4.74 Affinity Dedicated Program

(N)

Excel's Affinity Dedicated Program is intended for business Customers, who meet the Company's credit approval guidelines, for calling within the State of Missouri. This program is promoted and sold only through designated agents and dealers of Excel.

Affinity Dedicated Program is a dedicated telecommunications service offering inbound, outbound and travel card services to business customers only. Dedicated facilities between the Customer's premises and the Company's terminal location(s) are required and will be at the Customer's expense. At the customer's request, the Company will install or arrange for the installation of all required connecting facilities via a Local Exchange Carrier or other access provider. The installation and monthly recurring charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. Service orders are subject to network availability.

Customers subscribing to this service must commit to a minimum term of 12 months and a Monthly Usage Commitment of \$750 per full invoice period. In the event a Customer terminates service with the Company prior to the end of the 12-month Term Commitment Period, or in the event that the Company terminates service based on the Customer's default, the Customer will be responsible for paying a Termination Charge equal to the Customer's Monthly Usage Commitment Option, multiplied by the number of months remaining in the Customer's agreed 12-month Term Commitment period.

In the event Customer's Monthly Revenue Level does not meet the Monthly Revenue Commitment selected by the Customer in any full invoice period during the Term Commitment Period, the Customer will pay a Deficiency Charge, for that invoice period, which is equal to the difference between the Monthly Revenue Commitment and the actual Monthly Revenue Level. The Deficiency Charge will be due at the same time that the payment is due from the Customer for service provided on the invoice. Deficiency charges will not be assessed prior to the third invoice period.

Rates and charges for Excel's Affinity Dedicated Program are set forth in Section 4.74.1 following. Calls are rated based on call duration. Affinity Dedicated Program rates apply to direct dial, toll free (800/8XX) and calling card calls.

Account Codes are available under the Affinity Dedicated Program to assist Customers in managing and tracking their long distance usage.
