

**STATE OF MISSOURI
PUBLIC SERVICE COMMISSION**

At a session of the Public Service Commission held at its office in Jefferson City on the 12th day of January, 2022.

In the Matter of Evergy Metro, Inc. d/b/a Evergy)	
Missouri Metro's Demand Side Investment)	<u>File No. ER-2022-0149</u>
Mechanism Rider Rate Adjustment and)	Tariff No. JE-2022-0172
True-Up Required by 20 CSR 4240-20.093(4))	

**ORDER APPROVING DEMAND SIDE INVESTMENT MECHANISM
RIDER RATE ADJUSTMENT TARIFF**

Issue Date: January 12, 2022

Effective Date: February 1, 2022

On December 2, 2021, Evergy Metro, Inc. d/b/a Evergy Missouri Metro filed a tariff sheet, with supporting testimony, to adjust charges related to its approved Demand Side Investment Mechanism (DSIM) Rider under the Missouri Energy Efficiency Investment Act (MEEIA). The tariff sheet filing was assigned Tariff No. JE-2022-0172, and carries an effective date of February 1, 2022.

The Commission issued notice of the filing, set an intervention deadline, and directed the Staff of the Commission (Staff) to submit a recommendation. On December 30, 2021, Staff recommended the Commission approve Evergy Missouri Metro's tariff sheet. Commission rules allow responses to be filed within ten days.¹ No responses or objections were received to either Evergy Missouri Metro's filing or Staff's recommendation.

Commission Rules 20 CSR 4240-20.093(4) and 20 CSR 4240-3.162(8) require Evergy Missouri Metro to make adjustments of its DSIM rates to reflect the amount of

¹ 20 CSR 4240-2.080(13).

revenue that has been over- or under-collected. The proposed tariff sheet increases the current residential DSIM Rider rate from \$0.00589 per kWh to \$0.00679 per kWh for residential customers. For a residential customer using 1,000 kWhs, this change will increase the customer's bill by \$0.90 per month.

Non-residential customer impacts would be as follows:

Small General Service from \$0.00228 per kWh to \$0.00276;

Medium General Service from \$0.00498 per kWh to \$0.00547;

Large General Service from \$0.00364 per kWh to \$0.00407; and

Large Power Service from \$0.00260 per kWh to \$0.00274.

For a non-residential customer using 1,000 kWh monthly, this would result in the following monthly billing changes:

Small General Service, a \$0.48 increase;

Medium General Service, a \$0.49 increase;

Large General Service, a \$0.43 increase; and

Large Power Service, a \$0.14 increase.

Commission Rule 20 CSR 4240-20.093(4), regarding adjustment of DSIM rates between general rate proceedings, states that if the proposed adjustments are in accordance with the rule, Section 393.1075, RSMo, and the previously-approved DSIM the Commission shall issue an order approving the tariff within sixty days after the tariff is filed. The Commission has reviewed Evergy Missouri Metro's tariff sheet, Staff's recommendation and accompanying memorandum, and finds that the proposed tariff sheet implementing the DSIM rate adjustment is in compliance with Evergy Missouri Metro's existing DSIM tariff and with all applicable statutes and regulations.

So that the tariff sheet will be effective at the time requested, this order will be effective in less than thirty days.

THE COMMISSION ORDERS THAT:

1. Every Missouri Metro's Substitute Tariff Sheet, assigned Tariff Tracking No. JE-2022-0172, is approved to be effective February 1, 2022. The tariff sheet approved is:

P.S.C. MO. No. 7

Fifth Revised Sheet No. 49Y, Cancelling Fourth Revised Sheet No. 49Y

2. This order shall become effective on February 1, 2022.
3. This file shall close on February 2, 2022.

BY THE COMMISSION
