9. AT&T DIGITAL LINK SERVICE

Missouri Public
Service Commission

9.1 DESCRIPTION

REC'D JUN 10 2003

9.1.1 General

AT&T Digital Link is a Local Exchange Service for Business Customers which permits outward and inward local calling capability from a Customer's premises utilizing Direct Outward Dialing (DOD), Direct Inward Dialing (DID) and Main Listed Number (MLN)* over dedicated digital facilities (as described in the AT&T Business Services Guide) and Originating Toll Free Service (8YY). The Customer's premises must have a Customer provided compatible Private Branch Exchange (PBX) system or multiline terminating system to originate and terminate the calls. AT&T Digital Link also permits outward local calling capability from a Customer's premises utilizing Direct Outward Dialing (DOD) over an external Local Exchange Company (LEC) provided Centrex Service. The customer will be responsible for obtaining all necessary Centrex Service Automatic Route Selection (ARS) reprogramming. DOD, DID, 8YY and MLN* capability is available where facilities and operating systems exist.

AT&T Digital Link Service (ADL) supports both line and trunk applications for customers. The Company will determine whether a Customer requires a line or a trunk application based upon: 1) the quantity of telephone numbers at a customer location and 2) Customer's existing service requirements, unless Customer requests a change to existing requirements.

(AT)

Line applications exhibit lower levels of network occupancy. With line applications there is commonly a relationship of one (1) telephone number per channel.

To adjust for the levels of Customer usage, AT&T will apply a ratio of DID Channel charges to telephone numbers. The specific ratio(s) to be applied is located in the Price List. The Customer may request a full facility charge as an alternative to multiple channel charges.

Trunk applications typically exhibit a multiple telephone numbers per channel relationship. Charges will apply in a ratio of one (1) DID Channel charge per trunk. The Customer may request a full facility charge as an alternative to multiple channel charges.

(AT)

* Main Listed Number (MLN) is not available for new installations after July 10, 2003.

(AT)

(AT)

(MT) Material previously shown on this sheet now appears on Sheet 2.

9. AT&T DIGITAL LINK SERVICE

9.1 DESCRIPTION (Cont'd)

REC'D NOV 26 2002

9.1.2 AT&T Digital Link Direct Outward Dialing Service (DOD)

Service Commission

AT&T Digital Link Direct Outward Dialing Service provides outward calling from the Customer's premises to the telecommunications network. Two Calling Plans are available with DOD service. The Customer may subscribe to either the Usage Based Calling Plan or the Flat Rate Calling Plan. The Flat Rate Calling Plan is available only to customers whose AT&T Digital Link Service at a given location is associated with one of the following Long Distance services:

AT&T SDN OneNet Service
AT&T Software Defined Network Service
AT&T Software Defined Network Service/OneNet
AT&T Business Network-UniPlan[®] Service - Dedicated Access
AT&T Business Network-UniPlan Basic Service Option
AT&T Business Network-UniPlan Service Flat Rate Pricing Option
AT&T Business Network-UniPlan OneRate Service Option
AT&T Business Network-UniPlan OneRate Service Option II
AT&T Virtual Telecommunications Network Service (VTNS) (non-ISDN)
AT&T Virtual Telecommunications Network Service (VTNS) (ISDN)
ACC Business
AT&T Business Network Service

Customers with multiple locations in a state may select either the Usage Calling Plan or if otherwise qualified, the Flat Rate Calling Plan for each location. Customers who do not make a selection will automatically receive the Usage Calling Plan. DOD is only furnished where facilities exist.

9.1.3 AT&T Digital Link Originating Toll Free Service (8YY)

AT&T Digital Link Originating Toll Free Service provides outward calling from the Customer's premise to Toll Free numbers. ADL 8YY service is only furnished where facilities exist. In order to subscribe to ADL 8YY service, the customer must also subscribe to DOD service.

9.1 DESCRIPTION (Cont'd)

REC'D JUN 10 2003

9.1.4 AT&T Digital Link Direct Inward Dialing Service (DID)

AT&T Digital Link Direct Inward Dialing Service provides inward calling service from the telecommunications network to the Customer's premises for use in connection with PBX dial switching equipment. DID is not available with an external LEC provided Centrex Service. Unless otherwise requested by the Customer, DID service transmits the dialed digits for all incoming calls to the Customer's PBX or multi-line terminating system allowing the Customer's PBX or multi-line terminating system to route the incoming calls directly to the desired station(s). In order to subscribe to DID Service, the Customer must also subscribe to DOD Service.

(CT)

(CT)

AT&T Digital Link Direct Inward Dialing Service requires a subscription to DID number groups. When dialed, these numbers are routed over available DID arranged channels of the digital access facilities to the Customer's premises. DID number groups may be ordered in an initial group of 20 and additional groups of 10. Additionally, Customers may request fewer than 20 DID numbers for a particular facility.

(AT)

(AT)

AT&T Digital Link DID Service is not available to Customers with Terminating Switched Access Arrangement functionality or Access Value Arrangement functionality with AT&T.

