GENERAL EXCHANGE SERVICES**

PACKAGED SERVICE OFFERINGS

A. Packaged Service Offerings combine regulated and non-regulated services offered by the Company into packages at a reduced price than what would be charged if the included services were to be ordered individually. The packages are available only where sufficient facilities are available to provision the full package. The Internet connection speeds are estimates and are not guaranteed.

Rates and descriptions of the Company's bundled service offerings are available at the Company's website:
