

Laclede Gas Company

For: All Missouri Gas Energy Service Areas

PROMOTIONAL PRACTICESPP**Independence Power & Light (IPL) Pilot Weatherization Program****A. Purpose**

The IPL Pilot Weatherization Program is an experimental co-delivery program between IPL and MGE designed to provide weatherization improvement measures to create long-term (natural gas) bill reduction savings to low-income single family MGE natural gas customers within the IPL service territory.

B. Definitions:

Administrator: Truman Heritage/Habitat for Humanity (THHFH) will administer the pilot program for IPL and MGE pursuant to a written contract between THHFH and Laclede Gas Company.

Participant: Single family property owners who are MGE natural gas customers with natural gas space-heating equipment and/or water heating equipment whose income does not exceed 50% of the average median income (AMI) for Jackson County, Missouri as published by the U.S. Department of Housing and Urban Development (HUD) and reside within the IPL service territory.

Program Term: From the effective date of the tariff to run concurrent with the IPL Program.

C. Availability:

Household selection into IPL pilot weatherization program will be based on the need of the family, willingness to partner, income eligibility and homeowner signature on a Homeowner Agreement. Qualifying households will be served on a first come first served basis with "first come" being determined by the receipt of a completed qualifying program application by THHFH. Mobile homes and rental properties are not eligible for this pilot program.

D. Terms and Conditions:

The THHFH will conduct a "clip board" audit within the eligible homes with energy saving measures identified. The THHFH Construction Director shall then approve a detailed scope of work for each home consistent with a list of weatherization services which include HVAC repair/replacement with a 90%+ AFUE or greater, attic insulation – up to R-49, water heater replacement and other general sealing and weatherization measures including weather-stripping, caulking, outlet/light switch gaskets, installation of other minor sealing materials where feasible, minor exterior home repair to reduce air infiltration, HVAC filter replacement for existing systems, low-flow faucet aerators and showerheads, and water heater insulation pipe wrap.

The cost of weatherization services provided for any single household cannot exceed \$7,500 with the total allocated 50% - IPL and 50% - MGE.

E. Program Funding

A maximum of \$46,000 will be applied to this pilot weatherization program for MGE's share of the funding.