The Customer will make available to AT&T sufficient capacity on the dedicated digital facilities between its premises and AT&T's network to allow AT&T to terminate all calls to that Customer, including calls originated by Interexchange Carriers and other local service providers.

A. AT&T Incoming Call Re-direct:

AT&T Digital Link (ADL) Direct Inward Dialing (DID) Customers may choose to redirect their incoming calls to an alternate ADL DID location within the local calling area, designated by the Customer, for completion during a network failure lasting more than four hours, a customer premise problem that causes an out-of-service condition, or a customer-scheduled interruption.

9.1 DESCRIPTION (Cont'd)

REC'D NOV 26 2002

9.1.4 AT&T Digital Link Direct Inward Dialing Service (DID)

Service Commission

AT&T Digital Link Direct Inward Dialing Service provides inward calling service from the telecommunications network to the Customer's premises for use in connection with PBX dial switching equipment. DID is not available with an external LEC provided Centrex Service. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route the incoming calls directly to the individual stations corresponding to each individual DID number. In order to subscribe to DID Service, the Customer must also subscribe to DOD Service.

AT&T Digital Link Direct Inward Dialing Service requires a subscription to DID number groups. When dialed, these numbers are routed over available DID arranged channels of the digital access facilities to the Customer's premises. DID number groups may be ordered in an initial group of 20 and additional groups of 10.

AT&T Digital Link DID Service is not available to Customers with Terminating Switched Access Arrangement functionality or Access Value Arrangement functionality with AT&T.

The Customer will make available to AT&T sufficient capacity on the dedicated digital facilities between its premises and AT&T's network to allow AT&T to terminate all calls to that Customer, including calls originated by Interexchange Carriers and other local service providers.

A. AT&T Incoming Call Re-direct:

AT&T Digital Link (ADL) Direct Inward Dialing (DID) Customers may choose to redirect their incoming calls to an alternate ADL DID location within the local calling area, designated by the Customer, for completion during a network failure lasting more than four hours, a customer premise problem that causes an out-of-service condition, or a customer-scheduled interruption.

9.1 DESCRIPTION (Cont'd)

REC'D NOV 26 2002

9.1.4 AT&T Digital Link Direct Inward Dialing Service (DID) (Cont'd)

Service Commission

A. AT&T Incoming Call Re-direct: (Cont'd)

When re-directing calls the Customer will be responsible for ensuring that the receiving number(s) has the necessary capacity to handle the additional calling load. The Customer may re-direct their calls to either a single number or multiple numbers. If the customer opts to direct their calls to more than one number, the customer may re-direct up to five numbers to be routed to a maximum of five alternate routing numbers. The choice of five alternate routing numbers is applicable per location T1.5, not per trunk group (a "limited re-direct"). If the customer opts to direct their calls to a single number, the customer may re-direct any portion of their numbers to that single routing number (a "complete redirect").

Emergency Routing: If the Company determines that an out-of-service condition cannot be resolved within four hours, the Company will attempt to implement an alternative routing limited re-direct within one hour. When line ranges are involved in a complete re-direct, implementation times may be longer. The Company will attempt to re-direct sequential ranges with a quantity of 800 telephone numbers or less within 2 hours. Non-sequential ranges or sequential ranges in excess of 800 telephone numbers may require additional time. The Company will provide the customer a targeted completion time when the determination to implement Call Re-Direct is made. If the out-of-service condition is a result of an AT&T local access or an AT&T network failure, emergency routing will be available at no charge. The re-direction will be cancelled and the original routing restored upon the earlier of (a) resolution of the out-of-service condition or (b) one week after re-direction is implemented.

If the out-of-service condition is not due to an AT&T network failure, the customer will be charged \$200 for each number, up to a maximum of five, to which the calls are being re-directed. The customer must inform AT&T when the out-of-service condition is remedied. The re-direction will be cancelled and the original routing restored upon the earlier of (a) resolution of the out-of-service condition or (b) one week after re-direction is implemented.

9.1 DESCRIPTION (Cont'd)

REC'D JUN 10 2003

9.1.5 AT&T Digital Link Main Listed Number (MLN)#*

(AT)

AT&T Digital Link Main Listed Number Service provides inward calling service from the telecommunications network to the Customer's premises. MLN is not available with an external LEC provided Centrex Service. MLN Service will terminate at the Customer's PBX or multiline terminating system by way of the Customer's main listed number. This main listed number will be the Customer's only published and dialable AT&T Digital Link Service number. The incoming calls will be completed to the called station via a prompt by an auto attendant (the PBX) or via an attending agent. In order to subscribe to MLN Service, the Customer must also subscribe to DOD Service.

AT&T Digital Link MLN Service is not available to Customers with Terminating Switched Access Arrangement functionality or Access Value Arrangement functionality with AT&T.

The Customer will make available to AT&T sufficient capacity on the dedicated digital facilities between its premises and AT&T's network to allow AT&T to terminate all calls to that Customer, including calls originated by Interexchange Carriers and other local service providers.

