March 30, 2012

Mr. Steven Reed, Secretary
Missouri Public Service Commission
200 Madison Street Suite 500
Jefferson City, MO 65102-0360

Re: Notice of Election and Withdrawal of AT&T Communications of the Southwest, Inc. Tariffs Pursuant to §392.461, RSMo, enacted by House Bill No. 338

Dear Mr. Reed:

As a result of recent changes in state law governing the regulation of telecommunications services in Missouri, §392.461, RSMo was enacted on August 28, 2011 by House Bill No. 338. Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission (“Commission”), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs. However, the law requires them to publish generally available retail prices on a website.

AT&T Communications of the Southwest, Inc. (“the Company”) hereby gives the Commission notice of its election to be exempt from tariff filing requirements relating to, and of its intent to withdraw, the below-listed tariffs.

- Message Telecommunications Services Tariff, P.S.C. MO No. 15
- Local Exchange Services Tariff, P.S.C. MO No. 21
- Custom Network Service Tariff, P.S.C. MO No. 22
- Private Line Services Tariff-Schedule 9, P.S.C. MO No. 23
- Private Line Services Tariff-Schedule 11, P.S.C. MO No. 24
- Dataphone Digital Services Tariff, P.S.C. No. 10
- Local Exchange Services Tariff, P.S.C. No. 2

This Notice of Election and Withdrawal shall become effective May 1, 2012. The Company will make available its rates, charges, terms and conditions for its retail telecommunications services on its website at www.att.com/servicepublications.

Please refer any questions on this matter to me on 314-331-1610.

Very truly yours,

/s/ Alan Kern

I certify that a copy of the foregoing, including attachments, is being sent via e-mail to the Office of Public Counsel at opcservice@ded.mo.gov this 30th day of March 2012.

Chicago, Illinois 60606

1. APPLICATION OF TARIFF

1.1 APPLICATION

1.1.1 General

This tariff contains the regulations and rates applicable to CUSTOM NETWORK SERVICE for interLATA and intraLATA calls between two stations in the state of Missouri.

Effective July 31, 2001 all references herein to AT&T FCC Tariffs, insofar as the service offering set forth in the AT&T FCC tariffs have been or become detariffed, shall be construed to be references to the AT&T Business Services Guides located at <http://www.att.com/serviceguide/business>.

1.1.2 Jurisdiction

Jurisdiction refers to the classification of a CUSTOM NETWORK SERVICE call as intrastate or interstate. Jurisdiction is a matter of law, not of Company discretion or policy, or Customer preference. The Law describing what constitutes interstate jurisdiction is the Communications Act of 1934, as amended. Some portions of this service are only subject to the jurisdiction of the Federal Communications Commission. This tariff covers the portion of this service that is subject to the Missouri Public Service Commission's Jurisdiction.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.1 UNDERTAKING OF THE COMPANY

2.1.1 General

CUSTOM NETWORK SERVICE is furnished for the transmission of voice communications but may also be used for data, facsimile, signaling, metering, or other similar communications, subject to the transmission capabilities of the service.

CUSTOM NETWORK SERVICE is available twenty-four hours a day, seven days per week.

The Company does not transmit messages. However, CUSTOM NETWORK SERVICE may be used for that purpose.

2.1.2 Transmission Medium

The Company selects and/or arranges for the channels and/or service components used to provide CUSTOM NETWORK SERVICE. Any suitable technology or combination of technologies may be used. The Company may modify or change the channels and/or service components used to furnish CUSTOM NETWORK SERVICE at any time subject to the regulations in 2.7.3 of this tariff.

2.1.3 Provision of Customer Equipment

Customer equipment may be used with CUSTOM NETWORK SERVICE. The Company does not provide Customer equipment.

2.1.4 Through Transmission of Signals

The Company is responsible for the provision of CUSTOM NETWORK SERVICE from station to station. It is not responsible for the quality of transmission or signaling on the Customer's side of the interface at a Customer's premises.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.1 UNDERTAKING OF THE COMPANY - (Continued)

2.1.5 Availability of CUSTOM NETWORK SERVICE

A. Availability

1. Subject to compliance with B. following, where a shortage of service components exists at any time either for temporary or protracted periods, the establishment of two-point Long Distance Message Telecommunications Service, provided under Tariff, shall take precedence over all other services provided by the Company.
2. Service is furnished subject to the availability of the service components required. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.
3. Service will be provided where facilities and billing capability are available.

B. Restoration of Service

The use and restoration of CUSTOM NETWORK SERVICE will be in accordance with Part 64, Subpart D, of the Federal Communications Commission's Rules and Regulations.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.2 USE

2.2.1 General

CUSTOM NETWORK SERVICE may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications network. CUSTOM NETWORK SERVICE is furnished for use by the Customer but may be used by others when so authorized by the Customer.

2.2.2 Abuse

The abuse of CUSTOM NETWORK SERVICE is prohibited. The following activities constitute abuse:

- A. Using CUSTOM NETWORK SERVICE to make calls which might reasonably be expected to frighten, abuse, torment, or harass another, or
- B. Using CUSTOM NETWORK SERVICE in such a way that it interferes unreasonably with the use of other Company services.

2.2.3 Fraudulent Use

The fraudulent use of, or the intended or attempted fraudulent use of, CUSTOM NETWORK SERVICE is prohibited. The following activities constitute fraudulent use:

- A. Using CUSTOM NETWORK SERVICE to transmit a message, locate a person, or otherwise give or obtain information, without payment for the service,
- B. Using or attempting to use CUSTOM NETWORK SERVICE with the intent to avoid the payment, either in whole or in part, of the tariff charges for the service by:
 - 1. Rearranging, tampering with, or making connections not authorized by this tariff to any service components used to furnish CUSTOM NETWORK SERVICE, or
 - 2. Using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices, or electronic devices.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.3 RESPONSIBILITIES OF THE COMPANY

2.3.1 Liability

- A. The Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the installation, provision, termination, maintenance, repair or restoration of CUSTOM NETWORK SERVICE, and subject to the provisions of B. through G. following, the Company's liability, if any, shall not exceed an amount equal to the initial period charge provided for under this tariff for the CUSTOM NETWORK SERVICE call for the period during which the call was affected.
- B. The Company is not liable for damages associated with service, channels, or equipment which it does not furnish.
- C. The Company is not liable for damages to a premises resulting from the furnishing of CUSTOM NETWORK SERVICE, including the installation and removal of equipment and associated wiring, unless the damage is caused by the Company's negligence.
- D. The Company shall be indemnified, defended, and held harmless by the Customer and User against all claims, losses, or damages arising from the use of CUSTOM NETWORK SERVICE furnished pursuant to this tariff, involving:
 - 1. Claims for libel, slander, invasion of privacy, or infringement of copyright arising from any communication;
 - 2. Claims for patent infringement arising from combining or using CUSTOM NETWORK SERVICE furnished by the Company in connection with facilities or equipment furnished by others; or
 - 3. All other claims arising out of any act or omission of others relating to CUSTOM NETWORK SERVICE provided pursuant to this tariff.
- E. The Company does not guarantee or make any warranty with respect to CUSTOM NETWORK SERVICE when used in an explosive atmosphere. The Company shall be indemnified, defended, and held harmless by the Customer and User against all claims, losses or damages by any person relating to CUSTOM NETWORK SERVICE provided pursuant to this tariff when used in an explosive atmosphere.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.3 RESPONSIBILITIES OF THE COMPANY - (Continued)

2.3.1 Liability - (Continued)

- F. No license under patents (other than the limited license to use) is granted by the Company or shall be implied or arise by estoppel, with respect to any service offered under this tariff. The Company will defend the Customer and User against claims of patent infringement arising solely from the use by the Customer or User of CUSTOM NETWORK SERVICE offered under this tariff and will indemnify such Customer or User for any damages awarded based solely on such claims.

- G. The Company's failure to provide or maintain service under this tariff shall be excused by Labor difficulties, governmental orders, civil commotion's, acts of God, and other circumstances beyond the Company's reasonable control.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.4 RESPONSIBILITIES OF THE CUSTOMER

2.4.1 General

The Customer's general responsibilities are described in this section. When Customer equipment or a Customer-provided communications system is connected to CUSTOM NETWORK SERVICE, the Customer assumes additional responsibilities that are described in the Connections section of this tariff, (see Section 2.7 of this tariff).

A. Payment of Bills and Compliance with Regulations

The Customer is responsible for placing any necessary orders and complying with tariff regulations for CUSTOM NETWORK SERVICE and for assuring that its Users comply with tariff regulations. The Customer is also responsible for the payment of bills for CUSTOM NETWORK SERVICE. This includes payment for CUSTOM NETWORK SERVICE calls or services originated or received at the Customer's number(s).

B. Establishing Identity

1. The calling party is responsible for establishing its identity as often as necessary during the course of a call.
2. The calling party assumes full responsibility for identifying the station, party, or person with whom connection is made at the called number or numbers.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.5 PAYMENTS AND CHARGES

2.5.1 General

Applicable rates and charges are contained in the appropriate Service Section of this tariff.

2.5.2 Application of Charges

The rates and charges that are in effect in this tariff when CUSTOM NETWORK SERVICE is furnished are the rates and charges used to determine the Customer's bill. The Company may, with the customer's approval, render a bill on a bi-monthly (every other month) basis.

2.5.3 Payment of Charges

Payment for CUSTOM NETWORK SERVICE is due upon presentation of the bill. CUSTOM NETWORK SERVICE may be denied for nonpayment of a bill (see Violation of Regulations, Section 2.9).

2.5.4 Deposits

See AT&T's Business Service Guide.

2.5.5 Promotional Programs

AT&T may, upon Commission approval, offer business and/or residence customers specific rate incentives during specified promotional periods. The Company will provide written notice to the Commission 7 days prior to the commencement of a promotional program, specifying the terms of the promotion, the specific service offered, the location, whether the promotion is being offered to business customers, residential customers or both, and the beginning and ending dates of the promotional period. The written notice will be filed under the affected Service(s) Section of AT&T's Custom Network Service Tariff.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.5 PAYMENTS AND CHARGES - (Continued)

2.5.6 Late Payment Charge

If any portion of the Customer's payment is received by the Company after the payment due date, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, subject to billing and system availability, a Late Payment Charge shall be due to the Company, provided billing capability exists. The Late Payment Charge shall be the portion of the payment not received by the date due, multiplied by a factor. The late payment factor shall be 1.5% per month (18% annually), and will apply to all amounts in excess of \$25.00 previously billed on a Customer's bill, including arrears and Late Payment Charges, and which remain unpaid within 30 calendar days from the invoice date. The minimum Late Payment Charge is \$5.00.

Late Payment Charges do not apply to the disputed portion of unpaid balances, if resolved in favor of the Customer. The disputed portion of unpaid balances, if resolved in favor of the Company, may be subject to the Late Payment Charge as of the original due date noted on the Customer's bill. Undisputed amounts of the same bill may be subject to the Late Payment Charge if they remain unpaid by the due date noted on the Customer's bill.

Collection procedures and security deposit requirements are unaffected by the application of the Late Payment Charge.

The Late Payment Charge does not apply to final accounts.

2.5.7 Payphone Use Charge

In addition to all other charges for Custom Network Services under this tariff, a non-discountable Payphone Use Charge of \$0.47 shall apply to each coinless call which AT&T can identify as placed from a payphone by or to the Customer or its permitted users. This charge does not apply to calls completed using AT&T Commercial PrePaid Card Service. This charge is for the use of the payphone instrument to access AT&T services.

2.5.6 Late Payment Charge

Service Commission

If any portion of the Customer's payment is received by the Company after the payment due date, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, subject to billing and system availability, a Late Payment Charge shall be due to the Company, provided billing capability exists. The Late Payment Charge shall be the portion of the payment not received by the date due, multiplied by a factor. The late payment factor shall be 1.5% per month (18% annually), and will apply to all amounts in excess of \$25.00 previously billed on a Customer's bill, including arrears and Late Payment Charges, and which remain unpaid within 30 calendar days from the invoice date. The minimum Late Payment Charge is \$5.00.

Late Payment Charges do not apply to the disputed portion of unpaid balances, if resolved in favor of the Customer. The disputed portion of unpaid balances, if resolved in favor of the Company, may be subject to the Late Payment Charge as of the original due date noted on the Customer's bill. Undisputed amounts of the same bill may be subject to the Late Payment Charge if they remain unpaid by the due date noted on the Customer's bill.

Collection procedures and security deposit requirements are unaffected by the application of the Late Payment Charge.

The Late Payment Charge does not apply to final accounts.

2. GENERAL REGULATIONS

2.5 PAYMENTS AND CHARGES - (Continued)

2.5.8 Duplicate Bill Charges

(AT)

A. General

1. Subject to Company retention policies, availability of the bill(s), and ability of the Company to retrieve the bill(s), a customer may request a paper copy of their bill(s). A Duplicate Bill Charge may apply upon a customer's request for duplicate copies of their telephone bill(s) in accordance with the charges specified following, unless stipulated differently in the customer's contract. This service will be available where billing and technology exist.
2. The Duplicate Bill Charge, as defined in section 2.5.8.B, will not be applied in the following instances:
 - a. When a customer is currently subscribing to a service to receive additional copies of their bills;
 - b. When customers request a copy of the bill because of non-receipt of an initial bill after new connect, transfer or change of address orders;
 - c. When customers have not received a bill due to Company error in the address of the bill;
 - d. When a customer requests a copy of the current month bill or final bill;

B. Rates and Charges

Duplicate Bill Charge, mailed via standard US mail only:

Per bill copy charge	\$5.00
----------------------	--------

C. Liability

With respect to any claim or suit, by a customer or any others, for damages arising from delays, errors or omissions, or the failure to provide bill copies, Company's liability, if any, shall not exceed the amount paid for the service.

(AT)

Issued: December 22, 2006

Effective: January 22, 2007

2. GENERAL REGULATIONS

2.6 USE OF ANOTHER MEANS OF COMMUNICATIONS

2.6.1 General

If the Customer elects to use another means of communication during the period of interruption, the Customer must pay the charges for the alternative service used.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS

2.7.1 General

When Customer Equipment is connected to CUSTOM NETWORK SERVICE it must comply with Part 68 of the FCC's Rules and Regulations, 47 C.F.R. Part 68 (commonly known as the FCC's Registration Program). When any equipment or system which is not subject to Part 68 of the FCC's Rules and Regulations is connected, the Minimum Protection Criteria specified in this tariff must be met.

Custom Network Services may be connected to private networks or communications systems under the terms and conditions specified in that section.

The Company is responsible for the quality of transmission from station to station. For AT&T MEGACOM Service, the Company is responsible for the quality of transmission and/or signaling from the AT&T MEGACOM Service Central Office to the called station. For Toll-Free MEGACOM Service, the company is responsible for the quality of transmission and/or signaling from the calling station to the Toll-Free MEGACOM Service Central Office. (CT)

2.7.2 Responsibilities of the Customer

When Customer equipment or a Customer-provided communications system is connected to CUSTOM NETWORK SERVICE, the Customer assumes responsibility for the connection as follows:

A. Compatibility with CUSTOM NETWORK SERVICE

The Customer is responsible for the compatibility of its equipment or system with CUSTOM NETWORK SERVICE. This responsibility applies at the initial installation and on a continuing basis as long as the connection is made.

B. Interference and Hazard

The operating characteristics of the customer equipment or customer-provided communications system connected to CUSTOM NETWORK SERVICE must not interfere with, or impair, any of the services offered by this Company. In addition, they must not endanger the safety of Company employees or the public, damage or interfere with the proper functioning of Company equipment, or otherwise injure the public in its use of CUSTOM NETWORK SERVICE.

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.2 Responsibilities of the Customer - (Continued)

C. Changes to CUSTOM NETWORK SERVICE

The Company is not obligated to alter or modify CUSTOM NETWORK SERVICE because of additions or changes to Customer equipment or a Customer-provided communications system.

D. Testing and Maintenance

If a trouble condition occurs on an assembly, the Customer must determine whether the fault is in (1) the connected Customer equipment or Customer-provided communications system, or (2) CUSTOM NETWORK SERVICE. The Company will test and maintain only CUSTOM NETWORK SERVICE.

The testing of CUSTOM NETWORK SERVICE will usually be made from a central office. The Company will not dispatch a repair person to a Customer's or User's premises if a trouble condition (or suspected trouble condition) exists on the local exchange service. The Customer is responsible for requesting such dispatch from the provider of the local exchange service. The Customer is also responsible for the payment of such provider's charges, if any, for the dispatch.

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.3 Responsibilities of the Company

A. General

The Company will furnish and maintain its service components in a manner suitable for CUSTOM NETWORK SERVICE. The Company will make available information as required by Part 68 of the FCC's Rules and Regulations (e.g., the number of ringers that may be connected to a particular line). In addition, the Company will be responsible for the compatibility of its equipment or services with CUSTOM NETWORK SERVICE when such equipment or services are connected to CUSTOM NETWORK SERVICE at a central office.

B. Changes in Components, Operations, or Procedures

The Company is not responsible to any party if a change in its CUSTOM NETWORK SERVICE components, operations, or procedures, which is consistent with the Registration Program, (1) affects any facilities, Customer equipment or Customer-provided communications systems provided by others in any way, or (2) requires their modification in order to be used with CUSTOM NETWORK SERVICE. However, if such changes can be reasonably expected to materially affect the operating or transmission characteristics of the CUSTOM NETWORK SERVICE or render any Customer equipment or Customer-provided communications system incompatible with CUSTOM NETWORK SERVICE, the Company will provide adequate notice, in writing, to allow the Customer an opportunity to maintain uninterrupted service.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.4 Connection to a Customer-provided Communications System or to Service(s) Provided by Others

Any system or service connected to a CUSTOM NETWORK SERVICE offering must be operated and maintained so it will work satisfactorily with CUSTOM NETWORK SERVICE. Connections to CUSTOM NETWORK SERVICE will be made in accordance with the following:

A. Answer Supervision

Answer supervision must be provided when a CUSTOM NETWORK SERVICE offering is connected to switching equipment or a Customer-provided communications system which is not subject to Part 68 of the FCC Rules and Regulations, 47 C.F.R. Part 68. In such cases, the equipment or system must provide answer supervision so that the measure of chargeable time begins upon the delivery of the CUSTOM NETWORK SERVICE call to the switching equipment or to the equipment connected to the communications system and ends upon termination of the call by the calling party.

B. Minimum Protection Criteria

The connection at the station used for CUSTOM NETWORK SERVICE must be made so that it continually complies with the specified Minimum Protection Criteria, Section 2.7.5 of this tariff.

C. Customer-provided Communications System Failures

When a Customer-provided communications system fails and the connection to CUSTOM NETWORK SERVICE is not through switching equipment, the Customer-provided communications system must be arranged to promptly return the CUSTOM NETWORK SERVICE to an idle (on-hook) state. In addition, the Customer must notify the Company when the Customer-provided communications system fails.

D. Use of Satellite Facilities

If a Customer-provided communications system uses satellite facilities (directly or indirectly), and is connected to CUSTOM NETWORK SERVICE, there may be two or more satellite links involved in the combined connection. In such cases, the Company will not be responsible for any deterioration in transmission. It will continue to furnish CUSTOM NETWORK SERVICE using the service components that it considers to be appropriate.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.5 Minimum Protection Criteria

A. General

Minimum Protection Criteria have been specified so that Company personnel, equipment, and services will be protected from the harmful effects of signal power overload, hazardous voltages and longitudinal imbalance. Minimum Protection Criteria apply to the direct electrical, acoustic, or inductive connections of Customer Equipment, test equipment and Customer-provided communications systems to the CUSTOM NETWORK SERVICE.

B. All Connections

Customer Equipment, test equipment and Customer-provided communications systems which are connected to CUSTOM NETWORK SERVICE on a direct electrical basis or an acoustic or inductive basis, must comply with the following.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.5 Minimum Protection Criteria - (Continued)

B. All Connections - (Continued)

1. To protect other Company services, it is necessary that the signal which is applied at the station meets the following limits:

- a. Metallic Voltage

- (1) 4 kHz to 270 kHz

Center Frequency (f) of 8 kHz Band	Maximum Voltage in All 8 kHz Bands	Terminating Impedance
8 kHz to 12 kHz	- (6.4 / 12.6 log f) dBV*	300 ohms
12 kHz to 90 kHz	(23 - 40 log f) dBV	135 ohms
90 kHz to 266 kHz	- 55 dBV	135 ohms

*dBV = 20 log₁₀ voltage in volts

- (2) The root-mean-square (RMS) value of the metallic voltage components in the frequency range of 270 kHz to 6 MHz shall, averaged over 2 microseconds, not exceed -15 dBV. This limitation applies with a metallic termination having an impedance of 135 ohms.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.5 Minimum Protection Criteria - (Continued)

B. All Connections - (Continued)

1. - (Continued)

b. Longitudinal Voltage

(1) 4 kHz to 270 kHz

Center Frequency (f) of 8 kHz Band	Maximum Voltage in All 8 kHz Bands	Terminating Impedance
8 kHz to 12 kHz	- (18.4 / 20 log f) dBV*	500 ohms
12 kHz to 42 kHz	(3 - 40 log f) dBV	90 ohms
42 kHz to 266 kHz	- 62 dBV	90 ohms

*dBV = 20 log₁₀ voltage in volts

(2) The root-mean-square (RMS) value of the longitudinal voltage components in the frequency range of 270 kHz to 6 MHz shall, averaged over 2 microseconds, not exceed -30 dBV. This limitation applies with a longitudinal termination having an impedance of 90 ohms.

