TARIFF FORMAT

Sheet Numbering. Sheet numbers appear in the upper right hand corner of the sheets. Sheets are numbered sequentially. From time to time new sheets may be added to the tariff. When a new sheet is added between existing sheets, a decimal is added to the preceding sheet number. For example, a new sheet added between sheets 5 and 6 would be numbered 5.1.

Sheet Revision Numbers. Revision numbers also appear in the upper right corner of sheets. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th Revised Sheet No. 24 cancels the 3rd Revised Sheet No. 24.

Paragraph Numbering Sequence. There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level, as shown by the following example:

2
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i)
2.1.1.A.1.(a).I.(i).(1)

Check Sheets. When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross-reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current one on file with the Commission.

TARIFF FORMAT (Cont'd)

Explanation of Symbols. When changes are made in any tariff sheet, a revised sheet will be issued replacing the tariff sheet affected. Changes will be identified on the revised sheet through the use of the following symbols:

- (C) - Identifies a changed regulation.
- (D) - Identifies a discontinued rate or regulation.
- (I) - Identifies an increase in rate.
- (M) - Identifies material moved from one tariff location to another.
- (N) - Identifies a new rate or regulation.
- (R) - Identifies a reduction in rate.
- (T) - Identifies a change in text only.

0.0 Application and Scope of Tariff**0.1 Application**

This tariff contains the rates and regulations applicable to regulated intrastate interexchange services provided by McLeodUSA between and among points within the State of Missouri. Currently, in the state of Missouri, McLeodUSA offers long distance exchange services to business customers only. Residential products that McLeodUSA currently maintains for the Residential customers on McLeodUSA service are located in the 'Grandfathered' section, 6.0, of this tariff.

0.2 Scope

McLeodUSA's services are provided subject to the availability of facilities and subject to the terms and conditions of this tariff. All services within the jurisdiction of the Commission provided by McLeodUSA between and among points in Missouri are governed by this tariff.

0.3 Interconnection with Other Carriers

Service provided by McLeodUSA may be connected with services or facilities of other carriers or may be provided over facilities provided by carriers other than McLeodUSA. However, service provided by McLeodUSA is not a part of a joint undertaking with any other carrier providing telecommunications channels, facilities, or services.

1.0 Explanation of Terms and Abbreviations

1.1 Definitions of Terms

Authorization Code

A numerical code, one or more of which is available to Customer to enable it to access McLeodUSA's network, and which are used by McLeodUSA to prevent unauthorized access to its facilities and to identify Customer for billing purposes.

Bit

The smallest unit of information in the binary system of notation.

Calling Card

A billing arrangement by which the charge for a call may be charged to an authorized calling card account.

Calls

Telephone messages completed by Customers.

Central Office

A unit of the RBOC's system that provides service to the general public and has the necessary equipment and operating arrangements for terminating and interconnecting Customer lines and trunks or trunks only. More than one (1) central office may occupy a building.

Charges

Monthly recurring and nonrecurring amounts billed to Customers for services.

Commission

Missouri State Public Service Commission.

1.0 Explanation of Terms and Abbreviations (cont'd)

1.1 Definitions of Terms (cont'd)

Customer

Any person, firm, association, corporation, agency of the federal, state, or local government, or legal entity responsible by law for payment of rates and charges and for compliance with the regulations of McLeodUSA.

Customer Contract

A written agreement between the Customer and McLeodUSA containing or referring to the rates and regulations applicable to the service being provided.

Customer Premises Equipment

All terminal equipment normally used on the Customer's premises. This equipment may be Customer-owned, or may be owned by McLeodUSA or another supplier and leased to the Customer.

Delinquent or Delinquency

An account for which an uncontested bill or payment agreement for regulated services has not been paid in full on or before the last day for timely payment. This term may also apply to a contested bill for which the Commission finds the Customer's complaint to be without merit.

Disconnect or Disconnection

The disabling of circuitry to prevent outgoing and/or incoming calls.

Due Date

The last day for payment of a bill without unpaid amounts being considered delinquent or subject to additional collection efforts. The due date may be designated by "due by," "pay by," "if paid by," or other such language on the Customer's bill.

1.0 Explanation of Terms and Abbreviations (cont'd)

1.1 Definitions of Terms (cont'd)

Exchange

A unit established for the administration of local communication services.

Exchange Service

A local communications service furnished by means of local exchange plant and facilities.

Extended Area Service or EAS

Telephone service, offered at a flat local rate, between customers located within an exchange area and all customers in an additional exchange area or areas.

Flat Rate Service

An exchange service for which a specified rate is charged, regardless of the amount of local usage.

Fraud

An attempt to procure or retain service by supplying misleading or deliberately inaccurate information, or by untruthful or unlawful means, including supplying false information on an application for service. There will be a presumption of fraud in cases where the customer's actual usage for a month, or its pro-rata usage for a partial month, is more than three times the customer's estimated usage (or the pro-rata share of estimated usage) as supplied by the customer at the time of application (which may be revised by customer based on actual experience upon notification to the Company), and that usage is in excess of \$500. In such cases, the customer may be contacted to notify the customer of the usage levels, and to discuss the reasons for the usage levels. In such cases, restrictions may be imposed upon further usage unless satisfactory payment arrangements are made.

2.0 General Rules and Regulations**2.1 Undertaking of McLeodUSA****2.1.1 General**

Pursuant to this tariff, McLeodUSA undertakes to provide within the service area in which McLeodUSA has been approved for certification the regulated intrastate, intraLATA and interexchange services described in Section 3.0.

2.1.2 Limitations

- A. Service is offered subject to the availability of the necessary facilities and equipment and subject to the provisions of this tariff in compliance with limitations set forth in the Commission's rules.
- B. McLeodUSA reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by McLeodUSA, when necessary because of lack of facilities, or due to some other cause beyond McLeodUSA's control on a non-discriminatory basis.
- C. The furnishing of service under the tariffs of McLeodUSA is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the McLeodUSA's facilities as well as facilities the McLeodUSA may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- D. McLeodUSA reserves the right to discontinue service when the Customer is using the service in violation of the provisions of this tariff, signed contract, or the law, with notice as required by the rules of the Commission.
- E. McLeodUSA does not undertake to transmit messages or information, but offers the use of its facilities, when available, for that purpose.

2.0 General Rules and Regulations (cont'd)**2.2 Use****2.2.1 Lawful Purpose**

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of the service.

2.2.2 Use of Service for Unlawful and/or Fraudulent Purposes

McLeodUSA's services are provided subject to the condition that they will not be used for any unlawful and/or fraudulent purpose. Services will not be furnished if any law enforcement agency, acting within its jurisdiction, advises McLeodUSA that such services are being used or are likely to be used in violation of the law and/or in a fraudulent manner. If McLeodUSA receives other evidence giving reasonable cause to believe that such services are being used or are likely to be used for unlawful and/or fraudulent purposes, it may either discontinue or deny the services and/or refer the matter to the appropriate law enforcement agency in accordance with law and/or Commission rules.

