### 1. APPLICATION OF TARIFF

#### 1.1 GENERAL

This Tariff applies to intrastate Access Service provided by the Company to Customers.

The provision of such services by the Company as set forth in this Tariff does not constitute a joint undertaking with the Customer for the furnishing of any service.

The provision of Access Service is subject to existing regulations and terms and conditions specified in this Tariff as well as in the Company's other current Tariffs, and may be revised, added to, or supplemented by superseding issues.

In addition to the regulations and charges herein, this Tariff is subject to specific regulations as may be prescribed by the Missouri Public Service Commission.

#### 1.2 TARIFF REVISION SYMBOLS

Revisions to this Tariff are coded through the use of symbols. These symbols appear in the right hand margin of the page. The symbols and their meanings are as follows:

- (C) To signify changed listing, rule, or condition which may affect rates or charges.
- (D) To signify discontinued material, including listing, rate, rule or condition. (I To signify a rate increase.
- (M) To signify material relocated from or to another part of Tariff schedules with no change in text, rate, rule or condition.
- (N) To signify new material including listing, rate, rule or condition. (R) To signify a rate reduction.
- (T) To signify change in wording of text but no change in rate, rule or condition.

### 1. APPLICATION OF TARIFF

#### 1.3 DEFINITIONS

##### Access Minutes

The usage of exchange facilities in intrastate service for the purpose of calculating chargeable usage.

##### Access Tandem

A switching system that provides a traffic concentration and distribution function for originating or terminating traffic between end offices and a Customer's premises.

##### Advance Payment

The term "Advance Payment" denotes the requirement for partial or full payment required before the start of service.

##### Call

A Customer attempt for which the complete address code is provided to the service end office.

##### Carrier or Common Carrier

Any individual, partnership, association, corporation or other entity engaged in intrastate communication for hire by wire or radio between two or more exchanges.

##### Central Office

A local Company switching system where exchange service customer station loops are terminated for purposes of interconnection to each other and to trunks.

### 1. APPLICATION OF TARIFF

#### 1.3. DEFINITIONS (CONT'D)

##### Channel

A communications path between two or more points of termination.

##### Common Carrier

Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged for hire in intrastate communication by wire or radio, between two or more exchanges.

##### Company

Cebridge Telecom KY, LLC and its affiliate companies.

##### Customer

The term "Customer" (when capitalized) denotes any person, firm, partnership, cooperation or other entity that uses service under the terms and conditions of this Tariff and is responsible for the payment of charges.

##### End Office

With respect to each 101-XXXX code prefix assigned to the Company, the location of the Company's "end office" for purposes of this Tariff shall be the point of interconnection associated with that 101-XXXX code in the Local Exchange Routing Guide, issued by Telcordia. Services provided at a Trunk Gateway location (as defined elsewhere) are the functional equivalent of services provided at an End Office location.

##### End User

The term "End User" means any wholesale or retail customer of an interstate or foreign telecommunications service that is not a carrier. The term "End User" may also refer to origination or termination locations accessed via contractual or other arrangements with an affiliated or unaffiliated provider of interconnected or non-interconnected VoIP service.

### 1. APPLICATION OF TARIFF

#### 1.3. DEFINITIONS (CONT'D)

##### Non-interconnected VoIP Service

The term “non-interconnected VoIP service” means a service that (i) enables real- time voice communications that originate from or terminate to the user’s location using Internet protocol or any successor protocol; and (ii) requires Internet protocol compatible customer premises equipment; and (iii) does not include any service that is an interconnected VoIP service.

##### Point of Termination

The point of termination within a customer-designated premises at which the Company's responsibility for the provision of access service ends. The point of termination is the point of interconnection between Company communications facilities and customer-provided facilities as defined in Part 68 of the FCC’s Rules and Regulations.

##### “Regulatory Authority” or “Commission”

The Missouri Public Service Commission.

##### Tandem Transport

The term “Tandem Transport” denotes the transport between an access tandem and the Company’s End Office, Trunk Gateway, or functionally equivalent location.

