Rules and Regulations Governing Rendering of  
Sewer Service

OCT 11 1979

D. GENERAL TERMS AND CONDITIONS

MISSOURI  
Public Service Commission

The following Rules and Regulations will govern except as modified by special terms and conditions in the Rate Schedule.

- a. Every customer, upon signing an application for any service rendered by the company, or upon taking of sewer service, shall be considered to have expressed consent to be bound by these rates, rules, and regulations.
- b. The Company's rules and regulations governing rendering of service are set forth in these numbered sheets. The rates applicable to appropriate service or rate determination are set forth in alphabetically numbered appendices to these rules and regulations.
- c. The Company reserves the right, subject to authority of the Public Service Commission of the State of Missouri, to prescribe additional rates, rules, or regulations, or to alter existing rates, rules, or regulations as it may from time to time deem necessary and/or proper.
- d. At the effective dates of the rules and regulations, all new facilities, construction contracts, and written agreements shall conform to these rules and regulations in accordance with the statutes of the State of Missouri and authority of the Public Service Commission of the State of Missouri.

GENERAL RULES AND REGULATIONS  
APPLYING TO SEWER SERVICE

OCT 11 1979

E. DEFINITIONS

MISSOURI

Public Service Commission

a. The "COMPANY" is acting through its officers, managers, or other authorized employees or agents.

b. The "CUSTOMER" is any person, firm, corporation, or governmental body which has contracted with the Company for sewer service or is receiving sewer service from Company, or whose facilities are connected for utilizing such service.

c. A "COLLECTING SEWER" is a pipeline which is owned and maintained by the Company, located on public property or on private easements, and used to conduct sewage wastes to a central point for disposal.

d. A "CUSTOMER'S SERVICE SEWER" is a pipe with appurtenances installed owned, and maintained by the Customer, used to conduct sewage from the Customer's premises to the collecting sewer.

e. A "SERVICE CONNECTION" is the point at which the Customer's service sewer is connected to the collecting sewer.

f. The "DATE OF CONNECTION" shall be the date of the permit for installation and connection issued by the Company. In the event no permit is taken and a connection is made, the date of connection shall be the date of commencement of construction upon the property.

g. "DOMESTIC SEWAGE" is sewage, excluding storm and surface water, resulting from normal household activities.

h. "NON DOMESTIC SEWAGE". All sewage other than domestic sewage, including, but not limited to, commercial or industrial wastes. (See Rule 9 pertaining to Improper Waste and Excessive Use.)

i. "FOUNDATION DRAIN". A pipe installed inside or outside the foundation of a structure for the purpose of draining ground or subsurface water away from the foundation.

j. "PH". The relative degree of acidity or alkalinity of water as indicated by the hydrogen ion concentration. PH is indicated on a scale reading from 1-14, with 7 being neutral, below 7 acidic, and above 7 alkaline; more technically defined as the logarithm of the reciprocal of the hydrogen ion concentration.

RULES AND REGULATIONS GOVERNING RENDERING OF  
SEWER SERVICE

F. RATE SCHEDULE FOR SEWER SERVICE. (continued)

3. Service Charges

- a. Application for a service connection or disconnection of an existing service will be made during the Company's regular business hours without charge.
- b. A service call at any time other than during normal business hours for connection, disconnection, or any other reason except disconnection for a ruptured Customer's service shall require a service charge of \$25.00. +
- c. Company personnel will not work upon sewer piping or facilities not owned by the Company.
- d. The service charges cited in the various sections of this Rule are "net" and do not include any applicable municipal, state, or federal taxes. Any such taxes will be added to the net billing as appropriate.
- e. Service calls are restricted to be directed to the published trouble address and/or telephone number for the reporting of trouble and/or needed service.
- f. A returned check charge of \$25.00 will be charged for any check returned to the company unpaid. +

RULES AND REGULATIONS GOVERNING RENDERING OF SEWER SERVICE

H. PAYMENT +

1. The charges for sewer service shall be at the rate specified in this tariff, which is on file with the Missouri Public Service Commission and at the company's office. The point of assumption of sewer service shall be at the service connection. Service charges for connection or disconnection are set forth in the Schedule of Service Charges.
2. A customer who is or has been taking sewer service at one or more units connected to the collecting sewer shall be held liable for payment of any applicable charges for service furnished to such units from the date of connection until the date requested by the customer in writing for service to be terminated, or until service is discontinued by the company. If termination of service must be accomplished by physical disconnection, the customer shall notify the company of the date and time of the disconnect in writing at least five days prior to the disconnection. If termination is accomplished by discontinuance or termination of water service, such notice shall be on or before the date of the water turnoff. Service may not be terminated for one unit of a multi-unit building if the building is served by one service sewer, unless accomplished by discontinuance or termination of water service. The method used for termination of service shall be determined by the company.
3. Bills for sewer service will be mailed or delivered to the customer's last address as shown by the records of the company, but failure to receive the bill will not relieve the customer from the obligation to pay the same.
4. Payments shall be made at the office of the company or at a convenient location designated by the company, or by mailing to the company's office.
5. Separate bills shall be rendered for each location at which sewer service is provided, even though one entity may be the customer at such separate locations.
6. The company shall have the right to render bills monthly in advance. Bills shall have the due date indicated on the bill. The company shall have the right to charge customers on a monthly basis in arrears when the sewer charges are based on water usage.