2.2.3 Unauthorized Use

Any individual who uses or receives McLeodUSA's services other than under the provisions of an accepted application for service and a current Customer relationship shall be liable for the appropriate rates and charges for the service received and for McLeodUSA's costs of investigation and collection.

2.2.4 Recording Devices

McLeodUSA's services are not designed for the use of recording devices, and customers who use such devices to record two-way telephone conversations do so at their own risk.

2.2.5 Use of Service Mark

No Customer shall use any service mark or trademark of McLeodUSA or refer to McLeodUSA in connection with any product, equipment promotion, or publication of the Customer without the prior written consent of McLeodUSA.

2.0 General Rules and Regulations (cont'd)**2.3 Liability**

McLeodUSA's liability, if any, for its willful misconduct is not limited by this Tariff. With respect to any other claim or suit, by a customer, or by any others, for damages associated with installation, provision, preemption, termination, maintenance, repair or restoration of service, or any other service, McLeodUSA's liability, if any, shall not exceed an amount equal to the proportionate part of the monthly recurring charge for the service for the period during which the service was affected. This liability shall be in addition to any amounts that may otherwise be due the customer under this Tariff or state commission regulations as an allowance for interruptions.

The services furnished by McLeodUSA, in addition to the limitations set forth preceding, also are subject to the following limitations: McLeodUSA shall not be liable for damage arising out of our mistakes, omissions, interruptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of McLeodUSA caused by customer provided equipment (except where a contributing cause is the malfunctioning of a McLeodUSA-provided connection arrangement, in which event the liability of the Company shall not exceed an amount equal to a proportional amount of the McLeodUSA billing for the period of service during which such, mistake, omission, interruption, delay, error, defect in transmission or injury occurs.) McLeodUSA also shall not be liable for the acts or omissions of other companies when their facilities are used to provide service.

Except for granting credit allowances for interruptions of service as provided in the last paragraph of this section, McLeodUSA shall not be liable for any claim or loss, expense or damage, for any failure of performance due to failure or malfunction of Customer-supplied equipment, acts of God, storms, fires, floods or other catastrophes, power failure, natural emergencies, insurrections, riots or wars, or any law, order, regulation, or other action of any governmental authority or agency thereof.

McLeodUSA shall not be liable for, and shall be fully indemnified and held harmless by, Customers against any claim or loss, expense or damage, for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name, service mark, or proprietary or creative right, or any other injury to any person, property, or entity arising out of the material, data, or information transmitted.

2.0 General Rules and Regulations (cont'd)

2.3 Liability (cont'd)

No agent or employee of any other carrier shall be deemed to be an agent or employee of McLeodUSA.

McLeodUSA's liability due to any failure of the transmission shall not exceed an amount equal to the charges provided for by the applicable tariff (for regulated services) and applicable price list, catalogue, and/or contract (for all other services) for the call. McLeodUSA shall not be liable for damages arising out of the use of McLeodUSA's services for the transmission of anything other than voice grade service.

McLeodUSA will provide a customer's correct name and telephone number to a calling party either upon request to or interception by McLeodUSA in the event there is an error or omission in the customer's directory listing. McLeodUSA's liability for any errors or omissions in any directory listings is limited to the charges made for the listing itself. McLeodUSA shall not be liable for any incidental, indirect, special or consequential damages of any kind, including loss of use, loss of business, or loss of profit, arising from errors or omissions in directory listings.

2.0 General Rules and Regulations (cont'd)**2.3** Liability (cont'd)

Notwithstanding anything to the contrary in this section, if Customer's service is interrupted and remains out of service for more than twenty-four (24) hours after the earlier of being reported to McLeodUSA or being found by McLeodUSA to be out of order, and if the interruption is not the result of a negligent or willful act by the Customer, a malfunction of Customer-owned equipment, McLeodUSA's inability to gain access to the Customer's premises, or causes beyond McLeodUSA's control as described in the first paragraph of this section, McLeodUSA will make appropriate adjustments upon request. Such adjustments, in the form of direct payments or bill credits, will be the proportionate part of the monthly charge for all services and facilities rendered inoperative during the interruption, beginning with the hour of the report to McLeodUSA, or discovery by McLeodUSA, of the interruption. A service interruption may include, among other events, lawful disconnections pursuant to Section 2.11 of this tariff and when a customer's service interrupted during a move to a new Customer premise.

2.4 Equipment**2.4.1** Inspection, Testing, and Adjustment

McLeodUSA may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the requirements of this tariff are being complied with in the installation, operation, or maintenance of the Customer's equipment. McLeodUSA may interrupt the service at any time, without penalty to itself, unless interruption exceeds twenty-four (24) hours.

2.4.2 Interference and Hazard

The operating characteristics of Customer premises equipment or communications systems connected to McLeodUSA's services must not interfere with, or impair, any of the services offered by McLeodUSA. Additionally, connected Customer premises equipment must not endanger the safety of McLeodUSA employees or the public, damage or interfere with the proper functioning of McLeodUSA's equipment, or otherwise injure the public in its use of McLeodUSA's services.

2.0 General Rules and Regulations (cont'd)**2.4 Equipment (cont'd)****2.4.3 Maintenance and Repair****A. Customer Liability**

The Customer shall be responsible for damages to McLeodUSA's facilities used in the provision of regulated services caused by the negligence or willful act of the Customer or those using McLeodUSA's service through the Customer. The Customer may not physically modify or intrude upon, rearrange, disconnect, remove, or attempt to repair any of McLeodUSA's facilities except upon written consent of McLeodUSA.

B. Leased or Owned Facilities

The Customer's obligation to McLeodUSA is the same whether the facilities involved are McLeodUSA's facilities or are facilities leased by McLeodUSA from another party. If McLeodUSA incurs expenses due to the Customer's actions that result in damage or impairment of McLeodUSA's owned or leased facilities, McLeodUSA will pass on to the Customer any and all expenses to repair McLeodUSA's facilities or that the owner imposes on McLeodUSA for leased facilities.

2.0 General Rules and Regulations (cont'd)**2.5 Contract for Service**

Installation of certain services may require a contractual agreement between a Customer and McLeodUSA. The contractual agreement specifies the terms and conditions of service not covered by this tariff. The contract does not alter the obligations of McLeodUSA to Customers as described in this tariff. The term of the services shall commence and will remain in effect from the service activation date for the term of the contract. In the event McLeodUSA continues to provide service beyond the end of the initial term without an additional written agreement between the parties, then McLeodUSA shall continue to provide service to the Customer under the terms of the then applicable tariff and applicable terms of the expired contract under a month-to-month arrangement. McLeodUSA may choose to renew the contract for a period equal to its original term by giving the Customer notice of the proposed renewal. If the Customer does not timely advise McLeodUSA that the Customer desires to terminate the contract at the end of the contract, then the contract will renew.