2. To prevent the interruption or disconnection of a CUSTOM NETWORK SERVICE call, it is necessary that the signal power applied at the station be limited. Specifically, the signal at the station shall at no time have energy concentrated solely in the 2450 to 2750 Hz band. If there is signal power at the station in the 2450 to 2750 Hz band, it must not exceed the power present at the same time in the 800 to 2450 Hz band.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.5 Minimum Protection Criteria - (Continued)

C. Direct Electrical Connections

In addition to the regulations in B. preceding, Customer Equipment, test equipment and Customer-provided communications systems which are connected to CUSTOM NETWORK SERVICE on a direct electrical basis must comply with the following:

1. To prevent excessive noise and crosstalk, it is necessary that the power of the signal presented at the AT&T Central Office not exceed 12dB below one milliwatt when measured over any three-second interval. To insure that this limit is not exceeded, the power of the signal which may be applied by the Customer Equipment, test equipment or Customer-provided communications system to the station will be specified for each Customer location. In no case shall the power exceed one milliwatt.

D. Acoustic or Inductive Connections

In addition to the regulations in B. preceding, Customer Equipment and Customer-provided communications systems which are connected to CUSTOM NETWORK SERVICE on an acoustic or inductive basis must comply with the following:

1. To prevent excessive noise and crosstalk, it is necessary that the power of the signal which is applied by the equipment to the station located on the Customer's or User's premises be limited so that the signal power does not exceed 9dB below one milliwatt when averaged over any three second interval. However, to permit each Customer, independent of distance from the serving office, to supply signal power which at the serving office, approximates 12dB below one milliwatt when averaged over any three-second interval, the Company, at the Customer's request, will specify, for each Customer location, the signal power at the station, which shall in no case exceed one milliwatt.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.6 Recording of Two-way Telephone Conversations

CUSTOM NETWORK SERVICE is not represented as adapted to the recording of two-way telephone conversations. However, voice recording equipment which is directly, acoustically or inductively connected with CUSTOM NETWORK SERVICE may be used for the recording of such conversations subject to the following regulations which have been adopted by the FCC:

A. Recording Requirements

The voice recording equipment must be arranged so that it can be connected or disconnected (or switched on or off) at the will of the Customer. In addition, one of the following conditions must apply:

- All parties to the telephone conversation must give their prior consent to the recording of the conversation, and the prior consent must be obtained in writing or be part of, and obtained at the start of, the recording, or
- A distinctive recorder tone, repeated at intervals of approximately fifteen seconds, is required to alert all parties when the recording equipment is in use. The distinctive recording tone can be provided as part of (1) the recording equipment, or (2) registered or grandfathered protective circuitry.

A broadcast licensee shall be exempt from the above recording requirements provided at least one of the following requirements is met:

- the licensee informs each party to the call of its intent to broadcast the conversation; or
- each party to the call is aware of the licensee's intent to broadcast the call; or
- such awareness of the licensee's intent to broadcast the call may be reasonably imputed to the party.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.6 Recording of Two-Way Telephone Conversations - (Continued)

B. Exceptions

The FCC has established the following exceptions to the foregoing requirements:

1. Recordings made of incoming calls to telephone numbers publicized for emergencies involving health or safety of life and property (e.g., emergency situations involving fire, health care, police, public utilities and emergency road service) and outgoing calls made in immediate response to such calls. Included in this exception are:
 - a. Recordings made at the United States Department of Defense Command Centers of emergency communications transmitted over the Department of Defense's private line system when connected to CUSTOM NETWORK SERVICE.
 - b. Recordings made by the United States Nuclear Regulatory Commission of the Department of Energy with respect to the telephone systems located at its Operations center.
2. Recordings of calls made for patently unlawful purposes, such as bomb threats, kidnap ransom requests and obscene telephone calls. Outgoing calls made in immediate response to such calls are also excepted. Included in this exception are:
 - a. Recordings made by the United States Secret Service of the Department of the Treasury for recording of two-way telephone conversations which concern the safety and security of the person of the President of the United States, members of his immediate family, or the White House and its grounds.
3. Recordings of calls made by Federal, State or local law enforcement authorities, or federal intelligence authorities, acting under color of law.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.7 CONNECTIONS - (Continued)

2.7.7 Connections to Other Services Provided by the Company

A CUSTOM NETWORK SERVICE offering may be connected at a Customer's premises to other services provided by this Company, if they are electrically compatible. Connections at an AT&T Central Office may be made to Private Line Service furnished under this Company's Interstate Private Line Tariffs, as specified in the appropriate sections of those tariffs. All connections are subject to the regulations in this tariff and the regulations in the tariff under which the other service is furnished.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.8 RATE DETERMINATION

The rate for a CUSTOM NETWORK SERVICE call may be determined by factors such as:

- The distance between the rate centers of the originating (calling) station and the terminating (called) station; and, under certain conditions the distance between the V&H coordinates of an AT&T Central Office and the rate center of a called or calling station.
- The time of day and the day of week,
- The duration of the call,

The specific factors which apply to a given CUSTOM NETWORK SERVICE call and their application are listed in the rate section applicable to that type of call.

2.8.1 Time of Day and Day of Week

The rate charged for a CUSTOM NETWORK SERVICE call may be determined in part by the day of the week and the time of day at the originating (calling) station at the AT&T Central Office associated with the originating (calling) station using special access. Different rates may be applicable to a call at different times of the day and on certain days of the week as specified in the appropriate rate section for that call. Applicable charges are contained in the appropriate service section of this tariff.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.8 RATE DETERMINATION - (Continued)

2.8.2 Determining the Chargeable Time of a Call

The chargeable time for a CUSTOM NETWORK SERVICE call is determined by the duration of the call. Chargeable time includes the initial period plus the additional time involved, if any, and is determined as follows:

- A. On all calls, chargeable time begins when a completed connection is established between the calling station and the called station.
- B. Chargeable time ends when the calling station "hangs up". If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- C. When CUSTOM NETWORK SERVICE is directly connected to a Customer-provided communications system at a Customer's or User's premises, chargeable time begins when a CUSTOM NETWORK SERVICE call terminates in, or passes through, the first Customer Equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the CUSTOM NETWORK SERVICE so that chargeable time may begin.

2.8.3 Determining the Applicable Rate in Effect - SDN

- A. Except for CUSTOM NETWORK SERVICE calls that use a special access line, when the call is established in one rate period and ends in another rate period, the rate in effect at the calling station for each rate period applies to the portion of the call occurring within that rate period. When a calling station on a Custom Network service uses a special access line, the rate in effect at the AT&T Central Office for each rate period applies to the portion of the call occurring within that rate period. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.
- B. Chargeable time for a rate period (e.g., 8 AM - 5 PM) begins with the first stated hour (e.g., 8 AM) and continues to, but does not include, the second stated hour (e.g., 5 PM).

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.8 RATE DETERMINATION - (Continued)

2.8.4 Use of CUSTOM NETWORK SERVICES For Resale or Shared Use

When CUSTOM NETWORK SERVICES are resold or shared, the Customer may advise its User that a portion of the Customer's service is provided by this Company. However, the Customer shall not represent that this Company jointly participates in the provision of the Customer's services.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.9 VIOLATION OF REGULATIONS

2.9.1 General

The Company may take immediate action to protect its services or interests when certain regulations contained in this tariff are violated. The specific regulations involved and the action(s) which will be taken by this Company are as specified in 2.9.2 and 2.9.3. following.

2.9.2 Interference, Impairment or Improper Use

The Company may temporarily restrict service immediately when the Customer violation:

- circumvents the Company's ability to charge for its services as specified in Section 2.2.3. (Fraudulent Use) preceding, or
- results in an immediate harm to the CUSTOM NETWORK SERVICE network or other Company services as specified in Section 2.7.5 (Minimum Protection Criteria).

In such cases, the Company will make a reasonable effort to give the Customer prior notice before restricting service.

If a Customer fails to comply with Section 2.2. (Use), 2.7.4.A (Answer Supervision), 2.7.4.C (Customer-provided Communications System Failures), and 2.7.5 (Minimum Protection Criteria) preceding the Company may, on ten days written notice by certified U.S. Mail to the Customer, deny requests for additional service and/or restrict service to the non-complying Customer. If the Company does not deny or restrict the service involved on the date of the ten days notice, and the Customer non-compliance continues, nothing contained herein shall preclude the Company's right to deny or restrict the service without further notice.

When a violation results in a denial for additional service and/or restriction of service, the denial and/or restriction will be removed when the Customer is in compliance with the regulation and so advises the Company.

2.9.3 Nonpayment of Charges

The Company may deny and/or restrict CUSTOM NETWORK SERVICE for nonpayment of charges due as specified in section 2.5.3. (Payment of Charges) preceding. A written notice will be sent to the Customer at least five days in advance of the restriction and/or denial of CUSTOM NETWORK SERVICE. Upon payment of charges the restriction and/or denial of CUSTOM NETWORK SERVICE will be removed.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.10 SPECIAL TAXES, FEES AND CHARGES

Any assessments, franchise fees, privilege, license, occupation, excise, or other similar taxes or fees, whether in a lump sum or at a flat rate, or based on receipts, or based on poles, wire or other utility property units, imposed upon the company by any governmental authority shall be added pro rata, in so far as practical, to the rates and charges stated in the Company's standard schedules, in amounts which in the aggregate for the Company's customers of any political entity shall be equal to the amount of any such tax upon the Company. The Company shall, so long as any such tax or fee is in effect, add to the bills of the customers in such political entity pro rata on the basis of the revenue derived by the Company from each such customer, an amount sufficient to recover any such tax or fee.

2.10.1 Missouri Universal Service Fund

The Company will place on each retail end-user's bill, a surcharge equal to the Missouri Universal Service Fund percentage assessment ordered by the commission. The surcharge will appear as a separate line item detailed as "Missouri Universal Service Fund." The surcharge percentage will be applied to the total of each customer's charges for intrastate regulated telecommunications services that meet the definition of net jurisdictional revenues at 4 CSR 240-31.010(12).

(AT)

(AT)

2. GENERAL REGULATIONS

2.10 SPECIAL TAXES, FEES AND CHARGES

Any assessments, franchise fees, privilege, license, occupation, excise, or other similar taxes or fees, whether in a lump sum or at a flat rate, or based on receipts, or based on poles, wire or other utility property units, imposed upon the company by any governmental authority shall be added pro rata, in so far as practical, to the rates and charges stated in the Company's standard schedules, in amounts which in the aggregate for the Company's customers of any political entity shall be equal to the amount of any such tax upon the Company. The Company shall, so long as any such tax or fee is in effect, add to the bills of the customers in such political entity pro rata on the basis of the revenue derived by the Company from each such customer, an amount sufficient to recover any such tax or fee.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.11 DEFINITIONS

Access Line:

A transmission path that connects a customer premises to an AT&T Central Office.

Access Line Grouping:

An access line or group of access lines with the same assigned Software Defined Network identifying number. A group of access lines may be either Local Exchange Service Access or special access lines, but must be all of one type.

Assembly:

A configuration consisting of customer equipment and/or a customer-provided communications system or systems, which is connected to a Custom Network Service.

AT&T Central Office:

The physical point of access for a service to the AT&T interoffice network. Criteria for establishing AT&T Central Offices and a list of AT&T Central Offices with services provided are in this Company's Tariff FCC No. 10.

Building:

A structure consisting of an enclosed area surrounded by outside walls and under one continuous roof.

Call:

A completed connection established between a calling station and one or more called stations.

Called Station:

The station (e.g., telephone number) called, or the terminating point of a call.

Calling Station:

The station from which a call is originated.

Company:

AT&T Communications of the Southwest, Inc., and the American Telephone and Telegraph Company, Interstate Division (AT&T Communications).

Customer:

The person or legal entity which orders service (either direct or through an agent).

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.11 DEFINITIONS - (Continued)

Customer-Provided Communications System:

Dedicated private line channels and equipment (e.g., microwave or cable system) furnished by the Customer for communications between premises.

Demarcation Point:

The electrical terminus of an access line. It provides a physical interface to the access line in terms of design, installation, and testing.

Dial Station:

Station-to-station service where the person originating the message from other than a public or semi-public coin telephone dials the telephone number desired and the message is completed without the assistance of an operator, and the message is not billed to a number other than the originating telephone number except: when an operator records the originating telephone number where no automatic recording equipment is available; when an operator reaches the called telephone number where facilities are not available for dial completion; and when an operator re-establishes a message which has been interrupted after the called number has been reached; then the Dial Station Rate in Section 26 following shall apply.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.11 DEFINITIONS - (Continued)

Grandfathered:

A term which describes Customer Equipment that was directly connected as specified below and that is grandfathered under Part 68 of the Federal Communications Commission's Rules and Regulations because:

1. The terminal equipment was directly connected to the telecommunications network or local exchange service prior to July 1, 1979.
2. The multiline terminating system was directly connected to the telecommunications network or local exchange service prior to January 1, 1980.
3. The protective circuitry was directly connected to the telecommunications network or local exchange service prior to the dates set forth in A. and B. preceding.

Home Numbering Plan Area (Home NPA):

As used in connection with Toll-Free MEGACOM Service, the NPA of the Toll-Free MEGACOM Service Central Office from which a customer has obtained service. As used in connection with all other AT&T 800 services, the NPA from which a customer obtains AT&T 800 services. (CT)

Hunting Arrangement:

A grouping of 800 Service (See Note 1) access lines arranged for the completion of a given message or arranged for overflow to or from another access line or group of access lines.

Interface:

The electrical and physical means by which a connection is made at the station.

Local Access and Transport Area (LATA):

A geographic area established for the administration of communications services. It encompasses designated exchanges, which are grouped to serve common social, economic and other purposes.

Note1: Marked by AT&T Communications of the Southwest, Inc. under the name of AT&T 800 Service after January 1, 1984.

Issued: February 14, 2008

Effective: March 15, 2008

Service Commission

2. GENERAL REGULATIONS

2.11 DEFINITIONS - (Continued)

Grandfathered:

A term which describes Customer Equipment that was directly connected as specified below and that is grandfathered under Part 68 of the Federal Communications Commission's Rules and Regulations because:

1. The terminal equipment was directly connected to the telecommunications network or local exchange service prior to July 1, 1979.
2. The multiline terminating system was directly connected to the telecommunications network or local exchange service prior to January 1, 1980.
3. The protective circuitry was directly connected to the telecommunications network or local exchange service prior to the dates set forth in A. and B. preceding.

Home Numbering Plan Area (Home NPA):

As used in connection with AT&T MEGACOM 800 Service, the NPA of the AT&T MEGACOM 800 Service Central Office from which a customer has obtained service. As used in connection with all other AT&T 800 services, the NPA from which a customer obtains AT&T 800 services.

Hunting Arrangement:

A grouping of 800 Service (See Note 1) access lines arranged for the completion of a given message or arranged for overflow to or from another access line or group of access lines.

Interface:

The electrical and physical means by which a connection is made at the station.

Local Access and Transport Area (LATA):

A geographic area established for the administration of communications services. It encompasses designated exchanges, which are grouped to serve common social, economic and other purposes.

Notel: Marked by AT&T Communications of the Southwest, Inc. under the name of AT&T 800 Service after January 1, 1984.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.11 DEFINITIONS - (Continued)

Local Exchange Carrier:

Refers to those carriers authorized to provide exchange service.

Local Exchange Service Access (LESA):

A transmission path that connects a customer's premise to an AT&T Switched Service using Local Exchange Company switched access.

Multiline Terminating System:

Customer's or User's premises switching equipment and key telephone type systems which are capable of terminating more than one local exchange service line, WATS access line, circuit or Customer-provided communications system.

Off-Network Call:

A call between a station on a Custom Network Service and a station which is not associated with a Custom Network Service.

On-Network Call:

A call between stations on a Custom Network Service.

Point-of-Presence:

An office of this Company from which services are furnished.

Premises:

A building or buildings on continuous property (except railroad rights-of-way, etc.) not separated by a public thoroughfare.

Protective Circuitry:

Discrete electrical circuitry that is within the scope of the Registration Program and is designed to protect CUSTOM NETWORK SERVICE from harm.

Rate Center:

A specified geographical location used for determining mileage measurements.

Rate Center Area:

The area which encompasses the territories identified by the central office codes that are assigned to a rate center.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.11 DEFINITIONS - (Continued)

Registered:

A term which means compliance with and approval within the Registration Program.

Registration Program:

Part 68 of the FCC's Rules and Regulations which permits customer equipment to be directly connected to CUSTOM NETWORK SERVICE and certain circuits without the requirement for protective circuitry.

Special Access Line:

A dedicated communication path that connects a customer premises to an AT&T switched service using services obtained from this Company's Tariff F.C.C. No. 9 and/or Tariff F.C.C. No. 11, or access obtained from others.

Station:

Any location from which CUSTOM NETWORK SERVICE calls can be placed and/or received.

Switching Equipment:

Equipment which performs the function of establishing and releasing connections on a per call basis between stations, telecommunications services, or communications systems.

Telecommunications Network:

The MTS and WATS network provided by this Company.

Terminal Equipment:

Any telecommunications equipment other than a multiline terminating system, or communications system connected to CUSTOM NETWORK SERVICE at a Customer's or User's premises.

WATS Access Line:

A line from the Customer's premises to the serving office which is provided by the Local Exchange Carrier for the purpose of completing WATS messages. Each such line will be arranged at the Customer's option for either Outward WATS (See Note 2), or 800 Service, but not for both.

Note2: Marked by AT&T Communications of the Southwest, Inc. under the name of AT&T Outward WATS after January 1, 1984.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

2. GENERAL REGULATIONS

2.13 CUSTOMER SPECIFIC PRICING PLANS

Customer Specific Pricing Plans are available for provision of: (1) Dedicated, non-switched, private line and special access services, (2) Central office-based switching systems which substitute for customer premise, private branch exchange (PBX) services, and (3) Any business service offered in the exchange in which basic local telecommunications service offered by the incumbent local exchange telecommunications company has been declared competitive under Section 392.245 RSMo., and any retail business service offered to an end user in a non-competitive exchange. (CP)

Unless otherwise provided in the customer contract, the rules and regulations found in Section 2 of this tariff apply to all Customer Specific Pricing Plans. Customer Specific Pricing Plan arrangements will be provided to the Commission on a proprietary basis upon request. (CP)

2. GENERAL REGULATIONS

2.13 CUSTOMER SPECIFIC PRICING PLANS

AT&T may offer Customer Specific Pricing Plans for any business service offered in the CUSTOM NETWORK SERVICE tariff in an exchange in which basic local telecommunications service offered to business customers by the incumbent local exchange telecommunications company has been declared competitive. Unless otherwise provided in the customer contract, the rules and regulations found in Section 2 of this tariff apply to all Customer Specific Pricing Plans. Customer Specific Pricing Plan arrangements will be provided to the Commission on a proprietary basis upon request.

3. AT&T COMMERCIAL LONG DISTANCE SERVICE

3.1 DESCRIPTION

3.1.1 General

AT&T Commercial Long Distance Service permits Customer dialed outward calling from stations within Missouri. AT&T Commercial Long Distance Service is an add-on to the Interstate AT&T Commercial Long Distance Service and is available only to Customers who subscribe to the Interstate Service as described in AT&T's Business Service Guide. Customers subscribe to AT&T Commercial Long Distance Service by presubscribing to AT&T as their Primary Interexchange Carrier, by using AT&T in nonequal access areas, or by dialing 1010288 prior to the call.

AT&T Commercial Long Distance Service is a switched network service, which provides for Dial Station calls originated on a line for which the subscriber pays a rate that is described as a business or commercial rate in the applicable local exchange service tariff for switched services. The rates and regulations for Dial Station calls other than AT&T Commercial Long Distance Service are specified in Section 1 of the Message Telecommunications Service Tariff.

AT&T Commercial Long Distance rates do not apply to:

- (1) Conference Service Calls
- (2) Person to Person, other Operator Handled calls
- (3) Calls to 700, 800 or 900 Special Service Codes

3.2 REGULATIONS

3.2.1 Termination of Service for Cause

Upon nonpayment of any sum due the Company or its authorized agent, or upon a violation of any of the conditions governing the furnishing of service, the Company or its authorized agent may by notice in writing to the customer, without incurring any liability, forthwith discontinue the furnishing of said service.

