VIA ELECTRONIC FILING

Mr. Morris Woodruff, Secretary
Missouri Public Service Commission
P.O. Box 360
Jefferson City, MO 65102

RE: Missouri-American Water Company
Cases Nos. WR-2017-0285 and SR-2017-0286

Dear Judge Woodruff:

On behalf of Missouri-American Water Company ("MAWC" or "Company"), I am providing herewith to the Missouri Public Service Commission ("Commission") for filing certain tariff sheets in electronic form consisting of revised water and sewer tariff sheets. The proposed tariff sheets are listed on **Appendix A**, bear a date of issue of June 30, 2017, and an effective date of July 30, 2017.

The purpose of this filing is to implement a general rate increase for water and sewer service provided by MAWC. The revised rates are designed to produce \$369 million in gross annual water and sewer revenues (excluding gross receipts and sales taxes) or a 25.4% increase over revenues authorized MAWC's last general rate case (WR-2015-0301).

The water rates have been designed to implement the Company's proposal to move to consolidated tariff pricing. Provided herewith as **Appendix B** is a description of the impact MAWC's proposal would have on residential customers in each district utilizing 3,000, 5,000, and, 7,000 gallons monthly usage levels.

Further, these tariff sheets are designed to consolidate MAWC's current P.S.C. MO No. 24 water tariff book into P.S.C. MO No. 13. Thus, MAWC requests that the Commission cancel P.S.C. MO No. 24 as of the effective date of the tariff sheets contained herein.

Provided in electronic form are the direct testimony and schedules of the following MAWC witnesses:

Cheryl Norton
Andrew Clarkson
Brian LaGrand
Bruce Aiton
Greg Roach

James Jenkins
John Watkins
John Wilde
Nikole Bowen
Scott Rungren

Connie Heppenstall
Ann Bulkley
Patrick Baryenbruch
Robert Mustich

Also, MAWC's Minimum Filing Requirements, as required by Commission Rule 4 CSR 240-3.030(3)(B), are contained in Schedule BWL-1, attached to the Direct Testimony of Brian LaGrand.

Please see that this filing is brought to the attention of the appropriate Commission personnel. Thank you for your cooperation in this matter.

MISSOURI-AMERICAN WATER COMPANY

Notes:

- The volumetric rate is the price per 1,000 gallons of water consumed.
- To calculate the cost of water or sewer service, the cost will be the fixed charge plus the usage level times the volumetric charge.
- A typical customer uses between 3,000 and 7,000 gallons per month or between 9,000 and 21,000 per quarter.