2.6 Application for Service**2.6.1 Information Required**

When applying for service, each prospective Customer will be required to furnish McLeodUSA with the following information:

- A. The name of the party who will be responsible for payment for the service provided.
- B. The address or addresses or exact location of the premises where service is to be provided and billed.
- C. Any information required to make a proper determination of appropriate creditworthiness.

2.6.2 Initiation of Service

Service shall be deemed to be initiated upon the service activation date. For multi-location customers, service shall be deemed to be initiated upon service activation at the first location.

2.0 General Rules and Regulations (cont'd)**2.7 Deposits****2.7.1 Deposit Requirements**

McLeodUSA may require from any Customer or prospective Customer a deposit to be held as a guarantee for the payment of charges. Any applicant who is either not a previous Customer having an established prompt payment record or whose credit record is not satisfactory may be required to pay a deposit.

McLeodUSA may require separate deposits for different Services purchased by Customer, all of which must be paid before any service is installed. In its calculation of a Customer's creditworthiness, McLeodUSA will use trading banking references, credit reports, and any other information pertinent to a Customer's credit subject to applicable law.

2.7.2 Amount of Deposit

The amount of the deposit shall not be more than two (2) months of usage of McLeodUSA's services for any specific Customer. The amount of such usage may be estimated from past usage, the Customer's estimated anticipated usage, or McLeodUSA's state average usage considering type and nature of service. The amount of deposit may exceed this total when services are provided for shorter periods of time or special occasions.

2.0 General Rules and Regulations (cont'd)**2.7** Deposits (cont'd)**2.7.3** New or Additional Deposit

A new or additional deposit may be required to cover the amount provided in Section 2.7.2 above when a deposit has been refunded or is found to be inadequate by virtue of abnormal usage or nonpayment. Written notice shall be mailed advising the Customer of any new or additional deposit requirement, and the Customer shall have twelve (12) calendar days from the date of mailing to provide the new or additional deposit. The new or additional deposit is payable at the address specified in Section 2.7.4.

2.7.3.A Abnormal Toll Usage

For customers with at least six (6) consecutive months of service, "abnormal toll usage" is defined as at least a twenty-five percent (25%) increase in monthly usage charges amounting to at least twenty dollars (\$20). The Customer's average monthly bills for not less than the three (3) prior months shall be used in determining the increase. For customers with less than six (6) consecutive months of service, "abnormal toll usage" is defined to exist when one (1) month's service exceeds the deposit attributable to the service by twenty-five percent (25%) amounting to at least twenty dollars (\$20).

2.8 Billing2.8.1 Monthly Billing

McLeodUSA offers a paperless billing option in lieu of distributing a monthly paper invoice, unless it is prohibited by state law. The paperless billing option allows the customer to access the McLeodUSA website to view "Your Account" at the customer's convenience. There is no charge for either billing option selected by the customer. (N)

Bills to Customers will be issued monthly unless McLeodUSA is authorized by the Commission to bill at other than monthly intervals because of unusual circumstances. Local service charges, including installation charges, are billed in advance. Certain toll charges and NRCs are billed in arrears. If a Customer elects, McLeodUSA may issue a billing statement to a Customer in an electronic format only.

McLeodUSA shall have no responsibility with respect to billings, charges, or disputes related to services used by the Customer which are not included in the services herein including, without limitation, any local, regional, and long distance services provided by a third party vendor. The Customer shall be fully responsible for the payment of any bills for such services and for the resolution of any disputes or discrepancies with the service provider.

An Account Service Fee will be applied to bills that do not meet a minimum 'total current charges'. See Account Service Fee listed in Section 4.1 for the applicable rates. Also, an Access Recovery Surcharge, which is used to offset increased costs associated with gaining access to incumbent networks, will be assessed monthly. This fee is not a tax or charge imposed by a government entity. The ARS is based on the percentage of the total monthly recurring charges. See Access Recovery Surcharge listed in Section 4.1 for the applicable rates.

2.8.2 Bill Contents

The bill form or a bill insert will provide the following information: the dates at the beginning and end of the billing period; the last date for timely payment, which shall not be less than twenty (20) days after the bill is rendered; the amount of the net charge, stated by category, for local service, bundled packages, packages of long distance minutes, ancillary services and equipment, toll service, information service, sales tax and excise tax, and of any late payment charge, together with the gross amount of the bill, with separate entries for total amounts current or in arrears. 2.0 General Rules and Regulations (cont'd)**2.9 Payment for Service****2.9.1 Late Payment Charge**

McLeodUSA may impose a one time late payment charge not to exceed 1.5% on any bill not paid by the due date listed on the invoice. Customers are obligated to drop off payment at a designated payment location or mail payment to the address contained on the invoice. Customers shall be responsible for all costs incurred in the collection of unpaid charges or in any other action to enforce payments and/or obligations arising under this tariff. McLeodUSA will also charge a check service charge if a check tendered for payment is returned to McLeodUSA as non-sufficient funds (NSF) or is not in acceptable form.

Residential customers will be granted one complete forgiveness of a late payment charge each calendar year. On one monthly bill in each period of eligibility, the net amount of such bill will be accepted as full payment for the month after expiration of the net payment period. The Customer will be notified by mailed written notice that the eligibility has been used. Such forgiveness of late payment charges will have no effect on the credit rating of the Customer.

2.9.2 Partial Payment

If a Customer makes a partial payment in a timely manner and does not designate the service for which payment is made, the payment shall first be applied to the undisputed balance for local service, with the remainder applied on a pro rata basis to regulated utility services and toll service. Any remainder will then be applied to deregulated and unregulated services other than toll. Any late payment penalty charge will be applied only to the outstanding balance for utility services.

2.9.3 Timely Payment for Residential Customers

Such taxes and fees will be allocated among such Customers on the basis of Customers' monthly charges for the types of service made subject to the taxes or fees. Such taxes and fees will be separately stated on bills.

LNP, PICC, USF, TRS, TTY/TDD surcharges will also be charged where applicable.

2.10 Disputes and Complaints**2.10.1 Disputed Bills**

In the event of a dispute concerning the bill, McLeodUSA will require the Customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint using the complaint procedures in Section 2.10.2 shall continue, and for not less than forty-five (45) days after the rendering of the disputed bill. Service shall not be disconnected for nonpayment of the disputed amount. The 45-day period may be extended by up to sixty (60) days if requested of McLeodUSA by the Public Service Commission in the event the Customer files a written complaint with the agency. 2.0 General Rules and Regulations (cont'd)**2.10 Disputes and Complaints (cont'd)****2.10.3 Bill Insert or Notice**

McLeodUSA shall notify Customers, by bill insert or notice on the bill form, of the address and telephone number where a McLeodUSA representative qualified to assist in resolving the complaint can be reached. The bill insert or notice shall also include the following statement: "If McLeodUSA does not resolve your complaint, the service may be subject to state regulation. You may contact the Missouri Public Service Commission, P.O. Box 360, Governors Office Building, 200 Madison St., Jefferson City, MO, 65101, 1-800-392-4211." The bill insert or notice on the bill will be provided no less than annually.