3.2.2 Time and Charges

Time and charges on AT&T Commercial Long Distance Service messages may be quoted upon request from the customer. Name association with time and charge details will be provided where facilities permit. The Company reserves the right to determine the facility used where there are multiple facilities.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

3. AT&T COMMERCIAL LONG DISTANCE SERVICE

3.3 RATES AND CHARGES

3.3.1 Initial Periods and Additional Periods

A. Initial Period

The initial period for all AT&T Commercial Long Distance Service calls is 1 minute or fraction thereof. Initial period rates are indicated in the Price List, following.

B. Additional Period

The additional period rates are for each additional 1 minute or fraction thereof that the telephone connection continues beyond the initial period. All additional minute rates are indicated in the Price List, following.

3.3.2 Class of Service

Service is offered on Dial Station, Customer Dialed and Operator Dialed Calling Card Station calls billed to a Commercial Calling Card as follows:

A. Rate Application Periods

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to # 5:00 PM	DAY RATE PERIOD						
5:00 PM to # 11:00 PM	EVENING RATE PERIOD						EVE RATE PERIOD
11:00 PM to # 8:00 AM	NIGHT & WEEKEND RATE PERIOD						

To, but not including.

B. See Price List, following.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
 227 West Monroe Street
 Chicago, Illinois 60606

3. AT&T COMMERCIAL LONG DISTANCE SERVICE

3.3 RATES AND CHARGES - (Continued)

3.3.3 Timing of Messages

The time when connection is established, as provided in the Rate Period Table above, determined in accordance with the time, standard or daylight saving, observed at the location of the rate center of the calling station, determines what rate schedule applies. When the connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period. In the event that an increment of use is split between two rate periods, the rate in effect at the start of the increment applies.

On Dial Station Calls chargeable time begins when connection is established between the calling and the called party.

Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.

When application of the rates in the Price List results in a fractional charge, the amount will be rounded to the nearest cent.

Issued: November 26, 2002

Effective: December 26, 2002

3.3 RATES AND CHARGES - (Continued)

3.3.4 Rates

A. Rate Tables

See Price List, following.

B. Service Charges

Service Charges will apply on Customer Dialed Calling Card Station and Operator Dialed Calling Card Station calls billed to Commercial Calling Cards in addition to the applicable usage rates as specified in the Price List, following. Applicable rates for Service Charges are specified in the Price List, following.

C. Non-Subscriber Service Charge and Usage Rates

A Service Charge is applicable to Dial Station, Operator Station, Person-to-Person or Real Time Rated calls billed to business lines which are presubscribed to an interexchange carrier other than AT&T, or not presubscribed to any interexchange carrier. The service charge is in addition to the applicable usage rates specified in the Price List, following, and is also in addition to any applicable service charges for operator handled calls as specified in Section 1 of the Message Telecommunications Service Tariff.

The Non-Subscriber Service Charge does not apply to: calling card calls, intraLATA calls, conference calls, calls to AT&T Directory Assistance, AT&T 500 Personal Number Service, AT&T EasyReach Service, or 800/900 telephone numbers, calls using Busy Line Verification or Interruption Services, calls using Telecommunications Relay Service, calls originated from cellular phones, calls billed to business lines which have discontinued pre-subscription to AT&T but for whom an active billing record still exists in AT&T's billing system, or to collect calls accessing the AT&T network via Collect Calling Discount.

3.3 RATES AND CHARGES - (Continued)

3.3.4 Rates - (Continued)

C. Non-Subscriber Service Charge and Usage Rates - (Continued)

AT&T will credit any Non-Subscriber Service Charges reported by newly pre-subscribed AT&T Customers during the period between pre-subscription and administrative processing of the new Customer. AT&T will also credit any Non-Subscriber Service Charges reported by Customers during a F.C.C. reportable incident of service outage by another interexchange carrier. To receive either of these credits, Customers must contact AT&T through an 800 number designated for billing inquiries. The credit will be given either in the form of a bill credit or a Long Distance Certificate, at AT&T's discretion.

The Non-Subscriber Service Charge and Usage Rates apply in all Local Exchange areas where billing is available and will be implemented in all remaining Local Exchange areas as billing becomes available.

A Service Charge is applicable as described in AT&T's Message Telecommunications Service Tariff Section 1.

D. Corporate Calling Card Global Enhancement (CCCGE)

CCCGE is a Calling Card service offered to Customers that will use cross-reference billing to a commercial credit card. CCCGE calls may be established by dialing a designated access number from virtually any telephone in the state.

Refer to Price List.

4. AT&T SDN ONENET SERVICE

4.1 DESCRIPTION

4.1.1 General

AT&T SDN OneNet Service permits outward calling, inward calling or a combination of both from a single or multiple customer locations in the state of Missouri. The outbound portion of AT&T SDN OneNet Service is a custom switched telecommunications service, which permits a customer to establish a communications path between two stations by using uniform dialing plans. AT&T SDN OneNet Service is available where facilities and operating systems exist. AT&T SDN OneNet customers may choose either Toll-Free MEGACOM or Toll-Free READYLINE for their inward calling. AT&T SDN OneNet allows customers to bundle certain inbound and outbound usage for discounting and billing purposes. (CT) (CT)

Intrastate AT&T SDN OneNet Service is an add-on to interstate AT&T SDN OneNet Service. All terms and conditions, including service establishment charges, features and functions, discounts, monthly charges and any charges other than intrastate usage charges are described in the AT&T SDN OneNet Service Guide.

4.1.2 Rates and Charges

A. Outbound Calling Usage Rates

1. Schedule A

This schedule applies to calls between two on-network stations that use local exchange services access or between an on-network station which uses a local exchange service access and an off-network station or between two off-network stations.

Refer to Price List.

2. Schedule B

This schedule applies to calls between an on-network station that uses special access and either an on-network station that uses local exchange service access or an off-network station.

Refer to Price List.

5. AT&T CUSTOMNET SERVICE*

5.1 GENERAL

5.1.1 Description

AT&T CustomNet Service is a Custom Network Service that permits Customer-dialed outward and inward calling from a single or multiple locations of the Customer in the state of Missouri. AT&T CustomNet Service includes an AT&T CustomNet Simply Better Pricing Option, an Inward Calling Option and Option S. Intrastate AT&T CustomNet Service is an add-on to the interstate AT&T CustomNet Service and is available only to those Customers who subscribe to the interstate service provided in AT&T's Business Service Guide. This service provides two types of service locations, and the customer must designate each location as either a Service Type 1 or a Service Type 2 location when ordering AT&T CustomNet Service

Calls originated over special and cellular access will be treated as Service Type 1 locations for the application of tariff rates, charges and regulations. These two types of service locations are described as follows:

Service Type 1

A Service Type 1 location consists of all originating telephone numbers associated with a single billing telephone number (BTN) as provided by the Local Exchange Carrier. There is no limit to the number of originating telephone numbers at a Service Type 1 location. An unlimited number of locations may be designated as Service Type 1 locations under the same AT&T CustomNet Service. A customer subscribing under this Service type may also subscribe to a combined Outward Calling and Inward Calling Discount Option, as specified in Paragraph 5.2.2, following.

- * AT&T CustomNet Service and AT&T CustomNet Simply Better Pricing Option are not available either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff to new or existing customers who did not have it on order before July 12, 2001. Existing customers with AT&T CustomNet Service or AT&T CustomNet Simply Better Pricing Option in effect or on order prior to July 12, 2001 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

5. AT&T CUSTOMNET SERVICE

5.1 GENERAL - (Continued)

5.1.1 Description (Continued)

Service Type 2

A Service Type 2 location consists of a maximum of 15 originating telephone numbers associated with a single BTN as provided by the Local Exchange Carrier. Up to 10 BTNs may be designated as Service Type 2 locations under the same AT&T CustomNet Service. Service Type 2 must be used in conjunction with Service Type 1.

All Service Type 1 and Service Type 2 BTNs, as designated by the Customer, will be billed to one Main Billed Account. AT&T CustomNet Service provides discounts, discussed in 5.2.2, following, on eligible usage billed to the Customer's Main Billed Account. AT&T CustomNet Service may not be combined with any other outward service calling plan under the Main Billed Account.

5.1.2 Regulations

A. CustomNet Service does not include:

- Person and other Operator Handled calls
- Conference Service calls
- Directory Assistance calls
- Calls to 800 (except as specified in Paragraph 5.2.2) or 900 Special Services

5. AT&T CUSTOMNET SERVICE

5.1 GENERAL (Continued)

5.1.2 Regulations (Continued)

C. Initial and Additional Periods

1. AT&T CustomNet Service rates are quoted in terms of initial and additional periods.
 - a. The initial period is the unit of time allowed at the rate quoted for connections between given points.
 - b. The additional period is the unit of time used for measuring and charging for time in excess of the initial period.
2. Timing of Messages
 - a. On AT&T CustomNet Service calls, chargeable time begins when connection is established between the calling telephone and the called telephone, Miscellaneous Common Carrier mobile radio system or PBX System.
 - b. Chargeable time ends when the calling station "hangs-up", thereby releasing the network connection. If the called station "hangs-up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
 - c. When AT&T CustomNet Service is connected to a customer provided communications system through a service terminating arrangement or connecting arrangement, chargeable time begins when a call from the telecommunications network terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the telephone service so that chargeable time may begin.

5. AT&T CUSTOMNET SERVICE

5.1 GENERAL (Continued)

5.1.2 Regulations (Continued)

D. Initial and Additional Period Rates

1. The initial period rate is for the first minute or fraction thereof.
2. Additional period rates apply to each additional minute or fraction thereof that the telephone connection continues beyond the initial period.

E. Day, Evening and Night/Weekend rate periods apply to AT&T CustomNet Service usage. The rates apply for all days of the week. The Day rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including, 11:00 PM Sunday through Friday. The Night/Weekend rate period is 11:00 PM to, but not including, 8:00 AM All Days, 8:00 AM to 11:00 PM Saturday, and 8:00 AM to, but not including, 5:00 PM Sunday.

F. Method of Computing Charges

If the monthly sum after application of eligible discount does not result in whole cents, charges will be rounded to the nearest whole cent when the bill is rendered.

G. The minimum service period for AT&T CustomNet Service is one month.

REC'D NOV 26 2002

5.1 AT&T CustomNet Option S-Option VI PIC Reimbursement Promotion
Service Commission

AT&T will offer the following promotion to new and existing Customers who enroll and concurrently convert their lines from another interexchange carrier's switched service to AT&T CustomNet Option S-Option VI Service between January 16, 2001 and June 30, 2001. All converted lines associated with this promotion must be installed no later than July 8, 2001.

Specifically, under this promotion, AT&T will reimburse Customers, a total of \$5.00 for the interexchange carrier's Carrier Change Charge for each outbound line that the Customer converts for intraLATA use under this promotion from the switched services of another interexchange carrier to AT&T as their primary carrier. Customers must contact AT&T to request their PIC reimbursement within 30 days after installation.

The Customer will receive the \$5.00 PIC reimbursement in the form of a bill credit that will appear on the Customer's AT&T CustomNet Option S-Option VI bill no later than the third full billing month after enrollment in this promotion. The \$5.00 intraLATA PIC reimbursement will be assessed on a per-line basis. If the Customer changes both the interstate interLATA PIC and the intrastate intraLATA PIC on the same line and at the same time, only the interLATA PIC charge will be reimbursed at \$5.00 per line. There is a limit of one such reimbursement per-line per-Customer, which applies whether or not a reimbursement is made pursuant to this promotion or any other promotion.

Customers enrolling in this promotion are ineligible for any other PIC reimbursement for the services associated with this promotion.

6. AT&T Business Network-UniPlan Service

6.1 DESCRIPTION

6.1.1 General

AT&T Business Network-UniPlan Service* is a custom switched telecommunications service which permits outbound calling, inbound calling, or integrated outbound and inbound calling from single or multiple Customer locations in the state of Missouri via switched or special access lines. Intrastate service is an add on to the interstate AT&T Business Network-UniPlan Service and is available only to Customers who subscribe to the interstate service provided in AT&T's Business Service Guide. AT&T Business Network-UniPlan Service includes calls which are dialed and completed without the assistance of a Company operator, or Customer dialed Calling Card calls billed to the Customer's AT&T Business Network-UniPlan Service Main Billed Account. AT&T Business Network-UniPlan Service does not include:

- Directory Assistance calls,
- Conference calls, or
- Calls to 700, 800 or 900 Special Service Codes.

- * Beginning January 24, 1998, AT&T Business Network-UniPlan Service is not available to newly subscribing Customers. Existing Customers with AT&T Business Network-UniPlan Service in effect or Customers with AT&T Business Network-UniPlan Service on order prior to January 24, 1998, may continue their current AT&T BUSINESS NETWORK-UNIPLAN Service under existing conditions. Customers will be moved out of the service no later than January 24, 1999.

6. AT&T Business Network-UniPlan Service

6.2 REGULATIONS

- A. AT&T Business Network-UniPlan Service is provided where billing capability permits.
- B. The minimum service period for AT&T Business Network-UniPlan Service is one month.
- C. Initial and Additional Period Rates - Outbound Calling
1. The initial period rate for all AT&T Business Network-UniPlan Service calls is 30 seconds or fraction thereof, regardless of the rate period.
 2. Additional period rates apply to each additional 6 seconds or fraction thereof that the telephone connection continues beyond the initial period.
- D. Day, Evening and Night rate periods apply to AT&T Business Network-UniPlan usage. The rates apply for all days of the week including holidays. The Day rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including, 11:00 PM Monday through Friday and 5:00 PM to, but not including, 11:00 PM Sunday. The Night rate period is 11:00 PM to, but not including 8:00 AM Monday through Friday, all day Saturday, and Sunday from 12:00 Midnight to, but not including 5:00 PM and 11:00 PM to, but not including 8:00 AM Monday.
- E. Method of Computing Charges
- If the computed charges for a call include a fraction of a cent, the charges will be rounded to the nearest whole cent.

6.6.1 General

AT&T Business Network-UniPlan Service FlatRate Pricing Option (FRPO) permits Customers to select the usage price schedules specified below in lieu of the price schedules in Sections 6.3 and 6.4 preceding. The FRPO intrastate usage price schedules provide prices for Inward, Outward and AT&T Business Network-UniPlan Service Calling Card. The FRPO Customer must subscribe to the interstate AT&T Business Network-UniPlan Service FRPO as described in AT&T's Business Service Guide. The AT&T Business Network-UniPlan Service FRPO Customers have the option of subscribing to an AT&T Business Network-UniPlan Service FRPO Term Plan, which is described in paragraph 6.6.3.

6.6.2 RATES AND CHARGES

A. Outward Calling Usage Rates - Switched Access

Refer to Price List.

B. Outward Calling Usage Rates - Special Access

Refer to Price List.

C. Inward Calling Usage Rates

Inbound calling is provided via Toll-Free READYLINE and Toll-Free MEGACOM Service at (CT) the rates specified below. Regulations applicable to these 800 Services are as specified in this Company's tariff, Section 12 and 13 and in AT&T's Business Service Guide. Individual calls will be measured with a minimum initial period of 30 seconds and additional 1-second increments.

Refer to Price List.

- * Beginning January 24, 1998, AT&T Business Network-UniPlan Service FlatRate Pricing Option is not available to newly subscribing Customers. Existing Customers with AT&T Business Network-UniPlan Service FlatRate Pricing Option in effect or Customers with AT&T Business Network-UniPlan Service FlatRate Pricing Option on order prior to January 24, 1998, may continue their current AT&T Business Network-UniPlan Service under existing conditions. Customers will be moved out of the service no later than January 24, 1999.

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.1 DESCRIPTION

7.1.1 General

AT&T Virtual Telecommunications Network Service (VTNS) is a general offering of custom-designed voice telecommunications capabilities to meet specific customer requirements. VTNS in Missouri is provided as an add-on to the interstate VTNS offering, which is described in AT&T's Business Service Guide and is available only to customers who subscribe to that service. Customers shall be entitled to the intrastate discounts to the extent set forth in their interstate VTNS contract arrangements. These intrastate discounts shall apply against Customer's intrastate charges and shall not be applied against a Customer's interstate charges. This tariff specifies intrastate voice transport and is being offered for eligible Missouri Customers of VTNS who have a requirement for intrastate voice communications. All other terms, conditions and any charges other than AT&T VTNS intrastate voice charges are specified in AT&T's Business Service Guide.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.2 DEFINITIONS

The following VTNS definitions are applicable to VTNS usage in the state of Missouri as specified in this tariff. A complete list of definitions is specified in AT&T's Business Service Guide.

Authorization Code

Authorization codes are numeric codes that will provide customers with billing alternatives. Authorization codes may be AT&T or Customer administered as specified below. When AT&T assigns authorization codes they are AT&T administered. When the Customer assigns the authorization codes they are Customer administered. There are two types of authorization codes as specified following:

Type I Authorization Code - A Type I Authorization Code allows calls placed from any location in the state to be billed to that Authorization Code. A Type I Authorization Code can be Customer or AT&T administered. Customer administered Type I can be either standard or expanded.

Type II Authorization Code - A Type II Authorization Code enables a customer to place a call from a location in the state, without the assistance of an operator, by dialing 0+ the called number. A Type II Authorization Code is AT&T administered.

Customer Specified Non-Port Location

A location which is designated by the customer to originate VTNS calls. To establish VTNS calling capability at the location, the customer must obtain Local Exchange Service which the customer pre-subscribes to AT&T. The customer is responsible for paying the Local Exchange Company any charges associated with the Local Exchange Service.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.2 DEFINITIONS (Continued)

Customer Specified Non-Port Telephone Number

A designated telephone number which is associated with a customer specified non-port location. This number can be dialed from locations as specified in each VTNS option to connect a call to that customer specified non-port location. Charges for calls using this feature are billed to the called number.

Hub

A traffic concentration point.

Port

A voice equivalent traffic origination or termination point for VTNS transmission which is located at a hub or remote location.

Basic Port - A port located at a hub which is capable of originating and terminating non-measured calls among hubs. Basic ports may also be used to originate measured calls to any location and to terminate measured calls from measured ports and/or measured remote ports.

Measured Port - A port located at a hub which is capable of originating only measured calls to any location, or terminating calls from measured ports, measured remote ports and basic ports.

Measured Remote Port - A port which is located at a remote location. Measured remote ports and Rate Option 1 Measured Remote Ports are capable of originating or terminating only measured calls to or from any location. A Rate Option 2 Measured Remote Port is capable of terminating only measured calls via a port access telephone number. Measured remote ports are designated as Rate Option 1 to distinguish between the two types when a customer requests both types of calling capabilities.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.2 DEFINITIONS (Continued)

Port Access Telephone Number (PATN)

A specifically designated telephone number that can be dialed from any location in the state to connect a call to VTNS measured or measured remote ports. Charges for calls to a PATN are billed to the port or ports associated with the number. Calls made to a PATN will generally not exceed 30 calls per second. A high volume PATN provides the capacity to receive calling volumes up to but generally not exceeding 125 calls per second.

Remote Location

A customer premises location in the state that is not a hub and with a connection to VTNS through a measured remote port.

Station

Any location in the state from which a VTNS call may originate or terminate. A port is considered a station.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.3 MEASURED CHARGES

A. General

Measured charges are the usage sensitive elements of VTNS and apply to all intrastate VTNS calls. Measured charges are billed in arrears. Mileage measurement is the distance in airline miles between locations. The following mileage measurements apply:

For calls between port locations; for calls from non-port locations to port locations; for calls from port locations to non-port locations; and for calls between non-port locations the mileage is the distance between the V&H coordinates associated with the originating and terminating rate centers.

7.4 RATES AND CHARGES

A. VTNS charges are recurring usage charges applying to all completed calls. The following Schedule A0, A1, B0, B1, C0, C1, D and E rates apply for all calls between stations which access the same AT&T central office.

Application periods shown below apply for VTNS messages:

<u>Rate Period</u>	<u>Times Applicable</u>		<u>Days Applicable</u>
	<u>From</u>	<u>To, But Not Including</u>	
1	8:00 AM	5:00 PM	Monday-Friday
2	5:00 PM	11:00 PM	Sunday-Friday
3	11:00 PM	8:00 AM	All Days
	8:00 AM	11:00 PM	Saturday
	8:00 AM	5:00 PM	Sunday

B. Corporate Calling Card Global Enhancement (CCCGE)

CCCGE is a Calling Card service offered to Customers that will use cross-reference billing to a commercial credit card. CCCGE calls may be established by dialing a designated access number from virtually any telephone in the state.

Refer to Price List.

7.5 VTNS Voice Rate Schedules

A. Schedule A0 and Schedule A1

These schedules include rates for calls:

- between measured ports in the state.
- between Rate Option 1 Measured Remote Ports in the state.
- between measured ports and Rate Option 1 Measured Remote Ports in the state.
- between two locations in Missouri with a measured port or Rate Option 1 Measured Remote Port and the use of a Type 1 Authorization Code.
- any other intrastate calls that would have been rated under Schedule A in the Customer's VTNS Option in this Company's Business Service Guide, if such types of calls had been interstate Calls.

Refer to Price List.

