7.1 Excess Construction Charge

MISSOURI
Public Service Commission

1. Where no facilities are in place, the Company will build one-third of a mile of circuits to any rural customer for business or residence use without excess construction charges.
2. For all distance over one-third mile an excess construction charge based on the time and materials used for construction will be charged.
3. The first 1000 feet of circuit on private property for local exchange service will be provided by the Company. Any distance beyond the first 1000 feet will be charged to the customer at time (loaded labor rate) and materials used for construction. An advance payment of the reasonable cost of construction will be required. The customer shall furnish suitable right-of-way to the Company.
4. For mobile homes, trailers, construction sheds, and other non-permanent buildings, the customer may be required to pay in advance one year's rental in addition to any excess construction charge. This credit may not be used to reduce the monthly bill for toll or taxes, and no portion will be refunded to the customer if service is discontinued before credit is entirely used.
5. Ownership of all facilities constructed under this section to the demarcation point will remain with the telephone company.

7.2 Special Construction

When a special type of construction is desired by a customer, when underground service connections are desired in places where aerial drop wires are regularly used to reach customer's premises, an additional charge is made. This charge is equal to the difference between the estimated cost of the special type of construction and the average cost of standard construction.

Title to all facilities constructed and paid for wholly or in part by the subscriber is vested in the Company.

B. The Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials ~~to~~ assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs (D) and (F) of this section of the Tariff. Temporary service is provided under Paragraph (E) of this section of the Tariff.

C. Rights-of-way and Easements

1. Within the applicant's subdivision, the Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Company has the legal right to occupy, and on public lands and private property across which rights-of-way and easements satisfactory to the Company may be obtained without cost or need for condemnation by the Company.
2. Rights-of-way and easements, within the subdivision, satisfactory to the Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Company. Such clearance and grading must be maintained by the applicant during construction by the Company.

D. Advance Payments

1. Where, due to the manner in which a subdivision is developed, the Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgment of the Company an advance is required under the above described conditions, the Company has the right to refuse installation of the underground system until the required advance is paid to the Company.
2. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro-rata basis as the permanent service connection is made to each building or multiple-occupancy buildings.
3. Any portion of an advance remaining unrefunded ten years from the date the Company is first ready to render service with the extension will be retained by the Company and credited to the appropriate construction account.

E. Temporary Facilities

1. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.
2. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Company.

8. Service Restrictions

8.1 900 Service Access Restrictions

A. General

1. 900 Service Access Restriction is a central office service furnished to customers, upon request, which allows for access restrictions to be placed on the customer's local exchange telephone service line so that calls to telephone numbers preceded by the 900 NPA will not be completed. When a 900 NPA telephone number is dialed, the call will be diverted to a Company-provided intercept announcement.
2. This restriction service enables the customer to prohibit the dialing of calls to 1+900-XXX-XXXX. Calls which are placed using any alternative dialing pattern cannot be restricted.
3. The company reserves the right to block 900 service should the subscriber to the service fail or refuse to pay the incurred billing for two (2) or more months. An exception can be made should a subscriber file a complaint regarding a particular pay-per-call program.

OPERATOR SERVICES

9. Operator Services* (N)

9.1 Operator Verification/Interruption Service

A. Description

1. Customers may obtain assistance in determining if a called line is in use (herein called verification) or in interrupting a conversation in progress due to an urgent or emergency situation (herein called interrupt) by calling the “0” operator.
2. Verification and interrupt service is furnished where and to the extent that facilities permit.
3. The customer shall indemnify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

B. Regulations

1. Verification:

A charge applies each time the operator verifies a called line and hears voice communication.

2. Interrupt:

A charge applies each time an operator interrupts a conversation that is in progress on the called line.

3. If an operator both verifies the condition of the line and interrupts conversation on the same request, the interrupt charge only applies.
4. The charge for interrupt applies whenever the operator interrupts the conversation even though one or the other parties interrupted refuses to terminate the conversation in progress.
5. Charges may not be billed on a collect basis or reversal of charge basis.
6. The charges for verify/interrupt service are in addition to any applicable rates and charges associated with local or Long Distance Message Telecommunications Services.
7. The verify charge will not apply if the number verified is not in use and the operator completes the call.