- # AT&T Digital Link MLN Service is only available to Customers (a) where the MLN Service was installed and operating on or before July 10, 2003, (b) where no additional telephone numbers are added to the MLN Service (resulting in multiple inbound numbers) after July 10, 2003, and (c) where the inbound MLN telephone number is not moved to a new location after July 10, 2003 ("Grandfathered MLN Service"). A Grandfathered MLN Service, which no longer satisfies one or more of the preceding conditions shall be reclassified as an AT&T Digital Link Direct Inward Dialing Service and shall be subject to the applicable monthly recurring charges. A Customer of a Grandfathered MLN Service may not order additional MLN Services to new locations, but may retain its Grandfathered MLN Services at existing locations provided that the applicable conditions are met.

(AT)

9. AT&T DIGITAL LINK SERVICE

9.1 DESCRIPTION (Cont'd)

(AT)

9.1.6 Local Number Portability (LNP) Service

Local Number Portability (LNP) Service provides end users of telecommunication service, where facilities permit, the ability to retain their existing telephone number when switching from one local exchange service provider to another provided that the end user Customer remains within the same rate center.

LNP Service provides for the completion of all calls to ported telephone numbers, as described above, regardless of where the call originates.

Monthly recurring charges for LNP service will apply to end user Business service customers receiving AT&T Digital Link Service in conjunction with OneNet, SDN and Virtual Telecommunications Service (VTNS). LNP Service charge will be assessed on all of these lines beginning October 24, 2003 and concluding on October 24, 2008.

9. AT&T DIGITAL LINK SERVICE

9.3 RATES AND CHARGES

ADL calls using dedicated access will be rated from the originating rate center to the terminating rate center. (CT)

- A. ADL DID and MLN rates include non-recurring and monthly recurring charges. Main Listed Number (MLN) has been grandfathered and is not available for modifications to existing locations or for new installations as of the grandfathered date specified in Section 9.1.5 preceding.
- B. ADL DOD Usage Calling Plan rates include usage based charges which are billed in arrears and apply to all DOD calls. DOD usage charges are determined by the time periods following.
- C. ADL Flat Rate Calling Plan

ADL Flat Rate Calling Plan allows the customer to place calls within the Local Calling Area for a fixed monthly fee billed in advance. Charges are based upon a combination of the Flat Rate Calling Plan selected by the customer, the facility capacity used by the customer and the customer's associated long distance plan for each location. The fixed monthly fee is based upon an equivalent of Full DS1 and/or Half DS1 for all Flat Rate Calling Plans except as noted below for VTNS Services. AT&T Digital Link Flat Rate Calling Plans are subject to a usage limit of 80,000 local outbound minutes per Full T1/PRI per month, or where applicable, a usage limit of 40,000 local outbound minutes per Half T1/PRI per month. The company may charge the Flat Rate monthly recurring charge for each additional half or full T1/PRI that would be needed to ensure enforcement of the usage limit. Facility capacity for customers whose ADL service is associated with VTNS (ISDN) will be calculated based upon DS0s with a minimum quantity of 12 DS0s (Half DS1) or 24 DS0s (Full DS1) and in multiples of Half DS1 or Full DS1 thereafter. Facility capacity for customers whose ADL service is associated with VTNS (non-ISDN) will be calculated based upon a minimum of 12 channels of DOD Flat Rate per trunk group (Half DS1 of Flat Rate). Channel quantities greater than 12 on a trunk group can be ordered individually and will incur the appropriate incremental number of DOD Flat Rate channel charges; however, all voice channels in such trunk group must be provisioned with DOD Flat Rate. VTNS (non-ISDN) customers who order a minimum of 12 Channels of Half DS1 will be entitled to 40,000 minutes of Flat Rate calling usage per calendar month. Additional DS0 channels purchased will provide 3,000 incremental minutes of Flat Rate calling usage per DS0 per calendar month. (CT)

9. AT&T DIGITAL LINK SERVICE

9.3 RATES AND CHARGES

REC'D JUN 10 2003

AT&T Digital Link DOD rates include usage-based charges which are billed in arrears, and apply to all AT&T Digital Link DOD calls associated with any of the intrastate long distance services listed in 9.1.1 at their applicable tariff rate. The AT&T Digital Link Flat Rate Calling Plan charges allow the Customer to make local calls for a fixed monthly fee billed in advance. Charges are based upon a combination of the facility capacity used by the Customer and the Customer's associated long distance plan. The fixed monthly fee is based upon an equivalent of full DS1 and/or half DS1 for all Flat Rate Calling Plans except for those customers whose AT&T Digital Link service is associated with VTNS (non-ISDN). Facility capacity for Customers whose AT&T Digital Link Service is associated with VTNS (ISDN) will be calculated based upon DSOs with a minimum quantity of 12 DSOs (Half DS1) or 24 DSOs (Full DS1) and in multiples of Half DS1 or Full DS1 thereafter. Facility capacity for Customers whose AT&T Digital Link service is associated with VTNS (non-ISDN) will be calculated based upon a minimum of 12 channels of DOD Flat Rate per trunk group (1/2 DS1 of Flat Rate). Channel quantities greater than 12 on a trunk group can be ordered individually and will incur the appropriate incremental number of DOD Flat Rate channel charges; however, all voice channels in such trunk group must be provisioned with DOD Flat Rate. For Customers with multiple locations in a state that are associated with different long distance plans, charges will be calculated by location based on the Flat Rate Calling Plan selected by the Customer and their associated long distance service at that location.