2.11 Service Refusal, Disconnection, and Suspension

In no event shall service be disconnected on the day preceding or day on which McLeodUSA's local business office or local authorized agent is closed.

2.11.1 Notice of Pending Disconnection

Prior to the disconnection of service, McLeodUSA shall provide a written notice to the Customer setting forth the reason for disconnection and the final date by which the account is to be settled or specific action taken. Final dates shall be no less than ten (10) calendar days with respect to an unpaid bill after the notice is rendered and no less than 12 days with respect to an unpaid or new deposit. The notice shall be considered rendered to the Customer when deposited in the U.S. Mail with postage prepaid. If delivery is by other than U.S. Mail, the notice shall be considered rendered when delivered to the last known address of the person responsible for payment for the service. The notice will specify (800-593-1177 for business customers; 800-500-3543 for residential customers) as a toll-free number at which a McLeodUSA representative can be reached to provide additional information about the disconnection.

Except as restricted by Section 2.11.4, service may be refused, disconnected, or suspended for nonpayment of a bill if McLeodUSA has made a reasonable attempt to effect collection and:

- A. McLeodUSA has provided the Customer with ten (10) days' prior written notice with respect to an unpaid bill or twelve (12) days' written notice with respect to an unpaid new deposit.
- B. McLeodUSA is open, at minimum, one more hour and open the following day of the scheduled disconnection.
- C. In the event of a dispute concerning the bill, McLeodUSA will require the Customer to pay a sum of money equal to the amount of the undisputed portion of the bill. 2.0 General Rules and Regulations (cont'd)2.11 Service Refusal, Disconnection, and Suspension (cont'd)2.11.4 Insufficient Reasons for Refusal, Suspension, or Discontinuance of Service

The following reasons are not sufficient cause for refusal, suspension, or discontinuance of service to a present or prospective Customer:

- A. Delinquency in payment for service by a previous occupant of the premises to be served, unless that occupant is a Customer of the same household as the customer.
- B. Failure to pay for unregulated services or equipment purchases.
- C. Failure to pay the bill of another Customer as guarantor thereof.
- D. Failure to pay for a different type or class of public utility service or 900, 960 or 976 calls disputed by the Customer. However, if a residential customer has requested that McLeodUSA remove the free 900 or 976 call blocking service, then that Customer shall be fully responsible for payment of all such calls regardless of who made the call from the Customer's telephone line.
- E. Failure to pay for information service not regulated by the Commission.
- F. Permitting another occupant of the premises access to the telephone utility service when that other occupant owed an uncollectible bill for service rendered at a different location.

2.11.5 Medical Emergency

Notwithstanding any other provision of this tariff, McLeodUSA will postpone the disconnection of service to a residential Customer for a reasonable time, not to exceed thirty (30) days, if the Customer produces verification from a physician or a public health or social services official stating that telephone service is essential due to an existing medical emergency of the Customer, a customer of the Customer's family, or any permanent resident of the premises where service is rendered. This written verification shall identify the medical emergency and specify the circumstances. Initial verification may be by telephone if written verification is forwarded to McLeodUSA within five (5) days.

When McLeod renders temporary service to a Customer, the Customer may be required by McLeod to bear the entire cost of installing and removing the service facilities in excess of any salvage realized.

2.12 Cancellations and Deferments of Service

When a Customer cancels or defers an order for service before the service is activated, a charge applies that will allow McLeodUSA to recover its unrecovered costs, including but not limited to outside vendor charges, engineering, labor, materials, and equipment. Charges apply as follows:

2.12.1 Cancellation

In a cancellation situation, the charge is equal to the unrecoverable costs incurred prior to the request for cancellation and the costs of removal, restoration, and disposal, if any, to comply with the cancellation. Those costs include, but are not limited to, costs of outside vendors, engineering, labor, nonrecoverable materials, and equipment expense.

2.0 General Rules and Regulations (cont'd)**2.12** Cancellations and Deferrals of Service (cont'd)**2.12.2** Deferment of Start of Service

If a request for deferment of service is received by McLeodUSA prior to the date an order for equipment or service is placed with McLeodUSA's supplier, no charge shall apply. For deferments received by McLeodUSA subsequent to the date the order for equipment or service is placed with McLeodUSA's supplier, a monthly recurring charge based upon the costs incurred prior to the request for the deferment applies. This monthly rate shall be equal to the deferred investment multiplied by the monthly prime interest rate as announced by USBank plus recurring costs resulting directly from the deferral such as storage, taxes, etc., unless otherwise ordered by the Commission.

In addition, any extraordinary nonrecurring costs resulting from the deferral, such as additional engineering, labor, and transportation, shall be billed in total. Billing shall start at the beginning of the month of deferment and extend to the start of service. Charges shall not exceed the monthly rate that would have applied had the service been established. McLeodUSA will also charge the Customer who defers service any and all rates and charges incurred by McLeodUSA for any leased facilities for which McLeodUSA is held responsible. McLeodUSA will make a good faith effort to minimize those rates and charges whenever possible.

2.13 Information Service Access Blocking

Where facilities are available, McLeodUSA shall institute call blocking to all "900", "960" and "976" prefix numbers, without charge for the first block subject to applicable law. If a customer chooses to eliminate the free call blocking service for these types of calls, the Customer shall be fully responsible for all such charges regardless of who made such calls from the Customer's telephone line. McLeodUSA will comply with all applicable rules of the Commission concerning such blocking.

2.0 General Rules and Regulations (cont'd)**2.14 Special Construction and Special Arrangements**

Subject to the agreement of McLeodUSA and to all of the regulations contained in the tariffs of McLeodUSA, special construction and special arrangements may be undertaken on a reasonable efforts basis at the request of the Customer. Special arrangements include any service or facility relating to a regulated telecommunications service not otherwise specified under tariff, or for the provision of service on an expedited basis or in some other manner different from the normal tariff conditions. Special construction is that construction undertaken:

- A. where facilities are not presently available, and there is no other requirements for the facilities so constructed;
- B. of a type other than that which McLeodUSA would normally utilize in the furnishing of its services;
- C. over a route other than that which McLeodUSA would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which McLeodUSA would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction.

2.14.1 Basis for Charges

Where McLeodUSA furnishes a facility or service on a special construction basis, or any service for which a rate or charge is not specified in McLeodUSA's tariffs, charges will be based on the costs incurred by McLeodUSA and may include: (1) non-recurring type charges; (2) recurring type charges; (3) termination liabilities; or (4) combinations thereof. The agreement for special construction will ordinarily include a minimum service commitment based upon the estimated service life of the facilities provided.

- A. Installation cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Installation cost includes the cost of:
1. equipment and materials provided or used,
 2. engineering, labor and supervision,
 3. transportation,
 4. rights of way, and
 5. any other item chargeable to the capital account;
- B. Annual charges including the following:
1. cost of maintenance,
 2. depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage,
 3. administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items,
 4. any other identifiable costs related to the facilities provided, and
 5. an amount for return and contingencies.