B. Schedule B0 and Schedule B1

These schedules include rates for calls:

- between a measured port or a Rate Option 1 Measured Remote Port in Missouri and a location in the state.
- between a customer specified non-port location in Missouri and a measured port or Rate Option 1 Measured Remote Port in the state.
- between Missouri locations with the use of a Type 1 Authorization Code.
- any other intrastate calls that would have been rated under Schedule B in the Customer's VTNS Option in this Company's Business Service Guide, if such types of calls had been interstate Calls.

7.5 VTNS Voice Rate Schedules (Continued)

C. Schedule C0 and Schedule C1

These schedules include rates for calls:

- between a Missouri customer specified non-port location and a location in the state.
- between Missouri locations with the use of a Type II Authorization Code.
- any other intrastate calls that would have been rated under Schedule C in the Customer's VTNS Option in this Company's Business Service Guide, if such types of calls had been interstate Calls.

Refer to Price List.

D. Schedule D0

This schedule includes rates for calls between Missouri locations and a measured port or a Rate Option 1 Measured Remote Port in the state with the use of a Port Access Telephone Number (PATN).

Refer to Price List.

E. Schedule E0

This schedule applies to all intrastate calls:

- between Missouri locations and a Rate Option 2 Measured Remote Port in the state with the use of a Port Access Telephone Number.
- between Missouri locations and a customer specified non-port telephone number in the state.
- any other intrastate calls that would have been rated under Schedule E in the Customer's VTNS Option in this Company's Business Service Guide, if such types of calls had been interstate Calls.

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.6 Directory Assistance

See Section 21 of this Tariff.

7.7 VTNS Toll-Free Multimedia Service

VTNS Toll-Free Multimedia Service allows a VTNS Customer to add, on a call-by-call basis, digital capabilities (at speeds of 56 kbps or 64 kbps where available) as well as voice, on one Port Access Telephone Number or Customer-specified Non-Port Telephone Number. Intrastate VTNS Toll-Free Multimedia Service is an add-on to interstate VTNS Toll-Free Multimedia Service as described in AT&T's Business Service Guide.

For access to the digital portion of VTNS Toll-Free Multimedia Service, the call originator is responsible for obtaining digital access, where available. Digital capabilities will generally be available where the LECs make access available. An AT&T Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI), per AT&T's Business Service Guide, is required on the terminating end. The switched digital capability of VTNS Toll-Free Multimedia Service is described in AT&T's Business Service Guide.

7. AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

REC'D NOV 26 2002

7.1 AT&T 'PR' Bill Credit Promotion

Service Commission

Beginning August 19, 2000 and ending March 31, 2001, AT&T will offer the following promotion to new or existing intraLATA Customers with locations utilizing dedicated access in Missouri.

Participating Customers must commit to bill a minimum of \$600 in combined direct dial outbound intraLATA usage, Short-Haul dedicated intraLATA usage and AT&T Digital Link usage per-participating Billed Telephone Number (BTN) during a 12-month period after enrollment in this promotion. Customers must also identify AT&T as primary carrier for AT&T Digital Link and intraLATA usage. Customers must request an install date of no later than April 20, 2001.

Customers will receive a \$500 bill credit per participating BTN payable in the fourth full month's bill following enrollment. All credits will be payable to one location based on the bill group number designated by the Customer. If none is provided, the credit will be applied to the Customer's Headquarters' location account. Benefits under this promotion can only be obtained once per BTN.

Eligible services are defined as the following: AT&T Software Defined Network (SDN) Service, AT&T Virtual Telecommunications Service (VTNS), AT&T College Connect Calling (CCCS) Service-Custom, State Calling Service (SCS)-Option 1 and AT&T UniPlan Service.

If customers have not met or exceeded their annual commitment for the 12-month period, a bill-back charge equal to \$500 will be applied to that BTN.

Customer BTNs participating in any previous AT&T SDN, VTNS, CCCS, SCS, or AT&T UniPlan 'P' coupon promotion within the last six months, meaning the date of enrollment in the previous promotion, are ineligible for this promotion. BTNs enrolling in this promotion are ineligible for any other intraLATA and/or AT&T Digital Link promotion that would entitle them to a similar bill credit during a subsequent six-month period.

8. ACC BUSINESS SERVICE

8.1 DESCRIPTION

ACC Business Service is a Custom Network Service that permits Customer-Dialed outbound calling, inbound calling and calling card calls from one or more switched or dedicated customer locations.

ACC Business Service intrastate usage rate schedules provide postalized rates for Inbound Calling, Outbound Calling and Calling Card calls. ACC Business Service is a non-AT&T branded monthly service, which permits customers to contract for one of four basic rates embedded in a monthly revenue commitment. The commitments are as follows:

Switched Access

- 12-Month Basic Rates Based on \$100 Revenue Commitment*
- 15-Month Basic Rates Based on \$150 Revenue Commitment*
- 12-Month Saver Rates Based on \$100 Revenue Commitment*
- 15-Month Saver Rates Based on \$150 Revenue Commitment*

* ACC Business Services Switched Access term plans referenced above are not available under this tariff or through any AT&T Contract or contract referencing this tariff to new Customers. Existing Customers of these plans in effect or on order prior to May 19, 2004 will continue under existing rate plan.

8. ACC BUSINESS SERVICE

8.1 DESCRIPTION

ACC Business Service is a Custom Network Service that permits Customer-Dialed outbound calling, inbound calling and calling card calls from one or more switched or dedicated customer locations.

ACC Business Service intrastate usage rate schedules provide postalized rates for Inbound Calling, Outbound Calling and Calling Card calls. ACC Business Service is a non-AT&T branded monthly service, which permits customers to contract for one of four basic rates embedded in a monthly revenue commitment. The commitments are as follows:

Switched Access

12-Month Basic Rates Based on \$100 Revenue Commitment*	(CP)
15-Month Basic Rates Based on \$150 Revenue Commitment*	
12-Month Saver Rates Based on \$100 Revenue Commitment*	
15-Month Saver Rates Based on \$150 Revenue Commitment*	(CP)

* ACC Business Services Switched Access term plans referenced above are not available under this tariff or through any AT&T Contract or contract referencing this tariff to new Customers. Existing Customers of these plans in effect or on order prior to May 19, 2004 will continue under existing rate plan. (AT)

9. AT&T BUSINESS NETWORK SERVICE

9.1 DESCRIPTION

AT&T Business Network Service is a Custom Network Service, which permits outward and inward calling from customer stations located in the State of Missouri. AT&T Business Network Service allows the Customer to integrate their long distance, including directory assistance, card and local usage. ABN service is provided via a Term Plan Contract which includes a term and revenue commitment as described in AT&T Business Service Guide.

AT&T Business Network Service is an add-on to interstate AT&T Business Network Service. Interstate terms, conditions, features, functions, discounts, and charges other than the intrastate usage are described in AT&T's Business Service Guide and are incorporated here by reference and shall apply to intrastate AT&T Business Network Service. AT&T Business Network Service is furnished where facilities and billing capabilities permit.

AT&T Regional Frame Relay service and associated rates, as described in this state's Private Line Local Channel Services tariff, Section 12, is available to AT&T Business Network Service customers.

9.2 RATES AND CHARGES

9.2.1 Network Connection Call Rating

AT&T Business Network calls are differentiated and rated according to one of the following arrangements as ordered by the Customer:

- Fully Connected*: the transmission path for outbound calls must originate and terminate via access facilities owned by Company or its CLEC affiliate. The transmission path for inbound toll-free calls must originate and terminate via access facilities owned by Company or its CLEC affiliate.
- Partially Connected*: the transmission path for outbound calls must originate or terminate via access facilities owned by Company or its CLEC affiliate. The transmission path for inbound toll-free calls must originate or terminate via access facilities owned by Company or its CLEC affiliate.
- Standard*: the transmission path neither originates nor terminates via access facilities owned by Company or its CLEC affiliate.

* Effective July 1, 2008 the rates for these services are available to existing Term Plan customers from July 1, 2008 through the end of the currently in-effect contract term.

9.2.6 ABN Premier Bundle

ABN Premier Bundle may not be ordered on or after September 1, 2011. Customers who ordered the bundle before September 1, 2011 may keep it at their current location, may add lines and locations and may keep the service if they move locations.

(AT)
|
(AT)

ABN Premier is a bundled arrangement that provides an array of AT&T Affiliate products and services including AT&T Mobility Voice, and is ordered directly through AT&T's on-line Mobility web portal. Customer must agree to a 2-year ABN Premier term agreement and purchase online in order to qualify. Early Termination Fees may apply. The charges for Intrastate IntraLATA and Intrastate InterLATA services are as specified in the Price List.

Calling Card is not available under this offer.

See the AT&T Business Service Guide for complete service description, explanation of service usage, and terms and conditions.

9.2.7 AT&T Business Network Express

AT&T Business Network Express is a bundled service arrangement which requires the Customer to enter into a term contract for an array of regulated and non-regulated products provided by multiple AT&T affiliates. The service is offered under a 2 or 3 year term. Customer must contract for a minimum number of products across affiliates to be eligible. Early Termination Fees apply. The charges for the ABN Express Intrastate IntraLATA and Intrastate InterLATA services which are included in the bundle are as specified in the Price List.

Calling Card service is not available under this offer.

10. AT&T ALL IN ONE SERVICE

10.1 DESCRIPTION

10.1.1 General

AT&T All In One Service is a Custom Network Service that permits Customer dialed calling from and to single or multiple Customer locations in the State of Missouri.

AT&T All In One Service is an add-on to interstate AT&T All In One Service. Interstate terms, conditions, features, functions, discounts, and charges other than the intrastate usage are described in AT&T's Business Service Guide and are incorporated here by reference and shall apply to intrastate AT&T All In One Service. AT&T All in One Service is furnished where facilities and billing capabilities permit.

10.1.2 Availability

AT&T All In One Service is available via Local Exchange switched access and via cellular access. The Customer is responsible for obtaining the Local Exchange Service Access Line. The Local Exchange Service Line must be presubscribed to AT&T as the primary interexchange carrier. The Customer's long distance cellular access must be presubscribed to AT&T as the primary interexchange carrier.

AT&T All In One Service is provided on a monthly basis. Customers will receive a single monthly bill for all locations billed to the same Main Billed Account. The Customer is financially responsible for all locations included under the Customer's Main Billed Account.

10. AT&T ALL IN ONE SERVICE

10.2 RATES AND CHARGES

A. Application of Charges

Usage charges apply to all completed calls and are based upon the applicable rate schedules. Usage charges are billed in arrears. The chargeable time for AT&T All In One Service calls is determined by the duration of the call. However, AT&T All In One Service calls have a 60-second minimum time requirement.

B. Rate Methodology

For Inward and Outward InterLATA and IntraLATA, and Customer Dialed AT&T CIID/891 Calling Card direct dial call types, the rate per minute applies for all days of the week including holidays.

1. Rate Plans J**

(CT)

The chargeable time for AT&T All In One Service calls is determined by the duration of the call. The number of seconds of each call are converted into minutes (see example below). AT&T All In One Service calls have a 60-second minimum time requirement. Rounding to the nearest whole cent is employed.

Example: (\$0.1000 per minute rate):

Length of call in seconds: 124

Divide by 60 seconds and carry to 4 decimal places: $124 \div 60 = 2.0666$

Multiply by per minute rate and carry to 4 decimal places: $2.0666 \times \$0.1000 = \0.2066

Round to nearest whole cent

** Effective September 1, 2006, All In One long distance Rate Plan J is not available to newly subscribing customers. Existing customers with this rate plan in effect or on order prior to September 1, 2006, may continue with their current plan under existing conditions. Existing customers may add new lines and/or features, but the addition of new locations is not permitted.

(AT)

(AT)

(MT) Material previously displayed on this sheet now appears in Sheet 2.1.

10. AT&T ALL IN ONE SERVICE

RECD NOV 26 2002

10.1 AT&T All In One PIC Reimbursement

Service Commission

AT&T will offer the following promotion to new and existing Customers who enroll and concurrently convert their lines from another interexchange carrier's switched service to AT&T All In One Service between January 16, 2001 and June 30, 2001. All converted lines associated with this promotion must be installed no later than July 8, 2001.

Specifically, under this promotion, AT&T will reimburse Customers, a total of \$5.00 for the interexchange carrier's Carrier Change Charge for each outbound line that the Customer converts for intraLATA use under this promotion, from the switched services of another interexchange carrier to AT&T as their primary carrier. Customers must contact AT&T to request their PIC reimbursement within 30 days after installation.

The Customer will receive the \$5.00 PIC reimbursement in the form of a bill credit that will appear on the Customer's AT&T All In One bill no later than the third full billing month after enrollment in this promotion. The \$5.00 intraLATA PIC reimbursement will be assessed on a per-line basis. If the Customer changes both the interstate interLATA PIC and the intrastate intraLATA PIC on the same line and at the same time, only the interLATA PIC Charge will be reimbursed at \$5.00 per line. There is a limit of one such reimbursement per-line per Customer, which applies whether or not a reimbursement is made pursuant to this promotion or any other promotion.

Customers enrolling in this promotion are ineligible for any other PIC reimbursement for the services associated with this promotion.

11. AT&T SWITCHED DIGITAL SERVICE

11.1 DESCRIPTION

11.1.1 General

Switched Digital Service (SDS) is furnished to permit the switching and transmission of 56/64 kbps, and 384 kbps digital signals that provides for the simultaneous two-way transmission of digital signals between two customer's premises. SDS consists of a common user digital network, which is furnished between designated AT&T central offices for service within the state. An access line is required between each customer's premises and the SDS central offices. AT&T central offices are specified in AT&T's Tariff F.C.C. No. 10. Intrastate Switched Digital Service is an add-on to interstate Switched Digital Service which is described in AT&T's Business Service Guide. All interstate terms and conditions, and any charges other than the intrastate usage charges are specified in AT&T's Business Service Guide. (CT)

11.2 ACCESS

A special access line or a switched access line (or other access) of the appropriate transmission speed (56/64 kbps, or 384 kbps) is required to connect a customer's premises to a SDS (include 56/64 kbps) or terrestrial 1.544 (includes 384 kbps) central office. Access lines are connected to an office connection as set forth in AT&T's Tariff F.C.C. No. 9. (CT)

Access lines are connected at the AT&T central office for switching to:

- another access line for communications between two customer premises served by the same AT&T central office, or
- the common user digital network for communications between two customer premises served by different AT&T central offices.

Switched Digital Service (SDS) is furnished to permit the switching and transmission of 56/64 kbps, 384 kbps, and 1.536 mbps digital signals that provides for the simultaneous two-way transmission of digital signals between two customer's premises. SDS consists of a common user digital network which is furnished between designated AT&T central offices for service within the state. An access line is required between each customer's premises and the SDS central offices. AT&T central offices are specified in AT&T's Tariff F.C.C. No. 10. Intrastate Switched Digital Service is an add-on to interstate Switched Digital Service which is described in AT&T's Business Service Guide. All interstate terms and conditions, and any charges other than the intrastate usage charges are specified in AT&T's Business Service Guide.

11.2 ACCESS

A special access line or a switched access line (or other access) of the appropriate transmission speed (56/64 kbps, 384 kbps or 1.536 mbps) is required to connect a customer's premises to a SDS (include 56/64 kbps) or terrestrial 1.544 (includes 384 kbps and 1.536 mbps) central office. Access lines are connected to an office connection as set forth in AT&T's Tariff F.C.C. No. 9.

Access lines are connected at the AT&T central office for switching to:

- another access line for communications between two customer premises served by the same AT&T central office, or
- the common user digital network for communications between two customer premises served by different AT&T central offices.

11. AT&T SWITCHED DIGITAL SERVICE

11.3 RATES AND CHARGES

The charges for SDS consists of usage charges. Usage charges are function of use (e.g., per connection or per unit of time). Usage charges will apply for the period that service is furnished. Usage charges will be billed in arrears.

11.3.1 Usage Rates

The applicable usage charges depend on whether a call is between 56/64 kbps, or 384 kbps Switched Digital Service central offices within the state or between access lines within 56/64 kbps, or 384 kbps Switched Digital Service central offices. A switched access line rate applies to the usage on each switched access line used to originate and/or terminate a 56/64 kbps Switched Digital Service call. Charges vary by the airline mileage between central offices, which is determined in AT&T's Tariff F.C.C. No. 4. (CT)

A. Rates Schedules

Refer to Price List.

B. Savings Plan Discount

The discount will be applied to the total monthly usage charges associated with a customer's main billed account. The discount will be applied on a pro rata basis to the intrastate usage as follows:

<u>Total Monthly Usage Charge</u>	<u>Discount Percentage</u>
0-\$50	none
\$50.01-\$500	5%
\$500.01-\$1,000	8%
\$1,000.01-\$3,000	12%
\$3,000.01-\$8,000	15%
over \$8,000	none

(AT)

11.4 SWITCHED DIGITAL SERVICE (SDS) VOLUME PLAN

The SDS Volume Discount Plan offers special usage rates for new or existing Customers who sign up for a 1, 2, or 3 year term plan and commit to incurring at least \$50-\$16,500 per month (\$600-\$198,000 annually) in gross annual revenue.

11.4.1 SDS Volume Discount Plan

Effective September 6, 2006, AT&T will offer a 20% monthly discount on the SDS Volume Plan usage rates as specified in the Price List.

For months that the Customer does not meet the monthly commitment, the Customer will be billed the Volume Plan usage charges as specified in the Price List for that month. However, if the Customer meets their annual commitment, a credit will be applied for the month(s) the Customer usage was not discounted. This credit is equal to the difference between the undiscounted and discounted usage for that month. Additionally, this credit will expire within six (6) months of posting to that same account that generated the usage.

If the Customer meets their annual commitment any time during the year, the Customer will receive the discount for the remainder of the plan year as applicable.

12. TOLL-FREE MEGACOM Service*

(CT)(AT)

12.1 DESCRIPTION

12.1.1 General

Toll-Free MEGACOM Service is a custom switched telecommunications service which permits inward 800 number calling from stations located in the State of Missouri to an Toll-Free MEGACOM Service Central Office. Intrastate service is an add on to the interstate Toll-Free MEGACOM Service provided in AT&T's Business Service Guide. Toll-Free MEGACOM Service rates and charges apply to calls completed from calling stations to Toll-Free MEGACOM Service Central Offices. Customers may subscribe to the basic service which includes the entire state or to customer selected NPA(s) within the state. Calls from points outside the selected NPA(s) will be blocked. Toll-Free MEGACOM Service calls are dialed and completed without the assistance of a Company operator, and do not include.

- Person-to-Person calls,
- Collect calls,
- Conference calls,
- Any other classification of operator handled calls.

12.2 REGULATIONS

12.2.1 Provision of Toll-Free MEGACOM Service

Toll-Free MEGACOM Service is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

Toll-Free MEGACOM Service will be engineered to meet its transmission parameters.

- * Your customer bill and other customer documents may refer to Toll-Free MEGACOM Service as AT&T MEGACOM 800 Service.

(MT) Material previously displayed on this sheet now appears on Sheet 2.

12. AT&T MEGACOM 800 Service

12.1 DESCRIPTION

12.1.1 General

AT&T MEGACOM 800 Service is a custom switched telecommunications service which permits inward 800 number calling from stations located in the State of Missouri to an AT&T MEGACOM 800 Service Central Office. Intrastate service is an add on to the interstate AT&T MEGACOM 800 Service provided in AT&T's Business Service Guide. AT&T MEGACOM 800 Service rates and charges apply to calls completed from calling stations to AT&T MEGACOM 800 Service Central Offices. Customers may subscribe to the basic service which includes the entire state or to customer selected NPA(s) within the state. Calls from points outside the selected NPA(s) will be blocked. AT&T MEGACOM 800 Service calls are dialed and completed without the assistance of a Company operator, and do not include.

- Person-to-Person calls,
- Collect calls,
- Conference calls,
- Any other classification of operator handled calls.

12.2 REGULATIONS

12.2.1 Provision of AT&T MEGACOM 800 Service

AT&T MEGACOM 800 Service is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

AT&T MEGACOM 800 Service will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T MEGACOM 800 Service will usually be made during normal working hours. See AT&T's Business Service Guide for applicable charges.

13. TOLL-FREE READYLINE*

(CT)(AT)

13.1 DESCRIPTION

13.1.1 General

Toll-Free READYLINE is a custom switched telecommunications service which permits (CT)
inward 800 number calling from stations located within the State of Missouri to a
customer's station within the state. Intrastate Toll-Free READYLINE is provided in (CT)
conjunction with interstate Custom 800 Services and is available only to customers who
subscribe to the interstate service provided in AT&T's Business Service Guide. Toll-Free (CT)
READYLINE rates and charges apply to calls completed from calling stations in the entire
state or from customer's selected NPAs within the state to the customer's station. Calls
from points outside of the selected NPAs will be blocked.

Toll-Free READYLINE calls are dialed and completed without the assistance of a (CT)
Company operator, and do not include:

- Person-to-Person calls
- Collect calls
- Conference calls
- Any other classification of operator handled calls

Toll-Free READYLINE consists of a Toll-Free READYLINE telephone number associated (CT)
with a customer's station. Access to the customer's station is not obtained under this
tariff.

