LOCAL EXCHANGE SERVICE

Missouri School Discount Program

N

- A. A discount from standard monthly rates for local exchange service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Opportunity Program, as enacted by the Missouri State Legislature.
- B. Upon the customer's request, a discount of twenty percent (20%) from standard monthly access line rates may be allowed to educational institutions within the Company's certified area, as determined in Paragraph 3, following.
- C. An educational institution shall be defined as an accredited public or private school in the state of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federation of non-Public Schools Accrediting Association, Independent Schools Association of The Central States, North Central Association of Colleges and Schools, and/or the University of Missouri - Columbia. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
- D. The qualifying discount will be permitted only on the local exchange access line. All other features, ancillary services or options, relative to the particular service, shall continue to be billed at the appropriate tariffed rates.
- E. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
- F. In addition to meeting the qualification specified in Paragraph 3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
- G. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered. There will be no additional affidavits required.
- H. The following local exchange services are eligible for a discount under this program:
- Flat Rate, business one-party service

A. 900 SERVICE ACCESS RESTRICTION

MISSOURI
Public Service Commission

1. GENERAL

900 SERVICE ACCESS RESTRICTION IS A CENTRAL OFFICE SERVICE FURNISHED TO CUSTOMERS, UPON REQUEST, WHICH ALLOWS FOR ACCESS RESTRICTION TO ALL TELEPHONE NUMBERS PRECEDED BY A 900 NPA FROM BEING PLACED OVER THEIR EXCHANGE ACCESS LINE. THIS SERVICE IS NOT FOR RESTRICTING SERVICE ACCESS TO A SPECIFIC 900 NPA TELEPHONE NUMBER. WHEN A 900 NPA TELEPHONE NUMBER IS DIALED, THE CALL WILL BE DIVERTED TO A COMPANY-PROVIDED INTERCEPT ANNOUCEMENT.

900 SERVICE ACCESS RESTRICTION IS OFFERED IN THOSE MISSOURI EXCHANGES WHERE IT IS TECHNOLOGICALLY AND ECONOMICALLY FEASIBLE. THIS RESTRICTION SERVICE ENABLES CUSTOMERS TO PROHIBIT DIALING OF CALLS TO 1+900. CALLS WHICH ARE PLACED USING ALTERNATIVE DIALING PATTERNS CANNOT BE RESTRICTED. THE CUSTOMER INDEMNIFIES AND SAVES HARMLESS THE TELEPHONE COMPANY FROM ANY AND ALL CLAIMS, LOSSES OR DAMAGES CAUSED BY RESTRICTION OF 900 SERVICE ACCESS.

THE MINIMUM SERVICE PERIOD FOR SUBSCRIBING TO 900 SERVICE ACCESS RESTRICTION IS ONE (1) MONTH.

2. RATES AND CHARGES

Nuisance Trap

A. Description

Nuisance Trap provide the capability of capturing and recording the telephone number of the calling party for each local telephone call to the customer's telephone number. The calling party's number is captured by telephone company switching equipment and is transmitted to a local law enforcement agency where a report is printed containing the time of the call and the calling party. Nuisance traps will not be installed unless requested by the customer or by a law enforcement agency of the local, state, or federal government. Results of the nuisance trap will only be disclosed to appropriate law enforcement agencies in accordance with applicable law.

Unusual expenses such as overtime or prolonged work incurred in gathering data for nuisance trapping will be charged to the particular customer at the company's current loaded labor rate. This charge will not apply to law enforcement agencies making requests.

B. Customer Activity Charges

Customer Activity Charges as outlined in Section 5 will apply for establishing this service.

C. Availability

Nuisance Traps will be available only where technically feasible and where appropriate arrangements have been made with a law enforcement agency.

Custom Local Area Signaling Services (CLASS): Provide end-user services that allow the customer more control over incoming and outgoing calls based on Signalling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis.

A. Feature Descriptions:

1. Caller ID: Caller ID allows the called party to view the number calling through customer premises equipment designed to receive and display the calling party's number. Special station equipment is required for this feature.

The calling telephone number is only available in those areas where appropriate signalling network connections exist to forward the calling party's number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originated from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed.

Telephone numbers transmitted via Caller ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly

related to those previously acquired by the customer from the number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated.

2. Automatic Call Back: Automatic Call Back (ACB) is an outgoing call management feature designed to automatically set up a call to the last number called from the subscriber's station. This will apply regardless of whether the original call was answered, unanswered, or encountered a busy tone. The system will monitor the calling and called lines and will attempt to connect the call for up to 30 minutes. The activation of this feature can be canceled by the customer when desired.