* Effective December 1, 2018, the Company will no longer offer Operator Services.

MO. PUBLIC SERVICE COMM

A. General

1. Intercept Service provides a service to local exchange business and residence customers who have requested their service be discontinued because they have moved to a new location or requested a change in their telephone number. Whenever the customer's telephone number is changed within the Company's service area after a directory is published and the customer so desires, the Company shall intercept all calls to the former number for 30 days, at no charge, and give the calling party the new number. Dialing the customer's former number results in a prerecorded message which announces the new number.
2. Intercept Service is offered to residence and business customers subject to the availability of suitable facilities.
3. Intercept Service will not be provided to customers who had or will have non-published numbers, unlisted numbers, or were disconnected for non-payment.
4. On Company initiated telephone number changes, the charge will not apply, and the telephone number will be intercepted for the life of the directory.
5. At the time the customer places the request for a change in their telephone number, the customer must notify the Company of the number of days, up to the life of the directory, for calls to be intercepted and referred.

MISSOURI
Public Service Commission

10. Intraexchange Private Line Services

10.1 General Description

Intraexchange Private Line Services involve the provision of dedicated non-switched facilities of various types between two separate customer locations within the same exchange. The facilities are offered for the use of the customer to provide a communication path or paths between the two locations. Provision of the service is based on the availability of facilities between the two requested locations.

Facilities of the types described in the Company's Private Line Tariff Concurrence and the Digital Link Tariff Concurrence will be made available on an intraexchange basis based on the terms and conditions outlined in those tariff concurrences.

10.2 Rate Structure

- A. In applying interoffice rate elements, the Higginsville wire center will be considered the Primary Serving Office. The Mayview and Corder wire centers will be considered Serving Offices.
- B. Application of the rate elements in the Tariff Concurrences referenced above will be as follows for intraexchange private line and digital link services:
 - 1. The Local Channel or Local Distribution Channel rates will apply once at each end of the circuit at the customer premises.
 - 2. Channel Terminal charges apply at each termination of an interoffice channel in the Primary Serving Office or Serving Office.
 - 3. The intraLATA interoffice channel rate will be applied if the circuit is routed through the Primary Serving Office and a Serving Office or between two Serving Offices.
 - 4. All rates for conditioning and optional features will apply as outlined in the private line or digital link tariff.
 - 5. Service Charge or Service Activity Charge rates contained within the private line or digital link tariffs will apply.

11. Foreign Exchange Service

A. General Regulations

1. Foreign exchange service is exchange service furnished to a subscriber from a central office of an exchange other than the one that normally serves the area in which the subscriber is located.
2. For the purpose of this section of the tariff, the term, "Foreign Exchange", shall mean the exchange from which the foreign exchange service dial tone is furnished. The term "Normal Exchange", shall mean the exchange normally serving the area in which the subscriber's premise is located.
3. Foreign exchange service does not come within the Company's general undertaking, nor does the Company obligate itself to furnish such service generally. At the Company's option, where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved, it will furnish the service.
4. Foreign exchange service will be furnished to exchanges within the same LATA as the normal exchange.
5. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.
6. Where the normal exchange is operated by this Company, foreign exchange service is furnished only on the condition that the applicant is a subscriber to individual line business or residence service, or private branch exchange service, in the normal exchange, and at the same location where such service is proposed to be installed. Under this condition, when a foreign exchange service subscriber discontinues normal exchange service, the normal exchange shall immediately notify such foreign exchange subscriber and foreign exchange business office, that the foreign exchange service may be discontinued ten (10) days thereafter.