VTNS Non-ISDN Customers who order a minimum of 12 Channels or Half DS1 will be entitled to 40,000 minutes of Flat Rate calling usage per calendar month. Additional DSO channels may be purchased and will provide 3,000 incremental minutes of Flat Rate calling usage per DSO per calendar month. For all other Long Distance Platforms (excluding ACC Business Customers), the Customer will be entitled to 40,000 minutes of usage for each Half DS1 of Flat Rate and 80,000 minutes of usage for each Full DS1 of Flat Rate per calendar month.

(MT) Material previously shown on this sheet now appears on Sheet 9.1 and 10.

9.3 RATES AND CHARGES

Service Commission

AT&T Digital Link DOD rates include usage-based charges which are billed in arrears, and apply to all AT&T Digital Link DOD calls associated with any of the intrastate long distance services listed in 9.1.1 at their applicable tariff rate. The AT&T Digital Link Flat Rate Calling Plan charges allow the Customer to make an unlimited number of local calls for a fixed monthly fee billed in advance. The fixed monthly fee is based upon an equivalent of full DS1 and/or half DS1 for all services except for those customers whose AT&T Digital Link service is associated with VTNS (non ISDN). Customers whose AT&T Digital Link service is associated with VTNS (non-ISDN) will be charged based on a half DS1 or multiples of half DS1s only. For Customers with multiple locations in a state that are associated with different long distance plans, charges will be calculated by location based on the calling plan selected by the Customer and their associated long distance service at that location. DOD usage charges for AT&T Digital Link are determined by the following time periods. AT&T Digital Link DID and MLN rates include non-recurring and monthly recurring charges. Charges for DID Service (per Channel of the Digital Facility so equipped) or DID Service (per Digital Facility so equipped) do not apply when ISDN-PRI is provisioned on the dedicated digital facilities described in Section 9.1.1 preceding. Direct Inward Dialing and Main Listed Number Service Trunk Establishment Charges are waived for new AT&T Digital Link DID/MLN Customer locations.

9.3.1 Time Periods

Day, Evening, and Night/Weekend rates apply as follows for AT&T Digital Link calls in connection with AT&T SDN OneNet Service, AT&T Software Defined Network Service, AT&T Business Network-UniPlan[®] Service - Dedicated Access, AT&T Business Network-UniPlan Basic Service Option, AT&T Business Network-UniPlan Service FlatRate Pricing Option, AT&T Business Network-UniPlan OneRate Service Option, AT&T Business Network-UniPlan OneRate Service Option II, AT&T Virtual Telecommunications Network Service (VTNS), AT&T CustomNet[™] Service - Special Access, and AT&T Business Network Service Usage Based Calling Plan.

9.3 RATES AND CHARGES

C. ADL Flat Rate Calling Plan (Cont'd)

(CT)

1) Monitoring Usage

The company reserves the right to audit customer's usage for the above conditions. With the exception of ACC Business customers, the Flat Rate customer's local outbound usage will be monitored on a rolling three (3) calendar month period. If for three consecutive months, based on the Flat Rate Calling Plan and quantity purchased, a customer's local outbound usage exceeds the thresholds identified above, then AT&T reserves the right to move the customer to the Flat Rate billing increment needed to support the customer's average minutes of use. For ACC Business customers, Flat Rate local outbound usage will be monitored on a monthly basis.

(CT)

*Charges for DID Service (per Channel of the Digital Facility so equipped) or DID Service (per Digital Facility so equipped) do not apply when ISDN-PRI is provisioned on the dedicated digital facilities described in Section 9.1.1 preceding.

Direct Inward Dialing Establishment Charges are waived for new AT&T Digital Link DID Customer Locations.

Beginning July 10, 2003, with each 18 channels of ADL DOD Flat Rate purchased with VTNS (Non-ISDN), AT&T will waive charges for ADL DID channels or an ADL DID Facility purchased for the same location, up to a maximum value of one ADL DID Facility. In addition, for each Full DS1 of ADL DOD Flat Rate the Customer purchases with the other long distance services, AT&T will waive charges for ADL DID Channels or ADL DID Facility purchased for the same location, up to a maximum value of one ADL DID Facility charge. DID Number Group charges will still apply and will not be waived.

- * Charges for ADL DID Channel/Facility provisioned with ISDN-PRI will continue to be waived for existing Customers who are currently receiving this waiver or have already ordered service including the waiver as of July 10, 2003.