3. Automatic Recall: Automatic Recall (AR) is an incoming call management feature which will enable a subscriber to have call set-up performed automatically to the calling party of the last incoming call. This will apply whether the incoming call was answered or unanswered. Two-level feature activation applies to Automatic Recall and allows the subscriber to hear the Directory Number (DN) or the last incoming call prior to deciding whether or not to recall that number.

SENECA TELEPHONE COMPANY

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

A. General

1. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
2. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purposes, for the placing of outgoing calls and for receiving other emergency calls, including any which might be relayed by Company operators.
3. 911 Trunking Service is offered subject to availability of facilities.
4. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

A. General (Cont'd)

5. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provisions of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
6. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

B. Conditions

1. 911 Trunking Service is provided solely for the benefits of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
2. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
3. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
4. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential except as indicated in No. 5 below.
5. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished to a PSAP. Information will be provided only for the purpose of responding to emergency calls.

11. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
12. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
13. The customer is required to furnish the Company its agreement to the following terms and conditions:
 - a. That all 911 calls will be answered on a 24-hour day, seven-day week basis.
 - b. That the customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 - c. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 - d. That the customer will provide CPA with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

SENECA TELEPHONE COMPANY

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

B. Conditions (Cont'd)

14. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Service. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rate allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
15. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.

GENERAL EXCHANGE TARIFF**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811)

1.1 General Regulations

- A. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
- B. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
- C. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
- D. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
- E. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)
 - 1.2 Obligations of the SOCS
 - A. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
 - (1) The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - (2) For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - (3) Complete contact information.
 - B. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
 - C. Local Calling for Company Subscribers
 - (1) The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - (2) The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - (3) The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)

1.3 Obligations of the Company

- A. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
- B. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
- C. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
- D. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

1.4 Liability

- A. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
- B. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
- C. The Company is not liable for any losses or damages caused by the negligence of the SOCS.

FOREIGN EXCHANGE SERVICE

MAY 2 1988

A. General

MISSOURI
Public Service Commission

1. Foreign exchange service is exchange service furnished to a customer from a central office of an exchange other than the one that normally serves the area in which the customer is located.

2. For the purpose of this tariff, the term, "Foreign Exchange", shall mean the exchange from which the foreign exchange service dial tone is furnished. The term, "Normal Exchange", shall mean the exchange normally serving the area in which the customer's premise is located.

(T)

(D)

(D)

3. Foreign exchange service does not come within the Telephone Company's general undertaking, nor does the Telephone Company obligate itself to furnish such service generally; but will do so where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved.

4. Foreign exchange service will be furnished to exchanges within the same LATA as the normal exchange.

(C)
(C)

5. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.

6. Where the normal exchange is operated by this Company, foreign exchange service is furnished only on the condition that the applicant is a customer to individual line business or residence service, or private branch exchange service, in the normal exchange, and at the same location where such service is proposed to be installed. Under this condition, when a foreign exchange service customer discontinues normal

- 7. Where the foreign exchange is operated by another telephone company, foreign exchange service will be provided only when satisfactory arrangements can be negotiated with such company to furnish a portion of the necessary facilities.
- 8. Foreign exchange service will be furnished at the rates outlined hereafter, provided the necessary facilities and equipment are available. Where the facilities and/or equipment are not available, and extraordinary facility costs, equipment costs, special operating expenses, and/or other special considerations are incurred in making such service available, the customer may be required to pay an additional charge to cover all or a portion of such unusual expenses, or be required to contract for service beyond the initial period, or both.

9.

No off premise extensions will be furnished in connection with foreign exchange service.

(D)
|
(D)

- 10. The use of the service is limited to the customer and his employees for business purposes, and in the case of residence service, to the members of his immediate household. Foreign exchange service calls will be further limited to calls within the local calling area (including any EAS locations) of the foreign exchange. If any customer to this service is found to be transferring or transmitting messages for parties other than authorized above, in the normal exchange area, and/or making toll calls through the foreign exchange, such customer and foreign exchange business office shall be notified that the practice must be discontinued or the foreign exchange service will be terminated ten (10) days after the date of such notice.