SEP 24 1993

A. General Regulations (Cont'd)

7. Where the foreign exchange is operated by another telephone company, foreign exchange service will be provided if satisfactory arrangements can be negotiated with such company to furnish a portion of the necessary facilities.
8. Foreign exchange service will be furnished at the rates outlined hereafter, provided the necessary facilities and equipment are available. Where the facilities and/or equipment are not available, and extraordinary facility costs, equipment costs, special operating expenses, and/or other special considerations are incurred in making such service available, the subscriber may be required to pay an additional charge to cover all or a portion of such unusual expenses, or be required to contract for service beyond the initial period, or both.
9. No off-premise extensions will be furnished in connection with foreign exchange service.
10. The use of the service is limited to the subscriber and his employees for business purposes, and in the case of residence service, to the members of his immediate household. Foreign exchange service calls will be further limited to calls within the local calling area (including any EAS locations) of all customers in the foreign exchange. If any subscriber to this service is found to be transferring or transmitting messages for parties other than authorized above, in the normal exchange area, or subscribing to any optional calling area plan in the foreign exchange, and/or making toll calls through the foreign exchange, such subscriber and foreign exchange business office shall be notified that the practice must be discontinued or the foreign exchange service may be terminated ten (10) days after the date of such notice.

B. Rates

1. Rates for foreign exchange service will include rates for local service at the foreign exchange, rates for private line service from the foreign exchange to the subscriber location in the normal exchange, and supplemental charges as outlined below.

DIGITAL LINK SERVICES CONCURRENCE

14. Digital Link Services Concurrence

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Digital Link Service as set forth in Mark Twain Rural Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Digital Link Service of Mark Twain Rural Telephone Company. Rates for these services are set out in the following pages of this concurrence. (T)

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Mark Twain Rural Telephone Company's Digital Link Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrent in Mark Twain Rural Telephone Company's Digital Link Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company. (T)

Cancellation of Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

15. Universal Emergency Number Service (911)

15.1 General

- A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
- B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be related by Company operators.
- C. 911 Trunking Service is offered subject to availability of facilities.
- D. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

15. Universal Emergency Number Service (911) (Cont'd)

15.1 General (Cont'd)

- E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provisions of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
- F. The rates and charges contained herein are in addition to all other applicable rates and charges located in other partes of this tariff.

15.2 Conditions

- A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilitise to enable the customer's personnel to respond to such calls on the customer's premises.
- C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
- D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential.
- E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

15. Universal Emergency Number Service (911) (Cont'd)

15.2 Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

15. Universal Emergency Number Service (911) (Cont'd)

15.2 Conditions (Cont'd)

- (T)
- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
 - L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
 - M. The customer is required to furnish the Company its agreement to the following terms and conditions:
 - 1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
 - 2. That that customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 - 3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 - 4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

15. Universal Emergency Number Service (911) (Cont'd)

15.2 Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. When the customer shall make the correction within a reasonable time under the circumstances.

15.3 Rates

A. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>	
Trunks between Central Offices	\$25.00	(R)
Trunks between Central Offices and PSAP	\$25.00	(R)

B. Database Records Charges

These charges are applicable to the work necessary for Company customer records to support E911 Service. The initial record charge is for work necessary to complete the initial upload to the E911 provider, which includes verification of records to the Master Street Address Guide ("MSAG"). Customer updates beyond the initial upload would include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification to the MSAG. A record update(s) generated due to a Company error will not be assessed a Database record charge. If an error is due to inaccurate information provided by a 911 customer, a charge will be assessed.

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE

A. GENERAL REGULATIONS

1. The 211 Service for Information and Referral Service (211 Service) is a locally assigned three digit abbreviated dialing code provided to an Approved Information and Referral Service Provider for use in making available community information and referral services to the public by way of voice grade facilities. The 211 abbreviated dialing code is available to the Approved Information and Referral Service Provider as a tariffed, local calling area based service (the "211 Service").
2. The 211 Service allows a Company subscriber to access an Approved Information and Referral Service Provider call center by dialing only the 211 abbreviated dialing code. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of their local exchange services. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
3. All 211 abbreviated dialing code calls must be local in nature and must not result in any intraLATA toll, interLATA long distance or pay-per-call charges to Company subscribers.
4. The 211 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 211 Service is otherwise available wherever local service is available.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER

1. The Approved Information and Referral Service Provider must submit a written application for 211 Service to the Company at the local exchange level. The Approved Information and Referral Service Provider may establish 211 Service in all or part of the Company's local exchanges. There may be only one 211 Service Provider per exchange.
2. The Approved Information and Referral Service Provider's written application to establish 211 Service in Company local exchange must include the following:
 - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 211 abbreviated code. If the Approved Information and Referral Service Provider desires to change the telephone number into which the 211 abbreviated dialing code is translated, the Approved Information and Referral Service Provider must pay the Number Change Charge specified in Section 17.F.6.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE PROVIDER
(Cont'd)

- b. A location description of the Approved Information and Referral Service Provider call center where 211 calls made from the Company local exchange will be routed.
 - c. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 211 Service.
 - d. An acknowledgment of the possibility that the Commission's assignment of the 211 abbreviated dialing code may be recalled at any time.
 - e. Complete billing and contact information.
3. Local Calling for Company Subscribers
- a. The Approved Information and Referral Service Provider, in cooperation with the Company, must assure that all 211 Service calls are local in nature and do not generate intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange, the Approved Information and Referral Service Provider must supply the Company with a seven digit telephone number that terminates within the Company local exchange's local calling area or to a toll free number. The Company will translate the 211 digits into the telephone number provided by the Approved Information and Referral Service Provider.
 - c. When the Approved Information and Referral Service Provider applies for 211 Service in a Company local exchange and an Approved Information and Referral Service Provider call center is not located within the local exchange's local calling area, then the Approved Information and Referral Service Provider must establish foreign exchange service or supply the Company with a toll free telephone number so that Company subscribers' 211 Service calls do not incur toll charges.

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE
PROVIDER (Cont'd)

4. The Approved Information and Referral Service Provider is liable for and will indemnify, protect, defend and hold harmless the Company against all suits, actions, claims, demands and judgments, plus any expenses and counsel fees incurred by the Company on account thereof, whether suffered, made, instituted or asserted by the Approved Information and Referral Service Provider or any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the Approved Information and Referral Service Provider or others, arising out of or resulting directly or indirectly from the 211 Service.
5. The Approved Information and Referral Service Provider must develop an appropriate method for responding to 211 calls directed to it out of confusion or in error by Company subscribers.
6. The Approved Information and Referral Service Provider must subscribe to termination facilities and lines in sufficient quantities to provide adequate service to the public, and enable the Approved Information and Referral Service Provider to receive calls to the 211 Service during normal business hours.
7. The 211 Service is provided on the condition that the Approved Information and Referral Service Provider subscribes to termination facilities and lines in sufficient quantities to adequately handle calls to the 211 Service without interfering with or impairing any services offered by the Company. There will be one path available for each line to which the 211 Provider subscribes.
8. The Approved Information and Referral Service Provider must comply with all present and future state and federal rules pertaining to abbreviated dialing codes.
9. The Approved Information and Referral Service Provider is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 211 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.
10. The Approved Information and Referral Service Provider shall respond promptly to any and all complaints lodged with any regulatory authority against the 211 Service. If requested by the Company, the Approved Information and Referral Service Provider will assist the Company in responding to complaints made to the Company concerning the 211 Service.

211 SERVICE FOR INFORMATION AND REFERRAL SERVICE (Cont'd)

B. OBLIGATIONS OF THE APPROVED INFORMATION AND REFERRAL SERVICE
PROVIDER (Cont'd)

11. The Approved Information and Referral Service Provider shall not promote the 211 Service with the use of an autodialer or broadcasting of tones that dial the 211 abbreviated dialing code.
12. The 211 Service is only available to end users located in Company local exchanges. To establish 211 calling to end users in non-Company local exchanges, the Approved Information and Referral Service Provider must make appropriate arrangements with the companies serving those local exchanges, even where Company subscribers may make local calls to the non-Company local exchanges.
13. The Approved Information and Referral Service Provider must work separately with competitive local exchange carriers operating and serving customers in the Company's local exchanges to ascertain whether 211 abbreviated dialing will be available to their end users.

