RE: Notice of Election and Withdrawal of CenturyTel of Missouri, LLC d/b/a CenturyLink (Missouri) Tariffs Pursuant to §392.461, RSMo.

Dear Secretary:

Section 392.461 allows telecommunications companies, upon notice to the Missouri Public Service Commission ("Commission"), to elect to be exempt from the requirement that they offer retail services to residential or business end users only through tariff, and to withdraw such tariffs.

CenturyTel of Missouri, LLC d/b/a CenturyLink hereby provides notice of its election to be exempt from tariff filing requirements, and of its intent to withdraw the below-listed tariffs, effective October 1, 2014.

General and Local Exchange Tariff PSC MO. NO. 1  
Long Distance Message Telecommunications Service Tariff PSC MO. NO 3  
Wide Area Telecommunications Service Tariff PSC MO.NO 4  
Private Line Service Tariff PSC MO.NO 5  
Digital Data Transmission Service Tariff PSC MO. NO 6  
Exchange Boundary Maps P.S.C. MO. NO. 7

Compliant with the requirement that electing companies publish generally available retail prices on a website, the *Local Terms of Service* containing the terms, conditions and rates for services previously provided under tariffs will be located on CenturyLink's website at [www.CenturyLink.com/tariffs](http://www.CenturyLink.com/tariffs). Affected customers were advised at least thirty days in advance of CenturyLink's withdrawal of the above referenced tariffs and of the website at which *Local Terms of Service* are available.

The withdrawal of tariffs and establishment of *Local Terms of Service* will not result in any changes to customers' current services or rates. CenturyLink will notify customers in advance if future changes are made.

If you have any questions or need additional information, you may call me at (913) 353-7087.

Sincerely,

A handwritten signature in black ink that reads "Robyn Crichton".

## LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

Missouri Public

REC'D JUL 15 2002

## B. GENERAL REGULATIONS

Service Commission

## 1. Scope

- a. Long Distance Message Telecommunications Service (LDMTS) is the furnishing of those service components required for telecommunications between service points in different local service areas in accordance with the regulations and system of charges specified in this Tariff. The message charges specified in this Tariff are in payment for Long Distance Message Telecommunications Service furnished between the calling and called service points. Long Distance Message Telecommunications Service usage is classified as a transitionally competitive service.
- b. The charges specified in this Tariff do not encompass work being performed by the Telephone Company ey encompass work once begun being interrupted by the customer. If the customer requests that overtime labor be performed or interrupts work once begun, an additional charge based on the additional costs involved applies.
- c. The Telephone Company does not undertake to transmit messages but furnishes the use of its services to its customers for telecommunications.
- d. The design, maintenance and operation of Long Distance Message Telecommunications Service envisions that communications will originate or terminate at a service point of the associated exchange telephone service used for LDMTS. Connections of customer premises equipment or communications systems or interexchange customer-provided premises equipment or communications systems may be made to LDMTS. However, the Telephone Company will not be responsible for the through transmission of signals or for the quality of transmission through such connections.
- e. The rules and regulations as applied to billing and collection practices for services provided to customers are found in the General Rules and Regulations of the Telephone Company's General and Local Exchange Tariff.

## 2. Availability of Services

- a. In case a shortage of service components exists at any time, either for temporary or protracted periods, the establishment of Local and Long Distance Message Telecommunications Service shall take precedence over all others.

2. Availability of Services (Cont'd)

- b. Service is furnished subject to the availability of the service components required. The Telephone Company will (1) determine which of those components shall be used and (2) make modifications to those components at its option.
- c. At the option of the Telephone Company, Call Restriction Services, as set forth in the Telephone Company's General and Local Exchange Tariff, will be furnished to control instances of fraud associated with billed to third party, station-to-station or person-to-person collect calls or in response to a customer request.

3. Limitations on Duration of Connections

The Company reserves the right to limit the duration of connection when necessary because of a shortage of service components caused by emergency conditions.