9.3 RATES AND CHARGES

The Flat Rate Customer's local outbound usage will be monitored on a rolling three (3) calendar month period. If for three consecutive months, based on the Flat Rate Calling Plan and quantity purchased, a Customer's local outbound usage (excluding ACC Business Customers) exceeds the thresholds identified above, then AT&T reserves the right to move the Customer's Flat rate Calling Plan and associated billing to the next higher Flat Rate billing increment. For example, a Customer currently receiving billing for a Half DSI will be moved to a Full DSI, a Customer with a Full DSI will be moved to a Full DSI and a Half DSI. Similarly with Flat Rate on VTNS Non-ISDN, additional Flat Rate channels will be provisioned and billed as thresholds are exceeded for three consecutive months. The quantity of new channels will be adjusted to reflect the accurate number of channels needed to support the Customer's average minutes of use. (AT)

DOD usage charges for AT&T Digital Link are determined by the following time periods. AT&T Digital Link DID and MLN** rates include non-recurring and monthly recurring charges. (MT)

9.4 SERVICE QUALITY GUARANTEES

Service Commission

9.4.1 General

AT&T will provide a Service Quality Guarantee to AT&T Digital Link Customers. As specified in each individual guarantee, AT&T will offer a credit or delivery by an alternate means when AT&T Digital Link does not meet the Customer's quality expectations. Service Quality Guarantees are not available to AT&T Digital Link Customers who subscribe to ACC Business.

AT&T Digital Link Customers who are not satisfied with the quality of a call made over the Customers' subscribed service or are not satisfied with AT&T's efforts to restore an interrupted service or meet a service installation due date must contact AT&T and report their dissatisfaction in order to receive the Service Quality Guarantee Credit.

These AT&T Service Quality Guarantees are in lieu of any credits specified under this tariff. In the event that a Customer is eligible for credits under this tariff and another AT&T tariff, the Customer will only receive the larger of the two credits.

AT&T Digital Link Call Satisfaction Guarantee, Service Interruption Satisfaction Guarantee, and Installation Satisfaction Guarantee apply only to AT&T Digital Link Customers who also subscribe to AT&T SDN OneNet Service, Software Defined Network Service, AT&T Business Network-UniPlan Service, AT&T CustomNet Service or AT&T Business Network Service provided under this Company's Custom Network Service Tariff.

AT&T Digital Link FAX Performance applies only to AT&T Digital Link Customers who also subscribe to AT&T Business Network-UniPlan Service, AT&T CustomNet Service or AT&T Business Network Service provided under this Company's Custom Network Service Tariff.

9.4.2 Call Satisfaction Guarantee

Credit under this guarantee will be calculated based on eligible AT&T Digital Link Direct Outward Dial calls. A credit equal to the tariff charges for the reported local calls up to a maximum of 30 minutes per month will apply.

1. There is a maximum of one credit per reported call.
2. The credit will be applied to the net monthly billed charges for the Customers' subscribed service.
3. For AT&T CustomNet Service Customers, there is a maximum credit of \$50.00 per Main Billed Account, per 12 month period. Such period will begin with the full billing month in which the Customer receives their first credit under this guarantee.
4. Customers receiving credit under this Guarantee are not entitled to any other Service Quality Guarantee or any other compensation for unsatisfactory service provided in this tariff.

9.4.3 Service Interruption Satisfaction Guarantee and Installation Satisfaction Guarantee

A. Service Interruption Satisfaction Guarantee

A credit will apply as specified in 9.4.3.C. following when the Customer is not satisfied with AT&T's efforts to restore service which has been interrupted due to the performance of AT&T's tariffed service to one or more locations of the Customer.

B. Installation Satisfaction Guarantee

A credit will apply as specified in 9.4.3.C. following when AT&T does not meet the installation due date agreed to by AT&T and the Customer and the Customer is not satisfied with AT&T's efforts to meet the service installation due date.

9.4.3 Service Interruption Satisfaction Guarantee and Installation Satisfaction Guarantee (Cont'd)

C. Application of Credit

Credit will be applied based on the Customer subscribed AT&T service specified below. The credit will be equal to the lower of: the credit per location specified herein, the highest monthly billing for the Customer's most recent three full billing months for the location affected; or the amount billed on the Customer's first full month's billing statement for the location affected if the Customer has subscribed to the service for less than three full billing months. The credit will be applied for each event described in 9.4.3.A. and B. above subject to a maximum credit per Service Type per Main Billed Account, per twelve month period. Each Service Type is specified below. Such period will begin with the first full billing month in which the Customer receives its first credit. Multiple Main Billed Accounts per Service Type of the same Customer are considered as one billing account for the application of the maximum twelve month credit per Customer billing account. The maximum twelve month credit will be based on the total of all credits applied for both the Service Interruption Satisfaction Credit and the Installation Satisfaction Credit. Credit will be issued to the Customer within three full billing months after the Customer has reported its dissatisfaction to AT&T. Customers receiving credit under either the Service Interruption Satisfaction Guarantee or the Installation Satisfaction Guarantee are not entitled to any other Service Quality Guarantees or any other compensation for unsatisfactory service provided in this tariff.

For schedule of credit applicable to eligible services, per Service Type, per Main Billed Account refer to Price List.