B. Rates

1. Rates for foreign exchange service will include rates for local service at the foreign exchange, private line service from the foreign exchange to the customer location in the normal exchange, and supplemental charges as outlined below. (N)
2. The charge for local service at the foreign exchange is the established monthly service rate, and non-recurring service connection charge of the foreign exchange for the grade of service (individual line business or residence, or PBX and PABX trunks) with which the foreign exchange service is to be associated. (T)
3. The charges for private line service from the foreign exchange to the customer location in the normal exchange will be as follows: (D)

 - a. For private line facilities provided by this Telephone Company, the rates outlined in this Telephone Company's concurrence in the Oregon Farmers Mutual Telephone Company private line tariff will apply. (N)
 - b. Where all or a portion of the private line facilities are furnished by another telephone company, charges for those facilities shall apply as specified in the regulations of such participating company. (C)

4. A supplemental charge of \$10.00 per month will apply at the normal exchange for each \$.05 multiple, or fraction thereof, of the day station-to-station initial period, message toll rate between the normal exchange and the foreign exchange. (T)

DISTANCE LEARNING COMMUNICATIONS SERVICES CONCURRENCE

MISSOURI
Public Service Commission

The Company concurs in the rules and regulations governing intrastate interexchange Distance Learning Communications Service as set forth in Oregon Farmers Mutual Telephone Company's Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Distance Learning Communications Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

PROVISION OF SERVICES

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to customers, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

CANCELLATION RIGHTS

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

ACCESS SERVICE TARIFF CONCURRENCE

Access Services

Access services are those services which are described in the Access Services Tariff of Ozark Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules and regulations specified in the Access Services Tariff of Ozark Telephone Company and approved by the Missouri Public Service Commission, and in any amendments thereto and authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for access services of Ozark Telephone Company. Rates for these services are set out in the following pages of this concurrence. (T)

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Ozark Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Ozark Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company. (T)

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any such time as it appears that such cancellation is in the best interest of the company and/or its customers.

DIGITAL LINK SERVICES TARIFF CONCURRENCE

RECEIVED

Digital Link Services Concurrence

OCT 12 1994

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Digital Link Service as set forth in Oregon Farmers Mutual Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Digital Link Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

MO. PUBLIC SERVICE COMM.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Digital Link Tariff Pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Digital Link Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

PAYPHONE SERVICE

RECEIVED

A. General Regulations

JAN 15 1997 +

1. Payphone Service includes lines to which coin, coinless, card reader or a combination coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. Hold for Future Use
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the CO Implemented Coin Line. MISSOURI Public Service Commission
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS. +

MISSOURI
Public Service Commission

1. AVAILABILITY OF FACILITIES

The Telephone Company's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary lines, circuits, and equipment.

2. APPLICATION FOR SERVICE

- a. Applications for service must be made on the Telephone Company's standard form of application. These applications become contracts when accepted in writing by the Telephone Company, or upon establishment of service. Applicants for service are required to pay in advance at the time application is made, all charges accruing for the first billing period for exchange service and equipment, and the service connection charge if applicable. The terms and conditions specified in such contracts are subject to these General Rules and Regulations, and the Local Exchange Service Tariffs for the particular exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.
- b. Requests from subscribers for additional service, equipment, etc., may be made verbally, if the original contract provides for such additional service and equipment as may be ordered, and no advance payment will be required. A move from one location to another (Outside Move) within the same Exchange Area is not considered to terminate the contract and orders for such moves may be made verbally.

3. INITIAL CONTRACT PERIODS

- a. Unless otherwise specified herein or elsewhere in the Telephone Company's Tariffs, the initial (or minimum) contract period is one month from the date service is established and the minimum charge is the established rate for one month.
- b. The Telephone Company may require a contract period longer than one month at the same location in connection with special (non-standard) types of arrangements of equipment, or for unusual construction, necessary to meet special demands, and involving extra costs.

4. TERMINATION OF SERVICE BY CUSTOMER

(C)

- a. Service may be terminated prior to the expiration of the initial contract period upon notice being given to the Telephone Company, and upon payment of the termination charges given below, in addition to all charges due for service which has been furnished.
 1. In case of service for which the initial contract period is one month, the charges are due for the balance of the initial month.
- b. Contracts for periods of longer than one month, covering service whose installation required line extension, may be terminated upon payment of all charges that would accrue to the end of the Contract Period or the Contract will be transferred to a new applicant who is to occupy the same premises and will subscribe to the service on the day following the termination by the original subscriber. The new subscriber will be bound under the terms of the contract for the unexpired portion of the contract.
- c. Service may be terminated after the expiration of the initial contract period, upon the Telephone Company's being notified, and upon payment of all charges due to the date of termination of the service.