4. Liability

- a. In view of the fact that the customer has exclusive control of his communications over the services furnished him by the Telephone Company, and of the other uses for which services may be furnished him by the Telephone Company, and because of unavoidableness of errors incident to the services and to the use of such services of the Telephone Company, the services furnished by the Company are subject to the terms, conditions and limitations specified in b., c., and d., following.
- b. The liability of the Telephone Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or failures or defects in service components furnished by the Telephone Company occurring in the course of furnishing service and not caused by the negligence of the customer, or of the Telephone Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or failure or defect in service components occurs.

4. Liability (Cont'd)

- c. The customer indemnifies and saves the Telephone Company harmless against claims for libel, slander or infringement of copyright from the material transmitted over its services; against claims for infringement of patents arising from, combining with or using in connection with, services of the Telephone Company, apparatus and systems of the customer and against all other claims arising out of any act or omission of the customer in connection with services provided by the Telephone Company.
- d. When the services of other telephone companies are used in establishing connections to points not reached by the Telephone Company's services, the Telephone Company is not liable for any act or omission of the other company or companies.

5. Use of Service

- a. The service is provided for use by the customer and may be used by others, when so authorized by the customer, providing that all such usage shall be subject to the provisions of this Tariff.
- b. The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:
  - 1) The use of the service of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of the charge applicable for service.
  - 2) The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain Long Distance Message Telecommunications Service by rearranging, tampering with or making connection with any service components of the Telephone Company or by any trick, scheme, false representation or false credit device, or by or through any other fraudulent means or device whatsoever with intent to avoid the payment, in whole or in part, of the regular charge for such service.

B. GENERAL REGULATIONS (Cont'd)

Service Commission

10. Definitions (Cont'd)

INTEREXCHANGE CUSTOMER(S) (IC) - Denotes any individual, partnership, association, corporation, or governmental agency or any other entity which subscribes to the services offered under Tariff P.S.C. Mo. No. 2, Facilities for Intrastate Access, to provide intrastate telecommunications services for its own use or for the use of its customers (End Users).

INTERFACE - That point on the premises of the customer at which provision is made for connection of other than Telephone Company provided service components to service components provided by the Telephone Company.

INTRALATA - Long Distance Message Telecommunications Service (LDMTS) where the originating service point location and the terminating service point location are all within the same Local Access and Transport Area (LATA).

LINE STATUS VERIFICATION - The term "Line Status Verification" denotes the service whereby the operator will verify and provide the status of a subscriber line at the request of a customer.

LOCAL ACCESS AND TRANSPORT AREA (LATA) - The Local Access and Transport Area denotes a geographical area established for the administration of communications service. It encompasses designated local operating Telephone Company exchanges which are grouped to serve common social, economic and miscellaneous purposes.

LOCAL EXCHANGE CARRIER (LEC) - The certificated provider of basic local exchange telephone service.

NETWORK CONTROL SIGNALING - The transmission of signals used in the telecommunications system which perform functions such as supervision (control status and charging signals), address signaling (i.e., dialing), calling and called number identification, audible tone signals, (call progress signals indicating re-order or busy conditions, alerting, coin denominations, coin collect and coin return tones) to control the operation of switching machines in the telecommunications system.

NETWORK CONTROL SIGNALING UNIT - The equipment furnished, installed and maintained by the Telephone Company for the provision of network control signaling.

ORIGINATING EXCHANGE - Telephone Company exchanges in which residential and business customers may order Extended Exchange Calling Plan (EECP) Service. A listing of all EECP originating exchanges is found in Section J.4.a. of this tariff.

PERSON-TO-PERSON (See Two-Point Service).

SERVICE POINT - When used in connection with customer provided communications channels or systems, denotes the point on the customer's premises where channels provided by or furnished to the customer are terminated in switching equipment used, in the normal mode of operation, for communications with service points or customer premises equipment located on the premises.

SERVICE TERMINATING ARRANGEMENT - The term "Service Terminating Arrangement" denotes Telephone Company provided equipment which terminates exchange telephone service, used for Long Distance Message Telecommunications Service (LDMTS), at a customer's premises. The "Service Terminating Arrangement" provides a clearly delineated interface which facilitates the design, isolation and testing of LDMTS. Where a protective connecting arrangement is required, the "Service Terminating Arrangement" is provided as a part of the protective connecting arrangement.