C. OBLIGATIONS OF THE COMPANY

1. The Company will establish the 211 Service within ninety days after receipt of the Approved Information and Referral Service Provider's completed application(s) for service or the effective date of this tariff, whichever is later.
2. When a 211 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 211 Service call, the quality of the call or any features that may otherwise be provided with 211 Service.
3. The Company does not undertake to answer and forward 211 Service calls but furnishes the use of its facilities to enable the Approved Information and Referral Service Provider to respond to such calls at the Approved Information and Referral Service Provider established call centers.
4. The rates charged for 211 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The Approved Information and Referral Service Provider shall make such operational tests as, in the judgment of the Approved Information and Referral Service Provider, are required to determine whether the Company's facilities are functioning properly for its use. The Approved Information and Referral Service Provider shall promptly notify the Company in the event the Company's facilities are not functioning properly.

D. LIABILITY

1. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company, occurring in the course of furnishing 211 Service, or of the Company in failing to maintain proper standards of maintenance and operation, or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the Approved Information and Referral Service Provider for the 211 Service and local exchange services for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
2. The Company is not liable for losses or damages caused by the negligence of the Approved Information and Referral Service Provider.
3. The Company's entire liability to any person for interruption or failure of the 211 Service is limited to the terms set forth in this section and other sections of this Tariff.

E. OTHER TERMS AND CONDITIONS

1. The 211 Service will not provide calling number information in real time to the Approved Information and Referral Service Provider. If this type of information is required, the Approved Information and Referral Service Provider must subscribe to compatible Caller ID service as described in Section 6 of this tariff. The Caller ID service will only provide calling number information as described in Section 6 of this tariff.
2. The 211 Service is provided for the benefit of the Approved Information and Referral Service Provider. The provision of the 211 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.
3. A written notice will be sent to the Approved Information and Referral Service Provider following oral notification when its 211 Service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of abbreviated dialing codes. If after notification the Approved Information and Referral Service Provider makes no modification in method of operation or in the service arrangements that are deemed service-protective by the Company, or if the Approved Information and Referral Service Provider is

4. In an emergency situation as determined by the Company, the Company reserves the right, at any time, without notice, to institute protective measures, up to and including termination of service.

F. RATES AND CHARGES

1. Subject to other terms and conditions of this Tariff, Company subscribers shall be able to make and the Approved Information and Referral Service Provider shall be able to receive calls using the 211 Service as part of both parties' local exchange service. The 211 Service is supplemental to and is not a replacement for either party's local exchange service.
2. A nonrecurring Central Office Charge applies for each Company host central office out of which 211 Service is established, as follows:
 - a. When a Company local exchange is served by more than one host central office a Central Office Charge is applicable for each host central office in the Company local exchange.
 - b. If the Approved Information and Referral Service Provider establishes 211 Service in multiple Company local exchanges served by the same host central office, only one Central Office Charge shall apply. However, the full Central Office Charge applies whether or not the Approved Information and Referral Service Provider requests 211 Service in all the Company local exchanges served by that host central office.
3. An Exclusion Charge Applies in lieu of a central office charge for the establishment of 211 Service as follows:
 - a. When the Approved Information and Referral Service Provider does not simultaneously establish 211 Service in every Company local exchange served by a host central office, the Approved Information and Referral Service Provider shall pay an Exclusion Charge per host central office if any subtending local exchange(s) are excluded from the transaction.

Three-Digit Dialing Service (811)

A. General Regulations

1. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
2. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
3. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
4. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
5. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

B. Obligations of the SOCS

1. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
 - a. The toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - b. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - c. Complete contact information.
2. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
3. Local Calling for Company Subscribers
 - a. The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - c.