* Your customer bill and other customer documents may refer to Toll-Free READYLINE Service (AT)

"Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station. (CT)

A. Engineering

Toll-Free READYLINE will be engineered to meet its transmission parameters. (CT)

B. Installation

Installation of Toll-Free READYLINE will usually be made during normal working hours. See AT&T's Business Service Guide for applicable charges. (CT)

C. Maintenance

The Company will maintain and repair the service which it provides.

13.2.2 Transfer or Assignment

Toll-Free READYLINE, including any associated Toll-Free READYLINE number, may be transferred or assigned to a new customer as provided in AT&T's Business Service Guide. (CT)

13.2.3 Retention of Toll-Free READYLINE Telephone Number (CT)

Customers may retain the same Toll-Free READYLINE telephone number when moving to another location or changing to AT&T 800 Service or Toll-Free MEGACOM Service. (CT)

13.2.4 Minimum Service Period

The minimum service period for Toll-Free READYLINE is one day. (CT)

13. AT&T 800 READYLINE

13.2 REGULATION

13.2.1 Provision of AT&T 800 READYLINE

AT&T 800 READYLINE is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

AT&T 800 READYLINE will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T 800 READYLINE will usually be made during normal working hours. See AT&T's Business Service Guide for applicable charges.

C. Maintenance

The Company will maintain and repair the service which it provides.

13.2.2 Transfer or Assignment

AT&T 800 READYLINE, including any associated AT&T 800 READYLINE number, may be transferred or assigned to a new customer as provided in AT&T's Business Service Guide.

13.2.3 Retention of AT&T 800 READYLINE Telephone Number

Customers may retain the same AT&T 800 READYLINE telephone number when moving to another location or changing to AT&T 800 Service or AT&T MEGACOM 800 Service.

13.2.4 Minimum Service Period

The minimum service period for AT&T 800 READYLINE is one day.

13. TOLL-FREE READYLINE (CT)

13.3 RATES AND CHARGES

13.3.1 General

The rates for Toll-Free READYLINE consist of rate elements which are usage-based. (CT)
Toll-Free READYLINE Service is also provided with Connected Pricing as described in (CT)
AT&T's Business Service Guide.

A. Usage Charges

Usage charges are billed in arrears. Usage is billed per Toll-Free READYLINE telephone (CT)
number and is calculated on a per call basis. Individual calls will be measured with a
minimum initial period of 30 seconds and additional 1 second increments, rounded to the
next highest second or full increment.

1. Rate Schedule

Refer to Price List.

2. Dedicated Access Line Discount

When a customer orders Toll-Free READYLINE on a dedicated access line provided (CT)
by this Company, a \$.02 per intrastate minute of use discount applies to all intrastate
usage carried over that dedicated access line. This discount is in addition to the
access line discount in AT&T's Business Service Guide.

3. Volume Value Plan

A volume value plan is included with Toll-Free READYLINE. The volume value plan (CT)
uses a percentage reduction which applies to all usage charges, as specified below,
during a billing month.

<u>Total Usage</u>	<u>Percent Discount</u>
\$0 - \$50.00	0%
\$50.00 - \$350.00	5%
\$350.00 - \$1,350.00	10%
Over \$1,350.00	15%

14. AT&T 800 GOLD SERVICE

14.1 DESCRIPTION

14.1.1 General

AT&T 800 Gold Service is a telecommunications service which permits inward calling between stations located within the State of Missouri. AT&T 800 Gold Service includes AT&T 800 Gold Service-Switched and AT&T 800 Gold Service-Nodal. Intrastate AT&T 800 Gold Service is an add on to the interstate AT&T 800 Gold Service and is available only to customers who subscribe to the interstate service provided in AT&T's Business Service Guide. AT&T 800 Gold Service is available in these alternative packages: (a) AT&T 800 Gold Service Basic which includes AT&T 800 Gold Service Uninterrupted Service Guarantee, Service Repair Guarantee, and Call Completion Guarantee; (b) Option 1 which includes AT&T 800 Gold Service Uninterrupted Service Guarantee and Service Repair Guarantee described in paragraph 14.2.4 of this tariff; and (c) Option 2 which includes AT&T 800 Gold Service Uninterrupted Service Guarantee, Service Repair Guarantee and No-Miss Installation Guarantee described in AT&T's Business Service Guide. The Customer will receive a single monthly bill for all locations billed to the same main billed account.

All AT&T 800 Gold Service calls are dialed without the assistance of a Company operator and do not include:

- Person to Person calls
- Collect Calls
- Third Number Billed Calls
- Conference calls
- Directory Assistance calls

14.2 REGULATIONS

14.2.1 General

- Conference calls
- Directory Assistance calls

14.2 REGULATIONS

14.2.1 General

In addition to the General Regulations applicable to AT&T MEGACOM 800 Service and AT&T 800 READYLINE in CUSTOM NETWORK SERVICE, Sections 12 and 13 preceding, the following apply:

14.2.2 Transfer of Assignment

AT&T 800 Gold Service may be transferred or assigned to a new Customer. See AT&T's Business Service Guide.

Issued: November 26, 2002

Effective: December 26, 2002

227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.3 Minimum Service Period

The minimum service period for AT&T 800 Gold Service is one day for AT&T 800 Gold Service-Switched and thirty days for AT&T 800 Gold Service-Nodal.

14.2.4 Guarantees

A. AT&T 800 Gold Service Uninterrupted Service Guarantee

An alternative routing arrangement described as AT&T 800 Gold Service Uninterrupted Service Guarantee applies to AT&T 800 Gold Services. This guarantee will apply if the Customer is unable to receive AT&T 800 Gold Service calls or when an interruption occurs other than the Customer not being able to receive calls. For the period of the interruption, AT&T will implement the Customer's choice of one of the following three options as a temporary alternate:

1. AT&T will provide the customer with AT&T 800 Gold Service-Switched.
 - a. If the AT&T 800 Gold Service interruption exists due to a failure of an AT&T tariffed service, and the customer is unable to receive AT&T 800 Gold Service Calls on the interrupted service, AT&T will waive the usage charges for the temporary AT&T 800 Gold Service-Switched.
 - b. If the AT&T 800 Gold Service interruption exists due to the failure of power, equipment or systems not provided by the Company, then the Customer is responsible for all tariffed usage charges for the temporary AT&T 800 Gold Service-Switched.
2. AT&T will route the Customer's AT&T 800 Gold Service calls to an announcement at no charge until the interruption condition is repaired.
3. AT&T will route the calls to one of the AT&T 800 Services to which the customer currently subscribes per AT&T's Business Service Guide.

Issued: November 26, 2002

Effective: December 26, 2002

227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

A. AT&T 800 Gold Service Uninterrupted Service Guarantee (Continued)

3. (Continued)

- a. If the AT&T 800 Gold Service interruption occurs due to a failure of an AT&T tariffed service, and the Customer is unable to receive AT&T 800 Gold Service calls on the interrupted service, AT&T will apply a daily credit to the bill for the alternate AT&T 800 Service to which the Customer currently subscribes for each day, or portion thereof, that the Customer's service remains interrupted. The amount of the daily credit will be equal to the average daily charges of the interrupted service for either the calendar month immediately prior to the interruption or, if no usage charges exists in that prior month, for the calendar month of the interruption.
- b. If the AT&T 800 Gold Service interruption exists due to the failure of an AT&T tariffed service, and the Customer is still able to receive AT&T 800 Gold Service calls on the interrupted service, the Customer is responsible for all usage charges incurred as a result of these AT&T 800 calls pursuant to the tariffed rate schedule of the alternate AT&T 800 Service.
- c. If the AT&T 800 Gold Service interruption exists due to the failure of power, equipment or systems not provided by the Company, then the Customer is responsible for all usage charges incurred as a result of the AT&T 800 calls pursuant to the tariffed rate schedule of the alternate AT&T 800 Service.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager

Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

B. Uninterrupted Service Guarantee will not apply for the following:

1. Interruptions caused by the negligence of the Customer or others authorized by the Customer to use the Customer's service.
2. Interruptions during any period in which this Company or its agents are not afforded access to the premises where the access lines associated with the AT&T 800 Gold services are terminated.
3. Interruptions during any period when the Customer or User has released the service to the Company for maintenance or rearrangement purposes, or for the implementation of a Customer order.
4. Periods when the Customer elects not to release the services for testing and/or repair and continues to use it on an impaired basis.
5. Non-completion of calls due to network busy conditions.
6. Interruptions not reported to the Company.

Issued: November 26, 2002

Effective: December 26, 2002

227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

C. AT&T 800 Gold Service Repair Guarantee

The AT&T 800 Service Repair Guarantee applies to AT&T 800 Gold Services. The AT&T 800 Gold Service Repair Guarantee is in addition to the AT&T 800 Gold Uninterrupted Service Guarantee.

1. AT&T 800 Gold Service-Nodal Repair Guarantee

AT&T will repair the AT&T 800 Gold Service-Nodal interruption within five hours from the time the Customer reports an interruption to AT&T or a credit will apply. The credit will be equal to a percentage of the total AT&T 800 Gold Service-Nodal usage charges associated with the interrupted 800 number termination(s) for either the calendar month immediately prior to the interruption or, if no usage charges exist in that prior month, for the calendar month of the interruption. AT&T will apply the credit to the Customer's bill in the amount shown in the following table:

<u>Length of Interruption</u>	<u>Credit Per Interruption</u>
Over 5 hours	5.0%

If more than one interruption is reported on an 800 number termination in a given month, each subsequent interruption is considered independently in calculating total credits for that 800 number termination. Cumulative credit allowances may not exceed 100% of the total usage revenue of the number termination for the calendar month of the interruption. Credit may not be carried over to subsequent months.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

C. AT&T 800 Gold Service Repair Guarantee (Continued)

2. AT&T 800 Gold Service-Switched Repair Guarantee

AT&T will repair the interruption to AT&T 800 Gold Service-Switched, when not provided on a dedicated access line, within a one hour interval from the time the Customer reports the interruption or a credit will apply. The credit will be based on the total usage charges of the 800 number termination(s) for either the calendar month immediately prior to the interruption or, if no usage charge exists in that prior month, for the calendar month of the interruption. AT&T will apply the credit to the Customer's bill in the amount shown in the following table:

<u>Length of Interruption</u>	<u>Credit Per Interruption</u>
Over 1 hour	5.0%

If more than one interruption is reported on an 800 number termination in a given month, each subsequent interruption is considered independently in calculating total credits for that 800 number termination. Cumulative credit allowances may not exceed 100% of the total usage charge of the number termination for the calendar month of the interruption. Credit may not be carried over to subsequent months.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

C. AT&T 800 Gold Service Repair Guarantee (Continued)

3. AT&T will repair the interruption to AT&T 800 Gold Service-Switched provided on a dedicated access line within five hours from the time the Customer reports the interruption to AT&T between the hours of 8AM to 5PM (local time), Monday through Friday or a credit will apply. The credit will be based on the total usage charges of the 800 number termination(s) for either the calendar month immediately prior to the interruption or for the month in which the interruption occurs, whichever is higher. AT&T will apply the credit to the Customer's bill in the amount shown in the following table:

<u>Length of Interruption</u>	<u>Credit Per Interruption</u>
Over 5 hours	5.0%

If more than one interruption is reported on an 800 number termination in a given month, each subsequent interruption is considered independently in calculating total credits for that 800 number termination. Cumulative credit allowances may not exceed 100% of the total usage revenue of the number termination for the calendar month of the interruption. Credit may not be carried over to subsequent months.

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.2 REGULATIONS (Continued)

14.2.4 Guarantees (Continued)

D. AT&T 800 Gold Service Call Completion Guarantee

The AT&T 800 Gold Service Call Completion Guarantee applies to AT&T 800 Gold Services. AT&T 800 Gold Service will provide call completion from the originating AT&T 4ESS switch to the terminating AT&T 4ESS switch equal to or greater than 99.9% of AT&T 800 Gold Service call attempts across the AT&T Network.

The call completion percentage will be calculated on a calendar month basis as an aggregate of all interstate and intrastate AT&T 800 Gold Service call attempts. A call attempt is any call accepted for transport by an originating 4ESS. The call completion percentage equals the number of complete call attempts divided by the total number of call attempts. Call attempts unable to traverse the AT&T Network and arrive at the terminating AT&T 4ESS, for whatever reason, will be considered incomplete. All other call attempts will be considered complete through the AT&T Network.

If AT&T fails to provide the call completion percentage as shown above for AT&T 800 Gold Service in any calendar month, AT&T will apply a credit to the Customer's bill equal to the service's Monthly Service Charge.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

14. AT&T 800 GOLD SERVICE

14.3 RATES AND CHARGES

AT&T 800 PLAN K*

15.1 DESCRIPTION

15.1.1 General

AT&T 800 Plan K is a custom switched telecommunications service which permits inward 800 number calling from stations located in the state of Missouri to a station associated with a Customer's local exchange telephone number. Intrastate AT&T 800 Plan K is an add-on to the interstate AT&T 800 Plan K Service and is available only to customers who subscribe to the interstate service provided in AT&T's Business Service Guide. AT&T 800 Plan K rates and charges apply to calls completed from calling stations to a telephone number associated with the Customer's local exchange service access line. Customers may receive calls from the entire state, or from customer selected NPAs within the state. If a customer selects NPAs, calls from points outside of the selected NPAs will be blocked.

AT&T 800 Plan K calls are dialed and completed without the assistance of a Company operator, and do not include:

- Person-to-Person calls
- Calling Card calls
- Collect calls
- Conference calls
- Any other classification of operator handled calls

AT&T 800 Plan K consists of an 800 telephone number associated with a Customer's local exchange telephone number. AT&T 800 Plan K is provided on a Customer's existing local exchange access line, which is not obtained under this tariff.

- * Beginning January 6, 1996, Option B is not available to newly subscribed customers. Existing customers or customers with AT&T 800 Plan K - Option B on order may continue their current Option B under existing conditions through December 31, 1996.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

15. AT&T 800 PLAN K

15.2 REGULATIONS

15.2.1 Provision of AT&T 800 Plan K

AT&T 800 Plan K is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

AT&T 800 Plan K will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T 800 Plan K will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair the service it provides.

15.2.2 Transfer or Assignment

AT&T 800 Plan K, including any associated AT&T 800 Plan K number, may be transferred or assigned to a new Customer.

15.2.3 Retention of AT&T 800 Plan K Telephone Number

Customers may retain the same AT&T 800 Plan K telephone number when moving to another location or changing to any AT&T 800 service.

15.2.4 Minimum Service Period

The minimum service period for AT&T 800 Plan K is one day.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

15. AT&T 800 PLAN K

15.3 RATES AND CHARGES

15.3.1 General

The rates for AT&T 800 Plan K are usage-based.

A. Usage Charges

AT&T 800 Plan K has two optional rate schedules available: Option A, at a per minute rate and Option B at a block-of-time rate schedule.

Option A

Usage charges are billed in arrears. Usage is billed per AT&T 800 Plan K telephone number and charges are calculated on a per call basis. Individual calls will be measured with a minimum initial period of 1 minute and additional 1 minute increments, rounded to the next highest minute or full increment. Total usage charges will be rounded to the nearest cent

Option B

Usage charges for Option B are determined on a minimum average time requirement. Usage is billed per AT&T 800 Plan K telephone number. Charges for total chargeable hours will be determined and rounded to the nearest cent.

1. Rate Schedules

Refer to Price List.

2. Minimum Average Time Requirement

The Minimum Average Time Requirement for AT&T 800 Plan K, Option B, Block-of-Time, is 30 seconds. This means that if the average duration per call is less than 30 seconds, billing will be based on the actual number of calls using an average duration of 30 seconds per call.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

15. AT&T 800 PLAN K

15.4 AT&T 800 PLAN K OPTIONS

15.4.1 Customer-Selected NPAs

Customer-selected NPAs allow a Customer to select specific NPA(s) from which calls to AT&T 800 Plan K will be allowed. For example, a customer in Home NPA 816 may elect to receive calls from NPA 314 only. See AT&T's Business Service Guide for applicable charges.

Replacing Original Sheet 1

16. AT&T EasyReach 800 Service (aka PLAN P) (CT)
16.1 DESCRIPTION

AT&T EasyReach 800 is a custom switched telecommunications service (CT)
which permits inward 800 number calling from stations located in the (CT)
State of Missouri to a station associated with a Customer's local (CT)
exchange telephone number. Intrastate AT&T EasyReach 800 is an add- (CT)
on to the interstate AT&T EasyReach 800 and is available only to (CT)
Customers who subscribe to the interstate service. All the terms and (CT)
conditions are contained within the consumer AT&T Service Guide
OTH01004DD.

16.2 RATES AND CHARGES

AT&T EasyReach 800 is available to customers who enroll in this (CT)
service by completing and returning an enrollment form provided by (CT)
AT&T by calling can 800 number designated by AT&T for this service, (CT)
or by enrolling during a marketing contact with AT&T. AT&T EasyReach (CT)
800 service is offered under Option 1 and Option 2, as specified
below.

The rates for AT&T EasyReach 800 consist of a monthly recurring (CT)
charge, usage charges and nonrecurring charges that apply per AT&T (CT)
EasyReach 800 routing arrangement. Each routing arrangement (CT)
furnished to the customer will be arranged for either Option 1 or (CT)
Option 2 only. Option 1 and Option 2 will not be combined under the (CT)
same routing arrangement. The usage rates specified for Option 1 and (CT)
Option 2 apply for all times of day, seven days a week, for all (CT)
distances. Calls are billed on a full minute basis. All the terms (CT)
and conditions are contained within the consumer AT&T Service Guide
OTH01004DD.

A. Option 1* (CP)

The monthly charge, all the terms and conditions are contained (CT)
within the consumer AT&T Service Guide OTH01004DD. Usage is (CT)
billed per each AT&T EasyReach 800 - Option 1 routing (CT)
arrangement.
Refer to Price List.

B. Option 2

The monthly charge, All the terms and conditions are contained (CT)
within the consumer AT&T Service Guide OTH01005DD. Usage is (CT)
billed per each AT&T EasyReach 800 - Option 2 routing (CT)
arrangement.
Refer to Price List.

* Effective April 3, 2005, Option 1 of this service is no longer (CP)
available to new subscribers. (CP)

Issued: March 3, 2005

Effective: April 3, 2005

17. AT&T MULTIQUEST SERVICE

REC'D NOV 26 2002

17.1 DESCRIPTION

Service Commission

17.1.1 General

AT&T MultiQuest Service is a custom switched telecommunications service which permits interactive communications via a 900 number from locations within the State of Missouri to an AT&T MultiQuest Service Central Office. Intrastate service is an automatic add-on to the interstate AT&T MultiQuest Service provided in AT&T's Business Service Guide. The AT&T assigned 900 prefix telephone number(s) will provide recorded and/or live customer information to the caller.

AT&T will provide, upon written request from any caller to AT&T MultiQuest Service, the customer's name, address and local exchange telephone number as indicated on the Company's records.

The customer must maintain an adequate number of access lines for AT&T MultiQuest Service to handle the customer's expected demand in order to prevent interface or impairment of this service or any other service provided by the Company considering, (1) total call volume and (2) peak calling period. When a customer's total number of busy and ring/no answer calls exceeds 25% of all calls (completed calls, ring/no answers and busies) for three consecutive billing periods, the Company, without incurring any liability, may disconnect or refuse to furnish AT&T MultiQuest Service to that customer. In case of disconnection, the customer will be notified at least five days in advance of the disconnect. Notification may be by mail or in person.

Customer advertisements, publications or any other communication containing the AT&T MultiQuest Service telephone number shall contain:

- A. the period of time customer information is available to the caller;
- B. a statement informing the caller that a call to AT&T MultiQuest Service may be connected to an acknowledgment or to a message provided by the customer, or may be answered personally; and
- C. any geographic limitations.

17. AT&T MULTIQUEST SERVICE

REC'D NOV 26 2002

17.2 REGULATIONS

Service Commission

17.2.1 Provision of AT&T MultiQuest Service

AT&T MultiQuest Service is offered under this tariff subject to the availability of suitable service components by this Company or obtained by others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station. Service will be provided where facility and billing capability exist.

17.2.2 Availability

AT&T MultiQuest Service is available at designated AT&T MultiQuest Service Central Offices specified in this Company's Tariff F.C.C. No. 10.

17.2.3 Minimum Payment Period

The minimum payment period for AT&T MultiQuest Service is one month.

17.2.4 Notice of Discontinuance

The customer's order to discontinue service must be received by the Company one month prior to the day on which the service is to be discontinued. Monthly recurring charges apply for that period from the date the Company receives the discontinuance notice or until the requested discontinuance date, whichever is later. The charges will continue to apply whether or not the customer continues to use the service.

17.2.5 Cancellation of an Order

The minimum period to cancel an order for AT&T MultiQuest Service without liability, is 30 days prior to the originally requested service date. For orders canceled on less than 30 days' notice, a cancellation charge applies. The cancellation charge is 1/30 of the sum of the basic service monthly charge, installation charge and the additional telephone number monthly charge, if applicable. The cancellation charge is applied to each day less than the required 30 days' notice

17. AT&T MULTIQUEST SERVICE

REC'D NOV 26 2002

17.2 REGULATIONS - (Continued)

17.2.6 Retention of 900 Telephone Number

Service Commission

Nothing herein or elsewhere in this tariff shall give any Customer, assignee or transferee any interest or proprietary right to any AT&T MultiQuest Service 900 telephone number.