11. Special Taxes, Fees and Charges (Cont'd)

c. When such tax or taxes are imposed in terms of a flat sum payment of money, the surcharge applicable to each customer's bill or charge, as the pro rata share of such taxes described above, shall be determined by relating the flat sum payment to the total local exchange revenues within the jurisdiction of the taxing body; the fraction so described shall be converted to a percentage; the local exchange rate shall be increased by that percentage, and applied to the customer's bill or charge, so that the amount added, when accumulated from all customers residing in the geographic jurisdiction of the body, will equal the amount of the flat sum payment.

d. When such tax or taxes are imposed in terms of a percentage of revenues or gross receipts, the surcharge applicable to each customer's bill or charge as the pro rata share of such taxes described above shall be determined by dividing the tax expressed as a percentage by 100% minus the tax expressed as a percentage and multiplying the decimal thus obtained by the customer's charges to which such tax applies.

$$\frac{(\text{Tax}\% \quad \quad \quad \times \text{Taxable Charges})}{100\% - \text{Tax}\%}$$

e. The Tariff charge constituting the amount of the surcharge provided for herein shall be stated separately on each customer's bill.

f. Where more than one tax, fee or charge is imposed by a taxing body or authority, the total of such surcharge applicable to a customer may be billed to the customer as a single amount.

12. Time and Charges

Time and charges on long distance calls may be quoted upon request from the customer. Name association with time and charge details will be provided where service components permit. 2. Station-to-Station Service

a. Station-to-Station Service is defined in B.10 preceding.

b. Three classes of Station-to-Station services are offered as follows:

1) "Dial Station-to-Station" is that Station-to-Station service where the person originating the call from other than a public or semi-public coin telephone dials the telephone number desired and the call is completed without the assistance of an operator, and the call is not billed to a number other than the originating number except:

- When an operator records the originating telephone number where no automatic recording equipment is available;
- When an operator records a special identification number, issued by the Telephone Company for its billing purposes to students who reside at dormitories of colleges or universities equipped for Dormitory Centrex or PBX Service or equipped with a customer-provided PBX equipped with Direct Inward Dial (DID) and Identified Outward Dial (IOD) Service,
- for a call placed from a Dormitory Centrex or PBX service point; for a call forwarded by call forwarding equipment;
- when an operator reaches the called telephone number where service components are not available for dial completion;
- when an operator places a call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap;
- when an operator re-establishes a call which has been interrupted after the called number has been reached, then the Dial Station-to-Station rate shall apply.

2) "Dial Calling Card Station-to-Station" is that station-to-station service where the person originating the call, including from a public or semi-public telephone, completes the call either with or without the assistance of an operator and is billed, where automatic billing equipment is available, to a telecommunications company calling card, except:

- when an operator records the telecommunications company calling card where no automatic recording equipment is available;
- when an operator reaches the called telephone number and records the telecommunications company calling card where service components are not available for dial completion;
- when an operator places a calling card call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap;
- when an operator re-establishes a dial calling card call which has been interrupted after the called number has been reached.

This class of service involves no other operator services except those necessary to complete the above described call.

3) "Operator Station-to-Station" is that station-to-station service other than Dial Station-to-Station and Dial Calling Card Station-to-Station. Operator Station-to-Station includes station-to-station service originating at a public or semi-public coin telephone, except for those public or semi-public telephone calls that are Dial Calling Card Station-to-Station as described above.

4. Reversal of Charges (Collect Calls)

Charges for Operator Station-to-Station and Person-to-Person telephone calls may, upon request, be reversed, that is, charged against the called telephone, provided the charges are acceptable at the called telephone.

The regularly established Operator Station-to-Station and Person-to-Person rates apply.

5. Time of Day

The time when connection is established, as provided in D.6. following, determined in accordance with the time - standard or daylight savings - legally or commonly in use at the location of the rate center at the point of call origination - determines whether Day, Evening, Night, or Weekend rates apply. This rule applies to all classes of service.