SEWER SERVICE Cont'd

H. Payment (cont.)

- 7. Neither the company nor the customer will be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error. Customers will be held responsible for charges based on service provided.
- 8. All bills for sewer service become delinquent after the due date stated on the bill. Service may be discontinued after thirty (30) days written notice by certified mail return receipt requested from the company as provided by Rule I, Discontinuance of Service by Company.
- 9. When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be for the proportionate part of the monthly charge, or when water usage is the basis for the charge, at the appropriate rate for water used. Customers terminating after taking service for less than one month shall pay not less than the monthly minimum.
- 10. The owner of the property served will be held responsible for ultimate payment of a bill. Copies of all notices of violations of the rules, or of disconnection of service shall also be sent to the owner of the property.

SEWER SERVICE

**I DISCONTINUANCE OF SERVICE**

**1. By the Company.**

- a. The Company reserves the right upon the giving of not less than thirty (30) days written notice to the Customer, to disconnect service for violation of or refusal to comply with these rules and regulations, such written notice to be sent by certified mail return receipt requested and a copy of said notice to be forwarded to the Commission. The notice shall state the violation and that service may be discontinued at any time after the date specified.
- b. If a condition shall exist, which in the opinion of the Company renders further service to the Customer dangerous to his health and safety or to the health and safety of other parties the Company may discontinue service immediately upon the giving of verbal or written notice to the Customer and to the Commission.
- c. Discontinuance of sewer service to a premise for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of moneys due from the Customer.
- d. The Company has the right to refuse or to discontinue sewer service to any premise to protect itself against fraud or abuse.

J. CUSTOMER SEWER SERVICES

- a. The Company shall deny service where footing drains, downspouts, or other sources of uncontaminated water are permitted to enter the system through either the inside piping or through the building sewer.
- b. Old Customer service sewers may be used in connection with new buildings only when they are found on examination and test to meet all requirements of the Company.
- c. The size and slope of the Customer's service sewer shall be subject to the approval of the Company, but in no event shall the diameter be less than four (4) inches. The slope of such four (4) inch pipe shall not be less than one-eighth (1/8) inch per foot.
- d. Whenever possible the Customer's service sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within three feet of any bearing wall. The depth shall be sufficient to afford protection from frost. The Customer's service sewer shall be laid at a uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipes, fittings, and cleanouts.
- e. It is understood that all facilities above described are to be maintained by the applicant subject to the approval of any authorized inspector, and in accordance with the Rules and information of the Company in force at that time.

J. CUSTOMER SEWER SERVICES (continued)

MISSOURI  
Public Service Commission

- f. In all buildings in which the building drain is too low to permit adequate gravity flow to the Company's main, sanitary sewage carried by such drains shall be lifted by approved artificial means and discharged to the building sewer. No water operated ejector shall be used.
- h. The connection of the Customer's Service Sewer into the main shall be made at the 'Y' branch, if such branch is available at a suitable location. If the Company's main is twelve inches (12") in diameter or less and no properly located "Y" branch in the Company's main at the location specified by the Company, a "Y" branch must be installed. Where the Company's main is greater than twelve inches (12") in diameter and no properly located "Y" branch is available, a neat hole may be cut in the Company's sewer to receive a saddle, to which the Customer's service sewer will be connected. The invert of the Customer's service sewer at the point of connection shall be at the centerline or higher elevation than the invert of the Company's collecting sewer. A smooth neat joint shall be made and the connection made secure and water tight by encasement in concrete.
- i. All facilities above described are to be maintained by the applicant subject to the approval of any authorized inspector, and in accordance with the Rules and Information of the Company in force at the time.
- j. After the effective date of this tariff, any builder and/or property owner that builds below the invert elevation of an existing gravity flow or pumping station will be responsible for providing and maintaining any necessary quipment for lifting sanitary sewage.
- k. A separate and independent Customer Service Sewer shall be required for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the Customer's service sewer from the front building may be extended to the rear building and the whole considered