6. Billing and Payment Standards for Residential Customers (C)
- a. The Company will during the first billing period in which a customer receives service provide the customer with an itemized account of charges for equipment and services for which he has contracted. The Company will render a separate bill for concurrent residence service unless otherwise requested by the customer.
 - b. The Company will after the initial bill for new service render a bill during each billing period for monthly recurring charges in advance and toll charges in arrears. Special billing arrangements may be established for service provided to governmental agencies. Failure to receive a bill does not relieve the subscriber of the responsibility for payment for telephone service.
 - c. The Company will render bills on a cyclical basis whereby the customer receives his bill on or about the same day of each month. Billing cycles may be altered by sending an insert or other written notice explaining the alteration not less than 30 days prior to the effective date of the alteration. This notification is not required when a customer requests a number change or when the customer disconnects and reconnects service or transfers service from one premises to another, which may affect the customer's billing cycle.
 - d. The customer is responsible for all charges in conjunction with the services furnished him including collect toll messages which have been accepted at the customer's telephone.
 - e. Bills are due as specified on the bill and may be paid at any business office of the Company or at any agency authorized to receive such payments.

1. Toll Access Restriction provides a means of restricting access to the Long Distance Message Telecommunications Network. Three options are available to the customer:
 - a. Restriction of 1+ calls only.
 - b. Restriction of 1+ calls and 0+ and 0- (operator handled) calls, except 8XX IN-WATS.
 - c. Restriction of 1+, 0+, 0- and 8XX IN-WATS where facilities allow.
2. Restriction of 1+ and/or 0+ and 0- operator handled calls prevents the customer from dialing a long distance telephone number or telephone operator for any purpose including for emergency or telephone assistance purposes. The Company shall not be liable to the customer or any third party for any and all claims, losses or damages caused by the restriction to any toll service.
3. Customers must apply in writing for the establishment of Toll Access Restriction.
4. The appropriate non-recurring charges will apply to establish service.

C. Use of Subscriber Service

Subscriber telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the subscriber, his family, employees or business associates or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily sub-leasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of public or semi-public character when the instrument is located that the public in general or patrons of the subscriber may make use of the service. At such locations, however, service may be installed, provided the instrument is so located that it is not accessible for public use.

D. Tampering with Facilities

The Telephone company may refuse to furnish or may deny telephone service to any person, firm, or corporation on whose premises is located any telephone facility owned by the Telephone Company which shows any evidence of tampering, manipulation, or operation, or use of any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

11. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY (Cont'd)

- E. The Telephone Company will make reasonable effort to cure any material failure to provide service caused solely by year 2000 defects in the Telephone Company's hardware, software, or systems. Due to the interdependence among telecommunications providers and the interrelationship with non-Telephone Company service processes, equipment and systems, the Telephone Company is not responsible for failures caused by circumstances beyond its control including, but not limited to, failures caused by: (1) the Customer; (2) other telecommunications companies as defined by Missouri statute; or (3) customer premises equipment. In addition, the Telephone Company does not ensure compatibility between the Telephone Company and non-Telephone Company services used by the Customer.

12. MAINTENANCE AND REPAIRS OF SERVICE

- A. The Telephone Company undertakes to maintain and repair the facilities which it furnishes to customers. The Customer shall be responsible for damages to facilities of the Telephone Company caused by the negligence or willful act of the Customer. The Customer may not rearrange, disconnect, remove or attempt to repair, or permit others to rearrange, disconnect, remove or attempt to repair any equipment installed by the Telephone Company except upon the written consent of the Telephone Company.
- B. A non-recurring, service charge will apply for each repair visit to a customer's premises or the premises of any other customer where the service difficulty or trouble results from the use of customer-provided equipment or facilities. GENERAL RULES AND REGULATIONS

17. Disputes by Residential Customers

- (1) A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
- (2) When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
- (3) Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
- (4) If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
- (5) If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
- (6) Failure of the customer to pay to the Company the amount not in dispute within four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.
- (7) If the dispute is ultimately resolved in favor of the customer in whole or in part, the Company must promptly repay any excess moneys paid by the customer.
- (8) If the dispute cannot be resolved to the satisfaction of the customer, the Company shall notify the customer of its right to make an informal complaint to the Commission, and of the address and telephone number where the customer may file an informal complaint with the Commission.
- (9) After resolution of the customer complaint, the Company may treat a second complaint based on the same facts as already determined.

GENERAL RULES AND REGULATIONS

Connections with equipment or facilities provided by customer

23. GENERAL

23.1 Customer-provided terminal equipment, protective and communications systems may be used with the facilities furnished by the Telephone Company for telecommunications services as provided in the following paragraphs of this Section and Sections Miscellaneous Equipment and Services and Rules and Regulations applying to All Customer's Contracts of the General Exchange Tariff. In all such cases the customer-provided terminal equipment or communications systems will be so constructed, maintained and operated as to work satisfactorily with the facilities of the Telephone Company.

23.2 Where telecommunications service is available under this tariff for use in connection with customer-provided terminal equipment, protective circuitry, or communications systems, the operating characteristics of such equipment or system shall be such as not to interfere with any of the services offered by the Telephone Company. Such use is subject to the further provisions that the customer-provided equipment or system does not endanger the safety of Telephone Company employees or the public; damage, require change in or alteration of, the equipment or other facilities of the Telephone Company; interfere with the proper functioning of such equipment or facilities; impair the operation of the telecommunications system or otherwise injure the public in its use of the Telephone Company's service. Upon notice from the Telephone Company that the customer-provided equipment or system is causing or is likely to cause such hazard or interference the customer shall make such change as shall be necessary to remove or prevent such hazard or interference. The customer shall be responsible for the payment of Telephone Company charges, as specified in the General Exchange Services Section of this tariff, for visits by the Telephone Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment or system.

23.3 The Company shall not be responsible for the installation, operation or maintenance of any customer-provided terminal equipment, protective circuitry, or communications systems. Telcommunications service is not represented as adapted to the use of customer-provided terminal equipment or systems and where such are connected to Company facilities the responsibility of the Company shall be limited to the furnishing of facilities suitable for telecommunications service and to the maintenance and operation of such facilities in a manner proper for such telecommunications service; subject to this responsibility the Company shall not be responsible for (1) the through transmission of signals generated by the customer-provided equipment, protective circuitry, or system or for the quality of, or defects in, such transmission, or (2) the reception of signals by customer-provided equipment, protective circuitry or systems.

23.4 The Telephone Company will not be responsible to the customer or otherwise, if changes in the company's communications facilities, equipment, operations or procedures renders the customer-provided terminal equipment, protective circuitry, or communications systems obsolete or require modification or alteration of such equipment. The Telephone Company will give at least 90 days notice in writing if such changes can reasonable be expected to occur, allowing the customer an opportunity to maintain uninterrupted service.

23.5 The Telephone Company will not be responsible for any loss or damage, nor for any impairment or failure of the service, arising from or in connection with the use of facilities of customers and not caused solely by the negligence of the Telephone Company.

23.6 Satisfactory performance of the telecommunications network requires continuing functional compatibility of the network control signals and the switching equipment involved. To assure such continuing compatibility, network control signaling in the furnishing of telecommunications service shall be performed by equipment furnished, installed and maintained by the Telephone Company unless the customer-provided terminal

23.7 Where any customer-provided equipment, protective circuitry or communications system is used with telecommunications service in violation of any of the provisions in this tariff, the Telephone Company will take such immediate action as necessary for the protection of its services, and will promptly notify the customer of the violation. The customer shall discontinue such use of the equipment or systems or correct the violation and shall confirm in writing to the Company within (10) days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Telephone Company within the time stated above shall result in termination of the customer's service until such time as the customer complies with the provisions of this tariff.

23.8 Customer-provided terminal equipment or communications systems which serve a location which the Telephone Company considers impracticable to serve because of hazard or inaccessibility may be connected with telecommunications service only by means of connecting equipment furnished by the Telephone Company (Unless the customer-provided terminal equipment, communications systems, protective circuitry, or premise wiring meets the requirements of the F.C.C. Rules and Regulations.)

23.9 The customer indemnifies and saves the Telephone Company harmless against claims for infringement of patents arising from combining such equipment or system with, or using it in connection with, facilities of the Telephone Company; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Telephone Company.

23.10 The customer must provide all the electrical power necessary for the operation of customer-provided communications systems equipment and associated lines to the point of interconnection.

Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgment of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.</p> <p>B. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.</p> <p>C. Any portion of an advance remaining unrefunded ten years from the date the Telephone Company is first ready to render service with the extension will be retained by the Telephone Company and credited to the appropriate construction account.</p> <p>25.6 TEMPORARY FACILITIES</p> <p>A. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.</p>	<p>MISSOURI Public Service Commission</p>

SECTION II

GENERAL RULES AND REGULATIONS **RECEIVED**

MAR 2 1984

25. UNDERGROUNDING IN SUBDIVISIONS (continued)

25.6 B. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

25.7 SPECIAL CONDITIONS

- A. In circumstances, where the application of these rules appears impracticable or unjust to applicant or the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.
- B. The underground rules and regulations will supersede other general rules and regulations in this tariff relating to construction charges, in subdivisions.