6. Rates

a. Usage - All Classes of Service

- 1. Rates indicated in the Rate Table in D.8. following, are for connections of one minute or any fraction thereof.
- 2. When the connection is established in one rate period and ends in another, the rate for each rate period applies to the portion of the connection occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.

D. TWO-POINT SERVICE (Cont'd)

8. Rate Tables (Cont'd)

b. Special Reduced Rates

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, the holiday rate applicable on all classes of two-point intraLATA Message Toll Service between points within the state of Missouri is the Evening rate, unless a lower rate would normally apply. Discounts do not apply to Service Charges, as specified in D.6.b.(2).

9. Rates Applicable on Messages Placed by Certified Speech and/or Hearing Handicapped.

On directly-dialed messages placed within the same LATA by certified speech and/or hearing handicapped residence customers who are incapable of verbal communication and use a telecommunications device (i.e. teletypewriter or similar keyboard communications terminal device) for communication over the Message Toll network, a 35-percent reduction in charges for the message will apply.

Certification of the speech and/or hearing handicap requires the completion of an application form certified by an agency designated by the Telephone Company, or physician, otolaryngologist or license speech language pathologist or audiologist.

E. CONNECTIONS OF CUSTOMER-PREMISES TERMINAL EQUIPMENT AND COMMUNICATIONS SYSTEMS

1. General Provisions

Customer premises equipment and communications systems provided by the customer may be connected at the customer's premises to intraLATA long Distance Message Telecommunication Service (LDMTS) furnished by the Telephone Company where such connections are made in accordance with the provisions of Connection with Customer-Premises Equipment, of the Telephone Company's General and Local Exchange Tariff.

In addition, apply the appropriate Service Charges as specified in the Telephone Company's General and Local Exchange Tariff.

G. OUTSTATE CALLING AREA (OCA) PLAN

REC'D JUL 15 2002

Service Commission

1. General

a. Description

- 1) The Outstate Calling Area (OCA) Plan is an optional one-way Dial Station-to-Station Message Telecommunications Service (MTS) for customers in selected exchanges. See H.1.b following.
- 2) The OCA Plan offers discounted block of time calling beyond a customer's local exchange to rate centers that fall within the Calling Scope. See H.1.c following.
- 3) The local exchange company providing basic local exchange service in each exchange has the option to determine whether this service will be dialed as either 1+ (NXX-XXXX) or on a seven-digit basis.

b. Service Availability

- 1) The exchange listing in Section A.2 identifies exchanges where OCA service is available. Customers in exchanges that are not referenced by Footnote 1 or 2 are eligible to subscribe to the OCA Plan. Customers in exchanges within the Kansas City and St. Louis Metropolitan Calling Area (MCA), other than MCA-5 exchanges, are not eligible to subscribe to the OCA Plan.
- 2) OCA service is being implemented between May 1, 1993 and September 30, 1994. Service may not be available for all OCA exchanges during this time.

G. OUTSTATE CALLING AREA (OCA) PLAN (Cont'd)

1. General (Cont'd)

c. Calling Scope

- 1) The Calling Scope for an OCA exchange includes all intrastate intraLATA toll rating points within a 23-mile radius. The 23-mile radius, from each exchange, is based on air miles and is measured from rate center to rate center, as defined in this Tariff.
- 2) Customers in Kansas City MCA-5, St. Louis MCA-5 and Springfield MCA-5 exchanges will be able to subscribe to the OCA Plan; however, the 23-mile radius will not include any toll rating points within the MCA. Refer to the Missouri Public Service Commission (MPSC) Order, effective January 5, 1993, in Case # TO-92-306.

d. Calling Options

Residential and Business customers can choose from two OCA options. Rates are listed in this Tariff and are in addition to the established charges for the service with which the OCA Plan is associated. OCA subscribers are charged the full monthly rate for the block of time selected, even if the full block of time is not used.

- 1) Two-hour block of time: This option allows subscribers two hours of calling per month at a flat rate. MTS rates are applicable for calls exceeding the two hours.
- 2) Five-hour block of time: This option allows subscribers five hours of calling per month at a flat rate. An additional per minute rate, as identified in Rates, applies for all calls exceeding the five hour block. Time of day and holiday discounts are not applicable.

