ORDER APPROVING TARIFF AND GRANTING MOTION FOR EXPEDITED TREATMENT

Issue Date: December 28, 2009

Effective Date: January 1, 2010

On December 9, 2009, the Commission granted RDG Development, LLC, a certificate of convenience and necessity to provide sewer service in certain areas. On December 18, 2009, RDG filed tariff sheets purporting to comply with the order and also filed a motion requesting an expedited effective date for the tariff.

RDG filed the tariffs to comply with the Commission's order granting its certificate. The subject system, Green Hills Subdivision, was not previously regulated by the Commission, but is constructed and is in operation. RDG may not charge customers the approved rate until the tariff becomes effective. RDG requested that the compliance tariff become effective on January 1, 2010, so that it may charge for service being provided.

The Staff of the Missouri Public Service Commission filed a recommendation regarding the tariff on December 23, 2009. Staff stated that RDG had complied with the Commission's order and recommended that the tariff be allowed to become effective as requested. No other party filed a response to the Motion for Expedited Treatment.

The Commission has reviewed the tariff and Staff's recommendation and finds that the tariff sheets should be approved. The Commission has also reviewed the motion

for expedited treatment and finds that in order to allow RDG to charge for service it is already providing, good cause exists under Section 393.140(11), RSMo 2000, to expedite the effective date of the tariff.

THE COMMISSION ORDERS THAT:

1. The Motion for Expedited Treatment filed by RDG Development, LLC, on December 18, 2009, is granted.
2. The tariff sheets filed by RDG Development, LLC, on December 18, 2009, and assigned tariff number YS-2010-0397, are approved as substituted to become effective on January 1, 2010. The tariff sheets approved are:

P.S.C. MO No. 1

Original Sheet No. 1 through Original Sheet No. 28

3. This order shall become effective on January 1, 2010.
