

LOCAL MARKET TRIAL

REC'D NOV 13 2000

A. Purpose

A market trial is intended to enable the Company to test it's ability to provide local exchange services to the general public. During the trial, the Company will test its network infrastructure, including both switching and distribution facility components. The Company will also test support systems which are required to establish, provision, operate and maintain services, whether such systems are provided solely by the Company or in combination with systems provided by other carriers or vendors. A market trial is not an offer to provide service to the general public. The market trial, which will be geographically dispersed as the build out of Company facilities progresses, will conclude on December 31, 2001.

B. Eligibility

A maximum of 100 targeted participants may be provided services offered as part of the local market trial.

C. Availability

Services subject to the local market trial are available in the Bourbon, Cuba and St. James exchanges.

D. Services

Exchange services, both Residence and Business, offered as part of the local market trial may include basic local exchange service, optional services, operator services, E911 service and other services planned for offering to the general public.

APPLICATION

Service Commission

The rules and regulations specified herein apply to the intrastate services and facilities furnished by Fidelity Communication Services II, Inc. hereinafter referred to as the Telephone Company, or Company, or FCS II. The Company operates as a competitive telecommunications company. Failure on the part of the subscribers to observe the rules and statutes of the Missouri Public Service Commission, after due notice of such failure, gives the Telephone Company the privilege to discontinue the furnishing of service.

In the event of a conflict between any rate, rule, regulation or provision contained within this tariff and any rule or statutes of the Missouri Public Service Commission, the rule or statutes of the Missouri Public Service Commission shall prevail.

Services contained in this tariff will be provided as a combination of facilities based, resale of services only, and leasing of unbundled local loops from the Incumbent Local Exchange Carrier (ILEC).

Except as noted otherwise, this tariff applies to all exchanges of the Company, and it applies to both residential and business services.

The exchanges served by Fidelity Communication Services II, Inc. are as follows:

- Bourbon
- Cuba
- St. James
- Belle (N)
- Bland (N)

The Company concurs in the exchange boundary maps for the exchanges listed above as filed by the incumbent local exchange company in tariffs approved by the Commission.