##### Trunk

A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

##### Trunk Gateway

The point of interface between the PSTN trunk facility and the Company defined by Common Language Location Identifier (CLLI) codes assigned to the Company, as reflected in the Local Exchange Routing Guide (LERG). Services provided at a Trunk Gateway location are the functional equivalent of services provided at an End Office location.

### 2. GENERAL REGULATIONS

#### 2.1. UNDERTAKING OF THE COMPANY (CONT'D)

##### 2.1.3. TERMS AND CONDITIONS (CONT'D)

###### H. Interconnection

The Company will provide for interconnection with other carriers in accordance with the rules and regulations promulgated by the Commission.

###### I. Service may be terminated upon written notice to the Customer if:

1. The Customer is using the service in violation of this Tariff; or
2. The Customer is using the service in violation of the law.

###### J. This Tariff shall be interpreted and governed by the laws of the State of Missouri without regard for its choice of laws provision.

---

**2. GENERAL REGULATIONS**

**2.2. OBLIGATIONS OF THE CUSTOMER (CONT'D)**

**2.2.3 DETERMINATION OF JURISDICTION**

When ordering Switched Access Service, the Customer may be required to provide a projected PIU factor, which may be subject to audit by the Company. Where jurisdiction can be determined from the call detail, the Company will develop a projected PIU factor from the call detail which will be used to bill the Customer.

The Company will use the jurisdictional report provided by the Customer, or, in the absence of such report, the Company projected PIU factor developed from the call detail, to bill all interstate and intrastate rates and/or nonrecurring charges until the Company receives a revised report from the Customer or updates the Company projected PIU factor developed from the call detail.

The Customer shall keep sufficient detail from which the PIU can be ascertained for at least 18 months and upon request of the Company make the records available for inspection. Such a request will be initiated by the Company no more than once per year. The Customer shall supply the data within thirty (30) calendar days of the Company request.

The Company may, in its sole discretion:

- waive any and all of the jurisdictional reporting obligations imposed by this tariff on the Customer and/or the Company, or
- assign a default PIU of 50%.

---

**2. GENERAL REGULATIONS**

**2.2. OBLIGATIONS OF THE CUSTOMER (CONT'D)**

**2.2.4 CHANGES IN SERVICE REQUESTED**

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fees shall be adjusted accordingly.

**2.2.5 NOTICE TO COMPANY FOR CANCELLATION OF SERVICE**

Customers desiring to terminate service shall provide the Company 30 days written notice of their desire to terminate service.

**2.2.6 CLAIMS**

With respect to any service or facility provided by the Company, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorney fees for:

- A. Any loss, destruction or damage to property of the Company or any third party, or the death or injury to persons, including, but not limited to, employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
- B. Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of Company services and facilities in a manner not contemplated by the agreement between the Customer and the Company.

**2.2.7 TRANSFERS AND ASSIGNMENTS**

The Customer may not assign or transfer the use of service without the express prior written consent of the Company. The Company will only permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of service. All rates, terms and conditions shall apply to all such permitted transferees or assignees.

### 2. GENERAL REGULATIONS

#### 2.3 CUSTOMER EQUIPMENT AND CHANNELS

##### 2.3.1 INTERCONNECTION OF FACILITIES

- A. In order to protect the Company's facilities and personnel and the services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.
- B. The Company may, upon notification to the Customer, at a reasonable time, make such tests and inspections as may be necessary to determine that the Customer is complying with the Company's requirements for the installation, operation and maintenance of customer-provided equipment and for the wiring of the connection of Customer equipment to Company-owned facilities.
- C. If the protective requirements in connection with customer-provided equipment are not being complied with, the Company may take such action as necessary to protect its facilities and personnel and will promptly notify the Customer by registered mail in writing of the need for protective action. In the event that the Customer fails to advise the Company within 10 days after such notice is received or within the time specified in the notice that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

##### 2.3.2 INSPECTION AND TESTING

- A. Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary, without penalty or liability, to determine that the Customer is complying with the requirements set forth in Section 2.3 for the installation, operation, and maintenance of customer-provided facilities, equipment, and wiring in the connection of customer-provided facilities and equipment to Company-owned facilities and equipment.