9.4.4 AT&T FAX Performance Guarantee

A. General

AT&T will provide the FAX Performance Guarantee (FPG) to AT&T Digital Link Customers who have encountered a failure to transmit a FAX utilizing AT&T Digital Link Service. The FPG which provides for delivery of the Customer's local FAX transmission utilizing AT&T's domestic switched network or by way of an alternative method (as described in 9.4.4.C. following), if deemed appropriate, in order to meet the Customer's business needs. AT&T's domestic switched network is defined as the collection of network facilities and equipment used to transport AT&T's domestic calls, excluding Customer Premises Equipment (CPE) and Enhanced Services.

B. Eligibility

The FPG applies to Customers who subscribe to AT&T Business Network-UniPlan Service, AT&T CustomNet Service or AT&T Business Network Service. The FPG will not apply to calls placed by means of wireless access (including but not limited to cellular access). Customers receiving credit under this Guarantee are not entitled to any other Service Quality Guarantees or any other compensation for unsatisfactory service provided in this Tariff.

9. AT&T DIGITAL LINK SERVICE

9.4 SERVICE QUALITY GUARANTEES - (Continued) **Service Commission**

9.4.4 AT&T FAX Performance Guarantee - (Continued)

C. Description

If an eligible FAX call, as described above fails, the FPG will provide Customer assistance through the Domestic FAX Service Center (DFSC) twenty-four hours a day, seven days a week. Access to the DFSC is by way of a toll-free number at no cost to the Customer. The DFSC provides an analyst who will work with the Customer to isolate and resolve the trouble. Unless it is determined that the cause of the problem is Customer premises equipment related, the DFSC will initially attempt to re-FAX the document via AT&T equipment. If that fails, the DFSC will offer to place the Customer in touch with a Domestic Express Delivery Service of AT&T's choice, to deliver the FAX in accordance with the arrangements agreed to by the Customer and the Domestic Express Delivery Service, at AT&T's expense up to the annual maximum number of documents per Customer per calendar year, as specified in 9.4.4.D. following, for the Type of AT&T Service on which the FAX delivery trouble occurred. The value of the Domestic Express Delivery Service will not exceed \$50.00 per document.

A Customer document is defined as printed material containing text and/or graphics, of up to 50 pages, 8 1/2" x 11" in size. Larger numbers of pages shall be considered multiple documents.

D. Domestic Express Delivery Alternative

The maximum annual number of documents to be offered to any Customer per calendar year under the Section preceding, for the listed AT&T service on which the FAX delivery trouble occurred, will be as follows:

<u>AT&T Service Type</u>	<u>Maximum Documents Per Customer Per Calendar Year</u>
AT&T CustomNet Service	2
AT&T Business Network-UniPlan Services	8
AT&T Business Network Service	8

9.5 DIRECTORY LISTINGS - Southwestern Bell Telephone Territory

Customers who subscribe to only the outbound calling service (DOD) of AT&T Digital Link are not provided with Directory Listings. Customers who subscribe to either Direct Inward Dialing (DID) or Main Listed Number (MLN) service of AT&T Digital Link receive Directory Listing(s) as follows:

9.5.1 General

Customers shall provide the Company with information for all Directory Listings.

The Company will include the Customer's Main Listing in the white page directory, and offer Additional and/or Other Listings to the Customer at an additional charge(s). The Customer must identify its Non-Published and Non-Listed business telephone numbers for directory purposes.

The Company is not liable for damages arising from errors or omissions in the making up or printing directories or in accepting Listings as presented by the Customer.

If a Customer that subscribes to AT&T Digital Link Service under this tariff, for the purposes of resale to other parties, wishes to obtain Directory Listings for its end users, the Customer must provide the Company with all information necessary for such listings in the form required by the Company. The Company will not accept such information directly from the Customer's end users, and will not gather such information for the Customer. AT&T shall not be liable to the Customer's end users for any damages arising from errors or omissions in connection with such Directory Listings. AT&T shall not be liable to the Customer for any damages arising from errors or omissions in connection with such Directory Listings that directly or indirectly are the result of errors or omissions made by the Customer in collecting or transmitting such information to AT&T.

The alphabetical list of names of customers is for the purpose of informing calling parties of the telephone numbers of customers and those entitled to use customers' service, and special position or arrangement of names is not contemplated.

9.5 DIRECTORY LISTINGS - Southwestern Bell Telephone Territory (Cont'd)

9.5.1 General (Cont'd)

The Company limits the length of any listing in the directory by the use of abbreviations when in the opinion of the Company the clearness of the listing or the identification of the customer is not impaired thereby.

Listings must conform to the Company's practices with respect to directories.

A. Main Listings

The Customer will receive one free Main listing, per location, in the alphabetical section of the white pages which serves the Customer's location.

B. Additional Listings

The term additional listing denotes any white pages listing, regardless of form, in addition to the Main Listing. A monthly rate applies for each Additional Listing. Additional Listings may be any of the following:

1. If the Customer is a partnership or a firm, names of partners or members of the firm;
2. If the Customer is a corporation, names of officers of the Corporation; or
3. For any business establishment, names of associates or employees of the establishment.

Additional listings may also be the bona fide names of firms or corporations that the Customer owns or controls or is duly authorized to represent, or names under which business is regularly conducted.

For Additional Listings monthly charges refer to Price List.

