.12 Option K (MCI Preferred) (Cont.)

Option K is a one-way, outbound, multipoint service for single or multi-location customers using Dial One origination. In connection with Option K using Dial One Access, Service Type 1 only as described below, the customer can obtain an inbound 800 termination option. Multiple outbound calling locations will be billed via a single invoice. If applicable, upon enrollment, the customer must designate each originating Dial One telephone number as either Service Type 1 or Service Type 2 as described below. Outbound Option K calls may originate from all locations within Missouri. Outbound calls are dialed without the assistance of an MCI Operator and do not include calls as specified in Section C-3.026. Inbound Option K calls are made through a designated 800 number, and the Option K customer is billed rather than the call originators. All Option K calls are subject to a 60-second minimum initial period with an additional 60-second increments.

(D)

(D)

(D)

By subscribing to this service, Customer understands that use of this service is restricted in the following manner: Customer may not resell these services in any manner, including but not limited to as a wholesaler or aggregator.

.121 Access Methods

.1211 Dial One Access - Dial One Access can be used for Option K alone or in conjunction with Calling Card Access and/or 800 Access. There are two types of Dial One Service: Service Type 1 and Service Type 2. The customer can pre-subscribe up to fifty (50) Service Type 1 locations and up to five (5) Service Type 2 locations for each Option K account. A Service Type 1 location is defined as all lines associated with a single billing telephone number (BTN) as provided by the local exchange carrier. At each Service Type 2 location, there can be a maximum of two (2) originating telephone numbers. However, there is no limit to the number of originating telephone numbers at a Service Type 1 location.
