LOCAL EXCHANGE SERVICES TARIFF

---

Effective January 31, 2020, the services in this tariff are withdrawn for all customers except Federal, State and Local Government Agencies, and Educational Institutions (whether public or private, including elementary and secondary schools and colleges/universities). A reasonable transition period beyond January 31, 2020 may be permitted for those customers of withdrawn services that have contacted the Company prior to January 31, 2020 where the Company determines that additional time is needed to establish a replacement service or for complex services that the Company determines require additional time to complete the disconnection of all circuits. Effective May 8, 2020, services for Federal, State and Local Government Agencies, and Educational Institutions (whether public or private, including elementary and secondary schools and colleges/universities) are no longer available to new customers. Moves, additions, or changes will no longer be permitted for existing customers.

(N)  
|  
(N)

**SECTION 1 - DEFINITIONS**

**Advance Payment** - Payment of all or part of a charge required before the start of service.

**Anonymous Call Rejection** - This feature allows subscribers with or without Calling Number Delivery and/or Calling Name Delivery to reject calls for which calling name/number display information has been intentionally blocked. Only calls for which the information has been blocked are rejected. If the display information is not available due to network restrictions or other reasons, the receiving customer premises equipment (telephone or adjunct)-if equipped-is presented with a message to indicate the unavailability of the calling information. Rejected calls are sent to a service provider announcement. An operator in case of emergency can override Anonymous Call Rejection.

**Assume Dial "9"** - A system feature that eliminates the need for all Centrex users in the same Centrex group to dial an access level "9" to access the PSTN. All lines in the Centrex must be configured as Assume Dial 9 or none.

**Authorized User** - A person, firm, corporation or other entity that either is authorized by the Customer to use local exchange telephone service or is placed in a position by the Customer, either through acts or omissions, to use local exchange telephone service.

**Auto Answer Back** - The Auto Answer Back feature, when implemented on a Meridian Business set, allows any incoming call to the Primary Directory Number (PDN) of the set to be automatically answered after 4 seconds. Conversation takes place through a hands free unit. This feature requires the use of a hands free Meridian Business Set.

**Automatic Callback** - Allows a Customer to request notification from the central office when the number that is being dialed is no longer busy. When the called number is becomes free, the central office will ring the Customer and connect the Customer to the original called number.

**Automatic Line (Hotline)** - Directs the line to automatically call a preassigned number when a line user lifts the handset.