3.0 Description of Services Offered

3.1 Long Distance Interexchange and 800 Services

(M)(N)

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of Missouri. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® long distance services, usage charges are based on the duration and time of day of each call when applicable.

Where Customer’s local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer’s local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

McLeodUSA 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® toll Free services, usage charges are based on the duration and time of day of each call when applicable.

Long Distance and Toll Free Packages consist of a bucket anytime minutes used by the Customer for outgoing domestic long distance calls. Long distance minutes used in excess of the bucket of minutes shall be billed at the “overage rate per minute.”

3.2 800 Services

McLeodUSA 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls.

3.0 Description of Services Offered (cont'd)3.4 Operator Services (cont'd)

Calling Card Surcharge – This charge applies when a 0+ or 0- call is charged to a valid calling card. In order to control fraud, the company may refuse to accept a card that it determines or suspects to be invalid.

Collect Surcharge – This charge applies when an end-user requests the operator to bill the charges to the called station or party which agrees to pay for all charges.

General Assistance Surcharge - Charge to end-user to obtain information such as time of day, day of the week, area codes, international country and/or city codes.

Operator Dialed Surcharge - In addition to the per minute usage rates, an operator dialed surcharge also applies to each type of call. This is a charge that is assessed to the customer for having the operator dial the called number for them.

Payphone Surcharge – The Payphone surcharge applies to the following state-to-state* (T)
and international* consumer calls placed from a public or semi-public payphone that are (T)
paid for by means other than depositing coins into the payphone:

- *calls billed to a third number
- *collect calls
- *calls billed to a calling card
- *calls to Directory Assistance
- *prepaid card service calls.

Person-to-Person Surcharge – Charge when the end-user specifies to the operator a particular party to be reached. If the original person, department, mobile station, extension, or office designated by the end-user is unavailable and the end-user requests or agrees to talk to any other party, the call is still charged as a Person-to-Person call.

Property Imposed Fee (PIF) – Per call charge imposed by property owner.

Third Party – The end-user requests the operator to bill the charges for a call to a number other than that of the called or calling party. The party receiving the charges agrees to pay for all charges.

3.5.1 Anytime Conferencing (N)

3.5.1.A Anytime Conferencing Audio

Anytime Conferencing allows you to hold a conference call any time without operator assistance. Anytime Conferencing conference room is available 24/7 and can host up to 100 participants. Anytime Conference may be used with the Web Conferencing interface Conference Calling Control Panel to moderate a call, show a Power Point® presentation or share documents in a fully collaborative environment.

3.5.1.B Anytime Conferencing with Web

Anytime Conferencing Anytime Conferencing Web enables a caller to share presentations, applications and documents on the Internet with other participants.

3.5.2 Basic Assisted and Event Conferencing

3.5.2.A Basic Assisted

Basic Assisted provides minimal operator support. Basic Assisted Conference call is ordered for less than 45 participants. A live operator will answer to both the call organizer and participants, gather each participant's name and other information required and announces each participant as s/he is placed into conference. The operator may conduct a roll call and then turn the call over to the Chairperson. The operator is always available by pressing 'star, zero' (*0).

3.5.2.B Event Conferencing

Event Conferencing is a professionally managed conference call, reserved in advance, and designed specifically for large event style conference calls or calls that require the personal touch of an operator.

Participants dial in from any location or the Event Conferencing team will dial out to participants. A dedicated operator manages the call from start to finish. (N)

3.5 Conference Calling Service

Service Commission

Conference Calling is the ability to have multiple parties listen and participate in meetings via telephone. All conference calling customers must have local and/or long distance services with McLeodUSA.

3.5.1 Standard Services

With each of the two following standard services, clients have two options:

- A. Attended Call: Facilitator monitors the conference call to add any assistance that may be needed.
- B. Unattended Call: No facilitator is present, but a facilitator is available at any time by pressing *O on the phone.

3.5.1.A. 800 Meet Me Conferencing

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. The conference fees are charged to the hosting organization.

3.5.1.B. Dial-Out Conferencing

Conference Center facilitators dial-out to all participants prior to the scheduled conference. The hosting organization is charged the long distance and conference bridging fees.

3.6 Calling Card

This service allows the Customer to make telephone calls from any non-Customer location such as a payphone by dialing an 800 access number and a personal identification number before dialing the telephone number of the called party. The charges resulting from use of the Calling Card are billed to the Customer's McLeodUSA account at the rates and charges set forth in the Rate Tables.

Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. The conference fees are charged to the hosting organization.

3.5.1.D.2 Domestic Dial-Out

(T)

Conference Center facilitators dial-out to all participants prior to the scheduled conference. The hosting organization is charged the long distance and conference bridging fees.

(M)

3.5.1.D.3 Local Meet Me

(N)

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. Except for the LD toll charges, the conference fees are charged to the hosting organization. Each participant will be responsible for the long distance per minute charges that they incur while on the call.

3.5.1.D.4 Passcode

(N)

Passcode Conferencing provides an automated service that allows you to schedule a call in advance by speaking to a reservationist. Each time a call is scheduled, a new access number and room number is provided to you.

3.0 Description of Services Offered (cont'd)3.6 Calling Card

This service allows the Customer to make telephone calls from any non-Customer location such as a payphone by dialing an 800 access number and a personal identification number before dialing the telephone number of the called party. The charges resulting from use of the Calling Card are billed to the Customer's McLeodUSA account at the rates and charges set forth in the Rate Tables.

4.1.1 Early Termination Charges

If a Customer terminates service prior to the expiration of the term of the contract (see Section 2.5) without cause, the Customer will be required to pay an early termination charge as set forth in the contract for service.

4.1.2 Third Party Vendor Charges

Customers may also be charged for certain charges incurred by McLeodUSA (at the Customer's instruction) in obtaining services from third party vendors. At the earliest opportunity, the Customer will be advised of the nature of the charges and the estimated amount of the charges.

4.1.3 Reserved for future use.

4.1.4 Nonsufficient Funds Charge (NSF Checks)

The NSF check charge shall be \$25.00, or the highest amount permitted by law.

This charge applies when a check has been returned by the bank for non-payment.

4.1.5 PIC/LPIC Change Charge

Initial PIC/LPIC selections will be processed at a \$5.00 charge per line, which may be waived if the Customer chooses McLeodUSA as their long distance provider. A non-recurring \$5.00 charge shall be applicable to all subsequent PIC/LPIC changes. If a PIC/LPIC change is initiated by an IXC on behalf of the Customer, and the Customer denies having made a change, and the IXC is unable to produce documentation of the change with a letter of agency signed by the Customer; then the Customer will be reassigned to its previously selected PIC/LPIC and the charge will be assessed to the IXC.

