTING SEWER" is a collecting sewer pipeline, including tees, wyes, and saddles, operated under pressure from pump units owned and operated by customers connected to the pipeline, and is sometimes referred to generically as a COLLECTING SEWER. In some contexts, the Collecting Sewer is referred to as a "Sewer Main."

N. "COMMERCIAL SERVICE" shall designate:

(1) A retail or service business utilizing any building, portion of a building, rental unit, or combination of buildings in the same compound which does not manufacture any item or items on the premises.

(2) A hotel, motel, tourist court, or recreational vehicle park which rents or leases rooms or spaces on a short-term basis to tenants that are not permanent residential occupants.

Rules & Regulations Governing Rendering of Sewer Service

O. The amount of a security deposit shall not exceed two (2) times the highest bill or four (4) times the average bill, whichever is stated in the utility's tariff for utility charges actually incurred or estimated to be incurred by the customer during the most proximate twelve (12)-month period at the service location or, in the case of a new customer, who is assessed a deposit, one-sixth (1/6) of the estimated annual bill for monthly billed customers or one-third (1/3) of the estimated annual bill for quarterly billed customers for utility charges at the requested service location.

P. Interest shall be payable annually on all deposits, but shall not accrue after the utility has made reasonable effort to return the deposit. Interest will be paid at a per annum rate equal to the prime bank lending rate, as published in the Wall Street Journal for the last business day of the preceding calendar year, plus one percentage point. Interest may be credited to the Customer's account.

Q. After a Customer has paid proper and undisputed utility bills by the due dates, for a period not to exceed one (1) year, credit shall be established or re- established, and the deposit and any interest due shall be refunded. The utility may withhold full refund of the deposit pending resolution of a disputed matter.

R. The utility shall give a receipt for deposits received, but shall also keep accurate records of deposits, including Customer name, service address, amounts, interest, attempts to refund and dates of every activity regarding the deposit.

S. All billing matters shall be handled in accordance with the Missouri Public Service Commission's Rules and regulations regarding Utility Billing Practices, 4 CSR 240-13.