17.2.7 Facility Call Volume Capacity

The call volume capacity of the facilities used to furnish AT&T MultiQuest Service is limited. Calling volumes in excess of that capacity could interfere with the operation of the telecommunications network and adversely affect other services offered by the Company that use the telecommunications network. Accordingly,

- A. each customer request for AT&T MultiQuest Service will be evaluated by the Company with respect to the possibility of adverse impact upon other services on the telecommunications network. Only those AT&T MultiQuest Service arrangements which, in the judgment of the Company, will not adversely impact other services will be furnished; and
- B. AT&T MultiQuest Service may be temporarily suspended when the calling volume and/or characteristics adversely affect other telecommunications network services. No usage charges will be incurred during the period that the service is suspended.

17.2.8 Continuity of Information

The Customer is responsible for the continuity and audio quality of any messages provided to the AT&T MultiQuest network. If the audio quality is unacceptable (e.g., noisy, level too low), the Company may suspend service until the unacceptable condition is corrected. No usage charges will be incurred during the period that the service is suspended.

20. CONFERENCE SERVICE

20.1 DESCRIPTION

20.1.1 General

Conference Service provides telecommunications between two or more stations. The conference connections are established from an Audio Teleconference Bridge to a station with the assistance of an operator. All stations on a conference connection may communicate with each other or one station may, at the customer's discretion, be arranged as the transmitting station with all other stations receiving.

20.2 REGULATIONS

A. Availability

The Company, upon request, will establish a conference call at a customer specified time. Reservations are honored in the order received and service is furnished to the extent that facilities permit.

B. Timing of Messages

Chargeable time starts when all the requested participants are connected and ends on an individual (bridge-station) connection when that station hangs up. Chargeable time for station/port additions to a conference call in progress start when they are connected by an operator.

C. Billing Arrangements

Charges for a conference call are billed in total only. The charge for a conference call may be billed to the originating non-coin station, a calling card or another designated non-coin station subject to the following:

1. The total conference call charge will be billed to only one station or to one calling card (i.e., the Company will not prorate or otherwise divide the charges between two or more stations) or
2. The total conference call charge may be billed to a station, other than the originating station, if the designated station agrees to pay the charge.

20. CONFERENCE SERVICE

20.3 RATES AND CHARGES

Charges for conference calls are the sum of leg usage rates, bridge port usage rates and operator set-up, as specified. The charge for conversation time will consist of the total minutes of conversation multiplied by:

1. Conference leg usage rate is the charge for usage between a bridge port and a station.
2. Bridge port usage rate is the charge for bridge port usage. The set-up charge is \$4.00 for each called station connected to a bridge.

23. AT&T COMMERCIAL PREPAID CARD SERVICE

23.1 DESCRIPTION

23.1.1 General

AT&T Commercial PrePaid Card Service provides voice grade communications service for calls charged to an AT&T Commercial PrePaid Card. PrePaid Card Service may be purchased by customers whose service is defined as business or commercial rated in the appropriate local exchange company tariff for switched service.

AT&T Commercial PrePaid Card Service is an add-on to AT&T's interstate Commercial PrePaid Card Service. Accordingly, all terms and conditions will apply as specified in AT&T's Business Service Guide.

AT&T Commercial PrePaid Card Service is available under two options, the AT&T Commercial PrePaid Card Service-Unit Option and AT&T Commercial PrePaid Card Service-Dollar Option, as described below.

23.2 RATES AND CHARGES

23.2.1 AT&T Commercial PrePaid Card Service-Unit Option Cards - Rate and Charge Application

AT&T Commercial PrePaid Card Service-Unit Option Cards are available in various denominations ranging from 15 units to 300 units as specified by the Company. These prices include taxes that are calculated based on usage. They do not include sales or excise taxes due at the point of purchase. Cards may be purchased according to the Standard Plan or the Volume Discount Plan as described below.

Cards will be decremented 1 unit for each minute or fractional part of a minute of intrastate usage. These rates apply twenty-four hours per day, seven days a week.

- A. Standard Plan - Applies to purchases of less than 1,260 Units of AT&T Commercial Prepaid Card Service in a single purchase.

B. Volume Discount Plan

Customers that purchase 1,260 Units or more of AT&T Commercial Prepaid Card Service in a single purchase, in lieu of the Standard Plan in A. above, will receive the Volume Discount Rates specified in the Price List, following. In addition, Customers that commit to a specified purchase level for a 12-month period, will receive the Volume Discount Rates applicable to their level of commitment for the entire 12-month period as shown in the Price List, following.

23.2.2 AT&T Commercial PrePaid Card Service-Dollar Option Cards - Rate and Charge Application

The various dollar denominations for AT&T Commercial PrePaid Card Service-Dollar Option Cards may range from \$5.00 to \$50.00, or as otherwise specified by the Company. AT&T Commercial PrePaid Card Service-Dollar Option Cards will be decremented the appropriate Price Per Minute usage rates specified in the Price List following, that are in effect at the time the call is made. The Price Per Minute usage rates apply to each minute or fraction thereof for a call. Where the dollar value left on an AT&T Commercial PrePaid Card Service-Dollar Option Card is less than the lowest Price Per Minute for an AT&T Commercial PrePaid Card Service-Dollar Option Card, the card will be retired and the unused balance forfeited.

A. Discounts

A Customer who, using a single AT&T order form, purchases AT&T Commercial Prepaid Card Service-Dollar Option Cards having an aggregate face value of at least \$100.00, will receive a discount off of the aggregate face value of all the cards so purchased. The amount of the discount shall be based on the chart below:

<u>Single Purchase Amount</u>	<u>Discount</u>
\$100.00 - \$999.99	20%
\$1,000.00 - \$24,999.99	25%
\$25,000.00 - \$49,999.99	30%
\$50,000.00 - \$99,999.99	32%
\$100,000.00+	35%

23. AT&T COMMERCIAL PREPAID CARD SERVICE

23.2 RATES AND CHARGES - (Continued)

23.2.2 AT&T Commercial PrePaid Card Service-Dollar Option Cards - Rate
and Charge Application - (Continued)

B. Volume Discount Plan

A Customer who purchases, in a single purchase that qualifies for the Single Purchase Discount described in A. above, AT&T Commercial Prepaid Card Service-Dollar Option Cards that have an aggregate face value of at least \$50,000, will be entitled to receive a Volume Discount. That single qualifying purchase shall be referred to as the "Qualifying Purchase". The Volume Discount shall be applied on all subsequent purchases of AT&T Commercial Prepaid Card Service-Dollar Option made by the Customer during the twelve-month period beginning with the Qualifying Purchase (the "Term"). The Volume Discount shall be in lieu of all other discounts, including but not limited to the Single Purchase Discount.

AT&T shall assign the Customer a Customer Account Number. For each order of AT&T Commercial Prepaid Card Service-Dollar Option Cards made by the Customer during the Term (the "Pending Order"), AT&T shall calculate the total dollar value (face amount) of AT&T Commercial Prepaid Card Service-Dollar Option Cards the Customer has made during the Term. In calculating that total, AT&T shall include the face value of the cards being purchased in the Pending Order. Treating that total dollar value as the "Single Purchase Amount", AT&T shall then use the Discount Schedule described above that is in effect at that time to calculate the appropriate discount percentage that will be applied to the Customer's purchase. AT&T shall then apply that discount to the face value of the Customer's Pending Order.

Example: During the Term of the AT&T Commercial Prepaid Card Service-Dollar Option Cards Volume Discount Plan

Qualifying Purchase

- (a) Value of Pending Purchase: \$50,000
- (b) Value of Discount: 32%

Pending Purchase No. 1

- (a) Value of current Pending Purchase: \$1,000
- (b) Value of Single Purchase Amount: \$51,000
[\$50,000(Qualifying Purchase)+\$1,000(Pending Purchase No. 1)]
- (c) Value of Discount applied to current Single Purchase: 32%

24. SOFTWARE DEFINED NETWORK SERVICE*

24.1 DESCRIPTION

24.1.1 General

CUSTOM NETWORK SERVICES are offered to meet Customer needs for specialized telecommunications requirements of customers having a need to communicate between many geographically dispersed locations.

24.2 REGULATIONS

24.2.1 Provision of Services

CUSTOM NETWORK SERVICES are fully supported by the Company through engineering, installation and maintenance efforts. The Company will assure that each service functions properly within its specified transmission and switching parameters.

A. Engineering

The Company will engineer to the specifications and parameters of the service provided.

B. Installation

When installation of a component is required, it will be installed subject to the availability of installation personnel and equipment. Installations will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair the services which it provides.

24.2.2 Transfer or Assignment

CUSTOM NETWORK SERVICES may be transferred or assigned to a new Customer. See AT&T's Business Service Guide.

* Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. AT&T Contract Tariffs or contracts in effect or on order on August 2, 2001, which include Basic SDN shall also continue under existing conditions. Availability of Basic SDN to customers taking the Service pursuant to an AT&T Contract Tariff or contract will not extend beyond the current term of the applicable Contract Tariff or contract.

24. SOFTWARE DEFINED NETWORK SERVICE*

24.3. ACCESS LINES

24.3.1 General

A Custom Network Service access line connects a customer premises or a customer's private network to a Custom Network Service. There are two types of access lines: Local Exchange Service Access and special access.

24.3.2 Special Access

The customer's premises may be connected to an AT&T Central Office using special access and a central office connection. Special access may be obtained from AT&T, or a vendor of the customer's choice. The rates and regulations for special access are found in Tariff F.C.C. No. 9 and/or Tariff F.C.C. No. 11. The rates and regulations for the appropriate central office connection are found in Tariff F.C.C. No. 9.

24.3.3 Local Exchange Service Access (LESA)

When Local Exchange Service Access is utilized to access a Custom Network Service, the customer is responsible for obtaining that access from the Local Exchange Company.

* Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. AT&T Contract Tariffs or contracts in effect or on order on August 2, 2001, which include Basic SDN shall also continue under existing conditions. Availability of Basic SDN to customers taking the Service pursuant to an AT&T Contract Tariff or contract will not extend beyond the current term of the applicable Contract Tariff or contract.

24. SOFTWARE DEFINED NETWORK SERVICE*

24.4 SOFTWARE DEFINED NETWORK SERVICE

24.4.1 General

Software Defined Network service is a custom switched telecommunications service which permits a Customer to establish a communications path between two stations by using uniform dialing plans. Customer's stations are connected by access lines to designated AT&T Central Offices as set forth in AT&T's Business Service Guide. Software Defined Network service is a service designed to meet the telecommunications requirements of customers having a need to communicate between many geographically dispersed locations.

24.4.2 Allocation of Usage or Charges

The Company will not allocate the usage of a Custom Network Service or the charges for such usage and is not responsible for the way the Customer may allocate usage or charges among multiple Users.

24.4.3 Rates and Charges

A. General

Software Defined Network service charge is a recurring charge element which is usage-based. This usage charge applies to all completed calls.

B. Basic Service. See AT&T's Business Service Guide.

* Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. AT&T Contract Tariffs or contracts in effect or on order on August 2, 2001, which include Basic SDN shall also continue under existing conditions. Availability of Basic SDN to customers taking the Service pursuant to an AT&T Contract Tariff or contract will not extend beyond the current term of the applicable Contract Tariff or contract.

24. SOFTWARE DEFINED NETWORK SERVICE*

24.4 SOFTWARE DEFINED NETWORK SERVICE (Cont'd)

24.4.3 Rates and Charges (Cont'd)

C. Software Defined Network Service Usage Rates

Software Defined Network calls are rated using one of the following schedules. The charges for all calls during a billing month will be totaled. If the total charge includes a fraction of a cent, the fraction is rounded down to the next whole cent (e.g., \$4,101.356 would be rounded down to \$4,101.35).

Day, Evening and Night rate periods apply to SDN and SDDN usage. The rates apply for all days of the week. The Day rate period is 8:00 AM to but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to but not including, 11:00 PM Sunday through Friday. The Night rate period is 11:00 PM to but not including, 8:00 AM All Days, 8:00 AM to 11:00 PM Saturday, and 8:00 AM to but not including, 5:00 PM Sunday.

1. Schedule A

This schedule applies to calls between two on-network stations which use Local Exchange Service Access lines or between an on-network station which uses a Local Exchange Service Access line and an off-network station or between two off-network stations in the State of Missouri. Where the Customer has obtained Connected Pricing as part of its interstate Software Defined Network Service, Schedule A also applies to calls: (i) between two on-network stations that use Non-Qualifying AT&T-Connected Access; (ii) between two off-network stations which use Non-Qualifying Local Exchange Service Access; or (iii) between an on-network station that uses Non-Qualifying AT&T-Connected Access and an off-network station in Missouri that uses Non-Qualifying AT&T-Connected Access.

Refer to Price List.

* Basic SDN is not available, either under this tariff or through any AT&T Contract Tariff or contract referencing this tariff, to new or existing customers who did not have it on order on or before August 2, 2001. Existing customers with Basic SDN or Custom SDN in effect or on order prior to August 2, 2001 may continue under existing conditions. AT&T Contract Tariffs or contracts in effect or on order on August 2, 2001, which include Basic SDN shall also continue under existing conditions. Availability of Basic SDN to customers taking the Service pursuant to an AT&T Contract Tariff or contract will not extend beyond the current term of the applicable Contract Tariff or contract.

25. AT&T PRO WATS/PLAN Q SERVICE *

25.1 GENERAL

25.1.1 Description

AT&T PRO WATS/Plan Q Service is a telecommunications service which provides customer dialed outward calling and AT&T CIID/891 Calling Card calls from stations to stations located in the state. Intrastate service is an add-on to interstate PRO WATS/Plan Q Service. All terms and conditions, features and functions, discounts, installation charges, monthly rates and any charges other than the intrastate usage are described in AT&T's Business Service Guide.

25.1.2 Regulations

- A. The discount offered under this plan applies to interstate or intrastate direct dialed station calls plus customer dialed interstate and intrastate AT&T CIID/891 Card calls, billable to the customer's AT&T PRO WATS/Plan Q Service Billed Telephone Number (BTN) Account.

AT&T PRO WATS/Plan Q Service includes a combined Outward and Inward Calling Discount Option as specified in Section 25.2.2.C

AT&T PRO WATS/Plan Q Service does not include:

- Conference Service calls
 - Directory Assistance calls
 - Person-to-Person and other Operator Handled calls
 - 700, 800 except as specified in Section 25.2.2.C. following
 - 900 Special Services
- B. All usage of a multiline subscriber with one billing number is included under this plan. Usage from all lines under the same BTN will be accumulated and billed as if the multiline customer were a single account.

* AT&T PRO WATS/Plan Q Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T PRO WATS/Plan Q Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

25. AT&T PRO WATS/PLAN Q SERVICE *

25.1 GENERAL (Continued)

25.1.2 Regulations (Continued)

- C. AT&T PRO WATS/Plan Q Service is provided only where facilities and billing capability permits. Customers who select this calling plan may not simultaneously participate in any other Company optional calling plan for intrastate AT&T calls.
- D. Initial and Additional Periods
 - 1. AT&T PRO WATS/Plan Q Service rates are quoted in terms of initial and additional periods.
 - a. The initial period is the unit of time allowed at the rate quoted for connections between given points.
 - b. The additional period is the unit of time used for measuring and charging for time in excess of the initial period.
 - c. If the computed charges (i.e., initial period charge plus additional period charges, if any) for a call include a fraction of a cent, the fraction of a cent is disregarded.

* AT&T PRO WATS/Plan Q Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T PRO WATS/Plan Q Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

25. AT&T PRO WATS/PLAN Q SERVICE *

25.1 GENERAL (Continued)

25.1.2 Regulations (Continued)

D. Initial and Additional Periods (Continued)

2. Timing of Messages

- a. On AT&T PRO WATS/Plan Q Service calls, chargeable time begins when connection is established between the calling telephone and the called telephone, Miscellaneous Common Carrier mobile radio system or PBX System.
- b. Chargeable time ends when the calling station "hangs-up", thereby releasing the network connection. If the called station "hangs-up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- c. When AT&T PRO WATS/Plan Q Service is connected to a customer provided communications system through a service terminating arrangement or connecting arrangement, chargeable time begins when a call from the telecommunications network terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the telephone service so that chargeable time may begin.

* AT&T PRO WATS/Plan Q Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T PRO WATS/Plan Q Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

25. AT&T PRO WATS/PLAN Q SERVICE *

25.1 GENERAL (Continued)

25.1.2 Regulations (Continued)

E. Initial and Additional Period Rates

1. The initial period rate is for the first minute or fraction thereof.
2. All additional period rates apply to each additional minute or fraction thereof that the telephone connection continues beyond the initial period.
3. For the initial and additional period rates applicable on AT&T CIID/891 Calling Card calls, see paragraph 25.2.4, following.

F. Day, Evening and Night/Weekend rate periods apply to AT&T PRO WATS/Plan Q Service usage. The rates apply for all days of the week. The Day rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including, 11:00 PM Sunday through Friday. The Night/Weekend rate period is 11:00 PM to, but not including, 8:00 AM All Days, 8:00 AM to 11:00 PM Saturday, and 8:00 AM to, but not including, 5:00 PM Sunday.

G. The plan discounts apply to the undiscounted charges for total eligible calls billed to the single or multiple area code(s) with the highest dollar usage. Total eligible calls are: 1) Direct dialed interstate and intrastate calls; and 2) Customer dialed AT&T CIID/891 Calling Card calls, including surcharges. These calls must be billed to the customer's AT&T PRO WATS/Plan Q Service BTN account in order to qualify. If the monthly sum after application of such eligible additional discount does not result in whole cents, charges will be rounded to the nearest whole cent when the bill is rendered.

H. The minimum service period for AT&T PRO WATS/Plan Q Service is one month.

* AT&T PRO WATS/Plan Q Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T PRO WATS/Plan Q Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

25. AT&T PRO WATS/PLAN Q SERVICE **

25.2 RATES AND CHARGES

25.2.2 Discounts

A. SCHEDULE A Usage Discounts

The Volume Discount offers a customer a discount based on total gross qualified usage charges billed to the customer's AT&T PRO WATS/Plan Q Service Main Billed Account. The same percent discount will be applied to every dollar of usage, based on the highest discount level attained by a customer as indicated below (the discount is not applied on an incremental basis). Usage charges in excess of \$10,000 will not be discounted.

<u>Monthly Usage Volume</u>	<u>Discount Level</u>
Over \$1000.00	15%

A discount of 10% is automatically applied to the total billed amount of all eligible calls to the single area code with the highest monthly usage charges. At the option of the Customers, one additional area code having the next highest usage charges will be included under the discount plan.*

In addition, a discount applies, equal to 10% of the total eligible, intrastate and interstate gross monthly usage charges, billed to the Customer's Main Billed Account, for the Dial Station calls and AT&T Customer Dialed CIID/891 Calling Card calls that are not included in the gross monthly usage charges used in applying the Area Code Discount specified above.

* Beginning February 13, 1995, AT&T PRO WATS/Plan Q Service Optional Area Code Discount is not available to new customers who do not have the AT&T PRO WATS/Plan Q Service Optional Area Code Discount on order by February 13, 1995.

** AT&T PRO WATS/Plan Q Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T PRO WATS/Plan Q Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

25.2 RATES AND CHARGES

25.2.2 Discounts (Continued)

B. SCHEDULE B Usage Discount

Schedule B Volume Discounts are applied to Schedule B Direct Dialed Usage Rates where AT&T billing is not available.

Usage Volume	Direct Dial Discount All Eligible Usage
Over \$ 0 - \$ 25	0%
Over \$ 25 - \$ 200	6%
Over \$ 200 - \$ 2,000	8%
Over \$ 2,000	20%

Beginning February 13, 1995, this discount plan is not available to newly subscribed Customers. Customers subscribing to this discount plan on February 13, 1995, may continue to subscribe to the discount plan until December 31, 1996.

C. Combined Outward Calling and Inward Calling Discount Option

This optional plan provides a discount based on total Outward calling, from a single or multiple locations and Inward Calling to a single or multiple locations, billed to the customer's AT&T PRO WATS/Plan Q Service Main Billed Account. The customer must subscribe to the AT&T PRO WATS/Plan Q Service outward calling from Schedule A locations in order to receive this optional plan. For discount see Schedule A Usage Discounts.

25.2.3 For the interstate Monthly Recurring and Non-Recurring charges, and Monthly Usage Credit, see AT&T's Business Service Guide.