4.0 Rates and Charges (cont'd)

4.1 Nonrecurring Charges (cont'd)

4.1.9 Access Recovery Surcharge:

The Access Recovery Surcharge (ARS) is not a fixed monthly recurring charge. Rather, the ARS is a percentage of the customer bill based on the total amount spent on services, less any taxes, surcharges or other non-qualifying fees. This fee is used to offset increased McLeodUSA expenses caused by a regulatory change. Specifically, the charge will recover the costs related to recent increases in our costs of gaining access to incumbent networks and decreases to the access rates we can collect from long distance carriers. This fee is not a tax or charge imposed by a government entity. The ARS is calculated by application of a percentage to each customer's total monthly recurring charges for all services (MRC). The ARS percentage to be applied will be determined by the customer's total MRCs on its monthly invoice, based on the schedule outlined below.

Customer Account Monthly Recurring ARS

<u>MRC Revenue Tier</u>	<u>Charge %</u>
\$0.00 to \$100.00	10.00%
\$100.01 to \$200.00	9.00%
\$200.01 to \$400.00	8.00%
\$400.01 to \$800.00	5.00%
\$800.01 to \$1,500.00	4.00%
\$1,500.01 to \$2,500.00	3.00%
\$2,500.01 to Unlimited	0.00%

4.1.10 Non-Standard Report Request

An Order Charge (described and listed in this Section 4.1.11 of this tariff) will apply per report when a customer makes a non-standard report request, such as, but not limited to, Traffic Reports and LMS Detail Requests. An individual Order Charge will be applied for each report. Separate reports are required for each month or invoice, location and account.

(Section 4.1.11 was moved to Sheet No. 50.02 due to space limitations.)

4.3.1 Rate Table 1: Long Distance and 800 Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. All long distance calls will be recorded and all calls billed using the Overage Rate minutes will be billed in 6 second increments for business customers. All residential long distance calls will be recorded and billed in one-minute increments. All lines at a customer location must be PIC'd to McLeodUSA for long distance service. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

The long distance service minutes included in the Long Distance and Toll Free plans apply to domestic intrastate calls, domestic interstate, extended calls (Alaska and Hawaii), NANP calls and to international calls as specified by McLeodUSA pursuant to federal regulation. All lines at a customer location must be PIC'd to McLeodUSA for long distance service package.

Dedicated Select LD and Toll Free Plan provides dedicated inbound long distance services and outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (i.e., both inbound and outbound Long Distance) per month per DAL from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL). Any McLeodUSA business customer that has a DAL has 3 months to "ramp up" their monthly DAL usage to 50,000 minutes per month per DAL. Beginning the fourth month of billing the customer will be assessed a \$500 shortfall charge per DAL if the customer does not bill more than 50,000 minutes per month per DAL from McLeodUSA.

LD and Toll Free Plan w/o Local Access and LD and Toll Free Plan w/ Local Access provide switched inbound and outbound 1+ long distance services for Business Customers.

LD and Toll Free Select Plan w/o Local Access and LD and Toll Free Select Plan w/ Local Access provide switched inbound and outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. A "LD Shortfall Charge" equal to the difference between actual usage and \$50.00 will be assessed monthly, if applicable.

A monthly recurring \$1.00 Toll Free Fee will be applied to each Toll Free number that is active in the McLeodUSA Respong at the time of invoicing.

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. All long distance calls will be recorded and all calls billed using the Overage Rate minutes will be billed in 6 second increments for business customers.

The long distance service minutes included in the Preferred AdvantageSM Long Distance Packages apply to domestic intrastate calls, and to domestic interstate and to international calls as specified by McLeodUSA pursuant to federal regulation. Long Distance Packages exclude toll free, calling card, conference calling, and international usage. Customers not subscribing to a long distance package shall pay the overage rate per minute for all calls. Customers using more than the number of minutes in their selected long distance package for that particular location shall be charged a per minute overage rate for each minute of long distance usage in excess of the total minutes in the selected long distance package. For example, if a Business Customer has selected a 1,000 anytime LD minute package at Location A, and that Customer uses 1,005 minutes of long distance services in July at Location A, then the Customer's August invoice will reflect an additional usage sensitive charge for the 5 minutes of overage long distance usage billed at the overage rate/minute set forth below. Customers may increase or decrease the size of their long distance package once a month without a non-recurring charge after having service for a minimum of ninety days. Any changes will become effective with the following billing cycle. All lines at a customer location must be PIC'ed to McLeodUSA for long distance service package.

Preferred Advantage Inter/Intra State Long Distance provides switched outbound 1+ long distance services for Business Customers.

Preferred AdvantageSM Dedicated Long Distance provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. REC'D NOV 18 2002

4.3.1 Rate Table 1: Long Distance Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. The long distance service minutes included in the long distance service packages apply to domestic intrastate calls, and to domestic interstate and to international calls as specified by McLeodUSA pursuant to federal regulation.

Service Commission

Customers using more than the number of minutes in their selected long distance package for that particular location shall be charged a per minute overage rate for each minute of long distance usage in excess of the total minutes in the selected long distance package. For example, if a Business Customer has selected a 1,000 anytime LD minute package at Location A, and that Customer uses 1,005 minutes of long distance services in July at Location A, then the Customer's August invoice will reflect an additional usage sensitive charge for the 5 minutes of overage long distance usage billed at the overage rate/minute set forth below.

4.3.1 Rate Table 1: Long Distance and 800 Services (cont'd)

4.3.1.A Rate Table 1.1.5: Dedicated Select LD and Toll Free Plan

This service is available to business customers that bill over 50,000 minutes of long distance usage per month (*i.e.*, both inbound and outbound Long Distance) from McLeodUSA. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer's call. Calls are billed in 6-second increments, with a 6-second minimum. Customer has 3 months from the time of the DAL turn up to ramp up to 50,000 minutes per month usage on that DAL. After that period, Customer will be subject to a charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier. Long Distance rates for Dedicated Select LD and Toll Free Plan long distance service require that a customer maintain an acceptable traffic distribution on its outgoing and incoming Long Distance calls. The total minutes of Long Distance calls must originate or terminate at least 80% of the time from or to end user customers located in a local exchange in which a Regional Bell Operating Company ("RBOC") is the incumbent Local provider. McLeodUSA has the right to switch customer to a different LD plan and provide service on a month-to-month arrangement when any customer's Long Distance terminates less than 80% of the time to a LEC providing local service in an RBOC exchange. The toll free service is not available for any locations outside of the continental United States. Tailored Call Coverage and Route Overflow are available features.

Account Codes are available to provide customers auditing functionality for all long distance calls.

4.3.1.A Rate Table 1.1.5: Preferred Advantage® Long Distance Plus

This is a switched outbound 1+ long distance service for business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling usage, calling card usage and international long distance usage. For every month in which Customer's actual long distance and toll free usage charges, including conference calling, calling card and international long distance, is less than \$50.00, Customer will be assessed a "LD Promo Shortfall Charge" equal to the difference between actual usage and \$50.00.