2. Regulations

- a. Unless otherwise specified in these regulations, OCA is offered to all classes and grades of residence and business customers located within the eligible OCA exchanges.
- b. OCA is not offered in conjunction with Cellular, Public, Semi-Public, or Customer-Owned Pay Telephone Services, or comparable service offered by other local exchange companies in their exchanges listed in this Tariff.
- c. OCA is not to be shared or resold.
- d. OCA is available to multiline customers on a per account basis only.
- e. Time of day and holiday discounts are not applicable for calls within the block of time.
- f. Rate Application
  - 1) The minimum service period for subscription to OCA is one-month.
  - 2) A customer may purchase only one block of time per month.
  - 3) The monthly charges for an OCA block of time will be charged on a per account basis and are billed in advance.
  - 4) OCA rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the local exchange company providing basic local exchange service to the OCA subscriber.
  - 5) If a customer subscribes to both OCA and the Extended Exchange Calling Plan (EECP) where the EECP Terminating Exchange is within the subscriber's OCA Calling Scope, the OCA rates and charges do not apply to qualified EECP calls to the Terminating Exchange. The EECP rates and charges do apply to such calls.

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

Missouri Public

REC'D JUL 15 2002

H. CENTURYTEL BLOCK-OF-TIME SERVICE

Service Commission

1. General Description

- a. CenturyTel Block-of-Time Service is an optional calling plan for one way originating dial station-to-station Intrastate IntraLATA messages offered to residential local exchange customers. For all other classes of messages other than dial station-to-station, the appropriate calling rates and changes as specified in Section D of this tariff apply.
- b. CenturyTel Block-of-Time Service consists of a one hour block of time plan with a monthly flat rate for the first hour and a per minute rate for all additional IntraLATA long distance minutes exceeding the block of time.
- c. The service is applicable to customer dialed station-to-station calls as described below:
  - 1) Dial station-to-station service is that service where the person originating the call from other than a public (coin or coinless) or semipublic telephone dials the telephone number desired and the call is completed without the assistance of a telephone company operator and the call is not billed to a number other than the originating number.
  - 2) CenturyTel Block-of-Time Service rates apply to messages or parts of messages included in the Day, Evening, Night/Weekend, and Holiday rate periods as specified in other tariffs of the company. Each message is timed by minutes of use with a fraction of a minute being charged as a full minute. The initial calling period is a cumulative total of 60 minutes (1 hour) per month. Any additional time accumulated is charged for in one minute increments.
- d. CenturyTel Block-of-Time Service is provided with individual message detail. The Company is not required to provide information to the customer concerning the amount of unused initial period calling time remaining in the billing period. Additional billing detail will not be provided.
- e. The exchange listing in Section A of this tariff identifies exchanges where CenturyTel Block-of-Time Service is available.

H. CENTURYTEL BLOCK-OF-TIME\_ SERVICE

Service Commission

1. General Description (Cont'd)

- f. The calling scope for CenturyTel Block-of-Time\_ Service in all exchanges includes all Intrastate IntraLATA toll rating points within the LATA.
- g. To the extent applicable and where not specified in this Section, the General Regulations in Section B. are herein incorporated by reference.

2. Regulations

- a. The minimum service period for CenturyTel Block-of-Time is one month.
- b. Time of day and holiday discounts are not applicable for calls within the one hour block of time.
- c. The monthly charge for the one hour block of time will be charged on a per account basis and is billed in advance.
- d. CenturyTel Block-of-Time\_ Service subscribers are charged the full monthly rate for the one hour block of time, even if the full block of time is not used.
- e. The timing of Intrastate IntraLATA toll messages will be as set forth in Section D.6.c. of the tariff.
- f. The CenturyTel Block-of-Time\_ Service rates and charges are in addition to all other rates and charges paid by a subscriber for all other services of the Telephone Company providing basic local exchange service to the subscriber.
- g. If a customer subscribes to both the CenturyTel Block-of-Time\_ Service and Extended Exchange Calling Plan (EECP), found in Section J. of this tariff, the CenturyTel Block-of-Time\_ Service rates and charges do not apply to qualified EECP calls to the Terminating Exchanges and its Extended Area Service (EAS) points. The EECP rates and charges apply to such calls.