9.5 DIRECTORY LISTINGS - Southwestern Bell Telephone Territory (Cont'd)

9.5.1 General (Cont'd)

C. Other White Pages Listings

Other White Pages Listings are types of Additional Listings that can appear in white page directory where the Customer also has a Main or standard Additional Listing.

1. Extra Line Listings

Extra line material may be provided in the alphabetical directory when, in the opinion of the Company, it facilitates the use of the telephone service. An extra line must be directive for the proper placing of telephone calls and not designed for advertising purposes or to show store hours. Ordinarily, an extra line will be provided only when a customer has more than one listed telephone.

An extra line consists of five words or any fraction thereof. When a customer needs more than five words to properly direct calls, he may arrange for two or more extra lines. If the customer requests separate lines consisting of less than five words, the extra listing charge applies to each line. If two items of supplemental address information appear on the same line, two extra listing charges apply.

For Extra Line Listing monthly charges refer to Price List.

2. Alternate Listings

Listing of an alternate telephone number to be called in case no answer is received at the primary call number or indicating an alternate telephone number to be called during certain periods or under circumstances in preference to the primary call number is permitted for customer to all classes of service. A phrase necessary to direct the method of calling and giving the number to call may be provided as an alternate listing.

The alternate number may be that of a service not under contract with the customer in connection with whose name it appears. In such case, the consent of the customer to the alternately listed service must be obtained for the alternate listing.

When a customer has an extension line terminating in equipment located at a telephone answering bureau or another premises of the customer to enable the telephone to be answered at all times, or when the customer contracts for automatic answering and recording service, the telephone number of the main or extra listing may be used as the alternate number with a directive note.

For Alternate Listings monthly charges refer to Price List.

3. Foreign Listings

Foreign Listings are listings in the alphabetical list of an exchange other than the exchange in which the listed service is furnished.

For Foreign Listings monthly charges refer to Price List.

9.5.2 Non-Published Listings

A. General

Non-Published telephone numbers are listed in neither directories nor Directory Assistance records available to the general public.

B. Regulations

The Company will complete incoming calls only when the calling party places the call by number. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the Customer's request to refrain from publishing his/her telephone number in the directory does not create any relationship or obligation, direct or indirect, to any other person than the Customer.

The Company's liability, if any, for its gross negligence or willful misconduct or the right of the Customer to seek any legal remedy available for the same is not limited by this tariff. In the absence of gross negligence or willful misconduct with respect to any claim or suit brought by, or other legal remedies available to, the Customer for damages associated with publishing the telephone number of a Non-Published Listing in the directory or disclosing said Listing to any person, the Company's liability, if any, shall not exceed the monthly charges which the Customer may have made for Non-Published Listing for the affected period.

Except as provided above, the Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication/non-publication of the Non-Published Listing or the disclosing/non-disclosing of said Listing to any person.

For Non-Published Listing charges refer to Price List.

7.2 ALS \$1,000 Credit Promotion

REC'D FEB 21 2003

From March 1, 2003 through December 31, 2003, AT&T will offer a (CT)
\$1,000 bill credit to new and existing AT&T Local Service (ALS) DS-1
Digital Facilities and ISDN PRI end-used customers.

In order to qualify for this promotion:

1. A new T1.5 dedicated access must be ordered and installed for ALS DS-1 Digital Facilities and ISDN PRI in conjunction with AT&T Business Network and SDN OneNet.
2. Customers must commit to bill a minimum of \$500 in combined direct dial outbound local intraLATA usage and Monthly Recurring Charges per location during a 12-month period.

Customer moves and migrations are excluded and benefits can only be obtained once per location in a 12-month period.

All credits will be applied to the Customer AT&T Business Network or SDN OneNet bill no later than the fourth full billing month after the installation of the new T1.5(s) ordered.

Customers are responsible for payment of any associated governmental fees, surcharges or taxes applicable to the credited charges.

This promotion is only valid where facilities permit. Service must be installed no later than February 28, 2004. (CT)

7.10 \$2500 Equipment Credit Promotion

Beginning July 2, 2001 and ending December 31, 2001, AT&T will offer to new and existing AT&T Local Service DS-1 Digital Facilities and ISDN PRI customers a \$2,500 bill credit for a new T1.5 dedicated access ordered and installed for AT&T Local Service DS-1 Digital Facilities and ISDN PRI in conjunction with Software Defined Network OneNet Option.

Customers are required to sign a new three-year DS-1 Facilities contract which incorporates the facilities installed under this promotion. Customers must also commit to bill \$500 in combined Local usage, IntraLATA usage and Monthly Recurring Charge over a 12 month period.

Benefits under this promotion are limited to a maximum of 20 locations and five credits per-location. All credits will be applied to the Customers bill no later than four full billing months after the installation of the new T1.5(s) ordered under this promotion.

Customers are responsible for payment of any associated governmental fees, surcharges or taxes applicable to the credited charges.

This promotion is only valid where facilities permit. Service must be installed no later than March 31, 2002.