J. CUSTOMER SEWER SERVICES (continued)

MISSOURI  
Public Service Commission

- 1. The Customer's service sewer shall be cast iron soil pipe, ASTM specification or equal; vitrified clay sewer pipe, ASTM specification or equal; or any other suitable material approved by the Company. Joints shall be tight and water-proof. Any part of the Customer's service sewer that is located within ten feet (10') of a water service pipe shall be constructed of cast iron soil pipe with leaded joints. Cast iron pipes with leaded joints may be required where the Customer's service sewer is exposed to damage by tree roots. If installed in filled or unstable ground, the Customer's service sewer shall be of cast iron soil pipe, except that non-metallic material may be accepted if laid on a suitable concrete bed or cradle as approved by the said Company.
- m. All excavations required for the installation of a Customer's service sewer shall be open trench work unless otherwise approved by the Company. Pipe laying and backfill shall be performed in accordance with the latest published Engineering Specifications of the Manufacturer of the materials used and all applicable local plumbing codes, except that no backfill shall be placed until the work has been inspected by the Company. Only those jointing materials and methods which are approved by the Company may be used.
- n. The Customer will be liable for repair and maintenance to the Sewer service line extending from the attachment at the dwelling to the property line adjoining the servicing collecting sewer. Said collecting sewer shall be maintained by the Company.

**K. IMPROPER WASTE OR EXCESSIVE USE.**

MISSOURI  
Public Service Commission

- a. The following requirements for the use of the ~~sanitary sewer~~ system will be observed. Violation of these requirements will result in the discontinuance of service to the customer.
- b. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof runoff, sub-surface drainage, or cooling water to any of the Company's mains.
- c. No person shall discharge or cause to be discharged any of the following described waters or wastes to the Company's mains:
  - 1. Any liquid or vapor having a temperature higher than 150 degrees F.
  - 2. Any water or waste which may contain more than 100 parts per million, by weight, of fat, oil or grease.
  - 3. Any water or waste which may contain more than 25 parts per million, by weight, of soluble oils.
  - 4. Any gasoline, benzene, maptha, fuel oil, or other flammable or explosive liquid, solid or gas.
  - 5. Any garbage that has not been properly shredded.
  - 6. Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure; or any other solid or viscious substance capable of causing obstructions to the flow in sewers or other interference with the proper operation of the sewage works.
  - 7. Any waters or wastes having a ph lower than 5.0 or higher than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works.
  - 8. Any waters or wastes containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, or create any hazard in the receiving waters of the sewage treatment plant.

L. INTERRUPTIONS IN SEWER SERVICE.

MISSOURI  
Public Service Commission

- a. The Company reserves the right to discontinue sewer service in its mains at any time, without notice, for making repairs, extensions or alterations to the distribution system or station equipment.
- b. Whenever service is interrupted for repairs, all Customers affected by such interruptions will be notified in advance whenever it is possible to do so. Every effort will be made to minimize interruption of service.
- c. No refunds of charges for sewer service will be made for interruptions of service unless the interruption is in effect for a continuous period in excess of ten (10) days.
- d. In order to avoid overloading capacities of Company mains or proper and sufficient pressures in the treatment facilities the Company reserves the right, at all times, to determine, limit, and regulate, in a reasonable and non-discriminatory manner, and where practical, the maximum amounts of wastes discharged into Company mains.
- e. The Company shall not be held liable for damages due to damages from Acts of God, civil disturbances, war, government actions, and other uncontrollable occurrences.

M. LIABILITY OF THE COMPANY.

MISSOURI  
Public Service Commission

- a. The Company shall not be responsible in damages for any failure to remove waste water from the premises or for interruption if such failure or interruption is without willful, default or negligence on its part.
- b. The Company shall not be liable for damages resulting to Customer or to third persons, unless due to contributory negligence on the part of the Company, and without any contributory negligence on the part of the Customer or such third party.
- c. The Company shall not be liable for damages because of any interruption of sewer service or for damages caused by defective piping and appliances on the Customer's premises.
- d. Employees or agents of the Company are expressly forbidden to demand or accept any compensation for any services rendered to its Customers except as covered by the Company's Rules and Regulations.
- e. No employee or agent of the Company shall have the right or authority to bind it by any promise, agreement or representation contrary to the letter of intent to these Rules and Regulations. Nor shall any employee or agent of the Company have authority to bind it by any promise, agreement, or representation not provided in these Rules, unless such authority is in writing and signed by an officer of the Company.

N. ACCOUNTING

MISSOURI  
Public Service Commission

The Company shall keep and maintain its books of account in conformity with the Uniform System of Accounts for Sewer Companies as promulgated in 4 CSR 240-61.020.

And, that said accounts will reflect the provision that any plant (or portion thereof) constructed with customer supplied contributions or connection fees shall be, in the event of subsequent transfer of utility property, donated to the purchaser of the system and that no consideration be received by the Company for the transfer of such Customer supplied assets.

0. RIGHTS OF WAY AND EASEMENTS

MISSOURI  
Public Service Commission

The Customer grants to the Company the necessary rights of way and the right to construct a sewer service line to the point of delivery, giving the Company permanent easements for sewer mains and the right to maintain same. Restoration of grounds on private property is the responsibility of the respective property owners.