### 2. GENERAL REGULATIONS

#### 2.7 APPLICATION OF RATES AND CHARGES

The regulations set forth in this section govern the application of rates for services contained in other sections of this Tariff.

##### 2.7.1 MEASURING ACCESS MINUTES

Customer traffic will be measured in minutes of use by the Company at its End Office, Trunk Gateway, or functionally equivalent locations. Originating and terminating calls will be measured (i.e., recorded or assumed) by the Company to determine the basis for computing chargeable access minutes. Access minutes or fractions thereof are accumulated over the billing period and are then rounded up to the nearest access minute.

### 2. GENERAL REGULATIONS

#### 2.7. APPLICATION OF RATES AND CHARGES (CONT'D)

##### 2.7.2 RATES BASED UPON DISTANCE

Where the charges for service are specified based upon distance, the following rules apply:

- A. Distance between two points is measured as airline distance. In the case of distance measurement for tandem transport, the two points are the access tandem and the Company's End Office, Trunk Gateway, or functionally equivalent location. Their measurement points are a set of geographic "V" (vertical) and "H" (horizontal) coordinates.

To determine the airline distance between any two locations, proceed as follows:

- a. Obtain the "V" and "H" coordinates for each location. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.
- b. Obtain the difference between the "V" coordinates of each of the locations.  
Obtain the difference between the "H" coordinates.
- c. Square each difference obtained in step b.
- d. Add the square of the "V" difference and the "H" difference obtained in step c.
- e. Divide the sum of the square by 10. Round to the next higher whole number if any fraction is obtained.
- f. Obtain the square root of the whole number result obtained above.  
Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

Formula:

$$\sqrt{\frac{(V^1 - V^2)^2 + (H^1 - H^2)^2}{10}}$$

### 2. GENERAL REGULATIONS

#### 2.7. APPLICATION OF RATES AND CHARGES (CONT'D)

##### 2.7.3 NONRECURRING CHARGES

Nonrecurring charges are one-time charges that apply for a specific work activity (i.e., installation or service rearrangements).

##### A. Installation of Service

Nonrecurring charges apply to each Access Service installed. For Switched Services ordered on a per trunk basis, the charge is applied per trunk. For Switched Services ordered on a busy hour minutes of capacity basis, the charge is also applied on a per trunk basis but the charge applies only when the capacity ordered requires the installation of an additional trunk(s).

##### B. Service Rearrangements

All changes to existing services other than changes involving administrative activities only will be treated as a discontinuance of the existing service and an installation of a new service. The nonrecurring charge described in A., preceding, will apply for this work activity. Moves that change the physical location of the point of termination are described below.

##### 1. Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring charge for the capacity affected. There will be no change in the minimum period requirements.

##### 2. Moves to a Different Building

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new service. The Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

## ACCESS SERVICES

Mercury Voice and Data, LLC  
d/b/a Suddenlink Communications

P.S.C. Mo. No. 5  
Original Page 31

---

### 2. GENERAL REGULATIONS

#### 2.9. BILLING AND PAYMENT (CONT'D)

##### 2.9.1 TAXES

The Customer is responsible for payment of any sales, use, gross receipts, excise, access, franchise or other local, state and federal taxes, charges, fees or surcharges (however designated) (excluding taxes on the Company's net income) imposed on or based upon the provision, sale or use of network services. Where applicable, such taxes will be billed by the Company to the Customer and will be separately stated on the Customer's invoice; provided, however, that the Company will not bill to the Customer such taxes as may be exempted by a tax exemption or resale certificate for operation in any jurisdiction in which the Customer obtains such a certificate.

##### 2.9.2 CLAIMS AND DISPUTES

In the event that a billing dispute occurs concerning any charge billed to the Customer by the Company, the Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim. All claims must be submitted to the Company within time prescribed by rules after receipt of billing for that service. If the Customer does not submit a claim as stated above, the Customer waives all rights to filing a claim thereafter.

The Customer must pay all undisputed charges by the applicable due date. After filing a claim for disputed charges with the Company, the Customer may be required, at the Company's sole discretion, to place all disputed amounts into a U.S.-based, interest bearing escrow account with a third party escrow agent, with costs paid for by the disputing party.