26. AT&T MEGACOM WATS Service *

26.1 DESCRIPTION

26.1.1 General

AT&T MEGACOM WATS Service is a custom switched telecommunications service which permits outward calling from designated AT&T MEGACOM WATS Service Central Offices to stations throughout the state of Missouri. Intrastate service is an add on to the interstate AT&T MEGACOM WATS Service provided in AT&T's Business Service Guide. AT&T MEGACOM WATS Service rates and charges apply to calls completed from AT&T MEGACOM WATS Service Central Offices to called stations. AT&T MEGACOM WATS Service calls are dialed and completed without the assistance of a Company operator, and do not include:

- Calling Card calls,
- Person-to-Person calls,
- Collect calls,
- Third Number Billed calls,
- Conference calls, or
- Calls to 700, 800 or 900 Special Service Codes.

* AT&T MEGACOM WATS Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T MEGACOM WATS Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

26. AT&T MEGACOM WATS Service *

26.2 REGULATIONS

26.2.1 Provision of AT&T MEGACOM WATS Service

AT&T MEGACOM WATS Service is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station. Refer to Section 2, General Regulations, for all regulations pertaining to the furnishing of AT&T MEGACOM WATS Service.

A. Engineering

AT&T MEGACOM WATS Service will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T MEGACOM WATS Service will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair the service which it provides.

26.2.2 Availability

AT&T MEGACOM WATS Service is available at designated AT&T MEGACOM WATS Service Central Offices as specified in this Company's Tariff F.C.C. No. 10.

26.2.3 Transfer or Assignment

AT&T MEGACOM WATS Service, including any associated telephone number(s), may be transferred or assigned to a new Customer. See AT&T's Business Service Guide.

- * AT&T MEGACOM WATS Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T MEGACOM WATS Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

26. AT&T MEGACOM WATS Service *

26.3 ACCESS

26.3.1 General

Access to the AT&T MEGACOM WATS Service Central Office is the responsibility of the Customer. An Access Connection, as provided under this Company's Private Line Tariff F.C.C. No. 9, is required to connect access to AT&T MEGACOM WATS Service. Access may be furnished by this Company as specified in Tariff F.C.C. No. 9 and/or Tariff F.C.C. No. 11. The Customer also has the option of providing his own access facilities.

26.4 RATES AND CHARGES

26.4.1 General

AT&T MEGACOM WATS Service rates are usage-based. Usage Charges are billed in arrears, and apply to all calls completed on AT&T MEGACOM WATS Service. Usage Charges on AT&T MEGACOM WATS Service are determined by the following rate schedules.

A. Rate Determination

Rate determination of the AT&T MEGACOM WATS Service rate schedules is as follows:

1. Initial Period

The initial period for all calls on AT&T MEGACOM WATS Service is 18 seconds.

2. Additional Period

The additional period for all calls on AT&T MEGACOM WATS Service is 6 seconds.

3. Directory Assistance

See Section 21 of this Tariff.

* AT&T MEGACOM WATS Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T MEGACOM WATS Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

26. AT&T MEGACOM WATS Service *

26.4 RATES AND CHARGES - (Continued)

B. Usage Rates

1. Rate Periods - Day, Evening and Night rate periods apply to AT&T MEGACOM WATS usage. The rates apply for all days of the week including holidays. The Day rate period is 8:00 AM to, but not including 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including 11:00 PM Monday through Friday and 5:00 PM to, but not including 11:00 PM Sunday. The Night rate period is 11:00 PM to, but not including 8:00 AM Monday through Friday, All Day Saturday, and Sunday from 12:00 Midnight to, but not including 5:00 PM and 11:00 PM to, but not including 8:00 AM Monday.
2. The following rates apply to AT&T MEGACOM WATS Service calls. Refer to Price List.

C. Volume Value Plan

The volume value plan uses a percentage reduction which applies to usage charges, as specified below(1), during a billing month.

<u>Total Usage</u>	<u>Percent Discount</u>
\$7,500.01 - \$30,000	5%
Greater than \$30,000	10%

- (1) For those customers who subscribe to the Multi Location Calling Plan (MLCP) found in AT&T's Business Service Guide, a 10% discount will apply to all intrastate usage.

* AT&T MEGACOM WATS Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T MEGACOM WATS Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

27. DISTRIBUTED NETWORK SERVICE *

27.1 DESCRIPTION

27.1.1

Distributed Network Service (DNS) is a telecommunications service which permits Customer direct dialed outward calling from multiple Customer locations to stations within the State of Missouri. Intrastate service is an add-on to the interstate AT&T Distributed Network Service provided in AT&T's Business Service Guide. The Customer will receive a single network bill for all locations in the DNS network. The Customer is responsible for payment of all calls associated with the DNS telephone number(s) at each location on the Customer's DNS network. Customer dialed DNS calls are dialed and completed without the assistance of a Company operator. DNS rates do not include:

- Person-to-Person Calls
- Collect Calls
- Third Number Billed Calls
- Conference Calls
- Directory Assistance Calls
- Calls to 700, 800 or 900 Special Service Calls
- AT&T Calling Card Calls

* AT&T Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Distributed Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

27. DISTRIBUTED NETWORK SERVICE *

27.2 REGULATIONS

27.2.1 Provision of Distributed Network Service

DNS is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

DNS will be engineered to meet its transmission parameters.

B. Installation

Installation of DNS will usually be made during normal working hours.

C. Maintenance

The Company will maintain and repair DNS.

27.2.2 Availability

DNS is available from Local Exchange carrier end offices equipped for equal access where billing capability for DNS is available.

27.2.3 Access

Obtaining access to DNS is the responsibility of the Customer. Special Access is not available for DNS.

* AT&T Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Distributed Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

27. DISTRIBUTED NETWORK SERVICE *

27.3 RATES AND CHARGES

27.3.1 General

Rates for DNS consist of rate elements, which are usage based. DNS usage charges are billed in arrears and apply to all completed calls on DNS.

A. Rate Determination

Rate determination of DNS is based upon the following:

1. Application Periods

Individual intrastate messages are rated using the following Rate Period schedules:

Day, Evening and Night rate periods apply to DNS usage. The rates apply for all days of the week including holidays. The Day rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including 11:00 PM Sunday through Friday. The Night rate period is 11:00 PM to, but not including, 8:00 AM All Days, 8:00 AM to 11:00 PM Saturday, and 8:00 AM to, but not including, 5:00 PM Sunday.

2. (Reserved For Future Use)

3. Method of Computing Charges

Charges for each call are totaled by rate period. If the computed charges include a fraction of a mill the fraction is rounded down to the next whole mill (e.g., \$1.4266 would be rounded down to \$1.426).

* AT&T Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Distributed Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

27. DISTRIBUTED NETWORK SERVICE *

27.3 RATES AND CHARGES - (Continued)

27.3.1 General - (Continued)

A. Rate Determination - (Continued)

4. Initial Period

The initial period for all calls on DNS is 18 seconds or fraction thereof, regardless of the rate period.

5. Additional Period

The additional period for all calls on DNS is 6 seconds regardless of the rate period. If the additional period usage is less than 6 seconds, it will be billed at a full 6 second additional period rate.

B. Usage Schedule

Refer to Price List.

C. Directory Assistance

See Section 21 of this Tariff.

* AT&T Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Distributed Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

28. AT&T One Line WATS in Missouri

28.1 DESCRIPTION

28.1.1 General

AT&T One Line WATS Service in Missouri is a custom switched telecommunications service which permits direct dialed calling from stations located in the State of Missouri to any station located in the State of Missouri outside the LATA in which the call is originated*. Because the AT&T One Line WATS Service in Missouri is an add on to the interstate AT&T WATS Service, only the intrastate usage rates for that service are provided in Section 28.4.1 of this tariff. The rates for the One Line WATS Access Line, interstate usage charges, non-recurring charges, and volume discounts are provided pursuant to the terms of AT&T's Business Service Guide. AT&T One Line WATS Service calls are dialed and completed without the assistance of a company operator, and do not include:

- Person-to-Person calls,
- Collect calls,
- Operator handled conference calls,
- Any other classification of operator handled calls.

* 1+ intraLATA calls will be handled and billed by the Local Exchange Company.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

28. AT&T One Line WATS in Missouri

28.2 REGULATIONS

28.2.1 Provision of AT&T One Line WATS Service in Missouri

AT&T One Line WATS Service is offered under this tariff subject to the availability of billing capability and suitable service components furnished by this Company or obtained from the Local Exchange Carriers. The Company will determine which of those components shall be used and make modifications to those components at its option. "Service components" shall include, but not be limited to, the existence of access and/or billing arrangements on an originating and/or terminating basis. In the absence of access arrangements between the Company and the access provider at a particular Station, a Customer may be unable to place calls from or to the affected Station.

A. Engineering

AT&T One Line WATS Service will be engineered to meet its transmission parameters.

B. Installation

Installation of AT&T One Line WATS Service will usually be made during normal working hours. See AT&T's Business Service Guide for applicable charges.

C. Maintenance

The Company will maintain and repair the service which it provides.

28.2.2 Availability

AT&T One Line WATS Service is available where billing capability and facilities exist.

28.2.3 Transfer or Assignment

AT&T One Line WATS Service, including any associated telephone number(s), may be transferred or assigned to a new Customer. See AT&T's Business Service Guide.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

28. AT&T One Line WATS in Missouri

28.3 ACCESS

28.3.1 General

The AT&T One Line WATS Service utilizes a dedicated access line. This line is an interstate access line available in AT&T's Business Service Guide.

28.4 RATES AND CHARGES

28.4.1 General

Rates for the AT&T One Line WATS Service consist of rate elements, which are usage based.

A. Rate Determination

The AT&T One Line WATS Service usage charges are billed in arrears and apply to all intrastate interLATA calls rated under the AT&T One Line WATS Service offering which are placed over an interstate access line subsequent to service establishment.

1. Initial Period

The initial period for all calls on AT&T One Line WATS Service is 30 seconds.

2. Additional Period

The additional period for all calls on AT&T One Line WATS Service is 6 seconds. If the additional period usage is less than 6 seconds, it will be billed at a full 6 second additional period rate.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

28. AT&T One Line WATS in Missouri

28.4 RATES AND CHARGES - (Continued)

28.4.1 General - (Continued)

B. Usage Schedule

Individual intrastate interLATA messages are rated using three distinct time of day schedules:

1. Day (Monday-Friday, 8 a.m. - 5 p.m.)
2. Evening (Monday-Friday & Sunday, 5 p.m. - 11 p.m.)
3. Night/Weekend (All Others)

The following rates apply to AT&T One Line WATS Service calls for the specified rate periods. The message rate applies for all days of the week including holidays. If the computed charges include a fraction of a cent, the fraction is rounded down to the next whole cent (e.g., \$1.426 would be rounded down to \$1.42).

Refer to Price List.

C. Usage Discount Plan

<u>Usage Charges</u>	<u>Day Discount</u>	<u>Evening Discount</u>
Over \$200.00 - \$ 2,000.00	10%	3%
Over \$ 2,000.00	15%	5%

D. Nonrecurring Charges

See AT&T's Business Service Guide, AT&T WATS, for Nonrecurring charges.

E. Directory Assistance

See Section 21 of this Tariff.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

29. AT&T SMALL BUSINESS OPTION*

(AT)

29.1 GENERAL

The AT&T SMALL BUSINESS Option permits customer dialed outward calling from a station in the state of Missouri. Intrastate service is an add on to the interstate AT&T SMALL BUSINESS Option and is available only to customers who subscribe to the interstate service as described in AT&T's Business Service Guide. The interstate terms and conditions applicable to the combined service are stated in AT&T's Business Service Guide. Customers who subscribe to the AT&T SMALL BUSINESS Option may not subscribe to any other outward service calling plan under the Main Billed Account.

29.2 REGULATIONS

- A. AT&T SMALL BUSINESS Option service is provided where billing capability permits.
- B. The intrastate rates offered under this plan apply to direct dialed intrastate station calls billable to the customer's AT&T SMALL BUSINESS Option Billed Telephone Number (BTN) account.
- C. AT&T SMALL BUSINESS Option service does not include:
 - 1. Conference Service Calls
 - 2. Directory Assistance Calls
 - 3. Person to Person and Other Operator Handled Calls
 - 4. 700, 800, and 900 Special Services
 - 5. Calling Card calls
 - 6. Mobile Calls
- D. Local Exchange Switched Service access is required to access the AT&T SMALL BUSINESS Option. The customer is responsible for obtaining the local exchange access line from the Local Exchange Company. The Local Exchange Service access line must be pre-subscribed to AT&T as the primary interexchange carrier.

- * AT&T Small Business Option is not available, either under this tariff, or through any AT&T Contract Tariff, or contract referencing this tariff to new or existing Customers who did not have it on order before October 21, 2005. Existing Customers with AT&T Small Business Option in effect or on order prior to October 21, 2005 may continue under existing conditions.

29. AT&T SMALL BUSINESS OPTION

29.1 GENERAL

The AT&T SMALL BUSINESS Option permits customer dialed outward calling from a station in the state of Missouri. Intrastate service is an add on to the interstate AT&T SMALL BUSINESS Option and is available only to customers who subscribe to the interstate service as described in AT&T's Business Service Guide. The interstate terms and conditions applicable to the combined service are stated in AT&T's Business Service Guide. Customers who subscribe to the AT&T SMALL BUSINESS Option may not subscribe to any other outward service calling plan under the Main Billed Account.

29.2 REGULATIONS

- A. AT&T SMALL BUSINESS Option service is provided where billing capability permits.
- B. The intrastate rates offered under this plan apply to direct dialed intrastate station calls billable to the customer's AT&T SMALL BUSINESS Option Billed Telephone Number (BTN) account.
- C. AT&T SMALL BUSINESS Option service does not include:
 - 1. Conference Service Calls
 - 2. Directory Assistance Calls
 - 3. Person to Person and Other Operator Handled Calls
 - 4. 700, 800, and 900 Special Services
 - 5. Calling Card calls
 - 6. Mobile Calls
- D. Local Exchange Switched Service access is required to access the AT&T SMALL BUSINESS Option. The customer is responsible for obtaining the local exchange access line from the Local Exchange Company. The Local Exchange Service access line must be pre-subscribed to AT&T as the primary interexchange carrier.

Issued: November 26, 2002

Effective: December 26, 2002

29. AT&T SMALL BUSINESS OPTION*

(AT)

29.2 REGULATIONS (Continued)

E. Application of Rates and Charges

1. The minimum service period for AT&T SMALL BUSINESS Option service is one month.
2. All AT&T SMALL BUSINESS Option calls are rounded to the next higher full minute.

F. Applicable Rate Periods

1. The rates for calls placed under the AT&T SMALL BUSINESS Option, as set forth in Paragraph 18.3, following, are applicable regardless of distance, day of week, or time of day of the calls.
2. Timing of Messages
 - a. On AT&T SMALL BUSINESS Option calls, chargeable time begins when the connection is established between the calling station and the called station.
 - b. Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telecommunications network.

29.3 RATES AND CHARGES

29.3.1 Usage Rates

Refer to Price List.

30. AT&T HOSPITALITY NETWORK SERVICE *

30.1 DESCRIPTION

30.1.1 General

AT&T Hospitality Network Service (HNS) is a custom telecommunications service which permits outward calling from customer locations in the state of Missouri via switched or special access lines. Intrastate service is an add on to the interstate AT&T HNS and is available only to Customers who subscribe to the interstate service provided in AT&T's Business Service Guide. The interstate terms and conditions applicable to the combined service are stated in AT&T's Business Service Guide, except that the usage rates specified in Sec. 30.3.1 following apply to all intrastate usage regardless of the length of the term selected by the customer for the combined service.

All AT&T Hospitality Network Service calls are dialed and completed without the assistance of a Company operator and do not include:

- Directory Assistance calls, Calling Card calls,
- Person-to-Person calls, Collect calls,
- Third number billed calls, Conference calls, and
- Calls to 700, 800 or 900 Special Service Codes.

30.2 REGULATIONS

- A. AT&T Hospitality Network Service is provided where billing capability permits. This service is available in equal access exchange offices.
- B. Initial and Additional Period Rates
 1. The initial period rate for all AT&T Hospitality Network Service calls is 30 seconds or fraction thereof for switched access messages and 18 seconds or fraction thereof for special access messages, regardless of the rate period.
 2. Additional period rates apply to each additional 6 seconds or fraction thereof that the telephone connection continues beyond the initial period.

* AT&T Hospitality Network Service may no longer be ordered after December 31, 2000. Existing Customers with Hospitality Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

30. AT&T HOSPITALITY NETWORK SERVICE *

30.2 REGULATIONS (Continued)

C. Day, Evening and Night rate periods apply to AT&T Hospitality Network Service usage. The rates apply for all days of the week including holidays. The Day rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Evening rate period is 5:00 PM to, but not including, 11:00 PM Monday through Friday and 5:00 PM to, but not including, 11:00 PM Sunday. The Night rate period is 11:00 PM to, but not including 8:00 AM Monday through Friday, all day Saturday, and Sunday from 12:00 Midnight to, but not including 5:00 PM and 11:00 PM to, but not including 8:00 AM Monday.

D. Method of Computing Charges

If the computed charges for a call include a fraction of a cent, the charges will be rounded to the nearest whole cent.

30.3 RATES AND CHARGES

30.3.1 Usage Charges

Refer to Price List.

B. The following usage rates apply for AT&T Hospitality Network Service with special access:

30.3.2 Directory Assistance

See Section 21 of this Tariff.

* AT&T Hospitality Network Service may no longer be ordered after December 31, 2000. Existing Customers with Hospitality Network Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

31. AT&T CLEAR ADVANTAGE SERVICE*

31.1 DESCRIPTION

31.1.1 General

AT&T Clear Advantage is a switched Custom Network Service that permits customer-dialed outward and calling card calling from stations to stations located in the state and/or inward 800 calling from stations in the state to a customer's station within the state. AT&T Clear Advantage Service allows a participating Customer the option of paying a monthly recurring charge to obtain postalized rates and a discount.

Intrastate AT&T Clear Advantage Service is an add-on to the interstate AT&T Clear Advantage Service and is available only to those customers who subscribe to the interstate service provided in AT&T's Business Service Guide. Interstate terms, conditions, and any charges, other than AT&T Clear Advantage intrastate usage rates are specified in AT&T's Business Service Guide.

31.2 Rates and Charges

31.2.1 Usage Charges

Refer to Price List.

31.2.2 Anniversary Discount

The Anniversary applies to the customer's combined total intrastate, interstate and international usage as follows:

<u>Total Billed Gross</u> <u>Monthly Charges</u>	<u>Percent Discount</u>			
	<u>Year One</u>	<u>Year Two</u>	<u>Year Three</u>	<u>Year Four</u>
\$ 0 - \$ 199.99	0%	0%	0%	0%
\$ 200 - \$ 999.99	0%	6%	8%	10%
\$1000 - \$1999.99	4%	10%	12%	14%
\$2000 - \$2999.99	6%	12%	14%	16%
\$3000 - \$3999.99	8%	14%	16%	18%
\$4000.00 +	9%	15%	17%	19%

- * Customers with AT&T Clear Advantage Service in effect, or Customers that order AT&T Clear Advantage Service prior to March 12, 1998 may continue their service under existing conditions. AT&T Clear Advantage Service may no longer be ordered after March 11, 1998. Customers will be moved out of the service no later than March 12, 1999.

Issued: November 26, 2002

Effective: December 26, 2002

32. AT&T OPTIMUM SERVICE*

32.1 GENERAL

32.1.1 Description

AT&T OPTIMUM Service is a telecommunications service which permits outward calling from single or multiple locations of the Customer in the State of Missouri via switched or special access lines. Customers who subscribe to interstate AT&T OPTIMUM Service, as described in AT&T's Business Service Guide, are automatically subscribers of AT&T OPTIMUM Service in Missouri. The interstate terms and conditions applicable to the combined service, including Term Plans, Usage Volume Discount Plan, and Maintenance Guarantee, are stated in AT&T's Business Service Guide.

32.1.2 Regulations

- A. AT&T OPTIMUM Service is provided where billing capability permits.
- B. AT&T OPTIMUM Service includes Customer dialed AT&T OPTIMUM Service Calling Card calls billable to the Customer's AT&T OPTIMUM Service Main Billed Account and direct dial calls completed without the assistance of a Company operator.
- C. AT&T OPTIMUM Service does not include:
- Person to person and other Operator Handled calls
 - Conference calls
 - Directory Assistance calls
 - Calls to 700, 800, or 900 Special Services
 - Calling Card calls, except as specified in 32.1.2.B
- D. The minimum service period for AT&T OPTIMUM Service is one month.
- E. Initial and Additional Period Rates
1. The initial period rate for all AT&T OPTIMUM Service calls is 30 seconds or fraction thereof, regardless of the rate period.
 2. Additional period rates apply to each additional 6 seconds or fraction thereof that the telephone connection continues beyond the initial period.
- * Existing customers with AT&T OPTIMUM Service in effect or on order prior to October 19, 1995 may continue their current AT&T OPTIMUM Service under existing conditions. AT&T OPTIMUM Service may no longer be ordered after October 19, 1995.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

32. AT&T OPTIMUM SERVICE

32.1 GENERAL (Continued)

19.1.2 Regulations (Continued)

F. Peak and Off-Peak rates apply to AT&T OPTIMUM Service usage. The Peak rate period is 8:00 AM to, but not including, 5:00 PM Monday through Friday. The Off-Peak rate period is 5:00 PM to, but not including, 8:00 AM Monday through Friday, all day Saturday, and all day Sunday to, but not including, 8:00 AM Monday.

