.2533 networkMCI One Market Area Calling: 1/ Offers intralata, outbound, voice only calling within the customer's Market Area for calls using dedicated access-switched termination and dedicated access-dedicated termination. This call type is not available to customer locations that fall within the local service area as defined in MCIMetro Local Exchange Tariffs.

The rates for intraLATA, Dedicated origination specified in section C-3.25211 will apply to all Market Area calls originating and terminating within the customer's Market Area. A customer's Market Area is defined as the dominant Local Exchange Carrier's (LEC) local calling area specified in the LEC's Local Exchange Tariff for the customer's exchange area for the specific location implementing Market Area Calling.

In addition, networkMCI discounts as outlined in MCI WORLDCOM's FCC Tariff No. 1, Section C-3.41 (excluding the Dedicated Termination Discounts) will apply. If a customer subscribes to a Special Customer Arrangement with intrastate discounts or rates then those rates and discounts will apply to Market Area Calling. SCA Types 1 and 4 are not eligible for Market Area Calling.

Customers must have Branch Exchange (PBX) or Hybrid Key System and originate Market Area Calling traffic via dedicated access facilities to use this feature.