9. AT&T DIGITAL LINK SERVICE

9.3 AT&T Digital Link ABN Flat Rate Calling Plan Promotion

Service Commission

Beginning October 1, 2001 and ending March 31, 2002, AT&T will offer the following promotion to new and existing AT&T Digital Link (ADL) AT&T Business Network DOD locations provisioned with the Flat Rate Calling Plan. The ADL Flat Rate Calling Plan must be provisioned with AT&T Business Network no later than June 30, 2002.

Customers enrolling in this promotion will receive a waiver equal to the Flat Rate Calling Plan Monthly Recurring Charge (MRC) per-half DS1 and/or full DS1, for two consecutive billing months, per-location.

The Flat Rate Calling Plan MRC will be waived in the third and fourth full month bill of the Customer's ADL ABN Flat Rate Calling Plan being provisioned.

Customers must remain on the ADL Flat Rate for a minimum of 12 consecutive months following enrollment in this promotion. Customers terminating their ADL Flat Rate Calling Plan prior to the 12 months will be billed a charge equal to the waived MRC charges.

This promotion is only valid where facilities permit. Benefits under this promotion are limited to a maximum of 20 ADL Flat Rate Calling Plan locations. A location cannot receive more than one credit in a 12-month period.

REC'D NOV 26 2002

9.4 AT&T Digital Link 'PR' Reprogramming Promotion

Service Commission

Beginning June 19, 2001 and ending December 31, 2001, AT&T will offer the following promotion to new or existing AT&T Digital Link customers with new AT&T Digital Link locations utilizing dedicated access in Missouri.

Participating customers must commit to bill a minimum of \$1,800 AT&T Digital Link usage or flat rate monthly recurring charges during the first 12-month period after enrollment in this promotion per \$500 bill credit issued. Customers must identify AT&T as their primary carrier for local exchange services and intraLATA usage. Customers must request an installation date of no later than February 28, 2002.

Customers will receive a \$500 bill credit per participating BTN payable in the fourth full month's bill following enrollment. All credits will be payable to one location based on the bill group number designated by the customer. If none is provided, the credit will be applied to the customer's Headquarters' location account. Benefits under this promotion can only be obtained once per BTN and only at dedicated access facilities with no more than 5 credits per single location and no more than 500 locations per customer.

Customers are required to submit proof of vendor efforts to reprogram the ARS (Automatic Route Selection) patterns to route their local outbound traffic to AT&T. Proof of vendor work must be in the form of a bill or invoice.

Eligible services are defined as the following: AT&T Software Defined Network (SDN) OneNet, AT&T Virtual Telecommunications Network (VTNS) and AT&T UniPlan OneRate Options IV and IV-R.

If customers have not met or exceeded their annual commitment for the 12-month period, a bill-back charge equal to \$500 will be applied to that BTN.

Customer BTN participating in any previous AT&T SDN, VTNS and UniPlan OneRate Options IV and IV-R promotions within the last 12 months, meaning the date of enrollment in the previous promotion, are ineligible for this promotion. BTNs enrolling in this promotion are ineligible for any other AT&T Digital Link promotion that would entitle them to a similar bill credit during a subsequent 12-month period.

Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the credited charges.

REC'D FEB 21 2003

AT&T Digital Link \$500 Vendor Credit Promotion

AT&T will offer the following promotion for current AT&T dedicated access customers ordering new AT&T Digital Link Service or new AT&T Digital Link locations from March 1, 2003 through December 31, 2003 in conjunction with: Software Defined Network (SDN), AT&T SDN OneNet, Virtual telecommunications Network Service (VTNS), College Connect Calling Service or State Calling service. AT&T will offer under this promotion a \$500 bill credit.

In order to qualify for this promotion, for each \$500 issued, customers must commit to bill a minimum of \$1,000 of AT&T Digital Link Service usage or flat rate monthly recurring charges for their new AT&T Digital Link service or at the new AT&T Digital Link locations during the 12-month period after enrollment in this promotion. Customers must also identify AT&T as their primary carrier for local exchange services and intraLATA usage. Customers must request an installation date of no later than March 31, 2004.

Customers will receive a \$500 bill credit per-participating bill group payable by the fourth full month's bill following enrollment in the promotion. All credits will be payable to one location based on the bill group number designated by the customer. If none is provided, the credit will be applied to the customer's headquarter's bill group account. Benefits under this promotion can only be obtained once per bill group and only at dedicated access facilities with no more than one credit per single location and no more than 100 locations per customer.

Customers are required to submit proof, in the form of a bill or invoice, of vendor efforts or equipment purchased in support of the routing of the local outbound traffic to AT&T.

If customers have not met or exceeded their AT&T Digital Link billing commitment for the 12-month period, a bill-back charge equal to \$500 will be applied to the customer's headquarter's bill group.

Customer's bill group or locations participating in any previous AT&T Digital Link, SDN, AT&T SDN OneNet, VTNS, College Connect Calling Service or State Calling Service promotion within the last 12 months are ineligible for this promotion. Bill group or locations enrolling in this promotion are ineligible for any other AT&T Digital Link promotion that would entitle them to a similar bill credit during a subsequent 12-month period.

Customers are responsible for payment of any associated governmental fees, surcharges, or taxes applicable to the credited charges.