All disputes between the Company and the Customer that cannot be settled through negotiation may be resolved by arbitration upon written demand of either party. Arbitration shall be referred to the American Arbitration Association (AAA) and conducted pursuant to its Commercial Arbitration Rules, unless the parties agree otherwise. The arbitrator shall have the authority to award compensatory damages solely; such award shall be final and binding and may be entered in any court having jurisdiction thereof. The provisions of the Federal Arbitration Act shall govern such arbitration. This dispute process does not preclude the Customer from filing a complaint with the Commission.

### **3. SWITCHED ACCESS SERVICE**

#### **3.1 GENERAL**

Switched Access Service provides a physical or logical transmission path for the routing, transport, origination and/or termination of Customer traffic between End Users and a third-party's access tandem (or equivalent) by utilizing the services, facilities or equipment owned or controlled through contract or other means, by the Company.

#### **3.2 TRAFFIC TYPE DESIGNATION**

The Company affirms that all of its interconnected VoIP traffic either originates from or terminates to a VoIP end user and is therefore, VoIP-PSTN traffic, within the meaning of FCC regulations governing such traffic (FCC 11-161).

### 3. SWITCHED ACCESS SERVICE

#### 3.3. SWITCHED ACCESS RATE CATEGORIES (CONT'D)

##### 3.3.1 Multiplexing

This rate category provides for the multiplexing necessary to channelize digital facilities to individual services requiring a lower capacity or bandwidth. Rates are applied on a per arrangement basis and include fixed monthly recurring and nonrecurring charges as set forth in Section 3.4, Rates and Charges, following.

Multiplexing arrangements ordered with a Direct-Trunked Transport facility at an end office are associated with the facility with the higher capacity or bandwidth (i.e., a DS3 to DS1 multiplexing arrangement is associated with the facility using a DS3 connection).

### 3. SWITCHED ACCESS SERVICE

#### 3.3. SWITCHED ACCESS RATE CATEGORIES (CONT'D)

##### 3.3.2 TANDEM TRANSPORT

The Tandem Transport rate category provides for the transmission of communications between an access tandem and the Company's End Office, Trunk Gateway, or functionally equivalent facility, service or location. Individual rate elements for this service include:

A. Transport Termination

The Transport Termination rate element includes the non-distance sensitive portion of the Tandem Transport service and is assessed on a per access minute-of-use basis.

B. Transport Mileage

The Transport Mileage rate element includes the distance sensitive portion of Tandem Transport and is assessed on a per access minute-of-use, and per mile basis. Transport Mileage will be calculated based on the airline mileage between the access tandem (or functional equivalent) and the Company's End Office, Trunk Gateway, or functionally equivalent location within the applicable LATA.

### 3. SWITCHED ACCESS SERVICE

#### 3.3. SWITCHED ACCESS RATE CATEGORIES (CONT'D)

##### 3.3.3 NETWORK ACCESS

Network Access provides the functional equivalent of traditional end office switching. It consists of the following elements: Network Switching and Common Trunk Port.

##### A. Network Switching

Network Switching provides for (a) the establishment of a call path for the routing of Customer communications from the Company's End Office, Trunk Gateway, or functionally equivalent location to a Company End User and (b) the establishment of a call path for the routing of communications originating from a Company End User for delivery to the Company's End Office, Trunk Gateway, or functionally equivalent location.

The "establishment" of call path and routing is achieved through equipment and facilities, including, in some cases, a soft switch or similar equipment, owned or controlled through contract or other means, by the Company, which allows for the routing of voice communications between the Company's Trunk Gateway location and End Users via SS7 signaling based on telephone numbers obtained by the Company and assigned to End Users as set forth in the LERG.

##### B. Common Trunk Port

Common Trunk Port provides for the termination of tandem transport trunks in shared ports at the Company's End Office, Trunk Gateway, or functionally equivalent location. The Common Trunk Port rate is assessed on a per-MOU basis to all trunk side originating and terminating access minutes routed to the Company via a third-party access tandem.
