Important Information Regarding Your BullsEye Telecom Account

Notice of Price Change: BullsEye Telecom has maintained its commitment to contain price increases, striving to keep rates as low as possible for you. However, Regional Bell Operating Companies (RBOCs) continue to adjust tariff rates in the markets they operate in on a regular basis. We align our pricing with these tariff rates and provide discounts, based on your contracts, off of these prevailing RBOC/ILEC tariff rates. Therefore, we will be implementing changes to the baseline Monthly Recurring Charges (MRC) on eligible lines.

Following are the new prices in your market:

MO AT&T All Bands Flat Rate = \$ 62.00

These adjustments will begin to appear on your next invoice cycle and will reflect prevailing RBOC tariffs rates. Any discounting and terms as outlined in your contract will continue to be honored.