Long Distance rates for Preferred Advantage® Switched Long Distance service require that a customer maintain an acceptable traffic distribution on its outgoing and incoming Long Distance calls. The total minutes of Long Distance calls must originate or terminate at least 70% of the time from or to end user customers located in a local exchange in which a Regional Bell Operating Company ("RBOC") is the incumbent Local provider. McLeodUSA has the right to switch customer to a different LD plan and provide service on a month-to-month arrangement when any customer's Long Distance terminates less than 70% of the time to a LEC providing local service in an RBOC exchange. This service is available to business customers that bill over 50,000 minutes of long distance usage per month (*i.e.*, both inbound and outbound Long Distance) and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

(N)

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer's call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier. Preferred Advantage Dedicated Long Distance rates are based on an assumed distribution of 80% RBOC end user termination and origination and 20% non-RBOC end user origination and termination of long distance calls. If Customer's long distance calls terminate or originate more than 20% of the total long distance minutes with non-RBOC end users, McLeodUSA may in its sole discretion: (a) immediately impose an additional charge of \$0.025/minute to Customer's long distance minutes terminated to a non-RBOC end user in excess of the 20% limit; (b) impose an additional charge in excess of \$0.025/minute after providing notice to Customer of the additional charge in the event Customer's long distance calling patterns show that an additional \$0.025/minute will not recover the cost of excessive non-RBOC terminations; or (c) terminate the underlying Master Service Agreement for cause.

This is a switched Toll Free service that is available to business customers that **do not purchase a bundled package of Preferred AdvantageSM local and long distance voice service for a physical location.** Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. **These rates are based on an expected ratio of at least 80% of Customer's long distance in-bound minutes in a given month originating from an RBOC end-user and no more than 20% of the LD minutes originating from non-RBOC end-users.** If more than 20% of Customer's total long distance call minutes in a month originate from non-RBOC end users, then an additional charge of \$0.025/minute will be added for those long distance minutes in excess of the permitted 20% non-RBOC origination. This toll free service is not available for any locations outside of the continental United States. All incoming toll free calls will be rounded and billed in 6-second increments. Toll Free features include: listing of Customer's toll free number in the national Toll Free directory service; message referral that provides a disconnect or referral message on the toll free number; ability to restrict areas of service; geographical routing that permits multiple destinations of Toll Free based on NPA of the caller; time routing that permits customer to set multiple destination numbers based on time specifications; percent allocation routing that permits routing of calls to multiple destinations based on a percentage distribution; and route advance overflow that allow for a secondary target termination for overflow. This is a switched outbound 1+ long distance service for business customers (a) with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling usage, calling card usage and international long distance usage; and (b) subscribing to Preferred Advantage[®] Long Distance Plus. For every month in which Customer's actual long distance and toll free usage charges, including conference calling, calling card and international long distance, is less than \$50.00, Customer will be assessed a "LD Promo Shortfall Charge" equal to the difference between actual usage and \$50.00.

Long Distance rates for Preferred Advantage[®] Switched Toll Free services require that a customer maintain an acceptable traffic distribution on its outgoing and incoming Long Distance calls. The total minutes of Long Distance calls must originate or terminate at least 70% of the time from or to end user customers located in a local exchange in which a Regional Bell Operating Company ("RBOC") is the incumbent Local provider. McLeodUSA has the right to switch customer to a different LD plan and provide service on a month-to-month arrangement when any customer's Long Distance terminates less than 70% of the time to a LEC providing local service in an RBOC exchange.

Long distance calls to or from another McLeodUSA local exchange customer shall be considered an RBOC termination or origination for purposes of this provision. This toll free service is not available for any locations outside of the continental United States. All incoming toll free calls will be rounded and billed in 6-second increments. Toll Free features include: listing of Customer's toll free number in the national Toll Free directory service; message referral that provides a disconnect or referral message on the toll free number; ability to restrict areas of service; geographical routing that permits multiple destinations of Toll Free based on NPA of the caller; time routing that permits customer to set multiple destination numbers based on time specifications; percent allocation routing that permits routing of calls to multiple destinations based on a percentage distribution; and route advance overflow that allow for a secondary target termination for overflow.

This is a switched Toll Free service that is available to business customers that do not purchase a bundled package of Preferred Advantage[®] local and long distance voice service for a physical location. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. These rates are based on an expected ratio of at least 80% of Customer's long distance in-bound minutes in a given month originating from an RBOC end-user and no more than 20% of the long distance minutes originating from non-RBOC end users. If more than 20% of Customer's total long distance call minutes in a month originate from non-RBOC end users, then an additional charge of \$0.025/minute will be added for those long distance minutes in excess of the permitted 20% non-RBOC origination. Long distance calls to or from another McLeodUSA local exchange customer shall be considered an RBOC termination or origination for purposes of this provision. 4.4.1 New Preferred Advantage® Dedicated Long Distance Plus Promotion

(D)(N)

Eligibility: All new McLeodUSA Preferred Advantage® Business Customers locations purchasing a DAL are eligible to receive the promotional rates. Customer will be subject to an additional port charge of \$500 for each DAL T1 circuit that falls below 50,000 minute of usage per month. This shortfall will be calculated as an overall average of the customer total inbound and outbound Long Distance minutes in relation to the total number of DAL T1 circuits. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Existing McLeodUSA customer are eligible for the new promotional Long Distance plans if: (a) they renew their Preferred Advantage contract for 24 months, or (b) purchase additional Preferred Advantage services from McLeodUSA, including any of the following: 1) Upgraded Preferred Advantage Local package; 2) Additional Preferred Advantage Local Lines; 3) Additional of two (2) or more Preferred Advantage Optional Line Features; or 4) Additional of any other McLeodUSA Preferred Advantage Local, Long Distance, Data, Internet, or Wireless product.

The promotional period shall begin with the effective date of this tariff and end on September 30, 2005. Current Term & Volume Discounts apply (Tier 1-5).

Promotion: Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer's call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier. Account Codes are available to provide customers auditing functionality for all long distance calls.

4.4.1 The Great Dedicated Long Distance Rate Promotion

Service Commission (N)

Eligibility: New or existing business customers that establish a direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) for long distance and toll free service only. Eligible customers must bill over 50,000 minute of long distance usage (i.e., both inbound and outbound Long Distance). The promotional period shall begin with the effective date of this tariff and end on April 30, 2004.

Promotion: The Outbound Intrastate Dedicated Long Distance Rate for Customers with Preferred AdvantageSM at a location is \$0.0471 per minute.

The Inbound Intrastate Dedicated Long Distance Rate For Customers with Preferred AdvantageSM Service at a location is \$0.0624 per minute.

