Re: Whole House Efficiency Program and Income Eligible Multi-Family Direct Install Program

Dear Secretary:

Enclosed for filing are substitute tariffs P.S.C. MO. No. 6, Original Sheet Nos. 107.1 and 108.1 which are applicable to the Missouri Gas Energy ("MGE") Service Areas of Laclede Gas Company.

These tariff sheets are substitute tariff sheets replacing Sheet Nos. 107.1 and 108.1 included in tracking number JG-2017-0038 which have an issue date of September 1, 2016 and an effective date of October 21, 2016. The Staff of the Missouri Public Service Commission has requested some additional small changes in the tariff language which has been approved by MGE's Energy Efficiency Collaborative.

Please bring this filing to the attention of the appropriate Commission personnel.

Sincerely,

/s/Michael R. Noack

Income Eligible Multi-Family Direct Install Program

Program Cost: The total budget for each year of the Program is calculated and approved annually by the MGE Energy Efficiency Collaborative ("EEC") and may be increased or decreased per EEC decision as necessary. This amount will provide for incentive payments, marketing costs, and Company Administrative costs. Payments will be provided until the budgeted funds for the total Program are expended.

Program Funding: The Company will fund energy efficiency programs, on an annual basis, toward the goal of .5% of the Company's gross operating revenues. These amounts will be deferred and treated as a regulatory asset with a ten-year amortization period. Such amortization will begin on the effective date of rates in the Company's next general rate case. Amounts spent under these programs will be included in MGE's rate base in its next general rate case. Each year, at the beginning of a Program Year, Company will prepare a budget of program expenditures subject to approval by the MGE Energy Efficiency Collaborative (EEC). The approved budget will be used for the ensuing 12 months unless the EEC agrees that there is a need to make changes within a budget year. MGE's expenditures will be subject to a prudence review in any relevant MPSC proceedings. Program Funding and recovery is subject to the Stipulation and Agreement in the GR-2014-0007.

Program Term: From the effective date of the tariff to run concurrent with the KCP&L Program.

Energy Efficiency Collaborative: The Energy Efficiency Collaborative (EEC), which was formed in Case No. GR-2009-0355 will provide oversight for the implementation of this Whole House Efficiency Program.
