- I. St. Louis Metropolitan Exchange Service
  - A. General

MO. PUBLIC SERVICE COMM.

(CT)(RT)(C)  
(CT)(RT)

In the St. Louis Metropolitan Exchange there is a Principal St. Louis Zone, a group of Metropolitan Calling Area-1 (MCA-1) Zones and a group of Metropolitan Calling Area-2 (MCA-2) Zones.

The rates specified for each zone in the Metropolitan Exchange entitle the customer to local service within the primary service area specified for that zone.

- B. Zones Included in the Metropolitan Exchange

I. Springfield Metropolitan Exchange Service

**MO. PUBLIC SERVICE COMM.**

A. General

In the Springfield Metropolitan Exchange there is a Principal Springfield Zone and a group of Metropolitan Calling Area-1 (MCA-1) Zones. The rates specified for each zone in the Metropolitan exchange entitle the customer to local service within the primary service area specified for that zone.

B. Zones included in the Metropolitan Exchange

The following schematic diagram shows the zones included in the Springfield Metropolitan exchange.

C  
Mr. F. B. Hunt,  
Vice President & General Manager,  
Southwestern Bell Telephone Company  
1010 Pine Street,  
St. Louis, Missouri

O  
Mr. C. W. Chastain, General Manager,  
Grand River Mutual Telephone Corporation,  
Princeton, Missouri

Gentlemen:

P  
This is to advise that the Commission is agreeable to the proposal of Southwestern Bell Telephone Company to provide service to the following parties on an "Exception" basis:

- Y
1. Mr. Lester Miller has Alanthus service and is located in the Stanberry exchange area. Mrs. Miller stated they plan to discontinue the Alanthus service and order Stanberry service.
  2. Mr. Robert Miller also has Alanthus service and is located in the Stanberry exchange area. The Millers indicated they wished to retain the Alanthus service as long as possible since they have relatives in Alanthus. However, they will take Stanberry service when the present service is discontinued.
  3. Mr. Harvey Peterson has Stanberry service and is located in the Alanthus exchange area. Service was installed prior to 1960 but the exact date is not known. Mr. Peterson says he does not want Grand River service and if Stanberry service is discontinued he will do without a telephone.
  4. Mrs. M. T. Jansen, Sr., located in the Alanthus exchange area has had Stanberry service for about 30 years. Mr. Jansen says he will not accept Grand River service and wishes to retain the Stanberry service.
  5. Stanberry service was installed in the home of Mr. M. T. Jansen, Jr., on January 31, 1949. The Jensens advised that all their business is transacted in Stanberry and they have relatives in Stanberry. They definitely wish to retain the Stanberry service.

6. Stanberry telephone service was installed for Mr. Eugene Stall on January 28, 1957. The former owner of the farm had Stanberry service and the telephone was reconnected for Mr. Stall by mistake when it was not realized this farm is outside the Stanberry exchange boundary. Upon detecting this mistake, our business office records were noted so that in case Mr. Stall's telephone is disconnected Stanberry service will not be installed for the new owner of the farm. Mrs. Stall says they will not subscribe to other than Stanberry service and wish to retain their present service.

7. No second telephone service exists for Mr. Stall. There may previously have been a second Stanberry telephone in a now vacant house. However, none is there at present.

The above arrangements will be subject to the following provisions:

1. Any change of ownership or occupancy will cause discontinuance of Bell service to these locations.
2. Any change in directory listing or billing information shall be deemed evidence of change specified in "1". Names as shown in Mr. Hunt's letter are presumed to be those now being used for these purposes.
3. No establishments/<sup>not</sup>now having telephone service from the Bell company will be provided Bell service.
4. Mr. Hunt's letter points out that Mr. Eugene Stall has only one service and that he has a second house which is vacant. It should be specifically understood that no Bell service is to be established at that vacant house.

It is to be understood that the Commission will permit this arrangement and that it will be notified when the present customers discontinue service and when present facilities providing said service have been removed, and no other subscriber or subscribers will be permitted to receive service under the present arrangement.

Very truly yours,

Patricia Nacy  
Secretary