G. Method of Computing Charges

If the computed charges for a call include a fraction of a cent, the charges will be rounded to the nearest whole cent.

32.2 RATES AND CHARGES

32.2.1 Usage Charges - InterLATA

Refer to Price List.

32.2.2 Usage Charges - IntraLATA

Refer to Price List.

32.2.3 AT&T OPTIMUM Service Calling Card Service Charge

Refer to Price List.

32.2.4 Usage Volume Discounts and Term Plans

Usage volume discounts and term plans for AT&T OPTIMUM Service apply to the total monthly usage charges for intrastate, interstate and international calls, described in AT&T's Business Service Guide as follows:

<u>OTAL USAGE</u>	<u>DISCOUNT</u>
\$0 - \$7,500	0%
Over \$7,500 - \$10,000	4%
Over \$10,000 - \$15,000	7%
Over \$15,000 - \$30,000	10%
Over \$30,000 -	15%

32.2.5 Directory Assistance

See Section 21 of this Tariff.

227 West Monroe Street
Chicago, Illinois 60606

33. AT&T PRO WATS MISSOURI

33.1 DESCRIPTION

AT&T PRO WATS Missouri is furnished for Company-provided direct dialed and station intrastate AT&T long distance telephone calls in the State of Missouri.

Beginning February 13, 1995, AT&T PRO WATS Missouri specified under this tariff is not available to new Customers. Customers subscribing to AT&T PRO WATS in Missouri on February 13, 1995, in areas where AT&T billing is unavailable will continue to have their service furnished and charged under this AT&T PRO WATS Missouri tariff as long as such Plan is offered by AT&T.

For a fixed monthly rate, customers receive a discount of 15% over the time of day rates that apply as shown in the Price Schedule.

33.2 REGULATIONS

A. Provision of Service

AT&T PRO WATS Missouri is provided where billing capability permits. Customers who select this calling plan are not eligible for any additional discounts for intrastate AT&T long distance direct dialed calls covered by another Optional Calling Plan.

B. Applicability

1. The discount offered under this plan applies to:
 - a. Total intrastate AT&T PRO WATS Missouri long distance charges incurred for eligible usage during a billing period, not to individual messages.
 - b. All lines and trunks billed to the same billing number (to one account).
2. AT&T PRO WATS Missouri does not include:
 - a. Conference Service calls, Customer Dialed Calling Card, Station, Operator Station and Person-to-Person, Real Time Rated Operator Station/Person to Person, and Directory Assistance, AT&T CIID/891 Card calls, Calling Cards Other Than AT&T CIID/891 Card calls.

33. AT&T PRO WATS MISSOURI

33.2 REGULATION (Cont'd)

C. Application of Rates and Charges

1. The minimum service period for AT&T PRO WATS Missouri is one month. Customers who retain service for less than one month will be billed the fixed monthly rate.
2. Beyond the minimum period, the monthly recurring and usage charges may be prorated for partial months.
3. The additional discount will be applied to the total eligible calling per billing period. If the monthly total of such additional computations results in a fractional charge, the amount will be rounded to the nearest cent.
4. A non-recurring charge applies for this Plan as shown in the Price List.
5. The non-recurring charge is billed on the first bill date after service is rendered.
6. The non-recurring charge is a Service Order Charge, which is applied when PRO WATS Missouri is initially furnished. The non-recurring charge will not apply for orders received within ninety (90) days after PRO WATS Missouri becomes available.

D. Promotional Programs

The Company may, upon Commission approval, offer specific rate incentives during specified promotional periods. The Company will notify the Missouri Public Service Commission by letter prior to the commencement of a promotional program. This letter will specify the terms of the promotion, the specific service offered, and the location and dates of the promotional period.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

33. AT&T PRO WATS MISSOURI

33.3 RATES AND CHARGES

A. Recurring

Refer to Price List.

1. Usage Discount-A discount of 15% will be applied to the total of the rated charges for PRO WATS Missouri dial station calls during all rate periods as shown in C. following. These rates are based on the airline mileage between the rate centers of the two stations connected, as determined in Section 1.3.3.

2. Usage Rates

Rates are quoted in terms of initial additional periods.

- a. The initial period for telephone connections between all points is one minute or fraction thereof.
- b. All additional minutes rates are for each additional minute or any fraction thereof that the telephone connection continues beyond the initial period, except as indicated.
- c. The basic rate for dial station calls is Day, Evening or Night/Weekend.

Refer to Price List.

B. Non-Recurring

The non-recurring service order charge will not apply when an AT&T PRO WATS Missouri customer moves from its present location and, within 30 days, subscribes to AT&T PRO WATS Missouri at its new location.

Refer to Price List.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

33. AT&T PRO WATS MISSOURI

33.3 RATES AND CHARGES

C. Applicable Rate Periods

1. Rate Period Table

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to (1) 5:00 PM	DAY RATE PERIOD						
5:00 PM to (1) 11:00 PM	EVENING RATE PERIOD					EVE. RATE	
11:00 PM to (1) 8:00 AM	NIGHT & WEEKEND RATE PERIOD						

(1) To, but not including

2. Timing of Messages

- a. The time when connection is established, as provided in paragraph 33.3,C.,2.,b, following, determined in accordance with the time, standard or daylight saving, observed at the location of the rate center of the calling station, determines what rate schedule applies. When the connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period. In the event that a minute of use is split between two rate periods the rate in effect at the start of the minute applies.
- b. On PRO WATS Missouri dial station calls, chargeable time begins when connection is established between the calling station and the called station.
- c. Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- d. Chargeable time does not include time lost because of faults or defects in the service.

37. AT&T SEAMLESS LINK SERVICE *

37.1 DESCRIPTION

37.1.1 General

AT&T Seamless Link is a service which permits outward calling from single or multiple locations of the Customer in the state of Missouri. AT&T Seamless Link Service also includes inward calling. AT&T Seamless Link Service capability is available where facilities, operating systems, and billing exist. AT&T Seamless Link Service is an automatic add-on to interstate AT&T Seamless Link Service and, except as specified below, all terms and conditions, features and functions, discounts and any charges other than intrastate usage, are as specified in AT&T's Business Service Guide.

37.1.2 Access

Access to AT&T Seamless Link Service is available via switched access. The Customer is responsible for obtaining the Local Exchange Service Access Line from a Local Exchange Company with which AT&T has made cooperative business arrangements for operational functions such as bill preparation, service provisioning and Customer support. The Local Exchange Service Access Line must be pre-subscribed to AT&T as the primary inter-exchange carrier.

Seamless Link Service is provided on a monthly basis and the Customer will receive a single monthly bill for all locations billed to the same Main Billed Account. The Customer is financially responsible for all locations included under the Customer's Main Billed Account.

* AT&T Seamless Link Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Seamless Link Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

37. AT&T SEAMLESS LINK SERVICE *

37.2 RATES AND CHARGES

AT&T Seamless Link Service rates are usage based and apply to the initial 30 seconds or fraction and to each additional 1 second or fraction. Usage charges are billed in arrears.

37.2.1 Usage Rates

- A. Switched Outbound
Refer to Price List.
- B. Switched Inbound
Refer to Price List.
- C. Calling Card
Refer to Price List.

* AT&T Seamless Link Service Distributed Network Service may no longer be ordered after December 31, 2000. Existing Customers with AT&T Seamless Link Service in effect or on order prior to December 31, 2000 may continue under existing conditions.

Issued: November 26, 2002

227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.1 GENERAL

38.1.1 Outward WATS InterLATA ADD-ON Service

This is a complementary service to Local Exchange Carrier IntraLATA WATS offerings and is only available in conjunction with Local Exchange Carrier provided IntraLATA WATS and provides for the completion of calls on a Local Exchange Carrier provided access line.

38.1.2 800 Service InterLATA ADD-ON Service

This is a complementary service to Local Exchange Carrier IntraLATA 800 Service offerings and is only available in conjunction with Local Exchange Carrier provided IntraLATA 800 Service and provides for the completion of calls on a Local Exchange Carrier provided access line.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.2 REGULATIONS

38.2.1 Undertaking of the Company

The design, maintenance and operation of Wide Area Telecommunications Service envisions that communications will originate or terminate at a WATS service point for the purpose of communicating with service points in the State of Missouri.

38.2.2 Availability of Service

The Company reserves the right to deny service ordering and provisioning in locations where call discernment in the form of either trunk level call identification or station level signalling with a two digit identifier (FLEX ANI) is not available to AT&T.

38.2.3 Limitation of Service

WATS does not include person-to-person, collect, conference or other messages requiring operator handling, except that an operator will reach the called telephone number where service components are not available for customer dial completion.

WATS service contemplates the provision of satisfactory transmission only between the access line and the calling or called service point.

38.2.4 Advance Payments

Applicants for service who do not have an account with the Company or its authorized agent or whose financial responsibility is not a matter of general knowledge may be required to make an advance payment at the time of application and at least one month's estimated charges for the service desired.

The amount of the advance payment is credited to the customer's account as applying to any indebtedness under the contract.

38.2.5 Minimum Contract Period

The minimum contract period is one day.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.2 REGULATIONS - (Continued)

38.2.6 Maintenance and Repairs

The Company undertakes to maintain and repair the services which it furnishes to customers. The customer shall be responsible for damages to services of the Company caused by the negligence or willful act of the customer. The customer may not rearrange, disconnect, remove or attempt to repair or permit others to rearrange, disconnect, remove or attempt to repair any equipment installed by the Company except upon the written consent of the Company.

38.2.7 Allowance for Interruptions

- A. Message Telecommunications Service furnished at the customer's request when his Wide Area Telecommunications Service is interrupted is charged for at the Message Telecommunications rates contained in the Message Telecommunications Service Tariff.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager

227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.3 CONNECTIONS

38.3.1 Responsibilities of the Customer

A. Information a Customer Must Provide

Prior to reconnecting grandfathered equipment to WATS, the customer must provide the following information about the equipment to the Company:

1. Manufacturers name, model number and type
2. Ringer equivalent number and type (if known)
3. Type of standard jack (if required)
4. Service to which equipment is being connected
5. Notarized affidavit for premises wiring
6. Description of interface
7. Line or pin assignment for a multiline jack

The customer must also notify the Company when the grandfather equipment is permanently disconnected.

38.3.2 Connection to Service Provided by a Local Exchange Carrier

WATS may be connected to services provided by a Local Exchange Carrier. The connections are subject to the regulations in this tariff and the appropriate tariff(s) of the Local Exchange Carrier.

Issued: November 26, 2002

Effective: December 26, 2002

38.3.4 Standard Jacks - Registration Program

Standard jacks are provided by the Company to connect Registered Equipment to those services that are subject to the Registration Program. The use of jacks is covered in Part 68 of the FCC's Rules and Regulations. Specific jacks are described in the document on file with the FCC entitled "Descriptions of Standard Registration Program Connection Configurations Supplementing Configuration Described in Subpart F of Part 68 of the FCC's Rules and Regulations."

These jacks are used to terminate services provided by the Company. Other services or facilities provided by the Company or by others may also be terminated in any spare capacity of the jacks remaining after installation without additional charge for the use of such capacity.

The rates and charges for standard jacks and their typical uses are set forth following. The rates and charges applicable at any given time within the allowable minimum/maximum range will be specified in a supplemental rate schedule filed with and approved by the Missouri Public Service Commission. Any change to a rate or charge within the allowable range shall not be construed as an application to increase or decrease rates.

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.4 RATES

38.4.1 General

Each WATS line will be arranged by the Local Exchange Carrier, at the option of the customer, for either Outward WATS or 800 Service, but not both.

38.4.2 Rate Periods

Rates applicable are based on the time of day, day of week as follows:

A. Business Day Period

8 a.m. to 5 p.m. Monday through Friday.

B. Evening Period

5 p.m. to 11 p.m. Sunday through Friday.

C. Night/Weekend Period

11 p.m. to 8 a.m. all days
8 a.m. to 11 p.m. Saturday
8 a.m. to 5 p.m. Sunday

38.4.3 Minimum Average Time Requirement (MATR)

A. 800 Service

Usage is subject to an average of thirty seconds per completed message in each rate period for each billing period. This means that if the average duration per message in any rate period during each billing cycle is less than thirty seconds, billing will be based on an average duration of thirty seconds per message.

B. Outward WATS

Usage is subject to an average of one minute per completed message in each rate period for each billing period. This means that if the average duration per message in any rate period during each billing cycle is less than one minute, billing will be based on an average duration of one minute per message.

Issued: November 26, 2002

227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.4 RATES - (Continued)

38.4.4 Line Usage - 800 Service or Outward WATS

Rates for 800 Service in paragraph 38.4.4, A., following will apply to interLATA 800 Service actual usage or the percentage interLATA usage in accordance with the method reflected in the applicable local exchange carrier approved tariff. Rates for intraLATA 800 Service usage will be at the appropriate rates as found in the Tariffs of the local exchange carrier.

Rates for Outward WATS Service in paragraph 38.4.4, B., following will apply to interLATA only usage by rate period. Rates for intraLATA usage will be at the appropriate rates as found in the Tariffs of the local exchange carrier.

A. 800 Service

1. Monthly Usage Rate Table	<u>Day</u>	<u>Evening</u>	<u>Night/ Weekend</u>
First 11 hours, each hour	*	*	*
Next 11 hours, each hour	*	*	*
Next 18 hours, each hour	*	*	*
Over 40 hours, each hour	*	*	*

B. Outward WATS

1. Monthly Usage Rate Table	<u>Day</u>	<u>Evening</u>	<u>Night/ Weekend</u>
First 10 hours, each hour	*	*	*
Next 10 hours, each hour	*	*	*
Next 17 hours, each hour	*	*	*
Over 37 hours, each hour	*	*	*

C. The rates and charges applicable at any given time will be specified in a supplemental rate schedule filed with and approved by the Missouri Public Service Commission.

* Refer to the Price List for Supplemental Schedule of present effective rates.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.4 RATES - (Continued)

38.4.5 Method of Determining Monthly Charges

The WATS usage charge is determined using steps A. through E., following:

- A. Determine the total number of completed messages for each rate period for each service arrangement.
- B. For 800 Service, apply the Minimum Average Time Requirement of thirty seconds by dividing the number of completed messages for each rate period by 120. (1 message = 30 seconds). For Outward WATS, apply the Minimum Average Time Requirement of one minute by dividing the number of completed messages for each rate period by 60. (1 message = 1 minute)
- C. Determine the total actual hours used for each rate period for each service arrangement.
- D. Determine the total chargeable hours for each rate period for each service arrangement. This is the greater of B. or C., above, rounded to the nearest tenth (one decimal place.)
- E. Determine the total usage charge for all rate periods in each service arrangement by applying the rates shown in the rate table in Section 38.4 for Outward WATS or 800 Service.

Issued: November 26, 2002

Effective: December 26, 2002

Leslie O Buford, District Manager
227 West Monroe Street
Chicago, Illinois 60606

38. WIDE AREA TELECOMMUNICATIONS SERVICE

38.4 RATES - (Continued)

38.4.6 Timing of Calls

- A. Chargeable time begins when connection is established between a service point associated with the WATS access line and the calling or called service point and ends when the calling service point "hangs up," thereby releasing the network connection. If the called service point "hangs up" but the calling service point does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- B. When a connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period.
- C. The rate charged is determined by the day and time (standard or daylight savings) at the WATS access line location.
- D. When 800 Service is directly connected (i.e., not connected through a Multiline Terminating System) at a customer's premises to a communications system, chargeable time begins when the 800 Service message terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the 800 Service so that chargeable time may begin.

38.4.7 Directory Assistance

- A. Directory Assistance charge applies when Outward WATS calls are made from points in Missouri to intrastate Directory Assistance. Regulations and charges for Directory Assistance are in accordance with the provisions as set forth in Section 21 of the Custom Network Service Tariff. WATS usage rates do not apply to calls made to Directory Assistance.

43. SPECIAL SERVICE ARRANGEMENTS

43.1 GENERAL

43.1.1 SPECIAL SERVICE ARRANGEMENTS

Customer specific special arrangements may be furnished in addition to existing tariff offerings. Rates, terms, and conditions plus any additional regulations, if applicable, for the special service arrangements will be developed upon the customer's request. Unless otherwise specified, regulations for the special service arrangements are in addition to the applicable regulations specified in other sections of this tariff. Special service arrangements are established for specialized or customized customer service requirements and are not available for contract pricing.

The specific terms and conditions applicable to each special service arrangement will be described below.

A. FEDERAL TELECOMMUNICATIONS SYSTEM (FTS 2000)

AT&T has contracted with the General Service Administration (GSA) to provide telecommunications services to support FTS 2000. FTS 2000 is a communications system that provides interstate and intrastate telecommunications services only to agencies of the United States government. The intrastate portion of these services is provided as an add-on to the interstate service. The FTS 2000 contract will be renegotiated during fourth and seventh year of the ten-year term.

49. AT&T PRISON COLLECT WITH CONTROLS SERVICE

(MT)

49.1 DESCRIPTION

49.1.1 General

AT&T Prison Collect with Controls Service is an AT&T Long Distance Service that permits inmates to place collect calls originated over the AT&T network from authorized telephone numbers in a Prison Administration controlled environment. Telephones subscribed for this service may be controlled by the Prison Administration for one or more of the following:

- duration of call
- time of day
- number of calls placed per individual
- permission restrictions
- call blocking
- restriction lists

49.1.2 Availability

AT&T Prison Collect with Controls Service is available at prisons in Missouri in which Prison Administrators have requested the service. AT&T Prison Collect with Controls Service may not be available in all locations.

AT&T Prison Collect with Controls Service includes Operator Station Collect or Person-to-Person Collect calls placed to domestic locations. AT&T Prison Collect with Controls Service calls cannot be converted from a collect call to a Calling Card call by the billed party.

49.1.3 Regulations

AT&T Prison Collect with Controls Service includes usage charges and a Service Charge per call, as specified in the Price List. AT&T Prison Collect with Controls Service calls are not included in the discounts under AT&T Optional Calling plans specified in Section 2 of the Message Telecommunications Services Tariff.

(MT) This material was moved from the Message Telecommunications Service Tariff, Section 1.4.12, Sheet 57.

49. AT&T PRISON COLLECT WITH CONTROLS SERVICE

49.2 RATES AND CHARGES (MT)

49.2.1 Usage Charges

Usage charges for AT&T Prison Collect with Control Service are as specified in the Price List. (MT)

49.2.2 Bill Statement Fee (AT)

Customers who receive their intrastate AT&T Prison Collect calls charges as part of their local telephone company bill, will be assessed a Bill Statement Fee as specified in the Price List. This fee is in addition to all other rates and charges.

AT&T will not apply the Bill Statement Fee if any of the following apply:

- You receive your AT&T bill directly from AT&T via paper bill or via an online bill.
- You qualify as a "low income" subscriber, defined as one who meets the eligibility requirements of a low income plan (e.g., Lifeline, Link-Up, etc.) offered by the local telephone company. You must notify AT&T prior to February 27, 2005 of your eligibility and provide the AT&T required certification of eligibility to AT&T.
- You subscribe to AT&T Price Protection Plan, or AT&T One Rate[®] Basic plan, or AT&T One Rate Simple Plan.
- You inform AT&T that you are blind or visually impaired and have your telephone bill issued in Braille; or you are a customer in Missouri and you request your AT&T invoices in large print.
- Your local telephone company is AT&T.

The Bill Statement Fee is as specified in the Price List. (AT)

(MT) This material was moved from the Message Telecommunications Service Tariff, Section 1.4.12, Sheet 57.1. (AT)

50. AT&T CORRECTIONAL VALUE PLAN (OCPZP)*

(RT)

(RT)

* Effective June 15, 2005, AT&T Correctional Value Plan will be discontinued and not available to new or existing customers.

(AT)

51. INTRASTATE INBOUND 1-800-YELLOWPAGES SERVICE

51.1 DESCRIPTION

Intrastate Inbound 1-800-YellowPages Service is a telecommunications service provided to businesses that advertise on AT&T's 1-800-YellowPages free directory assistance service. Intrastate Inbound 1-800-YellowPages permits inward 800 number calling from stations within the state and connects callers at their request to the telephone number of the requested directory assistance business listing.

Intrastate Inbound 1-800-YellowPages Service is offered only in conjunction with AT&T 1-800-YellowPages, which is an Advertiser Paid service offered by AT&T, that provides free nationwide access to directory assistance listings to callers. Businesses contract with AT&T to play ads for their products and services when callers place calls to 1-800-YellowPages for directory assistance listings and then routes callers at their request to the telephone number of the requested business listing. The ads are played after a call to 1-800-YellowPages, and before callers are given the requested business number. The charge for Intrastate Inbound 1-800-YellowPages service is as specified in the Price List. AT&T will enter into a separate agreement with the advertiser for the billing and collection of the charge.

51.2 RATES AND CHARGES

Refer to Price List