I. CENTURYTEL DISCOUNT CALLING PLANS (Cont'd)

1. General Description (Cont'd)

c. (Cont'd)

Two classes of Station-to-Station service are offered as follows:

- 1) Dial Station-to-Station is that station-to-station service where the person originating the call from other than a public (coin or coinless) or semipublic coin telephone dials the telephone number desired and the call is completed without the assistance of a Telephone Company operator or placed with an operator where facilities are not available for call completion or where, for other service reasons, operator assistance in completion of the call is necessary.
- 2) Operator assisted station-to-station is that station-to-station service other the dial paid station-to-station service. The CenturyTel Discount Calling Service rates only apply to the message toll portion of the call, not to the operator surcharge portion.

d. CenturyTel Discount Calling Plans are provided with individual message detail.

e. The exchange listing in Section A of this tariff identifies exchanges where CenturyTel Discount Calling Plans are available.

f. The calling scope for CenturyTel Discount Calling Plans in all exchanges includes all Intrastate IntraLATA toll rating points within the LATA.

g. Distance for Plans I and II are based on the V-H mileage between rate centers as defined and calculated in Section C.3.

h. To the extent applicable and where not specified in this Section, the General Regulations in Section B. are herein incorporated by reference.

J. EXTENDED EXCHANGE CALLING PLAN (EECP)

Service Commission

1. General

- a. The Extended Calling Plan (EECP) is an optional plan that allows customers in an Originating Exchange to purchase IntraLATA interexchange calling with customers in designated exchanges, known collectively as their EECP Calling Scope, under terms and conditions as found in the Telephone Company Tariff (s). The (EECP) Calling Scope consists of the EECP Terminating Exchange plus all other exchanges with which customers in the EECP Terminating Exchange have Extended Area Service (EAS).
- b. The Extended Exchange Calling Plan (EECP) is limited to business and residential customers in the EECP Exchange Listing found in Section J.4.a. of this tariff.

2. Conditions

- a. EECP will be offered as a one-way optional flat rate service. One-way optional flat rate service allows customers to make unlimited calls to the EECP Terminating Exchange Calling Scope for a recurring monthly flat rate.
- b. The Calling Scope of the one-way EECP route shall be to the EECP Terminating Exchange plus its EAS exchanges.
- c. Unless otherwise specified in these conditions, EECP is offered to all classes and grades of residence and business customers located in an EECP exchange on a per line basis.
- d. EECP is not offered in conjunction with Cellular, Public, Semi Public, Coin Box, Customer-Owned Pay Telephone Services or comparable services offered by other local exchange companies in their exchanges listed in this Tariff.

L. Easy Savings Single Rate Plan For Business

3. General

The Easy Savings Single Rate Plan for Business offers business customers a single rate pricing plan, available 24 hours a day, seven days a week, for Intrastate IntraLATA Long Distance Message Telecommunications Service.

The Easy Savings Single Rate Plan for Business is available on a month-to-month option. No nonrecurring charges are associated with this calling plan.

4. Regulations

The Easy Saving Single Rate Plan for Business applies to the following calls:

- Customer Dialed Direct Station-to-Station
- Customer Dialed Calling Card Station-to-Station
- Operator Handled Station-to-Station
- Operator Handled Calling Card Station-to-Station
- Operator Handled Person-to-Person

A customer may only subscribe to one optional toll calling plan per main billed account at any given time.

Sub-minute rating will be utilized for the timing and rating of the Easy Savings Single Rate Plan for Business. Sub-minute rating consists of rating the initial 18 seconds of each call with an "initial 18 seconds" rate, and then rating each 6-second increment thereafter with an "Additional 6 Seconds" rate.

The minimum service period for the Easy Saving Single Rate Plan for Business is one month.

Calling Card and Operator surcharges and Directory Assistance charges are applicable under this calling plan.

3. Rates

Business customers who subscribe to the Easy Savings Single Rate Plan for Business will be billed the following rates on all intrastate intraLATA calls qualifying for this Plan.