Other Terms: Existing Business Customers' Great Dedicated Long Distance Promotional Rates become effective on the first day of the billing cycle in the month they sign a new PA MSA. The Great Dedicated Long Distance Promotional Rates are based on an assumed distribution of 80% RBOC end user termination and origination and 20% non-RBOC end user origination and termination of long distance calls. If Customer's long distance calls terminate or originate more than 20% of the total long distance minutes with non-RBOC end users, McLeodUSA may in its sole discretion: (a) immediately impose an additional charge of \$0.025/minute to Customer's long distance minutes terminated to a non-RBOC end user in excess of the 20% limit; (b) impose an additional charge in excess of \$0.025/minute after providing notice to Customer of the additional charge in the event Customer's long distance calling patterns show that an additional \$0.025/minute will not recover the cost of excessive non-RBOC terminations; or (c) terminate the underlying Master Service Agreement for cause.

4.4.4 New Preferred Advantage® Dedicated Toll Free Plus Promotion

(D)(N)

Eligibility: All new McLeodUSA Preferred Advantage Business Customers locations purchasing a DAL are eligible to receive the promotional rates. Customer will be subject to an additional port charge of \$500 for each DAL T1 circuit that falls below 50,000 minute of usage per month. This shortfall will be calculated as an overall average of the customer total inbound and outbound Long Distance minutes in relation to the total number of DAL T1 circuits. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Existing McLeodUSA customer are eligible for the new promotional Long Distance plans if: (a) they renew their Preferred Advantage contract for 24 months, or (b) purchase additional Preferred Advantage services from McLeodUSA, including any of the following: 1) Upgraded Preferred Advantage Local package; 2) Additional Preferred Advantage Local Lines; 3) Additional of two (2) or more Preferred Advantage Optional Line Features; or 4) Additional of any other McLeodUSA Preferred Advantage Local, Long Distance, Data, Internet, or Wireless product.

The promotional period shall begin with the effective date of this tariff and end on September 30, 2005.

Promotion: Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customers' call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. This toll free service is not available for any locations outside of the continental United States. Tailored Call Coverage and Route Overflow are available features.

6.8 Prepaid Debit Card (From Section 4.4.9 of P.S.C. MO No. 2, pg 40.1, and 69-69.7)
Customers may purchase a McLeodUSA prepaid debit card either directly from McLeodUSA or from a third party vendor which will permit the customer to dial into a McLeodUSA 800 number (identified on the back of the call card), the called telephone number and a personal identification number ("PIN"). A prepaid debit card processing unit will determine whether the prepaid calling is valid, and if so, the remaining minutes of use for the card. Upon verification that minutes of use remain, the prepaid debit card unit originates the second call to the called party, at which point conversation time begins. Customers are not entitled refunds for unused minutes. Alternative Prepaid Debit Card Pricing may be available through an ICB arrangement based on individualized needs of the purchaser.

In addition to the rates listed below, there is an additional fee of \$0.10 per calling card, plus \$0.03 per card with a "scratch off" PIN concealment feature. The standard payphone surcharge applies to all prepaid debit card calls placed from pay telephones.

This is a switched Toll Free service that is available to business customers that do not purchase a bundled package of Preferred AdvantageSM local and long distance voice service for a physical location. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. These rates are based on an expected ratio of at least 80% of Customer's long distance inbound minutes in a given month originating from an RBOC end-user and no more than 20% of the LD minutes originating from non-RBOC end-users. If more than 20% of Customer's total long distance call minutes in a month originate from non-RBOC end users, then an additional charge of \$0.025/minute will be added for those long distance minutes in excess of the permitted 20% non-RBOC origination. This toll free service is not available for any locations outside of the continental United States. All incoming toll free calls will be rounded and billed in 6-second increments. Toll Free features include: listing of Customer's toll free number in the national Toll Free directory service; message referral that provides a disconnect or referral message on the toll free number; ability to restrict areas of service; geographical routing that permits multiple destinations of Toll Free based on NPA of the caller; time routing that permits customer to set multiple destination numbers based on time specifications; percent allocation routing that permits routing of calls to multiple destinations based on a percentage distribution; and route advance overflow that allow for a secondary target termination for overflow.

A. Descriptions (M)

Long Distance Interexchange Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of Missouri. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® long distance services, usage charges are based on the duration and time of day of each call when applicable. Where Customer's local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer's local lines at a Customer location are served by McLeodUSA.

Long Distance Preferred Advantage® Packages consist of a bucket anytime minutes used by the Customer for both incoming and outgoing domestic long distance calls. Long distance minutes used in excess of the bucket of minutes shall be billed at the "overage rate per minute." Preferred Advantage® Inter/Intrastate Plan Plus is available to Business Customers.

Preferred Advantage® Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage® Flat Rate Long Distance provides switched outbound 1+ long distance at one per minute rate for calls placed at any time of day.

Preferred Advantage® Long Distance Plus provides switched outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. (M)

800 Services

McLeodUSA Preferred Advantage® 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® toll Free services, usage charges are based on the duration and time of day of each call when applicable. Where Customer's local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer's local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

Rate Table 1: Long Distance Services

The long distance service minutes included in the Preferred Advantage® Long Distance Packages apply to domestic intrastate calls, and to domestic interstate and to international calls as specified by McLeodUSA pursuant to federal regulation. Long Distance Packages exclude toll free, calling card, conference calling, and international usage. Customers not subscribing to a long distance package shall pay the overage rate per minute for all calls. Customers using more than the number of minutes in their selected long distance package for that particular location shall be charged a per minute overage rate for each minute of long distance usage in excess of the total minutes in the selected long distance package. For example, if a Business Customer has selected a 1,000 anytime LD minute package at Location A, and that Customer uses 1,005 minutes of long distance services in July at Location A, then the Customer's August invoice will reflect an additional usage sensitive charge for the 5 minutes of overage long distance usage billed at the overage rate/minute set forth below. Customers may increase or decrease the size of their long distance package once a month without a non-recurring charge after having service for a minimum of ninety days. Any changes will become effective with the following billing cycle.

Preferred Advantage® Inter/Intrastate Plan Plus provides switched outbound 1+ long distance services for Business Customers.

Preferred Advantage® Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage® Flat Rate Long Distance provides switched outbound 1+ long distance at one per minute rate for calls placed at any time of day. Residential customers may choose between a usage rate service without a monthly fee or a reduced usage rate service with a monthly fee.

Preferred Advantage® Long Distance Plus provides switched outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. A "LDPromo Shortfall Charge" equal to the difference between actual usage and \$50.00 will be assessed monthly, if applicable.

A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customers' call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. Long Distance rates for Preferred Advantage® Dedicated Toll Free service require that a customer maintain an acceptable traffic distribution on its outgoing and incoming Long Distance calls. The total minutes of Long Distance calls must originate or terminate at least 70% of the time from or to end user customers located in a local exchange in which a Regional Bell Operating Company ("RBOC") is the incumbent Local provider. McLeodUSA has the right to switch customer to a different LD plan and provide service on a month-to-month arrangement when any customer's Long Distance terminates less than 70% of the time to a LEC providing local service in an RBOC exchange. This toll free service is not available for any locations outside of the continental United States. Tailored Call Coverage and Route Overflow are available features.
